PROSPECTUS
OF
THE DAILY KEYSTONE.

TERMS—$2 FOR THE SESSION.

The undersigned being fully aware of the importance of having a Daily Democratic Paper, published at the Seat of Government of Pennsylvania, during the sessions of the Legislature, in compliance with the request of a number of their democratic friends, propose to publish the KEYSTONE DAILY, during the approaching session, on a Royal Sheet at the low price of TWO DOLLARS for the session, or two cents per single copy.

The great object to be attained by the publication of a Daily paper at Harrisburg during the session of the Legislature, is to give reports of the Debates in the two Houses, on all important public questions, more at length than has heretofore been customary, and to get these reports sent before the public more expeditiously than by the slow process of a semi-weekly paper. There is an anxiety in the minds of the reading public to obtain the earliest information in regard to all public movements; and whatever measures to be brought forward and discussed at the approaching session of our Legislature, will be of the first importance, to the people at large, we conceive that there can be no more suitable time than the present, for the commencement of an enterprise of this kind.

As one of the proprietors of the Keystone is a profession l stenographer, and has long been engaged as a Reporter in Congress, in the Convention to amend the Constitution, and in the State Legislature, he confidently hopes that he will be enabled to conduct the Legislative Department of the paper, in a manner entirely satisfactory to those gentlemen whose remarks he may report, and the public at large. He will be assisted by competent reporters, and will at all times attend in one House himself to ensure faithful and accurate reports of debates in the Legislature. The other proprietor will take charge of the Editorial Department of the paper, and as he has heretofore had considerable experience in conducting a Democratic Journal, in another part of the State, he hopes to be able to make the Keystone acceptable not only to his political friends, but to the reading public.

We shall also have a correspondent at Washington, who will give a daily synopsis of the business transacted in the National Legislature; and an account of all the political movements, which may be made at the seat of the general Government.

☞ As we shall incur a heavy expenditure, over and above our own labors, in getting up our Daily, and in employing Reporters, Correspondents, &c. we trust our friends throughout the state will exert themselves to give our paper as wide a circulation as possible.

The very low rate at which we have placed our Daily, will make it necessary for us to adopt the CASH SYSTEM, so far at least as it is concerned, and to require payments to be made to it during the first month of the session.

The semi-weekly Keystone, (Double Royal size) will be published as usual during the session at two dollars.

☞ Post Masters and others sending us five subscribers accompanied by ten dollars, will be entitled to a copy for their trouble.

ISAAC G. McKINLEY.

Harrisburg, Dec. 4, 1841.

PROSPECTUS
OF THE
DAILY STATE CAPITOL GAZETTE.

The editors of the State Capitol Gazette, at the urgent solicitation of numerous Democratic friends in almost every country of the Commonwealth, have come to the conclusion, to publish, during the sittings of the approaching session of the Legislature, the

STATE CAPITOL GAZETTE, DAILY.

The DAILY GAZETTE will be printed on a royal sheet of fine paper, which will be sufficiently large to contain full reports of proceedings of both branches of the Legislature. In carrying out our intention of publishing a daily paper at the seat of Government, we will of course subject ourselves to heavy expenditures, and will consequently expect the Democracy of Pennsylvania to rally round us, and sustain us in our undertaking. To enable us to give full reports of the proceedings of the Legislature, we have made arrangements for placing in each House a competent stenographer, the ability and professional experience of one of whom at least, is universally admitted both here and elsewhere. In addition to this, we have engaged, at a considerable expense, the valuable services of our late Washington Correspondent, whose style of writing, the forcible, energetic, and fearless manner in which he laid bare the doings of Federalism, and the faithful predictions which he gave, during the *extraordinary* session of Congress, is familiar to our numerous readers, many of whom have cheerfully admitted to us, in person, that "Ulon" is one of the best political writers of the day, and have urged us again to procure his services as our correspondent at the seat of the General Government.

As regards the future course of the Gazette, we deem it unnecessary to say more than that it will always be found as heretofore, a warm supporter of the great principles of Democracy, and battling faithfully, for the welfare, promotion, and happiness of the People at large. The banking system, as it is at present conducted, believing, as we do, that it is calculated to spread distress, misery and ruin in every community where its polluting influence is felt, shall continue to meet from the Gazette the same determined opposition it always has met with, until the hired coalitions and combinations of bankers, speculators, and stock-jobbers, shall be made to feel that the will of the people is SUPREME. Having been the ardent and zealous supporters of the election of our present worthy Executive, DAVID R. PORTER, it shall be our pride and pleasure to give to his administration a firm, decided and honest support.

In publishing a daily paper, we are well aware of the heavy responsibility that will rest upon us, as its editors and conductors. We are firmly convinced, however, that a Democratic daily paper at the seat of government, is much needed, and at the suggestion of our Democratic friends, we have been induced to commence the undertaking, provided a reasonable encouragement is given to warrant it. The very moderate terms at which we offer our daily paper to subscribers, must convince every one that the object is not to realize therefrom an extravagant compensation for our labors. On the other hand, we shall be perfectly satisfied if our expenses do not fall within our income.

The terms of the DAILY GAZETTE are such as will compel us to adopt the CASH SYSTEM, which we will be strictly adhered to.

The semi-weekly STATE CAPITOL GAZETTE (double royal size) will be published as heretofore, during the sitting of the Legislature.

Any person sending us five subscribers accompanied by ten dollars, shall receive a copy for their trouble, *gratis*.

Persons subscribing for either of the above papers, are requested to send in their orders on or before the 25th of December.

Works of Nature.

IN a state of health the intestinal canal may be compared to a river whose waters flow over the adjoining land, through the channels nature or art has made, and improves their qualities; and to keep up the comparison of the river, so long as it runs on smoothly the channels are kept pure and healthy; but if by some cause the course of the river is stopped, then the water in the canals is no longer pure, but soon becomes stagnant. There is but one law of circulation in nature. When there is a superabundance of humorial fluid (serocity) in the intestinal tubes, and costiveness takes place, it flows back into the blood vessels, and infiltrates itself into the circulation. To establish the free course of the river, we must remove the obstructions which stop its free course, and thus cleanse its tributary stream. With the body, follow the same natural principal; remove, by that valuable purgative medicine *Brandreths Universal Vegetable Pills*, which are an effectual assistance of nature, the superabundance of humors in the intestine canal. By persevering in this practice, the ways of the circulation will then be restored to the full exercise of their natural functions, and a state of health will be firmly established. Remember, never suffer a drop of blood to be taken from you—Evacuate the humors as often and as long as they are degenerated, or as long as you are sick.

Dr. Brandreth's Office in Philadelphia, is at No. 8, NORTH EIGHTH street, where his pills can be had at 25 cents per box, with full directions.

☞ Only agent in Sunbury, is H. B. Masser Esqr.

WINSLOW'S BALSAM of HOREHOUND.

AN unparelleled remedy for common Colds, Coughs, Asthma, Influenza, Whooping Cough, Bronchitis, and all diseases of the Breast and Lungs, leading to consumption; composed of the concentrated virtues of Horehound, Boneset, Blood Root, Liverwort and several other vegetable substances. Prepared only by J. M. WINSLOW, Rochester, New York.

The innocence and universally admitted pectoral virtues of the Herbs from which the *Balsam of Horehound* is made, are too generally known to require recommendation; it is therefore only necessary to observe that this Medicine contains the whole of their Medicinal properties, highly concentrated, and so happily combined with several other vegetable substances, as to render it the most speedy, mild and certain remedy, now in use, for the complaints above mentioned.

The Balsam removes all inflammation and soreness of the Lungs, loosens tough visid phlegm, enabling the patient to expectorate with ease and freedom, assuages cough, relieves asthmatic and difficult respiration, heals the injured parts, opens the pores, and composes the disturbed nerves, and gives strength to the tender lungs, and thus produces a speedy and lasting cure.

INGRATITUDE IS THE BASEST CRIME IN MAN.—We are not among that class of Editors who for a few dollars will, (at the expense of truth and honesty) "crack up" an article and bring it into rapid sale; neither are we willing to remain silent, after having tested the utility of an improvement or discovery in science or art.—Our readers will recollect we told them we were unwell with a sore throat and violent cold some few weeks ago. Well, we purchased two bottles of WINSLOW'S BALSAM OF HOREHOUND, and so sudden was the cure, that we forgot we ever had a cold. Those who are afflicted, may try it upon our recommendation. —*Lewiston Telegraph.*

For sale by
HENRY YOXTHEIMER, *Sunbury.*
JACOB BRIGHT, *Northumberland.*

Also, by Druggists generally throughout the country.

LOOK HERE!
THIS MACHINE AGAINST THE WORLD.

IMPORTANT TO FARMERS.

DAVENPORT'S Improved Patent Threshing Machine and Horse Power, which thresches and cleans at the same time—an invention for which Farmers have long looked in vain, and which renders the above machine perfect and past further improvement. Those who have been waiting for something better than heretofore offered for sale, will find this to be the article. Come see it and judge for yourselves.

The subscribers have purchased the right of the above Machine and Horse Power, for the counties of NORTHUMBERLAND, LYCOMING, CLINTON, and UNION—and also, the privileges of vending them in any other places for which the right has not been previously sold.

The advantages which this Machine has over all others invented are many and obvious. One boy and three men can do all the threshing and cleaning of 150 bushels of wheat in one day—and this usually takes seven hands one day and three the next. For field threshing it takes the lead of any thing in this world—no grain is scattered or lost.

Such is the superiority of the Horse Power, that three horses can thresh as much with it as four can with any other.

The Machines and Horse Power will be sold together or seperate, to suit purchasers. Made and sold in Milton, by the subscribers.

WM. WELCH,
WM. H. POMP,
HENRY FRICK.

Milton, April 17, 1841.

RECOMMENDATION.

THRESHING & WINNOWING MACHINE

Having had in use, one of Davenport's Patent Threshing and Winnowing Machines, and being repeatedly called upon for our opinion in regard to their value, durability and advantages, we make, free to state, that they exceed in our opinion, any Threshing Machine we ever before witnessed in use. They will thresh and clean, fit for market 200 bushels of Wheat per day, and this with the aid of three hands besides the driver. The Straw is passed off from the grain on an incline plane, extending about 12 feet from the Machine. Scarcely a grain is lost. What is of some importance and greatly so, is the fact that no dust passes from the Machine to the man who feeds it. The Horse power seems to be perfection itself—three horses may work it with ease and their fastest gait need only be the ordinary plough gait. We must cheerfully recommend the Machine to Farmers—they are manufactured in Milton by Messrs. Welch Pomp and Frick.

Cured by Dr. Harlich's Celebrated Medicines.

MR. WILLIAM MORRISON, of Schuylkill Sixth street, Philadelphia, afflicted for several years with the above distressing disease—sickness at the stomach, headache, palpitation of the heart, impaired appetite, acrid eructations, coldness and weakness of the extremities, emaciation and general debility, disturbed rest, a pressure and weight at the stomach after eating, severe flying pains in the chest, back and sides, costiveness, a dislike for society or conversation, langour and lassitude upon the least occasion. Mr. MORRISON had applied to the most eminent physicians, who considered it beyond the power of human skill to restore him to health; however, as his afflictions had reduced him to a deplorable condition, having been induced by a friend of his to try Dr. HARLICH'S Medicines, as they being highly recommended, by which he procured two packages for a trial; before using the second package, he found himself greatly relieved, and by continuing the use of them the disease entirely disappeared—he is now enjoying all the blessings of perfect health.

DR. DUNCAN'S Expectorant Remedy.

IS performing some of the most wonderful cures on record. Mr. WM. PEARSON, of Delaware county, Pennsylvania, was taken in the fall of 1840 with a distressing Cough, which daily increased until he became so much reduced in flesh that he was obliged to be helped in and out of bed. His Physicians at length gave up all hopes, and pronounced his *lungs fatally affected* and incurable. In this hopeless situation he was for ten weeks; when a friend of his called to see him, and discovering his awful condition. He immediately procured three bottles of DR. DUNCAN'S EXPECTORANT REMEDY, (having witnessed the effects in a similar case, induced him to procure the medicine,) and gave it according to directions, and to the astonishment of all friends, the patient began to feel better before using the medicine one week. After using it strictly six weeks the patient was rendered able to resume his daily occupation. How many thousands of valuable friends have been taken away from us for the want of proper treatment. The very many who are yet among us, and laboring under alarming symptoms, to such I beg to say, procure immediately Dr. DUNCAN'S EXPECTORANT REMEDY, and if it be not too late, you may be restored to perfect health. In the last stages there is a consolation found in this medicine, by its soothing and palliative effects.

HEALTH.

MANY of our readers, no doubt, are possessed with this all important blessing, which they may long retain, if particular regard and care be paid to themselves, that, whenever they feel the least indisposed, to procure a proper medicine in "due season." But, on the contrary, we find thousands who are laboring under disease, and many, we fear, will prove serious, if not a tended to early. Would those persons resort to the medicine that has established itself in thousands of cases, which is Dr. HARLICH'S COMPOUND STRENGTHENING AND GERMAN APERIENT PILLS, so pre-eminently recommended for diseases incident to the human race, they would be replaced back again to "life's sweet blessing," which is "health."

We speak from occular proof knowledge in many instances, where cures have been performed by the use of this medicine, with marked success in various complaints, such as Dyspepsia, Liver Complaints, Rheumatism, Pain in the Breast, Side and Back Costiveness, Nervous Weakness, Emaciation, General Debility, &c. &c. This medicine consists of two distinct kinds, viz: THE GERMAN APERIENT and the COMPOUND STRENGTHENING TONIC PILLS, the former to remove bile and all excrementitious matter from the body, thus cleansing and purifying the system, after which the latter are used to give strength and viger to the weak and debilitated organs, restore the lost appetite, and produce tranquil rest and sweet repose. We highly approve of the "Doctor's theory" of treating diseases, which certainly is safe and efficacious, and advise the afflicted to give his medicine a fair trial.—*Daily Chronicle.*

Coughs and Colds.

THESE very distressing complaints often lead into CONSUMPTION through neglect at the first attack. I would therefore advise those whose cough begins to be troublesome, and the expectoration scanty, with more or less soreness of the throat, difficult raising of the phlegm, &c., that they should immediately apply for a suitable medicine, which is Dr. DUNCAN'S EXPECTORANT Remedy for Consumption, &c. This medicine I have found in every instance to remove those unpleasant annoyances in a few days. *One single Bottle* will in most cases prove this assertion. Therefore, you who wish to escape the EARLY SEEDS OF CONSUMPTION, avail yourselves of this all important opportunity, and again enjoy the blessings of health.

N. B. The above was left at the office by one who experienced the wonderful effects of the above medicine. Hundreds are there who thus express the joyful sentiments of their hearts in favor of such a valuable medicine as Dr. DUNCAN'S EXPECTORANT REMEDY, that others may find relief from the same source.

To those Who Desire Health.

I hereby certify, that I was afflicted for eight years with a severe nervous disease, attended with constant pain in the breast, side and stomach, loss of appetite, no rest at night, sickness and dizziness in the head, pain in the stomach after eating, and other symptoms which attend indigestion, my bowels were weak and irregular. Having had advice of various physicians during this long period, and used much medicine which only produced temporary relief. In the year 1830, I was often unable to leave my house, and being a poor widow, dependent on my own labor for a living, was obliged to go from house to house to obtain it. I at length gave up all hopes of recovery, and trusted to Him "that created all things." I fortunately was favored with work in Eighth street, when the family, discovering my miserable situation, immediately recommended Dr. HARLICH'S COMPOUND STRENGTHENING GERMAN APERIENT PILLS, which they procured for me. I used them, and continued for about three months; during the time my strength rapidly increased, my countenance and pale cheek returned to their former and natural colors. Since I have fully recovered, and at present enjoy perfect health. I feel it my duty to inform the public at large of the great virtues of Dr. HARLICH'S MEDICINE, that others may procure it, and be likewise cured. I am well known in this city; any person wishing to see me, can call at my residence.
