(Communicated.)

MR. EDITOR—Permit me through the medium of your paper to recommend JACOB HAAS, of Shamokin, as a suitable person for Commissioner. Mr. Haas is not only a correct business man, but an industrious and economical farmer and mechanic. His election would, we think, give very general satisfaction to his neighbors, and the citizens of Shamokin; and we are confident he would receive the almost unanimous support of the democratic party of AUGUSTA.

(Communicated.)

MR. EDITOR—Permit me to recommend through the columns of your paper, CHRISTIAN BAUSHLAG, of Shamokin, as a candidate for the office of County Commissioner, at the next general election. A SHAMOKIN DEMOCRAT.

From the U. S. Gazette.

J. R. Chandler—Dear Sir:—In your paper of his morning you have two versifications of a porion of "David," neither of them are exactly corect if my memory serves me. The following is he true reading:

Ye race is notte
For to be gotte
By himme who fastest runnes,
Nor Ye battelle
By Ye peopelle
Who shute the longest gunnes.

The 11th verse of the 8th psalm by the same author was as follows:

He digged a pitte,
Deepe he digged itte,
He digged itte for his brother,
But by his sinne
He did fall inne
Ye pitte he digged for tother.

SICKNESS.

THERE are many persons that we daily behold, whose countenances and frail limbs denote affliction which we find has principally originated from neglect of proper remedies at the commencement of sickness. At first the patient complains of *bile* on the stomach attended with *sickness, costiveness, &c.*, he neglects to procure proper medicine; at lenth he complains of pain in the side and stomach with sour eructations; his appetite becomes impaired, his rest troublesome, his mind harassed, and all things around him appear not in their proper station. He still neglects himself, when in all probability the disease may at lenth be so fast seated, that no medical aid will replace him again. At the first attack of sickness there should be "no time lost" in procuring Dr Harlich's COMPOUND STRENGTHENING APERIENT PILLS, which immediately removes *bile* from the stomach, obviate costiveness, remove disorders in the head' invigorate the mihd, strengthen the body, improve the memory, and enven the imagination; thus restoring the body again to its proper functions.

LOOK HERE!
THIS MACHINE AGAINST THE WORLD.

IMPORTANT TO FARMERS.

DAVENPORT'S Improved Patent Threshing Machine and Horse Power, which threshes and cleans at the same time—an invention for which Farmers have long looked in vain, and which renders the above machine perfect and past further improvement. Those who have been waiting for something better than heretofore offered for sale, will find this to be the article. Come see it and judge for yourselves.

The subscribers have purchased the right of the above Machine and Horse Power, for the counties of NORTHUMBERLAND, LYCOMING, CLINTON, and UNION—and also, the privileges of vending them in any other places for which the right has not been previously sold.

The advantages which this Machine has over all others invented are many and obvious. One boy and three men can do all the threshing and cleaning of 150 bushels of wheat in one day—and this usually takes seven hands one day and three the next. For field threshing it takes the lead of any thing in this world—no grain is scattered or lost.

Such is the superiority of the Horse Power, that three horses can thresh as much with it as four can with any other.

The Machines and Horse Power will be sold together or seperate, to suit purchasers. Made and sold in Milton, by the subscribers.

RECOMMENDATION.

THRESHING & WINNOWING MACHINE.

Having had in use, one of Davenport's Patent Threshing and Winnowing Machines, and being repeatedly called upon for our opinion in regard to their value, durability and advantages, we make, free to state, that they exceed in our opinion, any Threshing Machine we ever before witnessed in use. They will thresh and clean, fit for market 200 bushels of Wheat per day, and this with the aid of three hands besides the driver. The Straw is passed off from the grain on an incline plane, extending about 12 feet from the Machine. Scarcely a grain is lost. What is of some importance and greatly so, is the fact that no dust passes from the Machine to the man who feeds it. The Horse power seems to be perfection itself—three horses may work it with ease and their fastest gait need only be the ordinary plough gait. We must cheerfully recommend the Machine to Farmers—they are manufactured in Milton by Messrs. Welch Pomp and Frick. PHILIP HILGERT,
