Lewisburg, Pa.

FRIDAY MORNING, AUG. 19, 1859.

ADVERTISE!—Manufacturers, Merchants, Mechanics Public Officers in City and Country, Publishers—all who wish to buy or sell—would do well to employ the columns of the *Lewisburg Chronicle*, which has a large and increasing circulation in a community containing a large proportion of active, solvent producers, consumers and dealers, as any in the State.

See New Advertisements.

Now is Your Chance!

The DELEGATE ELECTIONS will afford a good opportunity to get Subscribers in Clubs or otherwise for the "STAR & CHRONICLE." Let one or more try, at every Election District, and send in the Names immediately. If desired, we will wait for the Money until Sept. Court.

We will afford our paper until the Oct. Election is known, at 25 cts. per copy.

TERMS...$1.50 one copy: 4 copies for $5: 10 copies for $10—Cash in Advance.

A Harvest Home Celebration is advertized at Lewisburg, on Saturday, 20th inst., (to-morrow.) Hon. David Taggart, President of the State Agricultural Society, is announced as Speaker. The Dinner will be served up at the Buffalo House, at 4, P. M.

The steps to the main front entrance of the Lewisburg Court House are now up, and nearly ready for use During and after Sept. Court, it is desired that they shall be the common way of reaching the Court Room and Offices. As you enter you will find the Commissioners', Sheriff's, and Treasurer's Rooms on the left, and the Prothonotary's and Register's Offices, and the Court Room stairs, on the right.

Messrs. Goodman & Fichthorn have been running the Eagle Steam Grist Mill, Lewisburg, with new Grain, last week It had been dead for two years, but moved off well again. [By the-way, the sale of that most excellent Mill—in a capital location—is an important matter, to which our readers would do well to call attention.]

There was a spirited competition in Milton for the location of their fair grounds. (alias, "race course.") Lands of Mr. Chamberlin, in the upper end of the boro', we believe were decided upon. The chief competitor was Mr. Davis, at the lower end, who offered most ground for the largest "course." We take this as an indication that the horse racers no longer control the Society....The Wyoming County Agricultural Society state that in their next exhibition "no tests of strength or speed will be allowed"—room will be allowed for a proper exhibition of animals, "*but not for the trial of speed.*" Another indication that horse jockeys shall not be allowed to promote the cruel and demoralizing system of horse-racing under cover of "agricultural fairs."

Edward M'Pherson, M. C. elect from the Adams District, will accept our thanks for a copy of "*The Family in its relation to the State*," a Lecture delivered by him in Gettysburg. The sentiments and the manner of the Address are praiseworthy. Congressmen who teach and practice after this manner are worthy of the complimentary term "Honorable."

Our friends of the *Miltonian* condescend to think the Union County Fairs "next best" to those of their county. That's clever. But all we have yet seen of ours, were superior to those of Northumberland held the same year, in every thing that rightly appertains to Agricultural Exhibitions.

Salmon D. Munson has sold his new house, near the Female Institute, for $1525, to Rev. Stephen H. Mirick ...Dr. Brugger has purchased of Dr. Locke the lot on Market street near Mrs. Ludwig's, and will there build.

Who is it in Fort Scott, Kansas, that wants the Republican CHRONICLE in exchange for a Border Ruffian organ y'clept *Democrat?* Don't know a soul in its columns, but X in the hope of better acquaintance.

The principal feature of the "*Harvest Home* Celebration" at Espytown, was *walking a wire* by a fool-hardy man. What a profound exhibition of Christian gratitude!!!

Woods M'Guire, Esq., of M'Ewensville, was admitted to the practice of the Law at the recent session of the Northumberland county court.

Schoch's Machine Shop, &c., at Selinsgrove, were sold on Monday last, by the Assignees, at $3800, to Scribner & Perkins.

We have had fine rains during the last week, and the farmers' faces generally are at least an inch less in longitude.

The Union Furnace was recently stopped by an accident for a short time, but is again in successful operation.

T. G. Evans & Co. have a new and convenient style of Stoppers for Preserving Jars. See Advertisement.

The Clover crop, we are informed, is coming in far better than was anticipated.

STEALING BY WHOLESALE.—As is usual in the summer season, a large number of cattle have been driven to the mountains in Sullivan county from this section, to graze, and we learn that about one hundred head, belonging to citizens in this county and Sullivan, were stolen from the North Mountain, and driven off. They have been traced beyond Catawissa, but as a week elapsed before the robbery was discovered, it is doubtful whether the cattle will be recovered.—*Muncy Lumnary.*

Herald of Truth is a quarto just issued by Rev. John Major, in New York city, filled with Sermons. Weekly, at $2 per year.

We have received the List of Premiums and Regulations of the Penn'a State Agricultural Society, for the Exhibition near Philad., 27th to 30th Sept., 1859. The amount of Premiums is very large, and open to all the Union, while every precaution seems to have been taken to ensure accuracy and fairness. There are 54 Committees.* The List may be seen at our Office, and any one desiring a copy can obtain it, by mail, of Hon. A. O. Heister, Secretary at Harrisburg.

*The composition of these Committees shows how extensively our large and flourishing neighboring town, Northumberland, is engaged in our prosperity. Armed with good Judges of Agriculture, Manufactures, &c. That ancient and ancient empire is honored—in addition to President Tyndale and Vice President Rose—with SIXTEEN State Exhibition Judges, to be distributed Farmers with corn, Millers with flour, chemists with Dyes, Turbutine and Essences each with Tan, and Watermen with our Tidal—from Northumberland county. Little Shoals at Valley—Union county is overwhelmed, except in the selection of Messrs. Frick and Miller (both formerly from Northumberland)—but, too, good Sir, do not totally forget Shikellamy! Those, with other Northumberland to different parts of the State, prove that "our Northumberland" stands high in the State institutions. What a blessed thing not a few have been served opposite Blue Hill and Johnny Slocum!"

Complete August Election Returns render the Congressmen as follows:

	Last Congress. Adm.	Last Congress. Opp.	Next Congress. Adm.	Next Congress. Opp.
Kentucky	8	2	5	5
Tennessee	7	3	3	7
N. Carolina	6	2	4	4
Alabama	7	—	7	—
Texas	2	—	2	—
Oregon	1	—	—	1
	31	7	21	17

These results destroy any hope of Adm. ascendancy in the House. If the next Presidential Election goes to the House, the Opp. will have a maj. of the States. The game of running two Dem. candidates—one North, and the other South—would thus be blocked.

CHRISTIAN CONFERENCE.—The Pennsylvania Christian Conference, composed of churches mainly in Northern Penn'a, will hold its 26th Annual Session with the Lewisburg Christian Church, commencing on Thursday the 25th inst., and continuing the remainder of the week. Conference Address on Thursday morning, at 10 o'clock, by Eld. J. G. Noble, of Bradford Co. Preaching every evening during the session. The public are respectfully invited to attend.

SAM'L W. M'DANIEL, Conf. Clerk.

Toothache.—It was stated by a leading dentist of Chicago, in a recent address to his brethren, that the amount of gold plate and leaf used in the United States in one year, for the plugging and repair of decayed teeth, was $2,000,000. A fact which abundantly attests the existence of a high civilization and a good deal of toothache in this blessed land. No doubt much of this is caused by wearing a poor tin-soled shoe. We would therefore, recommend to all persons to purchase their Boots and Shoes of D. MARCH, next door to the Bank, where you may obtain the best quality of durable soled boots and shoes to be found, and thereby save both pain in toothache and money in pocket

A large volume would not contain the mass of testimony which has accumulated in favor of Wister's Balsam of Wild Cherry, as a safe, efficient and reliable remedy in curing coughs, colds, and pulmonary disease. Many of the cures are truly wonderful.

Buy none unless it has the *written* signature of "*I. Butts*" on the wrapper.

REASON AND COMMON SENSE.

Our readers may remember we have on several occasions spoken in very eulogistic terms of a preparation which Dr. Sarn S. HOPER of 108 Baltimore street, Baltimore, Md., has discovered for the cure of Epileptic Fits. Now, in doing so, we have been actuated by the very best motives, viz: the alleviation of human suffering. From circumstances which have lately come to our knowledge, we fear there is a certain class of persons who are not disposed to try this remedy in a common sense manner. We allude to the fact of selecting a particular case in a town where perhaps there are six or eight cases, and trying it on one case. Now, perhaps the case selected might be the only one in the town for it would not cure. This is neither doing the motives nor the medicine justice. If a dozen persons are sick, on down with chorea in one town, or neighborhood, would they all send for a physician, or would only one employ him, and wait and see if he cured the first patient? That plan of procedure would be most absurd. So in the case of Dr. Hoper's remedy, every one who has a fit should try it, and give it a reasonable length of time. It will not cure in a day or week; nothing worth doing can be accomplished at once. What is easily done, is easily undone. The growth of time is enduring. From the most respectable testimony we have examined, we feel assured that by a proper perseverance in this remedy, nine cases of Epilepsy out of ten can be cured. The Fits are sent to full force of posture to any part of the world. Price one box $5; two $9; twelve $25. You will find the address above.

THE OXYGENATED BITTERS.

For the cure of Dyspepsia or Indigestion, *Liver Complaint, Fevers, Chills and Fever, Loss of Appetite, Fever and Ague, Heart Burn, Water Brash, Nausea, Sick Headache, Scurvy, Sour or Heartburn, Jaundice,* and *General Debility*, or any disease having its origin in a *disordered stomach*.

These *Bitters*, as all classes of our fellow citizens, including Members of Congress, Lawyers, Physicians, Clergymen, Planters, Farmers, and others testify, are the only safe, certain and successful remedy for the immediate relief and permanent cure of the many painful complaints which in some phase or other of *Dyspepsia* afflict our race.

These *Bitters* were discovered by George B. Green, and in their formula differ materially from that of any other preparation of medicine. Containing no alcohol—no mineral—no poison—no noxious drug—in their nature tonic, not stimulating—retaining their virtues in any climate, they are "a combination and a form indeed" of Medicine which knows no rival to exterminating disease and restoring the system to its pristine vigor and health. No matter of how long standing, or however indurated or chronic in its character the disease may be—no matter that it has baffled the skill of the physician, and resisted the efforts of Medicine, a single trial of these Bitters will satisfy the sufferer that his disease is amenable to the proper remedy.

In testimony of the many cures effected by this Remedy reference is had to the written certificates from distinguished individuals known all over the Land.

[An Obdurate and Inveterate Case of Dyspepsia Cured by the Bitters.]

The following from a gentleman well known in the region to which he lives caught to satisfy all those of its fate:

WATERTOWN, N. Y., July 28, 1858.

S. W. FOWLE & Co., Boston.—Sirs—Nine years since I was attacked by that curse of all Diseases, *Dyspepsia*, which so affected me as to cause great oppression, failure, and bloating of the bowels immediately after eating, accompanied with terrible pains in the stomach, often vomiting mouth, vomiting, acidity, and headache, together with general debility and suffering, altogether rendering life a burthen.

After having tried every known remedy without effect, and despairing of ever regaining my lost health, I was induced to make use of the Oxygenated Bitters, the good effects of which were immediately visible on my health and system. Before using a whole bottle I was entirely cured; and I feel a pleasure in indicating all like sufferers as myself to make use of this remarkable remedy.

OUR SISTER KATE.

It was a lovely Sabbath eve
When God looked down on earth in love,
And from our pleasant home below
He called our sister home above.

For six long weeks we watched beside
Her bed of pain—she kissed the rod,
And murmured not, but whispered oft
"I do love God, dear Father, I do love to look."

Trusting in the Saviour's merits—
This was the sweet hope she gave,
And base in all prayer, in health,
That we may meet beyond the grave.

Come, then, dear friends! we'll mourn no more
For her to whom a crown is given,
But let us each one strive to be
Fitted to reign with her in heaven. R.N.A.

Preserve your Fruits.

Willoughby's Patent Air-Tight Stopper

FOR FRUIT CANS, JARS OR BOTTLES,

IS the most simple, convenient, economical and useful article ever invented. It is composed of two plates attached by a screw, between which is placed a circular piece of Gum. The turning of the burr compresses the Gum and spreads it out, thus filling up the opening and making it perfectly air-tight. It can be applied to Tin Cans, Stone or Glass Jars.

This Stopper being simple in construction and so easily applied, is the great desideratum so long wished for, and only needs an examination to convince the most incredulous of its superiority over anything yet invented.

The Cans can also be Tested before putting in the Fruit by filling them with water and putting on the Stopper with a pressure.

Cans, Jars—Glass and Stone, with Stoppers attached, or the Stoppers alone, can always be had at moderate prices of
