ST. CHARLES LIVERY STABLES,—The undersigned has bought the lease of the above named Stables, in connection with his present business, and has added to the same a large number of FINE HORSES, BUGGIES AND CARRIAGES, which were formerly employed at his Livery Stables in Birmingham, which he will continue to keep, and has spared no expense in the outfitting of the establishment, so as to give our personal attention to the business, a continuance of the patronage which he has hitherto received from the public.
JACOB BARNER,
St. Charles Livery Stables.

N. B.—A HEARSE and any number of CARRIAGES ready always to procure for Funerals. fe29

THE CHEMICAL OLIVE ERASIVE SOAP, manufactured by B. C. & J. H. Sawyer, receives the preference over all other kinds now offered for sale, for

It's advantages over other Soaps are—1st. It is cheaper to use, one pound being equal to three of common rosin Soaps. 2d. Half the time need only be required in washing when this Soap is used in place of other Soaps. 3d. Labor in washing can be nearly dispensed with, as the clothes will require little if any rubbing, thus saving much wear on the fabric. 4th. Boiling the clothes is dispensed with when this Soap is used, and hard or soft water answers equally as well as soft. 5th. Printers, Machinists, Painters and others, find it far superior to other Soaps. It quickly removes grease, tar, paint, printers' ink and dirt from the hands, leaving the skin soft, and free from chapping.

To avoid the labor of rubbing the clothes, and the use of the washboard, the following direct is offered for the public:

For the washing of eight or ten of a family, take one pound of Soap, cut it into shavings, and dissolve in one gallon of hot water; put the clothes into a boiler containing about ten gallons of warm water; pour in the dissolved Soap, and stir thoroughly. Let them soak twenty to thirty minutes, using only and rinse in warm water, using cold water twice. A very dirty wristband, or seam, or grease spots, may require a slight rubbing, but otherwise the clothes will come out clean and white, without rubbing or boiling. Cold water may be used in place of hot, requiring about double time in soaking.
