WHEN so many candidates flood the county for office, and the ring candidates become alarmed at their situation. they should look out a more secluded spot than in front of the drug store when they want to reconcile one of the old friends from the hill by placing in his hand a vive greenback. The successful must not be too fast to his friends on the hill, they may go back on him if the do tell him its all lovely, when the greenbacks are nigh, they may tell him the thing is all right you see, and laugh and say "blood and tunder and ours you're all right." Understand me.

HORRIBLE AFFAIR. -- MURDER AND SUICIDE.-THE GREENEYED MONSTER AT WORK .- A MAN SHOOTS HIS WIFE AND THEN HIMSELF .- As we are going to press, the horrible rumor reaches us that a man named Richards, residing at Wilcox, this county, in the employ of the Wilcox Tanning and Lumber Company, as a leather roller, shot his wite and then himself, this morning 17th inst. Richards has been partly imane for some months past, and this together with his being jealous of his wife, prompted him to the hellish deed. Richards was killed outright, and, at last accounts, his wife was alive but in critical condition. We are unable to learn further particulars in time for this

FATAL ACCIDENT .- This morning 17th inst., Dap Downs, track walker on the P. & E. R. R., was killed at the eastern end of his section, about four miles from the Ridgway depot, by the eastern bound express train. He had, probably, sat down on the rail to rest himself, and, without thinking, went to sleep; a sleep which cost him his life and proved to be his long sleep. No blame is attached to the engineer, as he did not see that there was any one on the track until after it was too late to stop the train. The deceased has resided in Ridgway and vicinity for several years, and was known as a sober, industrious, hard working man, and the only support of an aged mother, towhom his demise will be a sad blow. He was, we should judge, about twentyr year of age.

THE POLITE FOR MANSLAUGHTER. -When a man azs been dosed to death with mineral poisons, we are told that his medical attendant has "lost a patient." It would be rude to say "the patient has been poisoned." Yet that would be the truth, and it is treason to humanity to disguise it. Dyspepties, nervous sufferers, debiliated and broken down invalids of every type, if you covet that inestimable blessing, physical vigor, resort without delay to Hoofland's German Bitter or to Hoofland's Tonic. composed of the same vegetable elements with a stimulant superadded. These specifies from the medicine chests of nature restore the strength, regulate the secretions, purify the blood, invigorate the constitution, and clear the brain. ONE of the two prominent members of the "ring" who not a great while ago arrive1 from Clearfield county, assets niz, now returns a yearly income of over \$5,000. Did it all come from the banking business, or did a portion of the three per cent. for receiving and three per cent. for disbursing with other titbits from the county go to swell up this neat little sum?

By the carelessness, or whatever else you choose to call it, of another member of the "ring" the county or somebody loses at one pop \$2,600-making the expense to the county that particular year about \$2,800-for an attorney -nice salary for one year. Special Motices.

People have been so humbuged with dirty, poisonous hair preparations, that they hail with delight the new article styled Nature's Hair Restorative. Clear as crystal, and it does the work most effectually. See advertisement.

The microscope shows the color of the hair due to a deposition of pigment in its substance. When the hair glands become enfeebled, this pigment fails. One after another the hairs become white, or fall out, producing baldness. Baldness is easy to prevent but hard to cure. Ayer's Hair Vigor stops it: even restores the hair sometimes; always restores its color. Immediate renovation is at once visible: softness, freshness and the gloss of youth. This great ornament should be preserved since it can be by Ayer's Hair Vigor, which is beautifully clean and free from anything injurious to the hair .- [Tribune, Springfield, N. Y.

Leaving the East and arriving at Chicago or Indianapolis, how shall we reach the West? The best Line is soknowledged to be the C., B. & Q., joined together with the B. & M. Railroad by the Iron Bridge at Burlington, and called the Burlington Route,

The Main line of the Route running to Omaha, connects with the great Pacific Roads, and forms to-day the leading rouse to California. The Middle Branch, entering Nebraska at Plattsmouth, passes through Lincoln, the State Capital, and will this year be finished to Fort Kearney, forming the shortest route across the Continent by over 100 miles.

Another branch of the B. M., diverging at Red Oak, falls into a line running down the Missouri through St Joe to Kansas City, and all Kansas.

Passengers by this route to Kansas, see Illinois, Southern Iowa, and Missouri, and, by a slight divergence, can see Nebraska also.

Lovers of fine views should remem ber the Burlington Route, for its towns "high-gleaming from afar"-its treefringed streams-its rough bluffs and quarries-its corn-oceans stretching Com vs Joseph Helsher-assault and over the praries further than the eye can reach.

Land-buyers will be sure to remember it, for they have friends among the two thousand who have already bought the third count in the indictment and farms from Geo. S. Harris, the Land Commissioner of the B. & M. R.
