REPUBLICAN STATE TICKET. Auditor General:

DAVID STANTON, of Beaver Co.

Surveyor General: ROBERT B. BEATH, of Schuylkill.

That Address.

We had always given Capt. Grant eredit for being a gentleman, and at least sufficient of a scholar not to make himselt ridiculous in print-

We still think so!

We do not believe that he ever touched pen to or saw the "Address to the Democrats of Elk County" published last week in the Democratic (?)

It is the weakest twaddle we have ever seen in any print assuming to be called a newspaper.

Those short sentences, so full of pith and point, remind us of the great "I am" of the ring, Wm. A. Wallace, and were doubtless written by that lesser light, his honorable imitator the carpet bag ringleader of the Democracy here.

"The unwise and corrupt waste of "our public lands, and profligate ex-"penditures of the public money which "has marked, &c," is rich at least, not to say cool.

Here we might with a good deal of grace come in and say, who gets the six per cent? In all conscience, can it be expected that people who waste the county money can or will take better care of the State or National funds? We have been seeking for weeks for some explanation of this waste, but so far have failed to get it.

Do the people think we are in earnest when we ask what has become of their money? We think they do, and that on the 10th of October they will give an answer in thunder tones to those questions that we have been so long asking and to which the ring has failed to reply.

We had intended to say something about nominations and a people's ticket of which they seem, and in our epinion with much cause, to stand in fear. It is hardly to be supposed that the people will rest supinely in their easy chairs at home and let this corrupt ring secure an other two years lease of the purse of the county, without at least making some kind of a fight to secure economy in the county expenditures and a decent regard for the well-fare of the people in those elected to office by their suffrages.

The time has not yet come, but when it does arrive we will speak to the people of Elk in words they can understand, and they will arise in their might and throw off this ring that is a worse incubus on their progress than was Sinbad the Sailor's "Old man of the Sea" to him.

For Judge.-Hon. H. W. Williams is the unanimous choice for President Judge of this District. Tigoa voted (Crawford county system) last week, and he received about fourteen hundred majority over Mr. Seymour, of Tioga. This part of the district has, we believe, chosen delegates favorable to Mr. Williams' nomination, and he will receive the unanimous nomination of the convention.

Judge White withdrew from the contest two weeks ago, and endeavored to make the people believe they wanted Mr. Seymour, but the people "couldn't see it."-[Cameron Press.

Those who have experienced its forments would scout such an idea. All dread it, and would gladly diswith its unpleasant familiarities. Mark Tapley, who was jully under all the trying circumstances in which he was ed, never had an attack of dyspepsia, or his jolity would have speedily forsaken

Of all the multifarious diseases to which human system is liable. there is perhaps no one so generally prevalent as dyspepsia. There are diseases more acute and painful, and which more frequently prove fatal, but none the effects of which are so depressing to the mind and so positively distressing to the body. If there is a wretched being in the world it is

A CONFIRMED DYSPEPTIC.

We have said that dyspepsia is perhaps be most universal of human diseases. This is implatically the case in the United States. Whether this general prevalence is due to the character of the food, the method of its preparation, or the hasty mauner in which it is usually swallowed,

DYSPEPSIA PREVAILS

almost universally.

Nearly every other person you meet is a victim, an apparently willing one; were this not the case, why so many sufferers, when a certain, speedy and safe remedy is within the easy reach of all who will avail themselves of it? But says a dyspeptie: What is this remedy? to which we reply: This great allevator of buman suffering is almost as widely known as the English language. It has allayed the agonies of thousands, and is to-day carrycomfort and encouragement to thousands of others. This acknowledged panacea is note other than br. HOOFLAND'S GERMAN BITTERS

Would you know more of the merits of this wonderful preparation than can be learned from the experience of others? Try it yourself, and when it has failed to fulfil the assurance of its efficacy given by the proprietor, then abandon faith in it. LET IT BE RESEMBERED,

first of all, that HOOFLAND'S GERMAN BITTERS is not a rum beverage. They are composed wholly of the pure tice or vital principle of roots. This is ot a mere assertion. The extracts from which they are compounded are prepared by one of the ablest of German chemists. Their effects can be beneficial only in all cases of the billiary system. Hoofland's German Bitters stand without an equal, acting promptly and vigorously upon the liver; they remove its torpidity and cause health-ful secretion of bile—thereby supplying the stomach with the most indispensable lements of sound digestion in proper pro-

They purify the blood, cleaning the vital fluid of all hurtful impurities and suplanting them with the elements of genuine althfulness.

Now, there are certain classes of persons to whom extreme Eitters are not only unpulatable, but who find it impossible to take them without positive discomfort. For such Dr. HOOFLAND'S GERMAN TONIC has been specially prepared. It is intended for use where a slight alcoholic stimulant is required in connection with the well-known Tonic properties of the pure German Bitters.

HOOFLAND'S TONIC acts with almost marvelous effect. It not only stimulates the flagging and wasting nergies, but invigorates and permanently strengthens its action upon the Liver and Stomach thorough, perhaps less prompt than the Bitters, when the same quantity is taken is none the less certain. Indigestion, Billiousness, Physical or Neryous prostration, yield readily to its potent influence. It gives the invalid a new and stronger hold upon life, removes de-pression of spirit, and inspires cheerful-But Dr. Hoofland's benefactions to the human race are not confined to his celebrated GERMAN BITTERS, or his avaluable Toxic. He has prepared another medicine, which is rapidly winning its way to popular favor because of its inrinsic metits. This is HOOFLAND'S ite for mercury without any of mercury's

These wonderful Pills, which are Intend-I to act upon the Liver, are mainly composed of Podephyllin, or the vital princi-ple of the mandrake root. It is the medisinal virtues of this health-giving plant in a perfectly pure and highly concentrated form. The Podophylsin acts directly on the Liver, stimulating its functions and causing it to make its billiary secretions in regular and proper quantities. The inju-rious results which invariably follow the use of mercury is entirely avoided by their use. But it is not upon the Liver only that their powers are exerted. The extract of Mandrake contained in them is killfully combined with four other extracts, one of which acts upon the stomach, one upon the upper bowels, one upon the ower bowels, and prevents any effect, thus producing a pill that influences the entire digestive and alimentary system. in an equal and harmonious manner, and its action entirely free from nausea, vomiting or griping pains common to all other

purgatives.

Possessing these much desirable qualities the Podophyllia becomes invaluable as a

FAMILY MEDICINE. No household should be without them. They are perfectly safe, require but two for an ordinary dose, are prompt and efficient in action, and when used in connec-tion with Dr. Hoofland's German Bitters, or Tonic, may be regarded as certain specifics in all cases of Liver Complaint, Dyspapsia, or any of the disorders to which the system is ordidarly subject. The PODOPHYLLIN PILLS

act upon the stomach and bowels, carrying off improper obstructions, while the Bitters or Tonic purify the blood, strengthen and invigorate the frame, give tone and appatite to the stomach, and thus build up the invalid anew.

Dr. Hoodand, having provided internal remedies for disease, has given the world one mainly for external application, in the wonderful preparation known as

Taken internally, it is a cure for Heartburns, Kidney Diseases, Sick Headaches, Colic, Dysentery, Cholera Morbus, Cramps, Pains in the Stomach, Colds, Asthma, etc. These remedies will be sent by express to any locality, upon application to the PRINCIPAL OFFICE, at the GERMAN MEDICINE STORE, No. 631 ARCH ST.,
