O. N. WORDEN & J. R. CORNELIUS.

*To Business Men.*—The LEWISBURG CHRONICLE, published on the Cash System, has the largest and best circulation of any Newspaper in Union County.

## Freedom, national; Slavery, sectional!

☞ Fort Sumter still sports the Stars and Stripes. Fort Pickens is becoming invested by a larger Slavocratic force, bent on conquest or blood. It is hoped Lieut. Slemmer has been re-enforced, as he needs to be to be entirely safe. Tortugas and Key West have received additional supplies.

Cotton States still refuse to submit their so-called "National" Constitution to a popular vote, but will ratify it in Conventions. The murmurs of the people increase, but whether they have strength and courage to strike a blow to save themselves from a tyrannical if not monarchical government, remains to be seen.

The Slavery Rebellion has encouraged Spain to attempt to extend her power in St. Domingo. If the Northern Democrats continue to sustain the Cotton States in their Rebellion, and thus weaken our Government, the crowned heads of Europe may gain a foothold in North America, within six months, and it may cost us years of warfare and millions of money to expel them. It is time all true friends of law and of humanity sided with legal authority against causeless revolt.

BEHOLD THE CHANGE!—Tuesday, 2d inst., Mr. Chase, Secretary of the Treasury in the White Republic, opened the bids asked for *Eight* Millions of the fifteen authorized by the last Congress. Nearly *Thirty Four* Millions of Dollars were offered, and at *better rates* than the last asked for. Such is the confidence shown by capitalists, in the new Administration, already!

The Black Republic has been bragging and fishing for a loan of *Five* Millions, but it is not known that one million has yet been raised.

Jeff. Davis, the Emperor, is from Repudiating Mississippi—not a very safe place to invest!

### Pennsylvania Legislature.

☞ We understand Mr. Hayes that the bill referred to in our last was to *repeal* a law respecting huckstering in Union and Northumberland counties.

"An act relating to auction sales in the county of Union," originated in the House and passed both branches. All we could ever learn in relation to it, is contained in a *veto* by Gov. Curtin, 27th ult. His first objection is that the general law on the subject limits commissions to one year, while the present bill extends it to three years without requiring security from the auctioneer for the extended time. His second reason is, that

"The repeal of the proviso of the 18th of April, 1857, would allow the auctioneer of the borough of Lewisburg to sell the books, wares, and merchandize of transient dealers, not residing in the said borough—thereby enabling any person to bring within the limits of said borough any amount of goods, and have them sold at auction, without requiring from the owners thereof any tax upon capital, dividends, license or commission. The resident merchants, and others, who pay their regular annual license, would be subjected to an unjust competition at their doors, and that, too, by a class of transient dealers, who, without this proviso, would be wholly exempt from all liability to contribute to the revenue of the Commonwealth. As the proviso imposes no restraint upon sales of goods of any but those of transient dealers, it can operate in no way injuriously to the interests of resident citizens, but, on the contrary, is intended mainly for their protection. Instead of repealing this wise and salutary provision, I should greatly prefer to see it made applicable to the general auction laws of the State."

Mr. Hayes presented a petition and Bill authorizing the Trustees of Union Seminary to borrow money.

The Jersey Shore Boom was killed in the Senate.

Gov. Curtin vetoed an act to change the place of holding elections in Perry Tp, Snyder Co., (and other similar acts) for the sufficient reason that all the necessary power in such cases is vested in the county courts and the people.

An act of the Legislature provides that any person being elected Justice of the Peace, shall, within thirty days after the election, if he intends accepting said office, give written notice thereof to the Prothonotary of the county, who shall immediately notify the Secretary of the Commonwealth of such acceptance; and no commission will be issued until the Secretary of the Commonwealth has received the notice.

Gov. Curtin has appointed Ulysses Mercur, Esq, of Towanda, President Judge, in place of Judge Wilmot, resigned. The people of the District will elect next October.

Capt. James Given, of West Chester, is appointed Adjutant General.

The bill to erect Lycoming county into a separate judicial district, was withdrawn in the House. That to form another in the Wild Cat and Oil region, was lost in the Senate.

Col. Gregg is laid aside by sickness.

The Apportionment for Congress is to be made by the present Legislature. We see it stated that Union, Snyder, Juniata, Perry and Cumberland are proposed for one district, while Dauphin is to "settle" York...The Appropriation Bill is under consideration.

☞ The *Legislative Record*, beside being so much behind hand, most of the time, as to lose its value as a medium of news, is so inaccurate as to be unreliable as a matter of *record*. It refers to "Shegreen" (instead of Sheshequin) Tp. in Bradford Co., and "Humtock" (instead of Hemlock) Tp. in Columbia Co., &c. If it would omit the *sayings*, and give us the *doings* of the Legislature, and keep up to time every day, it would answer an important end to the public: as it is, we have to depend upon the Daily papers for the news, and upon the official Journals for the facts.

☞ Last Spring, the Republicans elected Gov. Buckingham, and their State ticket in Connecticut, by an average majority of about 500 only. Last Monday, they re-elected their Governor, and carried the whole State Ticket—against a most determined effort and expenditures of money of the Free Traders and "Conservatives" of New York city—by about 1800 majority. "So much for Buckingham" The Legislature is very largely Rep., but we probably lose Congressman Woodruff and Ferry.

*Rhode Island* repeated last Spring's vote.

The City Elections wear a mottled aspect—we gain in some, and in some we lose. They indicate very little as to our national politics.

### News Items from Other Counties.

Lorenzo P. Williston, Esq., some time in the Legislature from Tioga Co., Pa., is appointed an Associate Judge for Dakotah.

Andrew Jordan, of Stewardson township, was found dead in the woods near the mouth of Kettle creek, on Sunday last. A *whiskey bottle* lying beside him, disclosed the cause of his death. It appears that he left the grog-shop of Stephen Warts, on the afternoon of Tuesday the 5th inst., and not getting home search was made for him when he was found as above described. Mr. Jordan left seven children to be supported by those who have quite enough to do to support themselves and families.—March 15, 1861.

The stables of Dr. Jackson and James Milligan, in Ickesburg, Perry county, were destroyed by fire on Friday night. Three horses, a cow, a large lot of oats, wheat and hay, were consumed. It is not known how the fire originated.

The Navigation of the Delaware and Raritan Canal opened on the 20th.

James H. Tucker, a valuable citizen, was found dead, 7th ult, between his house and saw-mill, the mill being on the road leading up the Tuckahannock creek, from Urbane Hall's, towards Susquehanna depot. He is supposed to have died from apoplexy, which supposition is based upon a post-mortem examination held over the body this afternoon. He was within some fifteen rods of his house, and five from the saw-mill. He was returning from a church meeting of the Baptist church at Jackson Centre, Susq. Co.

G. G. Lott, son of Dr. Geo. W. Lott, of Orangeville, Columbia county has received the appointment of Cadet at West Point.

Three small dwelling houses on River street, in Williamsport, were last week destroyed by fire.

A Bellefonte paper says the "household affairs of Gov. Curtin" were to be sold at Auction on Saturday last.

George M. Renn is appointed Post Master at Sunbury. His selection seems to give universal satisfaction.

John Lewis, confined for vagrancy in a cell in Pittsburg, was killed there by his fellow prisoner, Andrew M'Mullen. The latter was thought to be of unsound mind, and was in for assault and battery.

SUPPOSED MURDER.—A man named Hoffman, teamster of Ex Sheriff Martin, of Dauphin county, was found lying by the side of the road near Millersburg, on Saturday night week, with a fatal hole in his head. At first it was supposed he had been killed by having been thrown from his wagon, but further developements would appear to indicate foul play. We understand that two men have been arrested on suspicion.

Some damage was done, in Sunbury, last week, by a fire between two houses standing close together. The fire was suppressed.

A man named John Fritz, supposed to be from Williamsport, was killed on the New York and Erie Railroad, at Big Flats, last month. He attempted to get on board a train while it was in motion, but missed his footing and was horribly crushed by the wheels passing over him.

Edwin A. Jones, of Schuylkill county, has been appointed Mail Agent between Port Clinton and Elmira.

A bill has passed the New Jersey Legislature, to incorporate the town of Phillipsburg, opposite Easton.

Beverly Waugh, President of the Female Seminary at Harrisburg, died last week.

BUILDING PERMITS.—During the month of March, the Building Inspectors issued *two hundred and twenty-five* permits for the erection of buildings in the city of Philadelphia. The largest building commenced was that of the Delaware Avenue Market Company, at Front and Spruce streets. The dwellings going up this spring are generally of a *better kind than for several years past*, a large number being first-class residences.—*Philad. Inquirer*, April 1.

The iron works of Seyfert, M'Manus & Co., at Reading, Pa., have resumed operations on full time. This is one of the largest manufacturing establishments in the State.

The monument at Valley Forge, commemorating the heroic martyrdom of the men of the Revolution who perished there during the winter of '77, was blown down on or before the fourth of last month. We hope a more imposing shaft will be erected in its place.

The Baltimore students are increasing in number at the Williamsport (Pa) Seminary.

Two young ladies, daughters of John Mark, of Mountville, Lancaster county, died of hydrophobia last week. They were bit by a worthless dog about six weeks ago.

The General Synod of the Evangelical Lutheran Church of the U. S. will meet in Lancaster, Thursday, 16th May next.

S. P. Wolverton is making a good start with the Sunbury Academy.

Charles W. Howard and wife, at their residence on Third Street, Williamsport, met with a very serious accident, Friday evening. Mrs. H was using a lamp containing fluid in attending to some domestic matters about the house, when the lamp broke, scattering the fluid over her person. Instantly her clothes were all ablaze, terribly burning her body, neck, and face. Mr. H., in endeavoring to rescue his wife, also took fire, and was badly burned.

Wm. Savidge, of Muncy, is Mercantile Appraiser for Northumberland county.

## STEPHENS' CONSTITUTION.

### The Mask Thrown Off.

ALEXANDER H. STEPHENS, first Vice President of the "Black Republic," has made an elaborate speech in its defence. It is indeed a strange document to come from one whom the Northern mind had been taught to admire for what seemed a heroic love for his country in the hour of peril. But we yield credit to its author for the frankness and boldness with which he attempts to vindicate the new constitution, "warranted to keep in warm latitude." At last, the manifold wrappings are stripped off from the embalmed subject, and the mummy turns out to be the negro. The huge pyramid of government is being erected as a sacred memorial to his enduring worth! All disguises are thrown away, while the multitude rapturously applaud the welcome doctrine that promises fresh field-hands from the Coast so soon as the little preliminaries are arranged. But hear this annihilator of WASHINGTON and JEFFERSON:

"The new Constitution has put at rest, for ever, all the agitating questions relating to our peculiar institution—African Slavery, as it exists amongst us—the proper *status* of the negro in our form of civilization. This was the immediate cause of the late rupture and the present revolution. JEFFERSON, in his forecast, had anticipated this, as the rock upon which the old Union would split.' He was right. But whether he fully comprehended the great truth upon which that rock stood and stands, may be doubted. The prevailing ideas entertained by him and most of the leading statesmen at the time of the formation of the Constitution, were, that the enslavement of the African was in violation of the laws of nature; that it was wrong in principle, socially, morally and politically. It was an evil they knew not well how to deal with; but the general opinion of the men of that day was, that, somehow or other, in the order of Providence, the institution would be evanescent and pass away. This idea, though not incorporated in the Constitution, was the prevailing idea at the time. *The Constitution*, it is true, *secured every essential guaranty to the institution while it should last*, and hence no argument can be justly used against the constitutional guarantees thus secured, because of the common sentiment of the day. *Those ideas, however, were fundamentally wrong.* Our new Government is founded upon *exactly the opposite idea*; its foundations are laid, its corner-stone rests upon the great truth that the negro is not equal to the white man—that Slavery—subordination to the superior race—is his natural and moral condition. THIS OUR NEW GOVERNMENT, IS THE FIRST IN THE HISTORY OF THE WORLD, *based upon this great physical, philosophical and moral truth.*"

With disgust and abhorrence do we hear him, speaking of slavery, blasphemously assert that "This stone, which was rejected by the first builders, 'is become the chief stone of the corner' in our new edifice!"

What strange inconsistencies do we find in the world! While ALEXANDER II, of Russia, is busy in striking the shackles from his slaves, ALEXANDER I, of the Southern Confederacy, is devising means to rivet them on the fairest portions of the Western Continent. How blear-eyed Spain should rejoice that she will not henceforth be compelled to bear alone the ignominy of the West Coast barracoon, "the middle passage" in manacles and misery, and the tortures that are necessary to reduce the princes of Ashentee to docility and labor! The execrations of universal Christendom have been heaped upon her, but she finds ambush and defence in the sombre structure that Mr. Stephens desires to erect, with slavery as its black corner-stone! Together, they may defy the detestation of the world in regard to their intentions, but the hour is at hand for the last slave to be dragged from the golden sands of his native home. Christianity and civilization are leagued against them.—PHILAD. INQUIRER.

NOBODY HURT.—Much fault was found with Mr. Lincoln for saying, at Cincinnati, "Nobody is irretrievably hurt." Stephens, the Vice President of the Southern Confederacy, makes substantially the same statement:

"A vast empire is divided—a government thrown off—a new system inaugurated, in juxtaposition to the old, and without a drop of blood the slightest social disorder, or physical suffering."

It remains to be seen if the Southern houses which have suspended payment, the planters who are heavily taxed, the capitalists who are bleeding at their pockets in support of the new confederacy, and the thousands of poor men there out of work and bread, and the Northern apologists for Treason, will find as much fault with Mr. Stephens for declaring that "nobody is hurt."

FAITHFUL MINISTERS OF HEALTH.—In examining the vessels at the various wharfs we find among the curiosities of our commerce the brig Miranda, just from Truxillo with a cargo of Honduras Sarsaparilla for Dr. J. C. Ayer & Co., of Lowell. So particular are this firm as to the articles used in compounding their various remedies, that they have this drug, like some others they consume, gathered for them by a skillful agent of their own in the tropical regions of its growth. He informs us that there are many species of this plant, but two of which are really valuable in medicine; the qualities of these are also affected by the time of gathering, mode of curing, etc., operations which in that region of unreliable workmen imposes a heavy labor upon him. One of the inert varieties of Sarsaparilla grows wild in our own forests; while several others, nearly worthless, abound in Central and South America. The intelligent agent assured us that the virtues of this drug had never been fully told, and that the reason of the low esteem in which many hold it as mainly due to the importation of such immense quantities of the worthless varieties. His accounts of his trips to Honduras and his business excursions along the Gulf of Dulce and the rivers of Montagua and Santiago and among the adjacent mountains, were of intense interest. We can but commend and honor his employers for the faithfulness and energy with which they execute their trust as ministers to the public health, and we suspect that this course is at least one of the reasons why their medicines are held in such extraordinary favor throughout the civilized world.—*New York City News.*

In the Arkansas State Convention, last week, the Secession ordinance was defeated by a vote of 39 to 35. Afterwards it was agreed to be referred to a vote of the people.

### Union County Appeals for 1861.

NOTICE is hereby given that the Appeals on the Assessments of the different Districts in and for Union County for the year 1861, will be held at the Commissioners' Office in Lewisburg on MONDAY the 15th of April, 1861. At which time and place, all who may feel themselves aggrieved by the valuation made by the Assessors for the year 1861, may attend if they think proper. Assessors will be punctual in returning their Assessments and attending said appeals.

## Ordinance for Markets.

### (UNREPEALED.)

SECTION 1. Be it ordained by the Burgess and Town Council of the Borough of Lewisburg, and it is hereby ordained by the authority of the same, That WEDNESDAY and SATURDAY mornings of every week shall be the *Market Times* for said Borough, when it may be lawful to sell and buy articles of produce for family use; and that MARKET STREET, from Second to Fourth Streets, shall be used for such sales—wagons &c. to occupy the sides of the pavements on the north side of the street from the first of October to the first of April, and the south side of the pavement the remainder of the year.

SECTION 2. Be it further ordained, That it shall not be lawful for any person or persons, either the producers of marketing or their immediate agents, as hucksters or otherwise, to peddle or sell in any street or alley or in any part of the said Borough, any articles of produce for family use, other than at the times and places specified in the first section of this ordinance, and any person or persons violating this ordinance shall incur a penalty of from One Dollar to Five Dollars, to be recovered before the Burgess of any Justice of the Peace of Union county as like sums are recovered under the laws of Pennsylvania, with costs, in the name of the Burgess and Town Council of the Borough of Lewisburg; one half of said penalty to be paid to the Overseer of the Poor of said Borough, and the other half to the informer.

Passed at a meeting of the Council, Tuesday evening, Nov. 3, 1857, and ordered to be published. J. SCHREYER, Burgess.

## Buckeye Reaper & Mower,

Manufactured by

**SLIFER, WALLS, SHRINER & CO.,**

**Central Foundry, Lewisburg, Pa.**

THE Buckeye Reaper & Mower was introduced in 1857, and so perfectly was it adapted to the work designed that at the Greatest Practical Field Trial ever held in this country, in July of the same year, at Syracuse, it triumphantly carried off the

Grand Gold Medal and Diploma!

At the Indiana State Trial, held at Laporte, in 1858, nearly as many machines were represented and as thoroughly tested as at Syracuse, and the

**Buckeye was again the Victor!**

And so also at nearly all the field trials and exhibitions in 1858, '59 and '60, when it was a competitor. At a number of exhibitions it received the First Premium as a Mower, First Premium as a Reaper and First Premium as a Combined Machine. These numerous awards prove conclusively the correctness of the decision at Syracuse.

The combined opposition of the manufacturers of Mowing and Reaping Machines and their efforts to crush and to bring into disrepute the Buckeye, only served to prove its SUPERIORITY; and the fears they entertained of its final success and triumph were evidences of the real worth and merit of the machine.

The Machine has now passed through four harvests, and during the last three over Nine Thousand have been built and sold—and the former may judge of its reputation by the numerous awards made by committees both at field trials and at State and County Exhibitions, as well as from the numerous demands, which the manufacturers have never yet been able to supply.

## THE ONLY DISCOVERY

WORTHY OF ANY CONFIDENCE FOR RESTORING

**THE BALD AND GRAY.**

MANY since the great discovery of Prof. Wood, have attempted not only to imitate his Restorative, but professed to have discovered a Restoring Hair Restorative preparation; but they have all come and gone, being carried away by the wonderful success of Prof. Wood's preparation, and have been forced to leave the field to its resistless sway. Read the following:

BATH, Maine, April 18, 1859.

PROF. O. J. WOOD & CO.: Some—the letter I wrote you in 1856 concerning your valuable Hair Restorative, and which you have published in this vicinity and elsewhere, has given rise to numerous enquiries touching the facts in the case. The enquiries are, first, is it a fact of my habitation and name, as stated to be communicated? second, is it one of the frauds of the day? third, does my hair still continue to be in good order and natural color? To all I can and do answer invariably yes. My hair is even better than in my youth of my life for forty years past, more soft, thrifty, and better colored; the same is true of my whiskers, and the only cause why it is not generally true is that the substance is washed off by frequent ablution of the face, when if care were used by wiping the face in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good. As there is so much fraud in the manufacture and sale of various compounds as well as this, it has, no doubt been heavily imitated and been used, not only without any good effect, but to absolute injury. I have not used any of your Restorative of any account for some months, and yet my hair is as good as ever, and hundreds have examined it with surprise, as I am now 64 years old, and not a gray hair in my head or on my face; and to prove the fact, I send you a lock of my hair taken off the past week. I received your favor of two quart bottles last summer, for which I am very grateful. I gave it to my friends, and they truly induced them to try it, many were skeptical until after trial, and then purchased and used it with universal success. I will ask as a favor, that you send me a text by which I can discover fraud in the Restorative, sold by many, I fear, without authority from you. A pure article will insure success, and I believe where good effects do not follow, the failure is caused by the impure article, which curses the inventor of the good. I deem it my duty, as heretofore, to keep you apprised of the continued effect on my hair, as I assure all who enquire of me of my unshaken opinion of its valuable results. I remain, dear sir, yours, A. C. RAYMOND.

ARROW ROCK, Ky., Nov. 30, 1858.

PROF. O. J. WOOD: Dear Sir—I would certainly be doing you great injustice not to make known to the world, the wonderful, as well as the unexpected result I have experienced from using one bottle of your Hair Restorative. After using every kind of first-rate extras but without success, and finding my head nearly destitute of hair, I was finally induced to try a bottle of your Hair Restorative. Now, candor and justice compel me to announce to whoever may read this, that I now possess a new and beautiful growth of hair, which I pronounce richer and handsomer than the original was. I will therefore take occasion to recommend this invaluable remedy to all who may feel the necessity of it.

Respectfully yours, REV. S. ALLEN BROCK.

P. S. This testimonial of my approbation for your valuable medicine (as you are aware of) is unsolicited—but if you think it worthy a place among the rest, insert if you wish; if not, destroy, and say nothing.

Yours, &c., Rev. S. A. B.

The Restorative is put up in bottles of three sizes, viz large, medium, and small; the small holds ½ a pint, and retails for one dollar per bottle; the medium holds at least 20 per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3.
