COLUMBIA DEMOCRAT

JESSE C. TATE, *Local Editor.*

Saturday Morning, June 11, 1864.

☞ The Shower on Monday afternoon was most welcome and refreshing.

☞ Wonder if the *loyal* papers in this neighborhood will publish John Charles Fremont's letter of acceptance.

☞ The outside of the Columbia Democrat to-day is well worth the reading, and we call special attention to it.

☞ Next week we will publish a complete list of the contributions to the Sanitary Fair, from this county.

☞ The Rev. Geo W. Scott, will preach in the Baptist Church of this place, on Sunday next at 10 o'clock in the morning and 7½ o'clock in the evening.

☞ Wonder whether the Loyal Abolitionists of Massachusetts will give Grant a spade or pick axe; as he is engaged in digging graves on the *McClellan base.*

☞ C. M. Manville, Provost Marshal of this District, has published a notice, ordering the drafted men of this and Montour county to report at Bloomsburg.

☞ The Supervisors have been repairing our roads, generally, through the country. Repairs were much needed. And they will prove a public convenience.

☞ We have been informed that the Clerks in the different stores in town, have made arrangements to close their places of business at 8 o'clock in the evenings. Customers take notice.

☞ Treasurer McHENRY, will offer at Public Sale, on Monday next, the 13th of June, the list of Seated and Unseated Lands, for Columbia county, in the Court House, Bloomsburg.

☞ Boating is brisk on the Canals, and we are glad to learn, that Freights are good. They should be proportioned to increasing prices. Hard is the life of the Boatman.

☞ W. S. TOWNSEND, of the 106th Regiment, Pa. Volunteers, died in the Hospital at Philadelphia, on the 30th of last month. His remains were brought to his home at L[illegible] Street, and interred with military h[illegible], on Sunday last.

☞ We see by the published list of contributions to the Sanitary Fair that the gross receipts of Dr. Pee John's office and store amounted to the magnificent sum of ten dollars. Doctor, remember the fate of Ananias and Sapphira.

☞ We publish on our outside, from the National Intelligencer, an article introducing the statement of the Journal o Commerce, upon the bogus proclamation; which, since that was written, has been proved to have been concocted by "Howard of the Times," a rampant republican, of the Rifle Ward Beecher school.

☞ WILLIAM HOWELL, Esq., of Mount Pleasant township, in this county, has for the past several weeks, been confined to his rooms by severe affliction. We were happy to see him on foot again on Tuesday last and to know that he is convalescent. Mr. Howell, is one of the most excellent men and eminent citizens in all our country.

☞ A purse of money was made up by our citizens last week, to defray the expenses of receiving by telegraph from Troy, the names of the Drafted Men.—The efforts of our public spirited citizens failed; for *Five cent John* was up there, and no answer could be had; because he wanted to make some money out of it.—Accordingly he comes down in the midnight train, and in the morning issues little strips at *Five cents* apiece.

☞ The fruit crops will be less abundant than the early spring seemed to promise. Although the winter grain seems to be improving, yet it must be a short crop; and we again advise large sowings of buckwheat. It is useful for man and beast, and very good for both.

☞ Dr. P. John thinks this county ought to raise a regiment to fill the call made by "vote for Andy and avoid the draft." We are of opinion that there are about one thousand men in this county of *Thomas Dunn's* stripe that might be employed by the administration for the purpose of controlling the election this fall, and also to save another draft.

THE IRON GUARDS.—We understand that this, our special company, is now on its way home, its term of service, three years, having expired.

Col. Ent, and Capt. Waters, have both been wounded, in the late battles, slightly. They belonged to the 6th P. R. V., and no soldiers have done more service, or done it more gallantly, than did the Iron Guards, and the Regiment under Colonel Ent.

☞ JOHN G. FREEZE, is prepared to supply Mitchell's New General Atlas, containing maps of the various counties of the world, plans of cities, &c.; comprised in *eighty-four* maps and plans. It contains the very latest discoveries, including Capt. Speekes travels in Africa, and the long sought for source of the Nile. The work is in quarto form, handsomely bound, convenient for reference, entirely reliable, and beautifully executed. Specimens to be seen at the Recorder's Office.

COLUMBIA DEMOCRAT.—Jesse C. Tate, Esq., by an arrangement with the Proprietor Col. Levi L. Tate, has assumed the Editorial Local department of the *Columbia Democrat.* We wish him abundant success as a *local* editor—but trust that in his political career, he may remember that his duty to his Country is paramount to party thraldom. When the Copperheads cease to throw their violent poison against the Constitution and uphold the Government, our Country will Stand forth, "redeemed regenerated and disenthralled.

Danville American & Democrat.

We would say to our neighbor, J. S. BAILEY, the nominal Editor of the Journal in which is found the foregoing extract, that so far as his wishes are for our "*abundant success,*" he has our thanks, but can assure him, that his advice is wholly gratuitous in regard to our POLITICAL CARRER." Our course as a Journalist, will be more local than political, but we should feel that we had disgraced our good name, were we even to be found in act, word or deed—as this young Solon says—"against the Constitution." We are emphatically for the Constitution, the Union, and the Government, and their eternal preservation, and for these objects we shall labor for the early suspension of this negro War, the stoppage of the machinary of Death, the overthrow of Old Abe Lincoln and his horde of minions, thieves and robbers—who are destroying the life of the nation—and then, and not till then, will our country stand forth "redeemed, regenerated and disenthralled."

P. S.—Mr. *Bailey,* when you again use the term "*Copperhead,*" don't forget to explain, to the more respectable portion of the readers of the "*American & Democrat,*" that it has been well defined to mean, the "nick-name given by a *Black guard* to a DEMOCRAT."

☞ Dr. John had an article in the Lincoln Hand organ a few days ago, about somebody "hunting a base." It seems now that the article was aimed at General Grant who has been hunting a base for some months, and has at last found General McClellan's old one, and is occupying it. Try again Hand organ.

U. S. 10-40 Bonds.

These Bonds are issued under the Act of Congress of March 8th, 1864, which provides that all Bonds issued under this Act shall be EXEMPT FROM TAXATION by or under any state or municipal authority. Subscriptions to these Bonds are received in United States notes of National Banks. They are TO BE REDEEMED IN COIN, at the pleasure of the Government at any period *not less than five nor more than forty years* from their date, and until their redemption FIVE PER CENT. INTEREST WILL BE PAID IN COIN, on Bonds of not over one hundred dollars annually and on all other Bonds semi-annually. The interest is payable on the first days of March and September in each year.

Subscribers will receive either Registered or Coupon Bonds, as they may prefer. Registered Bonds are recorded on the books of the U. S. Treasurer, and can be transferred only on the owner's order. Coupon Bonds are payable to bearer, and are more convenient for commercial uses.

Subscribers to this loan will have the option of having their Bonds draw interest from March 1st, by paying the accrued interest in coin—(or in United States notes, or the notes of National Banks, adding fifty per cent. for premium.) or receive them drawing interest from the date of subscription and deposit. As these Bonds are

Exempt from Municipal or State Taxation,

their value is increased from one to three per cent. per annum, according to the rate of tax levies in various parts of the country.

At the present rate of premium on gold they pay

One Eight Per Cent Interest

in currency, and are of equal convenience as a permanent or temporary investment.

It is believed that no securities offer so great inducements to lenders as the various descriptions of U. S. Bonds. In all other forms of indebtedness, the faith or ability of private parties or stock companies or separate communities only is pledged for payment, while for the debts of the United States the whole property of the country is holden to secure the payment of both principal and interest in coin.

These Bonds may be subscribed for in sums from $50 up to any magnitude, on the same terms, and are thus made equally available to the smallest lender and the largest capitalist. They can be converted into money at any moment, and the holder will have the benefit of the interest.

It may be useful to state in this connection that the total Funded Debt of the United States on which interest is payable in gold, on the 3d day of March, 1864, was $768,965,000. The interest on this debt for the coming fiscal year will be $45,937,126, while the customs revenue in gold for the current fiscal year, ending June 30th, 1864, has been so far at the rate of over $100,000,000 per annum.

It will be seen that even the present gold revenues of the Government are largely in excess of the wants of the Treasurey for the payment of gold interest, while the recent increase of the tariff will doubtless raise the annual receipts from customs on the same amount of importations, to $150,000,000 per annum.

Instructions to the National Banks acting as loan agents were not issued from the United State Treasuy until March 26, but in the first three weeks of April the subscriptions averaged more than TEN MILLIONS A WEEK.

Supscriptions will be received by all

NATIONAL BANKS

which are depositaries of Public money, and all

RESPECTABLE BANKS AND BANKERS

throughout the country, (acting as agents of the National Depositary Banks,) will furnish further information on application and

AFFORD EVERY FACILITY TO SUBSCRIBERS.

Cough, Colds, Whooping Cough, Bronchitis, Difficulty of Breathing, asthma, Hoarseness, Sore Throat, Croup and every affection of

THE THROAT, LUNGS & CHEST,

Wistar's Balsam of Wild Cherry

So general has the use of this remedy become, and so popular is it everywhere, that it is unnecessary to recount its virtues. Its works speak for it, and fine utterance in the abundant and voluntary testimony of the many who from long suffering and settled disease have by its use been restored to pristine vigor and health.—We can present a mass of evidence in proof of our assertions in proof of our assertions, that

CANNOT BE DISCREDITED.

The Rev. Jacob Sechler.

Well known and much respected among the German population in this country, makes the following statement for the benefit of the afflicted.

HANOVER PA., Feb. 16, 1859.

Dear Sir.—Having realized in my family important benefits from the use of your valuable preparation—WISTAR'S BALSAM OF WILD CHERRY—it affords me pleasure to recommend it to the public. Some eight years ago one of my daughters seemed to be in a decline, and and hopes of her recovery were entertained. I then procured a bottle of your excellent balsam, and before she had taken the whole of the contents of the bottle there was a great improvement in her health. I have in my individual case, made frequent use of your valuable medicine, and have always been benefitted by it

JACOB SECHLER

From Jessie Smith, Esq., President of the Morris County Bank, Morristown New Jersey.

"Having used Dr. Wistar's Balsam of Wild Cherry for about fifteen years, and having realized beneficial results in my family, it affords me great pleasure in recollmending it to the public as a valuable remedy in cases of weak lungs, colds coughs, &c., and a remedy which I consider to be entirely innocent, and may be taken with perfect safety by the most delicate in health.

From Hon. John E. Smith, a Distinguished Lawyers in Westminster, Md.

I have on several occasions used Dr. Witar's Balsam of Wild Cherry for severe colds, and always with decided benefit. I know of no preparation that is more efficacious or more deserving of general use.

The Balsam has also been used with excellent effect by J. B. Elliott, Merchant, Hall's Cross Roads, Md.

THE NEW DRAFT.

It is to commence on the First of July Next—Circular from Adjutant General Sprague to Supervisors.

The people scarcely seem to realize as yet the fact the government requires more men, and that a draft will take place on the 1st of July next.

The following circular has been issued by Adjutant General Sprague and will be immediately sent to the Supervisors of towns throughout the States.

General Headquarters State of N. Y. Adjutant General's Office,
ALBANY, May 27, 1864.

The following communications from General Fry, Provost Marshal General, are sent to you for the information of the public:

"BY TELEGRAPH FROM WASHINGTON, "May 19, 1864.

"To Brig. Gen. Wm. Hays, Major Fred'k. Townsend, and Major A. S. Diven, A. A. Provost Marshal General:

"Confer with State authorities, and endeavor to get the different Districts and Sub-districts to commence raising men at once, with view to the call referred to in despatches yesterday from Secretary of War, to General Dix. It will be greatly to the advantage of the different towns, counties wards to save time by commencing immediately on assumed quotas. Spare no efforts to achieve the revision of Enrollment at earliest possible day. The exact new quotas will be based upon it. I want it reported to me by tenth of June.

(Signed) JAS. B. FRY, Provost Marshal General."

"BY TELEGRAPH FROM WASHITGTON, May 18, 1864.

"Brig. Gen. Wm. Hays, Major Fred'k Townsend, and Major A. S. Diven, A. A. Provost Marshal General:

"Let the revision of the enrollment be pushed to completion at the earlist possible day, and make known to the people that it is plainly for the interest of each town, ward, &c., to have stricken from the list all names improperly enrolled, because an excess of names increases the quota called from such town, ward, &c. It is equally for the interest of each person enrolled in a given town or ward, to place upon the list all persons in his town or ward liable to do military duty, because the greater the number to be drawn from, the less chance that any particular individual will be drawn. As it is the personal interest of every enrolled man that the quota in which he is concerned shall not be made too large, and that his own chance for draft shall not be unjustly increased, and as both the objects will be attained by striking out the wrong names, and putting in the right ones, there can be no serious difficulty in securing the co-operation of citizens for the purpose of making a correct enrollment. (Signed)

JAMES B. FRY, Provost Marshal Gen.

Secretary Stanton's despatch to Gen. Dix states states that a call for 300,000 men will be made at once, and that a draft will be ordered for the 1st of July next.

The quotas of the several districts and sub-districts will probably be the same as under the call of October 17, 1863, for 600,000 men
