BETHLEHEM SHARES TAKE ANOTHER LEAP

New York, Aug. 3. — Vigorous buying was begun at the opening to-day in industrial stocks. Speculation tended once more to concentrate in the war shares and the movement was less comprehensive than on yesterday's rise. Bethlehem Steel jumped twelve points and Crucible Steel five. Allis Chalmers rose 2¼ to 37⅜, a new high record and United Steel touched 68⅝, and best figure of the year. Republic Steel, Railway Steel Springs, Baldwin Locomotive, Colorado Fuel and Westinghouse Electric advanced one and two points. There was heavy buying of the oil stocks. Mexican Petroleum and California Petroleum were marked up 2½. Pacific Mail rose 4½ on unconfirmed reports that the company's steamers would be purchased by the International Mercantile Marine. With the exceptions in Rock Island and Northern Pacific, which advanced a point each, the market in railroads was quiet.

LOOK OUT FOR REFUGEES

Local police were to-day on the lookout for two escaped prisoners from the Maryland Reform School at Jessup. Both were seen in Harrisburg last night, each carrying a dress suit case.

One of the prisoners was Louis Reinhart aged 33 years. His weight was said to be 150 pounds. He wore a dark suit. The other was Silas White, aged 31, weight 155, who was similarly dressed. No particulars regarding their means of escape were given. There is a reward of $25 each for their capture.

The Jersey City herd, numbering 150, came by special train from the West. They occupied ten all-steel cars. The special arrived at 11.40 a. m. and left at 1.40 p. m. for the East. The Elks visited the Capitol and other places of interest.

MONEY IS FOUND FOR IMPROVEMENTS

[Continued From First Page.]

which will leave at least $2,600 in the fund.

The total sum on hand in surpluses and available balances, is $30,563.10 and with all possible accounts charged up against this amount there still remains at hand close to $17,000 that may be appropriated for general purposes and which could be, therefore used to complete the improvements. This is more than needed.

In addition there has not been taken into calculation the possibility of a surplus in the general fund at the close of the year. The average surplus at the close of the city's fiscal year for a long time has been $7,000 and not infrequently it has run between $12,000 and $15,000.

Gorgas Admits Correctness of Figures

The correctness of these figures was admitted by Commissioner Gorgas, who, in response to a resolution adopted last week, submitted a report showing the total outstanding interest fund since April 1, 1908. The balance was shown to be $20,885.38 on January 1, 1915. In submitting his report Mr. Gorgas said:

"In answer to the above resolution I might state that this is the first time I have been called upon since a member of this Council, to make a report, outside of the one made annually and sworn to. I cannot find money on the street or pick it up where it is not lost, any quicker than my neighbor. If the above resolution has back of it some such purpose I will utterly fail in its answer."

The balance April 1, 1914, was shown to have been $45,165.13, and in explaining the difference in the total of the first of April, 1914, and the first of January, 1915, Mr. Gorgas said:

"On the 14th day of July, 1914, by an Ordinance of Council, $15,000, was taken from this fund and appropriated to the completion of the dam in the Susquehanna River; $5,000 was taken to complete Paxton creek improvement, and $10,000 was taken to pay the city's share of laying asphaltum pavements. The change of the fiscal year from April to January had something to do with the amount entering into that fund so that with the beginning of this year it had $5,885.38 cash, and $15,000 bonds or a total of $20,885.38, out of which the coupons not yet presented for payment before January 1, 1915, are to be paid. It appears there is a balance of $20,885.38, but from a book in the City Treasurer's office, in which the coupons paid are entered since the improvement loan was started in 1902, about $8,000 have not yet made their appearance, leaving an apparent surplus of $12,885.38."

In conclusion Mr. Gorgas' report stated:

"The whole amount of the appropriation of $12,000 to pay the interest on the loan of $300,000, authorized in 1913 may not be needed for that purpose, as only about half of bonds authorized have been issued—this because the Sinking Fund Commissioners did not deem it wise to issue the total amount until the money was actually needed, thus saving interest on the bonds instead of having the money lying idle in bank. But the amount of money yet needed to carry on the city government should enter into the amount this appropriation could be depleted.

"The water department, at the beginning of the year, had a cash balance of $82,316.64 and $110,000 invested in our own bonds. I have been told the law will not allow any of these funds to be used but for water purposes only."

Balances Available

From time to time both the mayor and Mr. Gorgas questioned the balances which Messrs. Bowman, Lynch and Taylor pointed out as available. The three, however, had Mr. Gorgas' last annual report right at hand and supported their statements by the figures.

Mr. Taylor finally figured out the total balance available from these sources: Dog licenses, $448.48; milk and meat licenses, $1,216.78; fines and forfeitures, $1,071.26; outstanding interest funds, $13,000; State tax reserve, $1,246.25, a total of $16,982.77.

The amount thus realized will be a trifle more than sufficient to pay for the completion of the River Wall including the gap at Market street.

Commissioner Taylor started the ball rolling when he suggested that inasmuch as "we are all of one mind in this matter, so far as the completion of the work is concerned, if the money can be found, let us try to find the money."

Then item by item Commissioners Bowman, Lynch and Taylor pointed out where the necessary balances could be found. Mayor Royal objected first to the balance in the fines and forfeiture fund. Then he found fault with the balance that remained in the dog license fund. In the former fund the mayor pointed out that the year's expense had not been computed as yet and that he didn't know what the fines and forfeitures for this year will amount to.

"But the fund is self-sustaining isn't it?" inquired M
