Lewisburg, Pa.

ADVERTISE!—Manufacturers, Merchants, Mechanics, Public Officers in City and Country, Publishers—all who wish to buy or sell—could do well to employ the columns of the *Lewisburg Chronicle*, which has a large and increasing circulation in a community containing a large proportion of active, solvent producers, consumers and dealers, as any in the State.

We will afford our paper until the Oct. Election is known, at 25 cts. per copy.

SHOCKING AND FATAL ACCIDENT.

On Monday afternoon of this week, as John Newman of Kelly township was driving his wagon down St. John street, Lewisburg, towards the Steam Mill, his horses took flight, and ran about two squares, when the wagon struck the mill, and the three riding in it were thrown out. Mr. Newman was considerably bruised, but is recovering. A young man with him had a finger broken, and some skin torn, but was otherwise [illegible] injured. The third, [illegible] 22 years, (the [illegible] commissioner, James Price, [illegible] head [illegible] to [illegible] in a very [illegible] never spoke after receiving the fall.

—George W. Barkdoll, while at work on Chamberlin's Block, cut the calf of one leg somewhat severely, with an adz.

—And our youngest workman, a kind of "president" devil, badly sprained his arm by being thrown from a wagon, at the camp-meeting. Others were capsized but received no serious injuries.

☞ About 150 persons sat down to an excellent Harvest Home Dinner, prepared by Brewer of the Buffalo House, at the Independent Hall, Lewisburg, on Saturday afternoon last. Music by Held's Cornet Band. Mr. Taggart having received an unexpected call to Philad. that morning, disappointed the audience of an Address. Impromptu speeches, however, were called out, in response to sentiments, viz:

James Aiken—Himself.
Lewisburg Foundry—Chs. C. Shorkley.
The Press—Truman H. Purdy.
New Berlin—Lieut. Lewis Merrill.
"Greasy Mechanics"—James Aiken.

Some Miltonians and others were also called upon, but did not "come to time."

MAGNIFICENT—The new brick dwelling of MY friend Cyrus Brown, in Broadway. For beauty of design, ornamental taste, costly and elegant finish, it far eclipses any building in this section of the State. MY old friends, Kramm & Scott—two master workmen—are the architects, and their work reflects upon them the highest credit."—[The "Smart" man of "The Miltonian."]

Pretty "steep" praise, as there are good "buildings" in Lock Haven, Jersey Shore, Williamsport, Muncy, Mifflinburg, Lewisburg, Sunbury, Danville, &c. &c. But—if the best—we are assured the *architect* was LEWIS PALMER, of Lewisburg, and not Kramm & Scott, who secured the services of the first architect and builder "in this section of the State."

☞ The Northumberland Baptist Association convened at Moreland, Friday and Saturday of last week, Rev. G. M. Spratt, Moderator. Sermons by Rev. Messrs. Mirick, Ziegler, J. Anderson Kelly, Loomis, Curtis, Hay, Joshua Kelly, Spratt, and John R. Shanafelt. Baptisms reported, 131. Next session at Williamsport, Friday, 14th Sept. 1860.

☞ The published sale by the Sheriff of the Baptist Church property in Williamsport, we are assured was a gross error on the part of a lawyer or the Sheriff, as the property was not exposed to sale, and the notice was suppressed. Such carelessness—so well calculated to injure an infant enterprise—is most reprehensible, and should be exposed, and amends made, where it originated.

☞ The Danville *Democrat* thinks it rather a cool operation for some papers to "play possum" and pretend to be dead for weeks or months, and then start into life again without any [illegible]. That, we think, depends upon the work of the paper. The presence of some papers, is much more worthy of an "resurrection," than their absence. (No allusion to Danville, however.)

☞ Thomas Chamberlin, A. B., has left Lewisburg for some months' sojourn in Germany, to pursue his literary studies. In his absence, he will frequently talk to his many friends through the columns of the *Star & Chronicle*, and if Tom does not give us something worth reading, we shall all be sadly disappointed.

☞ The Milton *Democrat* has been advertising for one of the flash papers, and suspects that it is cheated out of its pay. No doubt of that; and printers that impose such advts upon their patrons should be allowed to suffer. "Flash" and "Gift" papers and booksellers are all of a piece—from the great "originals" to their last ape.

☞ The *Miltonian's* man acknowledges the "Buffalo Valley Snake Story" was a lie, as we supposed it was. Now the question is, *when can* people believe a confessed falsifier, who gets up "yarns" for a purpose?

☞ Moyer made some progress, one morning this week, in getting out of Jail, but was caught, and is now enjoying jewelry—wearing some large "rings on his legs."

☞ An Irishman, not six months in America, was committed to Jail in Lewisburg this week for disturbing the camp-meeting near town. He said they were "preaching heresy, and this was a quare free country if he couldn't contradict it," as he did!

☞ Our friends in Snyder last Monday nominated the following County ticket:

Commissioner—Henry R. Knepp.
Treasurer—Isaac D. Boyer.
Auditors—Dr. John Y. Shindel, Frederick C. Moyer.

☞ The crazed man in our Jail recently, was restored to his home in Espytown, near Bloomsburg, which he left in good health, and the cause of his mental disturbance is yet unknown.

☞ We understand the Opposition in Juniata county nominated R. C. Gallaher for Assembly, and in Snyder, Col. Wm. F. Wagenseller was re-nominated.

To the Editors of the "Star & Chronicle":

MIFFLINBURG, Aug't 15, 1859.

GENTLEMEN: In your issue of the 12th inst., I noticed an article indicating that there seemed to be some doubt whether I would accept the nomination for Prothonotary, &c. Those who are acquainted with my political creed, are well aware that I hold the doctrine that the man should be sought by the office, and when found, the party—or the people—have a right to claim his services, and—(unless peculiar circumstances prevent)—no one should refuse to yield his services for the benefit of his fellow citizens, when called thereto. Therefore, should the Delegates, composing the Convention to assemble the 29th inst., in their wisdom and discretion deem it conducive to the interests of the party to designate me as their candidate for Prothonotary, the best I could do in acknowledgement of such honor, would be a cheerful *acceptance*, and, if elected, a faithful performance of the duties of the office.

Yours Respectfully,
JS. W. SANDS.

National Ode.

Columbia! lift thy starry eyes,
And weep o'er ruined hopes no more;
The sun still shines in yonder skies,
Though lightnings leap and thunders roar;
Then from thy garments shake the dust,
And smooth thy brow, and smile at care,
Since all of you may learn to trust
To the good news that's going round,
That G. Marsh keeps the largest lot of Boots and Shoes, at lower prices than is to be found in all the town or country about. ☞ Right opposite the Lewisburg Bank.

REASON AND COMMON SENSE.

Our readers may remember we have on several occasions spoken in very eulogistic terms of a preparation which Dr. SETH S. HANCE, of 108 Baltimore street, Baltimore, Md., has discovered for the cure of Epileptic Fits. Now, in doing so, we have been actuated by the very best motives, viz: the alleviation of human suffering. From circumstances which have lately come to our knowledge, we fear there is a certain class of persons who are not disposed to try this remedy in a common sense manner. We allude to the fact of selecting a particular case in a town where perhaps there are six or eight cases, and trying it on one case. Now, perhaps the case selected might be the only one of the whole number it would not cure. This is neither doing themselves nor the medical profession justice. If a dozen persons were stricken down with chorea in one town, or neighborhood, would they all send for a physician, or would only one employ him, and wait and see if he cured the first patient? That plan of procedure would be most absurd. So in the case of Dr. Hance's remedy, every one who has Fits should try it for a reasonable length of time. It will not cure in a day or week; nothing worth doing can be accomplished at once. What is easily done, is as easily undone. The growth of time is enduring. From the most respectable testimony we have examined, we feel assured that by a proper perseverance in this remedy nine cases of fits out of ten can be cured. The Pills are sent by mail free of postage to any part of the world. Price: one box $3; two $5; twelve $24. You will find the address above.

THE OXYGENATED BITTERS.

For the cure of DYSPEPSIA or INDIGESTION, *Liver Complaint, Asthma, Costiveness, Loss of Appetite, Fever and Ague, Heart Burn, Water Brash, Anxiety, Sick Stomach, Scurvy, Nausea, Headache, Exhaustion*, and *General Debility*, or any disease having its origin in *imperfect digestion*.

These *Bitters*, as all classes of our fellow citizens, including Members of Congress, Lawyers, Physicians, Clergymen, Planters, Farmers, and others testify, are the only sure, certain and sovereign specific for the immediate relief and permanent cure of the many cruel complaints which in some phase or other of *Dyspepsia* afflict our race.

These *Bitters* were discovered by GEORGE R. GREEN, and in their formula differ entirely from that of any other preparation of medicine. Containing no alcohol—no mineral—no poison—no noxious drug—in their nature tonic, not stimulating,—retaining their virtues in any clime, they are "a combination and a form indeed" of Medicine which knows no rival in exterminating disease and restoring the system to its pristine vigor and health. No matter of how long standing, or however induced or chronic in its character the disease may be,—no matter that it has baffled the skill of the physician, and resisted the efforts of Medicine, a single trial of these Bitters will satisfy the sufferer that his disease is amenable to the proper remedy.

In testimony of the many cures effected by this Remedy it cannot be had to the written certificates from distinguished individuals known all over the land.

[An Obdurate and Inveterate Case of Dyspepsia Cured by the Bitters.]

The following from a gentleman well known in the region in which he lives ought to satisfy all those of little faith:

WATERTOWN, N. Y., July 28, 1858.

S. W. FOWLE & Co., Boston.—*Sirs*:—Nine years since I was attacked by that curse of all Diseases, *Dyspepsia*, which so affected me as to cause great oppression, fulness, and bloating of the bowels immediately after eating, accompanied with terrible pains in the stomach, often occasioning nausea, vomiting, acidity, and headache, together with general debility and suffering, altogether rendering life a burthen.

After having tried every known remedy without effect, and despairing of ever regaining my lost health, I was induced to make use of the Oxygented Bitters, the good effects of which were immediately visible on my health and system. Before using a whole bottle I was entirely cured; and I feel a pleasure in inducing all like sufferers as myself to make use of this remarkable remedy.

A most intelligent and accomplished young lady died in Williamsport last week, from the result of an operation by which an infant was first killed. She was from Penn Yan, where her seducer lives, and where he has been arrested. He sent her away, and the scene exhibited by her death-bed is represented to have been most heart-rending.

John Piatt, of Williamsport, who was arrested some time since for assault and battery on the editor of the *Press*, submitted his case to the Court last week, and was fined $10 and costs.

Preserve your Fruits.

Willoughby's Patent Air-Tight Stopper

FOR FRUIT CANS, JARS OR BOTTLES.

IS the most simple, convenient, economical and useful article ever invented. It is composed of two plates attached by a screw, between which is placed a circular piece of Gum. The turning of the burr compresses the Gum and spreads it out, thus filling up the opening and making it perfectly air-tight. It can be applied to Tin Cans, Stone or Glass Jars.

This Stopper being simple in construction and so easily applied, is the great desideratum so long wished for, and only needs an examination to convince the most incredulous of its superiority over anything yet invented

The Cans can also be Tested before putting in the Fruit by filling them with water and putting on the Stopper with a pressure.

Cans, Jars—Glass and Stone, with Stoppers attached, or the Stoppers alone, can always be had at moderate prices of
