COLUMBIA DEMOCRAT

Saturday, February 9, 1861.

EDITORIAL CONVENTION.

The Annual Meeting of the "Pennsylvania Editorial Union," will be held in Fulton Hall, in the city of Lancaster, on WEDNESDAY, the 20th of February next, at 10 o'clock, P. M. Important business will be transacted and it is hoped that there will be a full attendance of the members, and Editors generally throughout the State. An election will be held for officers for the ensuing year.

MORTON McMICHAEL, President.
J. H. PELETON, L. H. DAVIS, Secretaries.

☞ Hon. ALLISON WHITE, Ex. M. of C. from Clinton county, paid a flying visit the past week to Bloomsburg.

THE Store of Creasy & Co., at Light Street, is well stocked with choice Goods, and are always to be obtained on the most favorable terms.

PETITIONS from New York City alone in favor of the Crittenden Compromise, with over *six-three thousand* signatures, have been presented to Congress!

YOUNG ARMSTRONG was convicted, in Philadelphia during the past week, for the murder of Crawford. A motion for a new trial has been made.

PRINCE ALFRED had arrived at Plymouth for the purpose of embarking on board the St. George to join the North American squadron.

Mrs. MARY MOTLEY, of Milwaukie, has recovered $4,550 from the La Crosse Railroad, for the death of her son, killed by an accident on the road last year.

JOHN S. JACKSON, Esq., proprietor of the Philadelphia Sunday *Transcript*, died in that city on Thursday morning last, after a protracted and painful illness.

ALABAMA FREE NEGRO BILL.—The Senate of Alabama has passed a bill requiring all free negroes to leave the State by the 1st of January, 1862, or be sold into slavery.

WOLVES RETURNING.—It is stated, as a singular fact, that for the first time in twenty years, wolves are now showing themselves in the Aroostook region, Maine. Previous to 1840 they were very abundant there.

WE call the attention of Farmer to the Card of the Lodi Manufacturing Co., No. 130, South Wharves, Philadelphia, of the celebrated Fertilizer, POUDRETTE. It is worthy the attention of all Agriculturists. Read their advertisement and send for a Barrel.

GOLD AND SILVER deposited in the Franklin Saving Fund, No. 136 South Fourth street, below Chestnut, Philadelphia, since January 1st, 1861, will be repaid in gold or silver. Bank notes deposited repaid in bank notes. Deposits received and payments made daily with interest.

☞ Gen. TOM THUMB, the "Original natural Curiosity," will exhibit on the Second of March, in the Court House, at Bloomsburg. His heighth is 31 inches, weight 25 lbs. and age 23 years. Our citizens should not fail to avail themselves of this last opportunity to come and see the noble little funny General.

THE population of Columbia County, for 1860, is erroneously stated in the Auditor General's Report. It is there put down at 24,603. The number of inhabitants of our County, as exhibited by the Marshals Schedules, is 25,124—a difference of just 521 souls.

☞ Rev. D. J. WALLES, the able divine of the first Presbyterian Church of Bloomsburg, delivered an interesting sermon in the Presbyterian Church of this Borough, on Sunday morning of last week. Mr. Waller is rightly considered one of the most eloquent pulpit orators in Northern Pennsylvania.

Mr. E. D. ADAMS, of Briarcreek township, was ordained Elder, on the occasion.

Berwick Gazette.

THE WEATHER AND CROPS IN TEXAS.—Advices from the interior of Texas report delightful weather. In some places the fruit trees have begun to blossom, and the farmers and planters have commenced breaking up ground for planting. In many sections a fine coating of grass is said to be gradually gathering on the prairies. In the upper counties the wheat crop is everywhere very promising.

The 22d of February—Raising of the Flag on the Capitol.

HARRISBURG, Feb. 5.—The joint Committee of the two Houses to prepare a programme of ceremonies to be observed on the occasion of raising the national flag over the Capitol on the 22d of February, had a meeting last evening. It is understood that they will publish a general invitation to the military and civic associations throughout the State to participate. Several military companies from a distance, and the mountain Commanders of Knight Templars of Altoona, have already intimated their intention to visit Harrisburg on the occasion. The flag was purchased in Philadelphia last Saturday, by Mr. E. H. Rauch, Chief Clerk of the House, and is represented to be a magnificent affair.

GRAND ATTEMPT TO HUMBUG FARMERS.

SOME persons must think Farmers are Fools, or they would not have the impudence and audacity to use the name of *Peacock* for the purpose of deceiving the public and making capital out of his name. Any person who represents himself as my agent, or pretends to sell my Fertilizer, Show cards or hand bills to and him in selling bogus articles, be it Vegetable Cattle Powder, Cattle Liniment, Horse Powder, or anything else, is a downright impostor, and deserves to be punished by an enlight ened community. I read in the author, discoverer, sole manufacturer, and compounder of all the celebrated Cattle Medicines formerly prepared by him for his friends & Co., from their first introduction to the time of their dissolution, Dr. FRONFIELD feels an honest pride in presenting the public, and Farmers in particular, from further deception from having useless and humbug mixtures put up by Tom, Dick and Harry, without particle of knowledge or experience in such matters, depending entirely on his name to make them sell. To put a stop to such dishonorable tricks, I have determined to put my written signature on each pack of the Vegetable Cattle Powder, and each bottle of Cattle Liniment, and all my other preparations, as I expect soon to see them all counterfeited.

LOOK BEFORE YOU BUY.

My signature will be a guarantee to those who want to buy a pure and genuine article prepared in a scientific manner. Manufactured only by

DR. FRONEFIELD.

ROHRER'S
PRACTICAL CALCULATOR,

A BOOK OF PLAIN RULES AND CALCULATIONS FOR BUSINESS OPERATIONS, BY MARTIN M. ROHRER, PRACTICAL SURVEYOR AND CONVEYANCER. NEW EDITION, PUBLISHED BY J. B. LIPPINCOTT & CO., PHILADELPHIA.

This work is one of 204 pages, and upwards of 500 Rules and Examples, entirely and thoroughly PRACTICAL, such as arise every day in the common pursuits of Business. It has already passed through a number of Editions in rapid succession, and is pronounced by all classes of business men to be the HANDIEST BOOK OF REFERENCE pertaining to calculations, that has ever been published.

Every Example in the book is WORKED OUT IN FULL and stated in a plain manner, so that when a parallel case arises, those referring to the work will find no difficulty in readily adapting it. In a word, the general arrangement of the CALCULATOR is so simple, that any one who knows how to add, subtract, multiply, or divide, can easily solve any ordinary example that arises in business, or arrive at the true result of any estimate required.

The chief aim of the author has been to exclude theory and philosophy in figures, aiming only at facts and simplicity, believing that business men care little about spending time in discussing the philosophy of a rule, or the science of figures, deeming it sufficient for their purpose to be able AT A MOMENT, to refer to, or arrive at the true result. The CALCULATOR differs in this respect from all Arithmetics of the day and kindred works—it is a key to practical business calculations. It is, in the hands of the teacher in the school-room—it facilitates time and insures correctness.

THE WORK TREATS OF THE

Measurement of Land, of Lumber, of Brick and Brick Work, of Stone and Stone Work, of Grain and Grain Bins, of Coal and Coal Mines, of Wood, of Solids, of Liquids, of Circular, Square, or Irregular Vessels, of Circuits and Rate, of Roofing, of Plasterers, Painters, Glaziers, Pavers, Plumbers, Paper Hangers, and Upholsterers' Work. It treats of Currency and of Foreign and Domestic Exchanges, of the Decimal System, of Reduction and its extended application to Business of Simple and Compound Interest, and their entire application to Business transactions, with the laws and usages governing and regulating the same, together with numerous Commercial Forms.—of Legal Tender, of Partial Payments on Notes, of Banking and Bank Discount, of Equation of Payments and of Partnership Accounts, of Assessment of Taxes, of Weights and Measures of Square and Cubic Measure, of the Square Root and its Application to Business, of Surfaces, of Excavation, and of many other important practical matters not within the scope of an advertisement to mention.

IT IS JUST THE BOOK FOR THE

Farmer, the Merchant, the Mechanic, the Artizan, or the Professional man. It has proven a valuable auxiliary to the Lawyer, the Justice of the Peace, the Conveyancer and Real Estate Broker, to the Assessor, the Banker, the Clerk to the Civil Engineer and the Surveyor, to the Student and to the Teacher in the home circle and in the Platform, to the Paper Hanger and Upholsterer, to the Paver and the Tiler, &c. &c., each and all will find it adapted to their various wants better than any book published.

☞ Mailed (post paid) to any part of the United States upon receipt of the money. Price of a single copy in Cloth, 50 Cents, or two Copies for 31 00.—Bound in Pocket-book form, Morocco, $1 00 per copy.
