GREAT DISCOVERY OF THE AGE. IMPORTANT TO TOBACCO CHEWERS.
Dr. Gustav Lennard's Taste Restorative Troches, the Great Substitute for Tobacco.—It is a well known and incontrovertable fact that the use of Tobacco is the promoting cause of many of the most severe MENTAL AND PHYSICAL disorders to which the race of man is subject, as careful analasis and long and painful experience have clearly proven that it contains certain narcotic and poisonous properties most dangerous in their effects, which by entering into the blood derange the functions and operations of the Heart, causing many to suppose that organ to be seriously diseased.

TOBACCO affects also she entire nervous system, manifesting itself—as all who have ever used the noxious weed will bear testimony—in Lassitude, Nervous Irritability, Water Brash, Dyspepsia, and many other disorders of a similar character. The "Taste Restorative Troches" are designed to counteract these baneful influences, and have proved completely successful in a multitude of cases, and wherever used. Being harmless in themselves they exert a beneficial effect upon the entire system, restoring the Taste which has become vitiated or destroyed by great indulgence, completely removing the irritation and accompanying tickling sensation of the Throat—which are always consequent upon abstaining from the use of Tobacco, and by giving a healthy tone to the Stomach, invigorate the whole system.

Persons who are irretrievably undermining their constitutions and shortening their lives, should use these Troches immediately and throw off the injurious and unpleasant habit of Tobacco Chewing.

These Troches or Lozenges are put up in a convenient and portable form at the low price of 50 cents per Box. A liberal discount to the Trade.

Prepared solely by the undersigned to whom all orders should be addressed.
