Lewisburg, Pa.

FRIDAY MORNING, AUG. 12, 1859.

ADVERTISE!—Manufacturers, Merchants, Mechanics Public Officers in City and Country, Publishers—all who wish to buy or sell—would do well to employ the columns of the *Lewisburg Chronicle*, which has a large and increasing circulation in a community containing a large proportion of active, solvent producers, consumers and dealers, as any in the State.

See New Advertisements.

To all the People! Town and Country.

In our advertising columns, to-day, will be found a legal notice of a large number of the owners of lands near town, warning all persons whatsoever against trespassing upon them in any manner. We are assured that this notice means what it says, and would advise our fellow citizens—those wedded to shooting irons most especially—to heed the warning given, and forego all encroachments upon lands not belonging to them, unless absolute permission be given by the real owners. Every man, in town or country, is master of his own property, and none can come upon it, without leave, except at his peril.

Some may think this "pretty hard, and illiberal—no harm in just going into a piece of woods, across a meadow," &c. But whether any harm or not, is a question not for you, but for the owners of woods, meadows, &c., to decide, each for himself. They pay heavy prices for every acre of their soil—they pay taxes upon it, every year; and they are entitled to every apple upon it, to every berry, and to every spear of grass, just as much as a merchant in town is entitled to every hale of cloth on his shelves, to every nail in his keg, or to every cent in his drawer. The farmer has as much right to help himself from a shoe store or a grocery, as the shoemaker has to help himself from a farmer's premises.

There are no more clever or liberal men in the world than just some of those who have signed this notice. But when their kindness and generosity is imposed upon, they have a right to judge for themselves how far they shall go, and what safeguards they shall raise, and what power they shall invoke, for their protection and that of their families.

One farmer who has signed the paper, says he once begged some "chunkers" not to fire on him lest he had got some animal out of danger—when he was answered with most insulting language, and denial. More than one has heard bullets whizzing in the air near him, from reckless or careless boys from five to six feet high and twelve to fifty years old!

The farmers, it seems, have borne these wrongs and insults as long as they can, and if they prosecute and punish to the utmost every invader of their rights, no one should complain. Fair warning!

—And now, a word to our country friends. You have your rights, your interests, your feelings, your laws—and you intend to have them regarded. Very well. But *we in town* also have *our* rights, our interests, and *our* feelings. "Very well." Is sauce for the goose, sauce for the gander" also? "Exactly so."

Well, then, we have *marbling laws* in our Borough, made for our benefit as well as yours—calculated to advance our interests—and a violation of which subjects the offender to a fine and costs. By that law, you can only expose produce for sale in market, on *Wednesday* and *Saturday* mornings. But very many of *you deliberately violate that law.* Every day some of you might be taken up and fined!

"That's a pretty bad law" some of you say. But that is just what some of our folks think of the laws which make you masters of your own houses, orchards, barns, stables, fields, and woods. *They* want to go and come as they choose, just as it suits them—just as you want to come to market when it happens to suit you best, without consulting the general good, and in contempt of the regulations lawfully made.

Now if any farmer or gardener is fined for violating the Market Ordinances, he can no more complain than the one can who violates the farmer's laws.—Both parties are entitled to the protection of laws. Neither can complain if punished for defying the powers that be. There are very many, in both town and country, who respects the laws and the rights of their fellows. Let those who do not, on either side, suffer the penalty, and all the people say Amen!

—Each conscientiously regarding the rights of others under laws made for "the greatest good of the greatest number," and we shall all DO RIGHT, and become good citizens and better neighbors.

SAD CASE OF DROWNING.—On Thursday evening of last week, a promising young man—ALEXANDER, son of James M'Call, of Philad., was drowned in the milldam of M'Call & Brothers, in Hartley Tp. Union Co. The deceased, with two others, went in to bathe; the others went out some distance, and returned, but Alexander, (it is supposed, seized with a cramp) went down, and rose no more. The pond was drained off, and the body found, in the morning. Alexander M'Call was about 20 years of age.

MILITARY.—Saturday last, two Military Companies were organized in Hartleton. The following are the officers of the Troop: Captain, Samuel Barber; 1st Lieut. James Lashells; 2d, Henry Ruhl. The following constitute the officers of Foot Company: Captain, Edwin Yarger; 1st Lieut. James Musser; 2d, W. Ruhl.

A call is issued for the forming of a new Company, at Crotzer's Hotel in Mifflinburg, to-morrow.

Considerable speculation is indulged as to whether Mr. Buchanan will adhere to his "declination," or whether he will violate his written word, as he did to Gov. Walker in the Kansas Lecompton issue. The Alb. Eve. *Journal* says that in the Kansas matter strong influences were brought to bear upon him to violate his pledges, but there will be none in the present case: so that there is no probability of his re-enacting John Tyler.

SAMUEL LINN, Esq., of Bellefonte, in response to an invitation from gentlemen from both parties, is before the voters of Centre, Clearfield, and Clinton counties as an Independant candidate for President Judge. He is an able, honest, and popular man, and whoever may enter the field against him will find in him a most formidable opponent.

Recently, we have had several applications for apprentices. We do not need any at present, and "strapped" journeymen pass every week, soliciting aid. Within a month, THREE of our exchange newspapers—one of them especially a superior journal—have been discontinued. The truth is, Printing, like many other non-productive employments, is over done; and we advise parents not to encourage their boys to turn their attention that way, unless they are sure they have a Ben Franklin or Horace Greeley in embryo.

We notice in the Jersey Shore *Republican* of the 10th inst., about SIXTY Public Sales by the Sheriff of Lycoming county, comprising, as we suppose, some very valuable property. Much of it lies in Williamsport, including the Dickinson Seminary building and the Baptist church edifice—and also the Lutheran Church property in Franklin township. Luzerne county has we should suppose, 200 different tracts of land also under execution. And yet our Nation is sending off to Europe yearly, millions upon millions of specie for gewgaws and luxuries!

A man named Haslet was committed to the Jail at Lewisburg this week, as an insane person, by Robert Candor, J. P. in White Deer Tp., where, as well as in Jail, he has been very violent. The proper receptacle for such persons is the Asylum at Harrisburg, and we understand it is contemplated to return him to his home, if it can be found.

There were three pleasure excursions out of the dust from Lewisburg, yesterday—the old and sedate to Blue Hill; the younger on a fishing tour; and yet another on a "pic nic." A fine cool air for the Excursioners and the Camp-meetingers.

There has been more rain on the River, above and below us, than we have enjoyed. Rain is much needed throughout our county.

The yearly fair of the State Agri. Society is advertised in another column, and claims attention.

Mr. I. M. DeMott, agent, has handed us four Nos. of Shroeder's Life and Times of Washington, for which he has our thanks. This beautiful work is published by Johnson, Fry & Co., 27 Beekman st., N. Y., and is delivered to subscribers at 25 cts. a No.

Col. Crotzer is agent for Stroh's Duplicating and Impression Paper—a very useful article for copying flowers, manuscripts, &c., in indelible colors.

Rev. F. Gearhart will preach in the M. E. Church, morning and evening of Sabbath next.

Rev. I. G. Brown, of Mercersburg, will preach in the Ger. Ref. Ch. at 10 o'clock A. M., next Sabbath.

James Buchanan having positively declined being a candidate for re-nomination for the Presidency—speculation is rife as to who shall be the successful candidate in the Charleston Convention next June. Some suppose that S. A. Douglass will be the strongest man, and others that Lewis Cass will be. Act, but, while politicians are thus amusing or troubling themselves about these small affairs, other persons of good judgment and taste have come to the conclusion to be economical (which is indentica of thrift) and buy their Boots and Shoes of G. Marsh, right opposite the Bank, who is reducing his present stock to make room for Fall purchases, at Philadelphia wholesale prices, and have made work made to order a little lower than by any other establishment. Call and C.

REASON AND COMMON SENSE.

Our readers may remember we have on several occasions spoken in very eulogistic terms of a preparation which Dr. SETH S. HANCE, of 108 Baltimore street, Baltimore, Md., has discovered for the cure of Epileptic Fits. Now, in doing so, we have been actuated by the very best motives, viz: the alleviation of human suffering. From circumstances which have lately come to our knowledge, we fear there is a certain class of persons who are not disposed to try this remedy in a common sense manner. We allude to the fact of selecting a particular case in a town where perhaps there are six or eight cases, and trying it on one case. Now, perhaps the case selected will be one of the whole number in which it will not cure. This is neither doing the medicine nor the medicine justice. If a dozen persons were sick, down with cholera in one town, or neighborhood, would they all send for a physician, or would only one employ him, and wait and see if he cured the first patient? That plan of procedure would be most absurd. So in the case of Dr. Hance's remedy, every one who has Fits should try it for a reasonable length of time. It will not cure in a day or week; nothing worth doing can be accomplished at once. What is easily done, is easily undone. The growth of time is enduring. From the most respectable testimony we have examined, we feel assured that by a proper perseverance in the prescribed cases of Epilepsy can oft-times be cured. The Pills are sent by mail free of postage to any part of the world. Price: one box $2; two $3; twelve $12. You will find the address above.

THE OXYGENATED BITTERS.

For the cure of DYSPEPSIA or INDIGESTION, *Liver Complaint, Jaundice, Costiveness, Loss of Appetite, Fever and Ague, Heart burn, Water Brash, Acidity, Sea Sickness, Scurvy, Nausea, Headache, Fevers, and General Debility*, or any disease having its origin in *imperfect digestion*.

These Bitters in all classes of our fellow citizens, in the United States Senate and House of Congress, Lawyers, Physicians, Clergymen, Planters, Farmers, and others testify, are the only safe, certain and sovereign remedy for the immediate relief and permanent cure of the many cruel complaints which in some phase or other of *Dyspepsia* afflict our race.

These Bitters were discovered by George B. Green, and in their formula differ entirely from that of any other preparation of medicine. Containing no alcohol—no mineral—no poison—no noxious drug—in their nature tonic, not stimulating,—retaining their virtues in any clime. They are "a combination and a form indeed" of Medicine which knows no rival in exterminating disease and restoring the system to its pristine vigor and health. No matter of how long standing, or however indurated or chronic in its character the disease may be,—no matter that it has baffled the skill of the physician, and resisted the efforts of Medicine, a single trial of these Bitters will satisfy the sufferer that his disease is amenable to the proper remedy.

In testimony of the many cures effected by this Remedy reference is had to the written certificates from distinguished individuals known all over the land.

[An Obdurate and Inveterate Case of Dyspepsia Cured by the Bitters.]

The following from a gentleman well known in the region in which he lives ought to satisfy all those of little faith:

WARRENTOWN, N. Y., July 28, 1858.

S. W. FOWLE & Co., Boston.—Sirs—Nine years since I was attacked by that curse of all diseases, *Dyspepsia*, which so affected me as to cause great oppression, fulness, and bloating of the bowels immediately after eating, accompanied with terrible pains in the stomach, often occasioning nausea, vomiting, acidity, and headache, together with general debility and suffering, altogether constituting life a burthen.

After having tried every known remedy without effect, and despairing of ever recovering my lost health, I was induced to make use of the Oxygenated Bitters, the good effects of which were immediately visible on my health and system. Before using a whole bottle I was entirely cured, and I feel a pleasure in inducing all like sufferers as myself to make use of this remarkable remedy.
