United States District Court.

On Thursday morning, at ten o'clock, the case of George R. Slick, of Cambria county, was resumed.

Robert Hague testified that he had been deputized by the Mayhal to attend to the Johnstown cases. He had instructed Harros and Newcomer to go there. The arrest of Slick was made by witness and officer Dougherty.

On cross examination witness stated that he did not say, in the presence of Geo. Snyder and Dr. Emerson, that the only man he had any spite against was Shoemaker. What he did say *was*, "That if it had not been for Shoemaker passing counterfeit money at his tavern, the other parties would not have been arrested." He stated that he did not search Slick; but he turned up a cover on a settee in the bar-room.

The Government here rested their case, and the defense was opened by Mr. Moore. He reminded the jury that, to convict the defendant, three things must be early made out—the passing of the money, its baveness, and the guilty knowledge of the accused. He argued that Slick was a very poor judge of money, and that the "guilty knowledge" not having been established, the jury would be bound to acquit. They expected to prove that the half dollar passed by Slick to Newtower, had been put upon Slick a short time previously by Newcomer. In a word, that Slick was made the victim of Newcomer and Herron—the latter having bought a watch while up there, paying for it in counterfeit money. As to the bad money offered at Walter & Wehe's store, it only proved that the defendant was ignorant of it, as counterfeiters do not seek to victimize large dealers, where good judges of money are employed. They would also establish a good character for Slick, and ask a verdict of acquittal.

The following testimony was then elicited:

John Purcell lived with Mr. Slick last May; was bar-keeper; Mr. K. Brown came into the store and called up three or four to drink; Brown handed a bill to Slick, which Slick said he did not like the looks of. (The bill, the same offered by Slick at Walter & Wehe's store, was shown to witness and identified by him.) Slick took the bill and marked "M. K. B." on the corner of it; Slick subsequently gave it to a man and told him to return it if it was not good; it was returned in two or three days; witness saw Newcomer (who called himself Hershey) and Herron at Slick's house; Newcomer came on Wednesday, stayed till Friday, went to town, came back on Saturday and stayed till Monday. On Sunday night he slept on a settee in the bar room; witness was there when Hague arrested Slick; he (Hague) searched under the cover of the settee upon which Newcomer had lain.

Defendant's counsel here asked the witness what he found upon the settee the next morning. (Prosecution objected.) Defense offered to prove that the witness found some counterfeit money there, which had evidently been left by Newcomer, and that it was this money that Hague was in search of when he turned up the covering of the settee.

Witness continued—Found on the settee, after Newcomer slept there, three half dollars and two quarters. It was wrapped in tin foil, and was all counterfeit. Saw Newcomer, on Sunday, on the porch, rolling something in that same kind of stuff; could not tell what it was. Slick was not a good judge of money.

The cross-examination was critical, but the witness did not vary from his statement in chief.

George B. Sidneman testified that he lived six miles from Slick's; was at Slick's on the 22d of May; saw the money found on the settee. There were four or five others present at the time.

John A. Hammer testified that he saw Hershey (Newcomer) at Slick's, one evening in May. Newcomer asked him if he knew of any persons there who dealt in counterfeit money; witness replied there was a good deal of it in that neighborhood. Newcomer then pulled out a half dollar, and asked witness if he had ever seen any as good as that; told him it did not look so good; Newcomer said he could pass money as good as that on almost any man; witness said for all he knew it was good. Newcomer then told witness that if he would take a drink with him, he (Newcomer) would pass the half dollar on Slick; they took the drinks, and the money was thrown down to Slick, who took it and handed out the change. Saw Herron once; met him between Johnstown and Slick's; that was on Saturday evening, the 18th of May; talked together on the road; Herron asked

A Good News.

We see it stated that the patriotic Germans of this city and vicinity are discussing the formation of a German regiment. That they have the officers and men to make a good and efficient regiment, all will admit; and if the project is undertaken in good earnest, we may hope to see one of the most effective corps yet offered to the government. A large proportion of the three months men were Germans, and as most of them are willing to enlist for the war, it would not be difficult to form a regiment composed exclusively of these kindly and patriotic citizens, who are ever ready to rally for the flag which they have chosen as their own.

PASSED THROUGH.—The First Michigan Regiment passed through, yesterday, on their way home.

Land Slide on the Allegheny Valley Railroad—Bridge Swept Away.

The heavy rains of yesterday morning done considerable damage to the line of the Allegheny Valley Railroad. At Packety Creek the water swelled so rapidly as to undermine the abutments of the bridge, which fell into the stream and was carried away. It was a single span bridge, about eighty feet in length.

Five miles below this point, at Chartiers, there was a land slide, covering the track for a considerable distance. The obstruction is so formidable that it cannot be removed for a day or two. This makes a gap of five miles, over which the passengers are being conveyed in skiffs on the Allegheny river—the trains running from and to the break on either side. It is expected that the damage will be repaired by Saturday, so that the trains can be run as usual next week.

THE 13TH REGIMENT.—This regiment, so well known to our citizens, is likely to get into service at last, as Col. McLean has received orders from the War Department to form a regiment for three years or during the war. The time allotted to form it is twenty-one days from date of order. Col. McLane has gone to work with his usual zeal and energy, and will doubtless make up the required number, armed and equipped, within the time indicated. It is expected that about two-thirds of the old regiment will re-enlist. As each company must consist of 101 men, the full number will be 1,010. In the order, the War Department expressly reserves the right to reject all officers who, upon examination, are found to be incompetent.

OUR CORRESPONDENT "D."—We desire to acknowledge our high appreciation of the racy and highly interesting letter over this signature, which have appeared in these columns during the past three months. We have reason to know that these letters were highly prized by the public generally, and especially by those having friends in the Twelfth Regiment. The writer is a gentleman of education, overflowing with those qualities of head and heart which is generally comprehended in the term "good fellow." We know that James D. McGuire, Esq., high private in the Duquesne Grays, enjoys the friendship and esteem of his entire regiment. We beg our modest friend's pardon for thus lifting the veil of secrecy and revealing him to our readers.

ASSAULTS AND BATTERIES.—A German named Henry Fulmer, was before Mayor Wilson, last evening, on a charge of assault and battery, preferred by Captain George Seigrist. In default of bail, he was committed.

Robert Smith was before the same magistrate on a similar charge, preferred by Jonathan Thompson, who alleges that the defendant tried to cut him with an axe, and would probably have succeeded, had it not been taken from him. He afterwards picked up a stone, with which he struck the prosecutor. The parties reside in Union township.

MINISTER DEAD.—The *United Presbyterian* announces the death of Rev. James Hagerty, at the residence of his brother-in-law, Wm. Smith, Independence, Pa. He had been, for a short time, pastor of Hanover Congregation, in the Presbytery of Frankfort. The same paper also notices the death of Rev. J. H. Pigg, at the residence of his father-in-law, Thos. Dorrington, Allegheny city. He had been pastor of the united charge of Mt. Pleasant and Laurel Hill, in the Presbytery of Westmoreland.

RAISING A CAVALRY COMPANY.—Dr. James A. Herron is about to raise a company of Cavalry, for active service, and is offering strong inducements to men of good character to fill his ranks. Those who wish to bring their own horses will be allowed fifty cents per day, or, if they choose, may sell them at a reasonable price to the government. Those who have none will be supplied with a good one by Dr. Herron. Application can be made personally at his office, No. 200 Penn street.

FIRST OF AUGUST.—The day was duly celebrated by our colored residents, who assembled en masse at Iron City Park, where a splendid dinner was served, speeches delivered, etc. The Fort Pitt Cadets, a regular Zouave company (colored) were on the ground, and attracted much attention. Other societies attended in unions, and the affair was conducted in a splendid manner. The *great* attraction, however, was the presence of two or three "contrabands," who came from "Old Virginny" and slavery with the three months volunteers. They were the *lions* of the day.

DINING ROOM FOR TROOPS.—The Committee on Home Defense have turned the warehouse formerly occupied by Leech & Co., on the corner of Wayne and Penn streets into a dining room, where troops passing through, hereafter, will be provided with refreshments. For this purpose, tables have been put up, which extend from one end of the building to the other, and at which it is said one thousand men can be comfortably seated at once. This is an excellent arrangement on the part of the Committee and one that has long been needed.

THE MCCLELLAN REGIMENT.—This is the name of a swing or swing in Butler county, under Col. Jacob Zeigler. It has been accepted for the war, and will be ready to march in a couple of weeks. The officers are: Colonel—Jacob Zeigler; Lieutenant Colonel—S. C. Johnson; Major—J. C. Johnson; Adjutant—B. C. Brooker; Quartermaster—W. Sharkey; Surgeon—H. B. Linton; Assistant Surgeon—Philip Leidy, Jr.; Quartermaster Sergeant—J. H. McBride.

THE MARINE HOSPITAL.—Mr. Simon Snull, the newly appointed Superintendent of the Marine Hospital, will assume the management of that institution on Monday next. Mr. S. is well known citizen of the county, and a prominent resident of Manchester. The appointment is highly gratifying to his numerous friends, and acceptable to the public generally. He will doubtless discharge his duties with credit to himself and fidelity to the government.

THE OIL TRADE.—The receipts of oil at Erie over the Philadelphia and Erie Railroad for the six months ending on the 1st of July, 1861, amount to 49,830 barrels. The number of barrels received during the three weeks of July, terminating on the 24th ult., is 8,975. The remaining week will, it is estimated, bring this up to nearly 11,000—the largest exhibit of any month except January, when it reached 15,016. A constant increase from this time forward is anticipated.

KILLED BY LIGHTNING.—A farmer named Wm. Sexter, from Trumbull county, Ohio, was killed by lightning during a thunder storm last week. He rose from his bed at the commencement of the storm, to place some vessels in position to catch rain water, and on entering the house again, was struck by lightning on the breast and died instantly. His wife and child in the same room were not injured.

JUVENILE DEPRAVITY.—A lad aged ten years was sent to the House of Refuge yesterday, by Mayor Wilson, having been found by the police in possession of fifteen dollars worth of money. He made several false statements as to where he got it, and could not be induced to tell the truth. An owner is wanted for the money, as there is no doubt as to its having been stolen.

COL. KEIM.—We were gratified to hear, yesterday, of the appointment of Col. Jas. A. Keim, of Hilltabitt borough, as Brigade Quartermaster in the regular army. Col. Keim is a most energetic, active and efficient, and will make an excellent officer. He has always been an ardent, hard working Republican, and it is a pleasure to hear that one of that class is occasionally remembered by the government.

A THUNDERS STORM.—A severe thunder storm swept over this vicinity before daybreak yesterday. The wind and rain were quite destructive to the crops—the one prostrating and the other washing out large sections of corn, oats, and other products of the farm. We have heard of no serious damage being done to dwellings, barns or orchards.

ANOTHER PENNSYLVANIA REGIMENT READY.—A full regiment of volunteers for the war has been raised in Clearfield county, and their services have been tendered to the President. The chief officers are: W. C. Foley, Colonel; David Johnson, Lieutenant Colonel; C. W. Watson, Major. The regiment is ready to march at once.

CROSS SUITS.—A few days ago Robert Smith, of Union township, entered suit against James Moule, tavern keeper, of the same district, for assault and battery. A similar charge was made by Moule against Smith, and both parties gave bail. Smith now sues Moule for selling liquor on Sunday, and a warrant has been issued by Mayor Wilson.

HUSBANDS.—Isaac Morrison made information before the Mayor, charging H. L. Jackson with maintaining a nuisance by keeping a quantity of oil stored in a dwelling on Water street, resulting in uncomfortable stench, and endangering the lives and property of the residents of the neighborhood. Mr. Jackson entered bail for his appearance.

POSTPONED.—The hearing in the case of John McKinstry, of Wheeling, charged with uttering treasonable sentiments, has been postponed until Friday morning at ten o'clock, at which time Mayor Wilson will have some information as to his character, from parties in Wheeling.

TEACHERS ELECTED.—The Directors of the West Pittsburgh Schools have elected the following teachers for the ensuing term:

Principal—J. B. Finch.

Assistants—Miss Jeannette Colvin, Miss Mary L. Barnes.

ON PARADE.—Co. B, Capt. Patterson, (Birmingham) Co. E, Capt. Lowe, and Co. K, Capt. Poland, all of the Thirteenth Regiment, were out on parade yesterday. They exhibited some splendid maneuvering, and evinced that they have not been drilling in vain during the past three months.

UNION GUARDS.—This is a new company, named in honor of the late Harmer Denny, and accepted in Col. Black's regiment. Wm. S. Kirkwood, of Indiana township, is Captain, and H. J. Rodgers, of the Sixth ward, First Lieutenant. The company still lacks a few men of being full.

RECRUITING.—Lieutenant Shepley R. Holmes, of Company B, Thirteenth Regiment, is recruiting in Birmingham, as infantry company to serve during the war. Lieut. J. H. Coleman, late of Co. F, 13th Penn's Regiment, will raise a company for Col. Bonley's regiment.

NOT CONTRABAND.—The bullets found at Duquesne Depot on Tuesday evening were not destined South as stated, having been shipped to Major Symington, at the Allegheny arsenal. Some had been handed away on Tuesday.

GENEROUS.—Michael Daly, No. 20 Fifth street, yesterday presented to Col. S. W. Black, for the use of the needy soldiers of his regiment, six dozen pairs of fine woolen socks.

NOTICE.—Owing to the pressure on our columns, we have to omit the publication of the Hotel Arrivals in this morning's edition.

Meeting of Allegheny Councils.

The City Councils of Allegheny held a regular monthly meeting last evening.

In *Select*, Mr. Riddle presented a petition from citizens of the First Ward, praying for the removal of animal and vegetable filth collected in the canal. Referred to the Police Committee, with instructions to abate the nuisance under advice of the Mayor and City Solicitor. The nuisance complained of has lately become intolerable, and the petition was signed by one hundred and forty citizens. The Pennsylvania Railroad Company now owns the canal on the Allegheny as well as the Pittsburgh side of the river, and they should attend to this matter at once.

The reports of the Water, Printing, Police and Street Committees were presented, and resolutions for the payment of sundry bills adopted.

A resolution was adopted instructing the Mayor to notify Mr. N. Veech and others to remove the filth forthwith from their hog and cattle pens in the Second Ward.

Mr. John Brown, member of the Select Council from the Third Ward (having removed to the Second Ward) presented his resignation, which was duly accepted.

The proposition of Mr. Veech, relative to the weighing of cattle on his private scales, was laid upon the table.

In *Common Council*, a petition relative to the opening of Green street was read and referred to Street Committee.

Petition for gas lamp on Robinson street was read and referred to same committee.

A petition asking for a change of the ordinance regulating the cleaning of cess-pools, was referred to the Ordinance Committee, with instructions to report an ordinance carrying out the wish of the petitioners.

The report of the Committee on Markets was read and resolutions adopted.

The report of the Library Committee was presented, with a resolution authorizing the payment of $100 to the Young Men's Christian Association, being the annual appropriation of $50 for the years 1860 and 1861. The Committee also reported a resolution requiring the appropriation of $50 to be provided for in the annual appropriations of the city.

In Common Council the first resolution was adopted, and the second was laid upon the table. Select Council non-concurred. A Committee of Conference was appointed, and they agreed to lay the matter over until the next meeting.

The following resolution was offered:

Resolved, That the Mayor be hereby instructed to enforce the act of Assembly prohibiting the driving of vehicles on the Sabbath, against all persons so offending.

The resolution was discussed and laid upon the table by a vote of 8 yeas and 4 nays.

In all business not otherwise noted there was a mutual concurrence, and Councils adjourned.

Twelfth Regiment—Meeting at City Hall.

Yesterday afternoon, at three o'clock, the soldiers of the Twelfth Regiment, Col. Campbell, held a public meeting at City Hall, relative to the charges which had been preferred against their late commander. We were not present, but learn from two or three responsible parties who were in attendance, that the explanation given by Col. Campbell was wholly satisfactory. A resolution was passed, providing for the appointment of a committee by each company, who shall hereafter act for the company in the final settlement of the financial affairs of the regiment. In this connection we may direct attention to the card of Col. Campbell, published elsewhere.

DO NOT FORGET.—Our citizens, returned soldiers, and strangers in the city should not forget that tonight Manager Henderson has a benefit at the Pittsburgh Theatre, when such a bill will be offered that it will certainly please all who attend. As William, in the drama of black-eyed Susan, Mr. Henderson has few equals, and undoubtedly no superior, and we would suppose that it would only be necessary to inform the public that he personates that character to night to insure a full attendance; but, in addition to this, Madlle Marie appears in a National drama. Ettinie Henderson sings "God Bless our Gallant Soldiery," and the very correct tableau of the death of Ellsworth will conclude the performance.

ROW AT IRON CITY PARK.—A most disgraceful row took place at Iron City Park, yesterday afternoon, in which several of the parties participating were severely though not dangerously injured. It seems that some of our colored citizens had repaired to this place to celebrate the First of August, and that a difficulty occurred between them and some white men, the nature of which we were unable to learn. At all events, there was a fight between the parties, and from all accounts the participants on both sides were pretty badly used up.

REV. J. W. CURRY, Chaplain of the Third Virginia Regiment, (Camp Hayes,) Clarksburg, Harrison county, Va., was in the city yesterday, and received a donation of tracts from the Young Men's Bible Society. He will also obtain a donation of Testaments from the same source.

SURGICAL.—Drs. Jackson, Duncan and Lafferty, recently opened the wind-pipe of a little daughter of John W. Brown, of Bridgeport, Fayette county, and took out a pebble measuring five-eighths of an inch. The child is likely to recover.

(For the Pittsburgh Gazette.)

A Card from Col. Campbell.

Ed. Gazette: Understanding at Cocksyville, Md., a few days since, that some members of the Twelfth Regiment (who had returned to this county) were quite busy in attempting to damage my reputation, I sent the following telegram to a friend for publication:

COCKEYVILLE, July 29, 1861.

I will arrive with my regiment to-morrow or Wednesday, and counteract the abuse heaped upon me by mean shrimps to exculpate themselves from censure and disgrace. I court the strictest scrutiny into every private and official act of mine.

DAVID CAMPBELL,
Col. Com. Twelfth Reg't.

I shall now proceed to make this promise good, and trust that I may succeed in removing the effects produced by malicious slander. I feel somewhat sensitive in being compelled to resort to newspaper publications for the vindication of my character for naked honesty, especially in a city in which I have all my life resided, and in which all my hopes, affections, and interests are blended. Enough of this, however, for the present. The charge preferred against me is that two dollars and fifty cents was deducted from the pay of each soldier in my regiment, without any explanation being given; thereby leaving the inference to be drawn that I had appropriated this money to my own use. Now mark how plain a tale will put this down.

In the rapid organization of volunteer forces, many expenses are incurred not provided for in the regulations, but which, nevertheless, must be promptly contracted and should be honorably paid for. Of this class of expenses is an item of boarding for the members of Company K, (City Guards,) whilst at York, Pa., amounting to one hundred and sixty-nine dollars, which has been repeatedly presented for payment, and which it was intended should have been adjusted out of this fund. In addition thereto was a bill for the services of a private physician, who attended one of their members during a long and dangerous illness; that soldier, by the way, deserved all the care and attention that was or could be bestowed upon him. There is also another bill, of one hundred and fifty dollars, contracted for by Company B, (Duquesne Grays,) with a well-known hostler in this city, which it was intended also to have paid. I mention these two companies from the fact that all the rumors have, so far as I can understand, emanated from them; in the first, from a great body of them who, having returned from the service of their country some days before the expiration of their enlistment, thought it necessary to attack the reputation of the commanding officer of the regiment, with the hope and expectation that the excitement consequent thereon would save them from the merited contempt which such conduct deserved.

In the second instance, the charge proceeded from a constitutional and dyspeptic grumbler, who is attached to Company B, and had the reputation of being a newspaper correspondent, whose letters are written over the initial D, and who would sacrifice the reputation of the corps to which he is unfortunately attached, by dragging into notice transactions which should have been screened from the eyes of the gaze. With regard to the allusions made by this correspondent to the custom of paying regimental bands out of the pay of the commissioned officers, I think that the contribution to this fund by officers been exceedingly liberal, and that, should the over-plus necessary to settle for that branch of the service encroach *slightly* upon the pay of the private soldier, there should be no grumbling or objection.

There are many other bills which it was in contemplation to pay, in the different companies of the Regiment (and of some magnitude too) to which I do not care to refer, as I have discovered no imposition on the part of their members to carry or complain. The companies from the rural districts have acted with discretion and good taste, satisfied to await the report of the disbursing officer without dragging into public notice the private affairs of the Regiment. When the assessment was made, the understanding was explicit and distinct that the bills for which payment was to be asked, were to be submitted to a Board of Officers for approval, and that should there be any surplus funds after paying such debts, it would be returned to the contributors *pro rata* at the final muster out and pay. I am not the recipient nor the custodian of a fund, not acknowledging myself as a financial or business agent for the regiment. The funds are, however, deposited by the Quartermaster, who will disburse them honestly and faithfully.

My object in creating this fund, was to pay debts justly and honestly due from members and companies, to honest citizens of York and elsewhere, and thereby preserve the character and reputation of the Regiment for financial, as well as martial discipline. The subsequent conduct of its members convince me that I acted with commendable precaution.

DAVID CAMPBELL,
Col. Com. Twelfth Reg't.

MARRIED!

LOUGRAY—TEILBACH.—On Wednesday, July 31st, at the residence of the bride's father, by the Rev. J. H. McGaw, Mr. THEODORE LOUGRAY, of St. Louis, Mo., to Miss MARY M., daughter of Louis Teilbach, esq., of Duquesne Boro.

☞ DR. SCHENCK, OF PHILADELPHIA.—This gentleman, as will we seen by an advertisement, will be in Pittsburgh for two days—*Monday* and *Tuesday*, August 5th and 6th—at the office of Dr. Keyser, No. 140 Wood street, where he has been prescribing for patients for the last two years with remarkable success. Dr. Schenck has an instrument known as a *Respirometer*, with which he examines Lungs, and by which he can tell their exact condition and the remedies proper to be given in each case. For a thorough examination of the lungs his charge is Three Dollars, but for advice he makes no charge. Persons examined to his former visits are examined without charge.

THIRTY-SEVENTH CONGRESS.

(Special Session.)

WASHINGTON, August 1, 1861.

HOUSE.—Mr. Sedgwick, of New York, from the Committee on Naval Affairs, reported a bill authorizing additional enlistments in the navy for three years or during the war, so as to place it in complete efficiency for active service.

Mr. Stevens, of Pa., from the Committee on Ways and Means, reported a bill, which was passed, appropriating $100,000 for field fortifications, for the defense of Washington.

Mr. Stevens, from the Committee of Conference on the Supplemental Loan Bill, made a report, explaining that the disagreements of the two houses have been compromised by striking out "nine per centum" in certain cases and substituting "six per cent;" also modifying the sub-treasury act so that instead of gold and silver being immediately paid into the treasury, as now required, the money derived from the loan may remain in solvent banks until it shall be drawn out in pursuance of the law.

Mr. Conkling, of New York, inquired whether the committee obtained the duties from the coffee, sugar, etc., as a pledge for the loan.

Mr. Stevens said the Senate would not consent to that, and rather than lose the bill the House Committee agreed to abandon that clause.

The report was then adopted by a vote of 83 against 34.

Mr. Elliott, of Mass., from the Committee on Commerce, reported a bill to suspend in part the operation of the act of March, 1845, relating to and especially to those having friends in the Twelfth Regiment. The writer is a gentleman of education, overflowing with those qualities of head and heart which is generally comprehended in the term "good fellow." We know that James D. Weekly Review of the Pittsburgh Market.

[*Reported specially for the Pittsburgh Gazette.*]

PITTSBURGH, THURSDAY, AUGUST 1, 1861.
