ST. CHARLES LIVERY STABLES.—The undersigned has bought the lease of the above named Stables, together with a portion of the extensive stock of Horses and Carriages, late the property of James Mathews, deceased. In addition to the stock before-mentioned, he has also added a number of FINE HORSES, BUGGIES AND CARRIAGES, which were formerly employed at his Livery Stables in Third, below Wood street. As he gives his personal attention to the business, a continuance of the patronage which he has hitherto received from public is solicited.

JACOB GARDNER,
St. Charles Livery Stables.

N. B.—A HEARSE and any number of CARRIAGES can always be procured for Funerals. de29

THE CHEMICAL OLIVE ERASIVE SOAP, manufactured by B. C. & J. H. Sawyer, receives the preference over all other kinds ever offered for family use.

Its advantages over other Soaps are:—1st. It is cheaper to use, one pound being equal to three of common rosin Soap. 2d. Half the time need only be occupied in washing when this Soap is used in place of other Soap. 3d. Labor in washing can be nearly dispensed with, as the clothes will require little if any rubbing, thus avoiding their wear on the wash-board. 4th. Boiling the clothes is unnecessary when this Soap is used, and hard or salt water answers equally as well as soft. 5th. Printers, Machinists, Painters and others, find it far superior to other Soaps. It speedily removes grease, tar, paint, printers' ink and dirt from the hands, leaving the skin soft, and free from chapping.

To avoid the labor of rubbing the clothes, and the use of the wash-board, the following directions should be followed:

For the washing of eight or ten of a family, take one pound of Soap, cut it into shavings, and dissolve in one gallon of hot water; put the clothes into a tub containing about ten gallons of warm water; pour in the dissolved Soap, and stir thoroughly. Let them soak twenty to thirty minutes, wring out, and rinse in warm water once, cold water twice. A very dirty wrist-band, or seam, or grease spite, may require a slight rubbing, but otherwise the clothes will come out clean and white, without rubbing or boiling. Cold water may be used in place of hot, requiring about double time in soaking.

☞Observe our name on each bar.
