ANOTHER PROOF of the efficacy of Dr. Clickner's Sugar Coated Pills in removing worms from children. Read and be convinced.

This is to certify that my child Eliza, between five and six years of age, having been for a long time past drooping, and getting much worse of late, neither myself nor my wife being aware what was the matter with her, I thought perhaps one of Dr. Clickner's pills might do her good—I gave her one at bed time, which acted on the bowels and expelled a Tape worm four feet long, and a great number of worms, (over one hundred) about one inch long apparently of the same species.

I have always been much opposed to advertised medicines, but through the advice of a friend who strenuously recommended them to me, I was induced to try them, and it was through the great benefit I derived from their use in my complaint, that I felt disposed to give a dose to my daughter, although I knew not then what was the matter with her; and I verily believe that had not the worms been discharged, she would not have survived to the present time. She commenced rapidly to improve and is now quite hearty and well.

WILLIAM COOPER.

Croghanville, near Pittsburgh, July 16, 1846.

CITY OF PITTSBURGH:—Before me, Robert Morrow, an Alderman in and for said city, personally came *William Cooper*, who being duly affirmed, saith that the facts set forth in the foregoing statement are just and true.

WILLIAM COOPER.

Affirmed and subscribed this 16th day of July, 1846.

Sold wholesale and retail at JACKSON'S Patent Medicine Warehouse, 89 Liberty street, head of Wood. *Beware of fraud*, and ask for *CLICKNER'S Sugar Coated Pills.* jy25

SUDDEN CHANGES.

The Mother of Consumptions.

THIS fact is clearly demonstrated wherever we have a sudden change in the weather. It is at this time that the seed of Consumption is sown in the system nurtured until the lungs become serious ly and dangerously diseased, when in all probability the patient, for the first time, will begin to seek relief. How many thousands thus neglect themselves and suffer their Health, and finally their Life to be destroyed. The first precepible foot-prints of CONSUMPTION, experienced at sudden changes of the weather, are Hoarseness and Cough, Soreness of the Throat, and Irritation of the Bronchi. Pain in the Head, Coldness of the feet, and Sudden Chilliness over the Body. At length the cough increases, and finally prostration and languidness of the whole system follows, which indicate a sudden decline of Health, and the speedy approach of *Consumption*. These facts, plain as they appear to every sensible person, never, seem to alarm those afflicted, until [illegible] It is therefore of the greatest importance that we may be attacked from time to time procure the *Pulmonic and Life Restorant Remedy*, the greatest preventive and the cure of CONSUMPTION, and the only certain medicine that will remove disease and again restore the LUNGS to their former Health.

Dr. Duncan's Great Western Office is opened in Cincinnati at 150 Sycamore street, a few doors below 5th, where his Medicines can be obtained in large and small quantities.

Sold at WM. JACKSON'S Patent Medicine Warehouse, No. 89 Liberty st., head of Wood. jy 22.

TO RENDER THE HUMAN HAIR SILKY, SOFT, FINE AND CLEAN; to make the scalp healthy, smooth, white and fruitful, so that a good crop may spring therefrom, persons have but to expend thirty seven and a half cents. And, reader, this you never will use aught else, whether it be our only object for selling the article at that price, is known it to be all we state, that when you once try merely to embellish, to dress, beautify, and preserve, to force growth, stop falling off, and cure scrufs or dandruffs, the JONES' CORAL HAIR RESTORATIVE will never fail to do all this, as hundreds will tell you with gratitude. It dresses the hair beautifully, and *makes red or grey hair grow dark from the roots.*

Sold at JACKSON'S Patent Medicine Warehouse, 89 Liberty street, head of Wood—price thirty seven and a half cents, fifty cents and one dollar per bottle. At the same place is sold the Italian Chemical Soap, Spanish Lilly White and unrivalled shaving soap. jy25-tf

THE poisonous effect on the skin of common prepared chalk is not generally known by ladies; how yellow rough and unhealthy it makes the skin in time; besides, what a corpse like, pallid look it gives when applied. They should use a beautiful preparation, purely vegetable, which gives the face arms or neck, a natural life-like whiteness, and makes it smooth. It is called Jones' Spanish Lilly White, and is sold at JACKSON'S Patent Medicine Warehouse, 89 Liberty street, head of Wood; at the same place is sold Jones' Coral Hair Restorative, Italian Chemical Soap and unrivalled shaving soap.

From the Washington Union, Aug. 8.

CONGRESSIONAL.

The *Senate*, immediately after assembling, proceeded to ballot for a president, *pro tem.*, the Vice President having announced his determination of being absent the remainder of the session. Mr. Atchison, on the 8th ballot, was chosen.

The greater part of the day, after this, was spent in executive session.

In the *House*, the consideration of the appropriation bills yet pending between the two houses occupied a considerable portion of the morning session.

RELATIONS WITH MEXICO.

The SPEAKER, by consent, laid before the House the following message from the President of the United States; which was read:

To the Senate and House of Representatives of the United States:

I invite your attention to the propriety of making an appropriation to provide for any expenditure which it may be necessary to make in advance for the purpose of settling all our difficulties with the Mexican republic. It is my sincere desire to terminate, as it was originally to avoid, the existing war with Mexico by a peace just and honorable to both parties. It is probable that the chief obstacle to be surmounted in accomplishing this desirable object, will be the adjustment of a boundary between the two republics, which shall prove satisfactory and convenient to both, and such as neither will hereafter be inclined to disturb. In the adjustment of this boundary we ought to pay a fair equivalent for any concessions which may be made by Mexico.

Under these circumstances, and considering the other complicated questions to be settled by negotiation with the Mexican republic, I deem it important that a sum of money should be placed under the control of the Executive, to be advanced, if need be, to the government of that republic immediately after the ratification of a treaty. It might be inconvenient for the Mexican government to wait for the whole sum, the payment of which may be stipulated by this treaty until it could be ratified by our Senate, and an appropriation to carry it into effect made by Congress. Indeed the necessity for this delay might defeat the object altogether. The disbursement of this money would of course be accounted for, not as secret service money, but like other expenditures.

Two precedents for such a proceeding exist in our past history, during the administration of Mr. Jefferson, to which I would call your attention. On the 26th February, 1803, an act was passed appropriating two millions of dollars "for the purpose of defraying any extraordinary expenses which may be incurred in the intercourse between the United States and foreign nations," to be applied under the direction of the President of the United States, who shall cause an account of the expenditure thereof to be laid before Congress as soon as may be;" and on the 13th of February, 1806, an appropriation was made, of the same amount, and in the same terms. In neither case was the money actually drawn from the treasury, and I should hope that the result in this respect might be similar on the present occasion, although the appropriation may prove to be indispensable in accomplishing the object. I would, therefore, recommend the passage of a law appropriating $2,000,000 to be placed at the disposal of the Executive, for the purpose which I have indicated.

In order to prevent all misapprehension, it is my duty to state that, anxious as I am to terminate the existing war with the least possible delay, it will continue to be prosecuted with the utmost vigor, until a treaty of peace shall be signed by the parties and ratified by the Mexican republic.

JAMES K. POLK.

Wilson's Pills.

THE WILSON PILLS; as a remedy peculiarly adapted for headaches and dyspeptic affections, are pretty generally known and esteemed in this community; and the proprietor, so often as he has occasion to write or speak of them, can scarcely refrain from an expression of his grateful acknowledgments to his friends for their patronage and kindness to him. His feelings are the warmer from observing the "beginning and the ending"—thrown almost in juxtaposition—of so many nostrums and kindred preparations equally loud in their pretensions, and much more industriously presented to the public; while his preparation noiselessly advances, even to remote places, soothing and comforting the afflicted, and permanently grafting itself upon the affections of new friends, thus continually widening the circle of its usefulness. Although well satisfied that his medicine has, as it were, a principle of perpetuity in it, yet he is obliged to his friends for the most *substantial* evidence of the fact.

In its natural history, if you please, the Wilson Pill differs from most other preparations in not being originally made for sale, or with a view to pecuniary profit; while as every body knows, the greatest tyro (as a general thing) no sooner begins to dabble in drugs than he casts about for some cheap preparation, or must 'get up,' as the phrase is, something—anything that will sell. Often he attempts it under an assumed or fictitious name, as though conscious his own were insufficient to sell it. The difference then between the Wilson Pill and the preparations a have just indicated, would appear to be this: The consciousness of the value of my pill originated the idea of putting them on sale for money, and at I price. The consciousness of the value of *money* originates in most instances the many preparations I have alluded to; and the *price* most likely to take is always first carefully considered, and the pill or other preparation made and graduated to suit it. The one is a DISCOVERY, and comes from the great Arcana of Universal Nature; the other a *trick* or *invention*, and comes from a not very popular quality of INDIVIDUAL Nature. Reader! the difference here is great. In one instance the *value* attached to the PILL is the starting point; in the *other*, the MONEY. But it is not probable that some of the many preparations having even *such* paternity were *accidentally* good, but that possibly by this process of "getting up" as they call it, by puffing and blowing, as we clean wheat, they have been "got up" too high before their specific gravity had been carefully ascertained, and have blown off never to be heard of, with other chaff—some lighter, some heavier.

Whatever may be the *rationale*, I must repeat it, that I am most profoundly thankful to my friends for their discrimination in not consigning my discovery to that compendious category of "inventions that did not answer"—of "tricks that won't win."

The Wilson Pills are useful as a GENERAL remedy, and may be kept and taken, in proper doses, in family use, as a preventative of general ill health, or disease of whatever name, by any member of the family, without any fear of the consequences of exposure in the ordinary pursuits of business.

☞They may always be had in any quantity of the proprietor, in Penn street, below Marbury, and of the principal Druggists of this city and Allegheny.

Security to Purchasers.

CLICKENER'S SUGAR COATED VEGETABLE PILLS are the first and only Medicine ever known that will *positively cure*

Headache, Giddiness, Measles, Salt Rheum,
Rheumatism, Piles, Heartburn, Worms,
Dispepsia, Scurvy, Cholera Morbus,
Small Pox, Jaundice, Coughs, Quinsy,
Pains in the Back, Whooping Cough,
Inward Weakness, Consumption, Fits,
Palpitation of the Heart, Liver Complaint,
Rising in the Throat, Erysipelas, Deafness,
Dropsy, Asthma, Itchings of the Skin,
Fevers of all kinds, Colds; Gout, Gravel,
Female Complaints, Nervous Complaints,

And all other diseases originating from impurities of the blood.

☞They have cured, since their introdnction, over 2,000 persons, who have been given up as hopeless cases, by the most eminent Physicians.

☞They are patronized and recommended by many of the highest distinction, among whom are—

Hon. David R. Porter, Hon. Henry Clay
Hon. John Q. Adams, Hon. Daniel Webster,
Hon. Martin Van Buren, Hon. J. C. Calhoun,
Gen. Winfield Scott, Col. R. M. Johnson,
Hon. James K. Polk, Gen. Lewis Cass;

☞Their virtues are so infallible that the money will be returned in all cases they do not give universal satisfaction. Although but two and a half years have elapsed since these celebrated Pills were first introduced to the public, the sale of them in the Eastern and middle States has far exceeded Dr. Clickener's most sanguine expectations. During the last year, alone, no less than 10,000 gross of boxes have been sold in the State of New York, 6,000 in Pennsylvania, 4,000 in Maryland, 5,000 in New Jersey, 2,000 in Delaware, and 9,000 in the New England States, requiring the constant employment of 27 hands, exclusive of printers and engravers. In the same period, upwards of 200,000 copies of the "Family Doctor" have been ordered by agents in every section of the country. These facts must show, conclusively, that Dr. Clickener's Sugar Coated Pills, besides being the very best medicine in the world, are held in the highest estimation by the public.

We might extend this publication to an indefinite length, if we were inclined, for any man, or number of men, but individuals and families, who have experienced the beneficial effects of Clickener's Sugar Coated Pills, but we deem it unnecessary. The most incontestible evidence of their unprecedented success are the numberless Imitations and Counterfeits which have already appeared, notwithstanding the brief period they have been before the public. Even some of our staunchest pill makers have had the audacity to imitate the Capsule of Sugar, in order to conceal the ingredients of their vile compounds, and palm them off for the "real simon pure." Such paltry shifts cannot last long without exposing their hideous deformity. Truth and honesty must inevitably prevail over rascality and deception.

For sale in Pittsburgh by WM. JACKSON, *at his Patent Medicine Warehouse*, No. 89, Liberty street, head of Wood st., Pittsburgh. Price, 25c. per box.

Dr. Clickener's principal office is 84 Barclay street, New York.

☞Beware of an imitation article called Improved Sugar Coated Pills, purporting to be patented, as both the pills and the pretended patent are forgeries, got up by a miserable quack in New York, who, for the last four or five years, has made his living by counterfeiting popular medicines.

☞Remember, Dr. C. V. Clickener is the original inventor of Sugar Coated Pills, and that nothing of the sort was ever heard of until he introduced them in June, 1843. Purchasers should, therefore, always ask for Clickener's Sugar Coated Vegetable Pills, and take no other, or they will be made the victims of a fraud. may 9

The petition of John Johnston, Guardian of Ann E. Thompson and Mary Thompson, children and heirs at law of Edward B. Thompson, late of Fairfield County, and State of Ohio, deceased was presented to the Court, showing:

That the said Edward D. Thompson, at the time of his death, was seized in his demesne as of fee of and, in the one undivided fourth part of a certain tract of land, situate in Versailles township, Allegheny county, Pennsylvania; described as follows: Beginning at a post at the line of Kissick's land; and running along Hickman's land, N 8¼ deg. E 190 perches to a post; thence along lands belonging to the heirs of George Miller, dec'd., N 83¼ deg. E 312 perches to a post; thence along J. Miller's land S 8¼ deg. N 174 perches to a post; thence, N 87½ deg. W 52 perches; thence S 37½ deg. W 46 perches to a white oak; thence, by Kissick's line N 87½ deg. W 239 perches to a post, the place of beginning, containing 363 acres and 108 perches, with the usual allowance. And being so thereof seized, the said Edward B. Thompson departed this life intestate, leaving issue, the said Anne E., and Mary Thompson, minors.

AND FURTHER SHEWING: That the petitioner having been duly appointed Guardian of the said minors by the Orphans' Court of said County, afterwards, to wit: on the 1st day of November, A. D. 1842, sued forth out of the District Court of Allegheny county, in No 662, of November Term, A. D. 1842, a Writ of Summons in Partition against the Co-tenants of the said minors, and such proceedings were therein had, that the said Court, on the 15th day of July, A. D., 1843, entered Judgment, *quod partitio fiat.* And the said Court, afterwards, on the 9th day of November, A. D. 1843, to November Term, 1843, No 121, awarded an Inquest directed to B. Weaver, Sheriff of the said county, commanding him to summon the said Inquest to part and divide the said described tract of land, according to the right of the parties claiming partition thereof; and by the Inquisition of the said Jurors, taken on the ground on the 5th day of September, A. D. 1843, the following described part of said tract of land, was allotted to and set apart to and for the said Wards of said Petitioner, to wit: Beginning at a post on Kissick's line and running thence by Hickman's land, N 8¼ deg. E 51 perches; thence S 87½ deg. E 146 perches to a post; thence S 8¼ deg. W 51 perches to the line of Kissick's land, and thence N 87½ deg. W 146 perches to the place of beginning; containing 46 acres 38 perches, with the usual allowance—which Inquisition was afterward, confirmed by the said Court.

AND FURTHER SHEWING TO THE COURT; that considerable expences have been incurred by the Petitioner in recovering possession of said last described piece of said tract, and in effecting a partition of the original tract of said land—that the Petitioner's Wards are entitled to in personal Estate, as heirs at law of their said Father, so far as is known to the Petitioner—that the said last described tract is all the real estate belonging to the Petitioner's Wards in the County known to the Petitioner; that the said last described piece of land is all woodland and unproductive and expensive, and that it would be to the int rest of said minors, in the judgment of the Petitioner, to have the same sold; and praying the Court to grant him an order to sell the said part of the said large tract of land, which has been set apart for said minors—to pay the debts and maintain the said minors, children of the said Intestate, and the citation heretofore issued having been returned according to law, therefore, the Court order and direct that the said John Johnston, Guardian of the said minors, expose the premises in said petition particularly described, to public sale or outcry, at the Court House, in the city of Pittsburgh, on Monday, the 31st day of August inst., at 10 o'clock, A. M., and sell the same to the best bidder for the highest and best price—bidden for the same having first given due public and timely notice of the time and place of sale, according to the act of Assembly, in such cases made and provided, and the Rule of this Court.

Witness, the Hon. BENJAMIN PATTON, Esq., President of our said Court, at Pittsburgh, this 4th day of August, A. D., 1846.

SCRATCH! SCRATCH!!—*Tetter, Itch, Salt Rheum, &c.*—Who would scratch for a single day, when afflicted with the Tetter, Itch, or other diseases of the skin, if they knew what would relieve and cure them? 'Tis horrible to be obliged to rub and scratch when alone, but more horrible to be obliged from it (for decency's sake) when in company. Let it be remembered that DR. LEIDY'S TETTER AND ITCH OINTMENT is the most efficacious of any other preparation in existance in curing the Tetter, Itch, and other diseases from the impurity of the blood and fluids of the body, and where such diseases may be of long standing, and the constitution effected thereby, if Dr. Leidy's Sarsaparilla Blood Pills be used with the ointment, they will cure any case whatever, and if they do not, the money will be returned by Dr. Leidy. Most cases, however, will be effectually cured by Dr. Leidy's Tetter and Itch Ointment, unless the whole system is impregnated by the diseased humors, which will be completely carried off from the system by Dr. Leidy's Blood Pills, and the surface of the skin healed by the Ointment. Price of Ointment, 25 cents. For sale by B. A. FAHNESTOCK & Co.,
jy20 corner of 6th and Wood sts.

THE SKIN AND COMPLEXION, at this (and, indeed, every other) season, is often repulsive in appearance, caused, in eight cases out of ten, by the atmosphere; and what persons suppose disease of the blood, is simply a disease of the skin. If some of the thousands who take purgative medicine, pills, and useless Sarsaparilla, were to use on their skin a softening and clearing balm, that opens the pores, whitens the skin, and causes a healthy perspiration, that, be the skin never so disfigured, unhealthy, or diseased with pimples or freckles, sunburn, tan and morphew, the truth and genuine JONES'S ITALIAN CHEMICAL SOAP never fails to cure and dispel them, and to make the skin clear and lovely. It acts so mildly and soothingly on the skin, that physicians use it on ladies and infants, in old cases of scurvy, erysipelas, salt rheum, sore head, ringworm, and it (mind, the genuine Jones' soap) has often effected a cure when every other remedy failed. It is indeed a blessed remedy.

A RARE CHANCE!

Lands For Sale at Auction.

I AM authorised to offer for sale at public auction, on Monday the 24th of August, at 10 o'clock, on the premises, a Farm of Land in Ross township, on the Franklin Road, 4½ miles from the city of Pittsburgh, containing 114 acres, about 60 acres of which are cleared and under cultivation, with a fair proportion of meadow and two good orchards. The improvements are a frame dwelling house containing 10 rooms, and a good bank barn lately built. Being within 4 miles of Allegheny city, it would be a suitable location for a dairy and market farm. It will be offered for sale altogether, but if not sold it will be offered in portions varying from FOUR to TWENTY ACRES EACH, it having been laid out in that way. In this manner it would come within the reach of many for gardening purposes. It is so laid out that from 4 to 40 acres can be had in one piece if desired. The house, barn and one of the orchards together with 20 acres, can be sold separately. There are also some beautiful locations for private dwellings, and as it will positively be sold, persons desirous of selecting a few acres in a healthy and pleasant part of the country, and near the city, are invited to call and examine the plot. The title is indisputable, and it will be conveyed clear of incumbrance. A plot of the land can be seen at Blakely and Mitchell, Smithfield street; at George Cooper's, Esq., adjoining the property, and at my office, near the Canal, Penn street. Terms at sale.

JAMES BLAKELY,
Atty. in fact for L. Mitchell.

N. B.—An act of incorporation has been obtained to make a turnpike road from Allegheny city to Perrysville, 2½ miles beyond this property.
