## Agricultural.

**IMPORTANT TO FARMERS.**—The cheapest and best "Thresher and Cleaner" is "Wheeler & Melick's Improved Patent Railway Power and combined THRESHER AND CLEANER." This machine is manufactured at the small advance of 10 per cent. over that of last year. The farmers are readily adopting it everywhere. It saves labor and expense, and does more and better work than any other machine. Price of a two horse $300, of a three horse machine $350. These rates embrace everything complete. This machine has advantages that are greatly superior to any other. One is that it can be used entirely in the Barn floor, and that the power can be conveniently used for cutting fodder, shelling corn, cutting straw, sawing wood, &c. And it requires less power and fewer hands than any other.

PALMER'S EXCELSIOR SELF-SUSTAINING HORSE-PITCHFORK, has many advantages over others, among which are: it is self-sustaining, requiring no attention until its load is to be discharged. By the use of the pulleys furnished with the forks it will swing directly over the mow, when it discharges its load by simply pulling the cord. It has a handle but 18 inches in length. This pattern fork has been awarded the premium at the New York State Fair, and at all the County Fairs, wherever exhibited.

SMITH'S GREEN MOUNTAIN SHINGLE AND HEADING MACHINE, is a new and valuable improvement in machines for manufacturing Shingle and Heading, dressing them complete. It will cut in wood of any length, up to 24 inches. This machine can be set up and run by an ordinary water power. It will saw one thousand shingles per hour.

Mr. Robert Black, of Fayetteville, Franklin county, Pa., is the Sole Agent for Franklin and Adams counties. Any information in regard to the above mentioned machines can be obtained by either calling upon in person, or addressing him by letter. Persons wishing any of these machines can please make their orders soon, as it requires some time to get them from the manufacturer. None will be ordered but those that are sold. All to be furnished at manufacturer's prices, transportation added.
