Lewisburg, Pa.

FRIDAY MORNING, DEC. 14, 1860.

ADVERTISE.—Manufacturers, Merchants, Mechanics and Professionals in City and Country, Publishers—all who want to buy or sell—would do well to employ the columns of the Lewisburg Chronicle, which has a large and increasing circulation in a community containing a population of active, intelligent producers, consumers and readers, as any in the State.

☞ See New Advertisements.

☞ The Jews found are advised that the boards and bridge over University Avenue are dangerous to life and limb.

☞ We will send the STAR & CHRONICLE and the "Atlantic Monthly" or "Godey's Lady's Book" for $3.50.

☞ Last week's Argus publishes the Valedictory of THOMAS H. PURDY, its former Editor—his successor not announced. Considering his youth and inexperience, and that he is not a printer by trade, we judge Mr. Purdy has developed talents, manner and perseverance worthy of a better and more greater rewards. We wish him well.

It is well known that the Argus office was managed by a private company of politicians outside the numerous, and it has been understood for some time that their Editor was not sufficiently flexible to suit the personal and local ends of some. To oust him, they find fault with conduct of their paper, ascribing to him an error in this county—a pretence unnecessarily and absurd. A thousand majority in Lancaster County is not as great a Republican gain, in proportion to the vote, as the 1000 for Lincoln in Lycoming—100 for Lincoln in old Democratic Northampton! We can and see but the journey have done as well in this as any county where elections are really free. It is no wonder that their Editor excluded from his columns any monstrous falsehoods aimed against Lane, Seward, &c.—or refused to impute the worst political motives and crimes to the Republicans. He has refused song "Nigger! Nigger!—Dissunion! Union!—Yankee! Yankee!—Sectional! National!—in season and out of season, just as he was in earnest. He has never lacked courage any personal or neighborhood consideration the party thought might make votes. It is a little more (and some say better) speeches to hear of them this campaign. Now, how ludicrously ridiculous to make this devoted one the scape-goat for all the blunders and sins of Buchanan and his party! Why, the man of the sublimest intellect and seraphic purity could not induce the honest and intelligent majority of free Christian men in Union County to vote for Lecompton, Slavery extension, Cuba annexing, and kindred measures. It is preposterous hope for the Democratic managers to expect to gain the ascendency by overcoming to true Jeffersonian Republican principles. As some author says—

"Vice when it running from home,
Finds not a place to rest in at home,
Let it run, relief no more
Be found, let it keep the pace!"

We, we presently see what this change in organizing signifies!

John Robins, formerly of the "Miltonian," is now publishing the Mac-a-Cheek Times, at West Liberty, Ohio.

An aged man, John Kline, was found dead on Monday afternoon of last week in a corn shock upon the premises of Eli Lee, in North Coventry township, Chester county. A jug was by his side when the body was discovered. It is supposed that he perished there during the cold rain of Friday night.

Dr. T. Raper and his family, of Lairdsville, Lycoming county, have been living in a very critical condition for some time, from the effects of eating apple-butter flavored by being put up in earthen jars.

A RESURRECTION.—A man was found in Cedar street, Scranton, week before last, in an insensible condition, with his feet nearly frozen. On getting him home, Dr. Frothingham was sent for, and for a while he seemed struggling between life and death. His pulse ceased to beat, and for some moment his heart was still, but the application of ammonia caused him to gasp faintly, and at last his heart slowly resumed its wonted action.

The Clearfield County Bank, the first under the "free banking law," has been organized, and begun to issue its notes.

John Wright, a partially insane old man in Bailey Hollow, Luzerne county, recently wandered away in the night, and was found frozen to death.

FEARFUL CALAMITY.—Saturday night, Miss Herizel was sitting by a stove, her dress caught fire. She rushed down stairs and out in the flame, and into the street, where citizens extinguished the flames, but not before the fearful element had wrought her with death.—*Scranton Herald*

We see it stated that the oil wells in Venango county are used to tan leather in, and found to be superior to fish oil.

Some of the Cotton Manufacturers of Philadelphia, and also of Pittsburg, in public meetings, have recommended running their mills on half time, in consequence of the overplus of their manufactured goods on hand.

The Tyrone & Lock Haven Railroad was sold in Philadelphia on Wednesday last, for $81,000.

Peter Crawford, of Madison township, Columbia county, was found dead on Saturday morning near Jerseytown. He was aged about eighty years. His death was supposed to have been caused by apoplexy.

Hon. Henry C. Longnecker, late candidate for Congress in the 7th district, has endorsed Thomas B. Cooper, Democratic candidate elect, of his intention to contest the seat in the next Congress.

A man named Michael Henner, was drawn to death, in the streets of "Muttonburg," Butler county, on the night of Saturday, the 22d. He was found in the morning frozen stiff, but a few rods from his own door. Intemperance,—another warning example.

The death warrant of Andrew M'Kinley, who was found guilty of the murder of Thomas Shoveland, at Danville, at the last May sessions of the Montour county court, has been received by Sheriff Blue. He is to be executed in the jail yard on Friday, the 1st day of next February. The unfortunate man received the news with apparent composure, and seems to be reconciled to his fate.

Judge Wilson, whose fall we noticed last week, is somewhat easier, but will probably be confined to his house, if not his bed, during the winter. The leg broken is on the palsied side, and the bone will consequently require a much longer time to unite firmly than in a healthy case.—*Lewistown Gazette.*

Diptheria is quite common in some parts of the country. The following is said to be effective in most cases: One tea spoonful Cayenne pepper, one tea spoonful Baperry, put into half-pint warm water. Take one tea-spoonful every half hour.

Mrs. B. J. Denson caught a pickerel near the mouth of Tunkhannock Creek which weighed three pounds and fifteen ounces. The ladies "do beat all."

Rev. George Loomis, D. D., is elected President of Allegheny College, Meadville, Pa.

SATURDAY EVENING POST.—We ask attention to the Prospectus of this old and well known Philad. weekly in our advertising columns. It will be seen that its Publishers offer a Large and Handsome Engraving, as well as "Webster's Dictionary" and "Lappincott's Gazetteer" as Premiums. The Post is generally acknowledged to be one of the best of literary papers published.

PURITY OF MIND AND BODY, are equally attained by continuing the human organization in perfect health, unnatural promptings and depraved instincts are in nine cases out of ten, developed and brought to maturity by a vitiated state of the system. It should never be forgotten that some of the worst and most fatal diseases to which the human flesh is heir, commences with indigestion, which in its most distressing forms may be cured by the application of Dr. O. PARKER BROWN'S celebrated remedies. One form of Dyspepsia is known by capricious appetite; sense of weight and fullness at the pit of the stomach; irregular bowels; tongue white; severe lancinating pain; darting between the shoulder blades from the stomach; pulse quick and irritable; dull, heavy aching pain across the loins; excessive depression of spirits, despondency to intenseness often to excite the most painful ideas; hence this class of disorders invariably indicate impaired nutrition, obstruction in the organs digestion and assimilation so that bad and unassimilated chyle gets into the blood, and soon develops consumption in those predisposed to tubercular deposition in the lungs.

DR. O. PARKER BROWN'S ACACIAN BALSAM price $2 per large bottle may be obtained of J. BAKER & CO., Lewisburg, Sole Agent, who has also a number of specimen bottles, price 25 cents. Call and procure a descriptive pamphlet.

THE OXYGENATED BITTERS.

For years medical science had been taxed and the skill of the physician exhausted in the hope of discovering some remedy available to cure that most distressing of all diseases—DYSPEPSIA, as well as it long train of evils under their various names.

No medicine existed which would speedily, permanently, effectually, and radically cure and expel these diseases from the system until *Dr. Green* made know his discovery of

THE OXYGENATED BITTERS.

Such is its remarkable power and peculiarity, that cases which for years have baffled the most potent medicine and the highest professional skill, yield to this remedy as readily as if the disease were but of a day's standing. For all diseases of the *Stomach* and *Digestive Organs*, and for *General Debility* it is equally salutary and certain.

Remarkable Case of an Aged Person.

RICHMOND, TIOGA CO., PA., Aug. 25, 1858.

Messrs S. W. FOWLE & Co.: Gentlemen—After suffering for thirty years with Dyspepsia, and trying many remedies recommended for that disease without any good result, I was induced by Dr. F. H. White to give the OXYGENATED BITTERS a trial. I took two bottles, which gave me much relief; I concluded to try two more which have nearly or quite effected a cure. I am now nearly seventy-five years of age, and for three months past have eaten my food without experiencing the slightest inconvenience or suffering; and it is with pleasure that I recommend your remedy to dyspeptics. A. HEBARD.

FROM DR WHITE.

MANSFIELD, TIOGA CO., PA., Aug. 20, 1858.

I have used the OXYGENATED BITTERS in my practice with decided success in debility and general prostration, &c., and confidentially recommend it in general debility and diseases of the digestive organs.

AVOID PEDLARS.—Some weeks since, Mr. M'Night, of Cortland county, N.Y., bought of a pedlar some salve for corns. He applied it, and it caused a sore which continued to spread and cause intense pain until he was relieved by death....This is but one of a thousand warnings against dealing with any of the thousand vagabond swindlers who are allowed to harangue crowds in our towns, and prowl among the farmers, cheating the simple and sometimes imposing upon the very shrewdest. Some of them are doubtless prison-birds and belong to gangs which tell each other where they can pluck the fattest geese by the way of trade, if they never dare go twice to the same place. The right way is to buy all you have to buy of settled merchants, who pay rents, license, and clerks, and who can be held responsible if they defraud, and be avoided if they can not be punished. Let the pedlars, of all kinds, go unpatronized—stay at home—earn and get their living where they belong.

Wolfe's Pure Scotch and Irish Whiskey.

ALL IN BOTTLES.—They leave to call the attention of the citizens of the U. S. to the above WINES and LIQUORS, imported by UDOLPHO WOLFE of New York, whose name is familiar in every part of this country for the purity of his celebrated SCHIEDAM SCHNAPPS. Mr. Wolfe, in his letter to me, speaking of the purity of his Wines and Liquors, says:

"I will stake my reputation as a man, as a gentleman and as a merchant, if ever purity prevailed in the City of New York, that all the Brandy and Wines which I bottle are pure as imported, and of the best quality, and can be relied upon by every purchaser."

Every bottle has the Proprietor's name on the wax and a facsimile of his signature on the certificate. The public are respectfully invited to call and examine for themselves. For sale at Retail by all Apothecaries and Grocers in Philadelphia.

GEO. H. ASHTON, No. 132 Market St., Phila. Sole Agent for Philadelphia.

[Read the following from the N. Y. Courier.]

EXTENSIVE INVESTIGATION IN NEW YORK NEWSPAPERS.—We are happy to inform our home citizens that there is one place in our city where the physician, apothecary and country merchant, can be supplied with pure Wines and Liquors, as pure as imported, and of the best quality. We do not intend to give an elaborate description of the merchant's extensive business, although it is well repay any stranger or citizen to visit Udolpho Wolfe's extensive warehouses, Nos. 19, 21 and 23 Hester St., and 17, 19 and 21, Market-field St. Multitudes of testimonials from board rooms of the city, could not have been obtained (10,000 cases), the brands, some known as far back as 1810 to 1820, and in cases of Madeira, sherry and Port Wine, Scotch and Irish Whisky, Jamaica and St. Croix Rums, some very old and equal to any in the country. He had also three large cellars filled with Brandy, Wine, Ale, in cask, under Custom House key, ready for bottling. Mr. Wolfe's sales of his unique last year amounted to 140,000 dozen, and we hope in less than two years he may be equally successful with his Brandies and Wines.

His business merits the patronage of every lover of high species. Private families who prefer Pure Wines and Liquors for medicinal use, should send their orders direct to Mr. Wolfe, and every Apothecary in the land should make up their minds to discard the poisonous stuff from their shelves, and replace it with Wolfe's pure Wines and Liquors.

We understand Mr. Wolfe, for the accommodation of small dealers in the country, puts up assorted cases of Wines and Liquors, containing a half dozen each, which should be sustained against his boxes of thousands of opponents in the United States, who sell nothing but imitations, ruinous alike to human health and happiness.

THE ONLY PREPARATION

THAT HAS STOOD THE TEST FOR YEARS,

And grows more and more popular every day!

AND TESTIMONIALS, new, and almost without number, might be given from ladies and gentlemen in all grades of society, whose united testimony now would relate, that Prof. Wood's Hair Restorative will restore the bald and gray, and preserve the hair of the youth to old age, in all its original beauty.

BATH, CLINTON, MICH., Dec. 25, 1858.

PROF. WOOD: This will please you at a time to inform thee that the hair on my head all fell off over twenty years ago, caused by a complicated chronic disease, attended with an eruption on the head. A continual course of salves, lotions and washes, which produced me in a state of dependence, I have not been able to obtain a bad for age, neither have I been able to do them up in consequence of which my head has suffered extremely from cold. This induced me to pay Briggs & Hodges almost the last cent I had on earth for a ten dollar bottle of thy Hair Restorative, about the first of August last. I have faithfully followed the directions, and the hair began to move, covered with hair, and now I have a good head of hair coming in almost all over my head. Feeling confident that another large bottle would restore it entirely and permanently, I feel anxious to procure it in its use, and being destitute of means to purchase any more, I would ask thee if thee would not be willing to send me an order on thine agents for a bottle, and receive in thyself the scripture declaration—"the reward is to those that are kind to the widow and the fatherless."

Thy friend, SUSANNAH KIRBY.

INDIANA NOBLE CO., INDIANA, Feb. 3, 1859.

PROF. O. J. WOOD: Dear Sir—In the latter part of the year 1852, while attending the State and National Law School of the State of New York, my hair, from a cause unknown to me, commenced falling off very rapidly, so that, in the short space of six months, the whole upper part of my scalp was almost entirely bereft of its covering, and much of the remaining portion upon the sides and back part of my head was very thin and gray, so that you will not be surprised when I tell you that upon my return to the State of Indiana, my more casual acquaintances were not so much at a loss to discover the cause of the change in my appearance, as my more intimate acquaintances were to recognize me at all.

I at once made application to the most celebrated physicians in the country, but, receiving no encouragement from them that my hair could again be restored, I was forced to become reconciled to my fate, until, forsooth, in the latter part of the year 1856, your Restorative was recommended to me by a druggist, as being the most reliable Hair Restorative in use. I tried one bottle, and found to my great satisfaction that it was producing the desired effect. Since that time, I have used seven dollars worth of your Restorative, and as a result, have a rich coat of very soft black hair, which no money can buy.

As a mark of my gratitude for your labor and skill in the production of so wonderful an article, I have recommended its use to many of my friends and acquaintances, who, I am happy to inform you, are doing it with like effect. Very respectfully yours, A. M. LATTA, Attorney and Counsellor at Law.

The Restorative is put up in bottles of three sizes, viz. large, medium, and small; the small holds ½ a pint, and retails for one dollar per bottle; the medium holds a pint, at least 50 per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 50 per cent. more in proportion, and retails for $5.
