Coughs and Colds—In all cases of coughs and colds, the sufferers will find a pleasant but powerful remedy in Clickener's Sugar Coated Vegetable Pill.—The fame of this medicine has already spread far and wide. Over five hundred thousand boxes of these pills were sold last year, having been used in all ascertained cases with perfect success. For liver complaint, affection of the lungs, palpitation of the heart, influenza, asthma, scarlet fever, fever and ague, dropsy, typhus fever, and other diseases. This pill is coated with fine white sugar, so that the medicinal ingredients are imperceptible to the taste. To children they may be administered without difficulty. So well the proprietor is convinced is Dr Clickener of their efficacy in all specified cases, that he pledges himself to return the money when the promised effect is not produced.

Sold by Wm Jackson, corner of Wood and Liberty streets, who is general Agent for Dr Clickener's Pills in Pittsburgh and vicinity.

☞ Beware of an imitation article called *"Improved Sugar-Coated Pills,"* purporting to be Patented as both the pills and pretended patent are forgeries.

Doctor Eoff's Tonic and Anti-Dyspeptic Pills.

IT has at all times been an object of peculiar importance to the medical world to discover some medicine or combination of medicines, which would operate in such a manner as to cleanse the stomach and intestines of all irritating matter, and not debilitate them. For the want of such a medicine, physicians have rarely been able to cure a case of confirmed dyspepsia or indigestion, to cure which the whole materia medica has been tried; from the most powerful articles down to charcoal and wheat bran.

A temporary relief in such cases is sometimes procured by the use of common emetics and purgatives, but the debility of the stomach and bowels produced by these medicines, soon brings a return of the distressing symptoms, even aggravated, and often the remedy has been worse on the constitution than the disease.

These pills are offered to the public with the confidence, produced by long experience in practice, that they will operate gently as a purgative, and effectually cleanse the stomach and bowels, without producing sickness, nausea or debility. They can be used at all times, by persons of all ages, without regard to diet, drink, or exposure to wet or cold. They generally improve the appetite, and in one hour after they are taken, and are the best preventive of those diseases generally termed bilious.

A few boxes of these pills are usually sufficient to remove the most confirmed Dyspepsia with all its distressing symptoms, such as sickness and sourness of the stomach, loss of apetite, habitual costiveness, dholic, despondency of mind, and a host of nervous affections, with which every person laboring under the disease is more or less afflicted.

As complaints are sometimes made of disappointment in the operation of these pills, owing to the improper use or administration of them, as to time, quantity and age of the patient; we have published a pamphlet, in which is set forth more fully the proper manner of using the pills, together with some of the diseases in which they are most applicable.

☞ These pills will rarely operate as a purgative if more than one pill be taken at a dose.

DISEASE OF THE LIVER.

DEAR SIR:—Agreeable to your desire, I write to keep you apprized of the prospects of the Clickener Sugar Coated Purgative Pill, in this city. You may recollect, when I first commenced selling your medicine, which was in May, 1844, we little dreamed of the success that would crown the undertaking. No less to our joy than surprise, however, only a few days had elapsed, when the lady again presented herself at our counter and enquired for another box. "I really think, Mr. Williams," says she, "that your Pills are beginning to work a great change in my health, and altogether for the better. When I took the second dose, I began to feel much better than I did at first; the pain in my side was considerably relieved; my appetite began to improve; and the blood seem
