RELIGIOUS INTELLIGENCE.

We find in the *United Presbyterian* a report of the proceedings of the United Presbyterian Synod, which met on May 4th, at Edinburgh, Scotland, from which we condense to suit our space. The Rev. Dr. Smith, of Biggar, was moderator. From the report on General Church Statistics we learn the number of elders in the Church is 4,036; of students, 171; congregations 551; communicants 167,558, being an increase over last year of 4,004. The aggregate contributions for congregational and benevolent purposes, were over one million of dollars. The number of baptisms last year was 10,140; there were 900 Sabbath Schools, with 71,635 scholars. Home Evangelization has been conducted with more energy and system than during any previous year. It has been ascertained, with a population of 546,187, there were 227,648 who were non-church going.

—In a communication to the *Methodist* we learn there are 105,544 members and probationers belonging to the M. E. Church in Pennsylvania, one member equal to every thirty of the whole population of the State. It is claimed that one-tenth of the whole population attends the ministration of this Church. The number of Sunday School scholars, 104,517, only lacking about 1,000 to be equal to the membership of the denomination in the State.

—There are 250,000 Jews in Abyssinia, who bear the names of Fallashes. They occupy almost exclusively a tract of country to the south-east of Gondar. M. Stein, a missionary well known to the Jews, visited them last year and was well received.

—The Annual Convention of the Protestant Episcopal Church in Ohio met in Mt. Vernon, O., on the 25th. There are in the State, seventy Episcopal churches and ninety clergymen; four of the clergymen are army chaplains.

—The forty-third session of the New Church General Convention met in the New Jerusalem Church, Boston, on the 11th, and adjourned on the 15th. Delegates and visitors attended from various parts of the country, in number about 500, though more were generally present. Rev. Thos. Worcester, D. D., presided.

—Sometime ago the Boston *Congregationalist* had a trenchant paper on the Christianity of debt-paying. For the past six months, the California *Christian Advocate* has had an extract from the body of this article under the head of "True Religion," standing in its advertising columns, which reads as follows:

The religion that is to sanctify the world pays its debts. It does not consider that forty cents returned for one hundred cents given is according to the Gospel, though it may be according to law. It looks upon a man who has failed in trade, and continues in luxury, as a thief. It looks upon a man who promises to pay fifty dollars on demand, with interest, and who neglects to pay it on demand, without interest as a liar.

According to the report of the English Wesleyan Missionary Society, the Emperor Napoleon has contributed seventy pounds to its funds.

—Rev. S. G. Dunlap, late of the Central Presbyterian Church, Baltimore, has accepted a unanimous call to the Presbyterian Church of Monongahela city, Pa.

—Recent accounts from Paris represents the American Protestant Chapel, under the pastoral care of Rev. Dr. McClintock, as being in a very prosperous condition, notwithstanding many of its best supporters have been compelled to leave Paris on account of the war. The average attendance is about three hundred.

—The *Northwestern Christian Advocate* says the Austrian Government has resolved to found a Protestant Theological faculty in Vienna. A more liberal religious spirit prevails in this country compared with former years.

—We learn from the *True Presbyterian* that the Southern Presbyterian General Assembly met at Montgomery, Ala., May 1st. Owing to the troubles of the times, the attendance was not large. The session was short, but marked with great unanimity of action. It is represented cheering reports concerning the state of religion, were received from a considerable number of the churches under that Assembly's care.

—The *Southern Methodist Christian Advocate*, published at Charleston, S. C., has the following language in regard to the war:

"For one, we would be willing to see both our large armies going into the fight, when the impending conflict comes, with only the black banner floating over them. Let the cries 'no retreat,' 'no surrender,' 'no quarter asked or given,' 'only victory or death,' carry terror to the hearts of the cruel and wicked aggressors who seek our destruction."

—The Synod of South Carolina in connection with the Presbyterian Church, at a recent meeting in Abbeville, passed the following curious resolution, which is rather an amusing attempt to separate the *secular* from the *spiritual*. The members of that Synod, says the *American Presbyterian*, are only traitors in "their private capacity:"

Resolved, By the ministers and elders comprising this Synod, not in their ecclesiastical capacity as a court of Jesus, but in their private capacity as citizens and a convocation of Christian gentlemen, that our allegiance is due through the sovereign State to which we belong, and shall be rendered to the Government of these Confederate States so long as South Carolina remains in the number.

—A correspondent of the *Congregationalist* reports a great revival of religion at Plymouth, Mass. At least two hundred in the town have expressed hope, and a tremendous moral influence prevails in the community.

—Rev. Dr. Charles Elliott, formerly editor of the Pittsburgh *Christian Advocate*, and now editing the *Central Christian Advocate* at St. Louis, completed his three score years and ten on the 16th of May. The beginning of his spiritual life dates back fifty-one years. He has been forty-four years an itinerent, without a single month's rest at one time. He is now in his twenty-first year of editorial service and has accomplished a great amount of literary work.

—An informal meeting of some of the bishops and several leading ministers of the Southern Methodist Episcopal Church, was held in April in Atlanta, Ga. This meeting, we presume was held to consider matters that should have been transacted at the General Conference that *was to be* held in New Orleans in April last. It was resolved to postpone the meeting of the General Conference till April, 1863, unless the bishops should see it practicable to meet at an earlier date. The Publishing House at Nashville for the present to be managed by the General Book Agent and Publishing Committee as they may deem proper. The Nashville *Christian Advocate* and *Southern Christian Advocate* are to be united, and published in Atlanta, Ga., for the present.

LATE TELEGRAPHIC NEWS.

[FROM OUR EVENING EDITION.]

FROM PORT ROYAL.

The Battle near Charleston, S. C.

THE REPULSE OF OUR TROOPS.

668 KILLED, WOUNDED AND MISSING.

&c., &c., &c.

NEW YORK, June 27.—The steamer Philadelphia has arrived from Beaufort, and the Errickson from Key West, with dates to the 18th, and from Port Royal to the 23d. The latter brings 181 passengers, including Gen. Benham and staff, and 57 soldiers, wounded in the late engagement on James Island, near Charleston.

The account of the fight copied from the Charleston papers is correct.

The United States troops, under Gen. Benham, made an attack at 4 o'clock on the morning of the 13th inst., and were repulsed, after four hours hard fighting, with a loss of 668 killed, wounded and missing.

The Michigan 8th had but 250 men left at roll call. The New York 79th also suffered severely.

The Union troops were obliged to retreat under cover of the gunboats.

Col. Perry, of the 48th New York Volunteers, died at Fort Pulaski, June 18th, of apoplexy.

Gen. Brannan, from Key West, was expected daily at Port Royal.

The Ericson landed the 7th New Hampshire, four companies of the 19th New York, and four companies of the 1st regular artillery, at Port Royal.

The Newbern *Progress*, of the 21st, reports that the rebels at Kenston and Goldsboro are living on half rations, and frequently deserting. Their force is small.

The rebel pickets had burnt Tuscarora, and destroyed a portion of the railroad.

It is reported that fifteen rebels were killed at Fisherville by the accidental explosion of a shell, which had been thrown by one of our gunboats, but did not burst at the time it was fired.

From California and Oregon.

SAN FRANCISCO, June 22.—The Union Convention, called by the Republican State Central Committee, met at Sacramento on the 17th, and nominated John Sweet, of San Francisco, as the candidate for Superintendent of Public Instruction. No other State officers to be elected this year. The interest centers in the choice of members of the Legislature, which elect a United States Senator.

The Union Democrats will nominate their candidate by State Central Committee. They will make vigorous efforts to secure the control of the next Legislature.

The Breckinridge Democrats propose to abandon their organization.

Oregon dates to the 12th say there been had another heavy fresh, doing serious damage in the valley and other portions of that State. The business portion of Portland was entirely inundated.

Crowds of miners had commenced returning from Salmon river, representing that district as limited in extent, and over-crowded.

The total number of men which emigrated from California to British Columbia are estimated, since the year commenced, at 20,000.

Guerrillas in Missouri.

CHICAGO, June 27.—A special dispatch to the *Journal*, dated Quincy, says that the guerrilla parties which have been forming all winter in north-eastern Missouri are now in effective shape and well armed, having a number of small cannon. They number about 700. A part of this gang attacked a small force of State troops on Wednesday, near Monticello, killing eight and wounding a number mere. Guerrilla loss not ascertained.

Federal Troops in Arkansas.

MEMPHIS, June 25.—The Little Rock *Democrat* says there are in Arkansas some ten or twelve thousand Federals, scattered over a large extent of country. The largest body, numbering five or six thousand, is in the vicinity of Batesville. The latter advices say that they have crossed the White river and are retreating towards Missouri.

River News.

The river continues to recede slowly at this point with full six feet by the pier marks last evening. The weather remains clear and pleasant, and very favorable for business, which, we regret to say, was not very brisk.....There was not a single arrival beyond the regular packets, and the Cum. Perry, for St. Louis, was the only departure. She had a moderate freight list, with engagements below, and a fair number of passengers.....The Cricket, Undine and Parthenia, from Cincinnati, Marengo and Leonora, from Louisville, and Diadem from St. Louis, are due to-morrow and Monday. The Diadem will probably arrive to-day.....The Hastings left for Freedom yesterday, where she will be placed on the ways, for repairs and improvements. She will be ready to resume business again in a few days..... The keel boat men have it their own way on the Allegheny again, as it is entirely too low for steamers. The Leclaire, which steamer ran in connection with the Allegheny Valley Railroad, is now lying at the wharf, undergoing repairs.

TOOK THE OATH.—The Capt. of the steamer Glendale, took the oath of allegiance to the Government of the United States, at the Collector's office, yesterday. The strange, suspicious and most reprehensible fact that no boat did not carry the flag of the Union at Memphis, on her late appearance in that port, probably suggested the propriety of his taking the oath.—Cin. Com. of Thursday.

FOR CINCINNATI AND LOUISVILLE—The Globe, Capt. Anderson, will positively pass off to-day. The efcrks are Messrs. Porter and Baker.....The Silver Lake No. 3, Capt. Willoughby, will be ready to leave on Monday. The Veteran Skillon, still retains charge of the office.

FOR ST. LOUIS—The Shenango, Capt. French, will positively get off for St. Louis, this evening. She is an excellent boat, has good accommodations for passengers, and plenty of room for freight.

FOR WHEELING—The Minerva, Capt. Gordon, is the regular Wheeling packet for to-day, leaving at noon. Mr. Johnston the clerk, can always be found at his post.

AYER'S CATHARTIC PILLS.—Are you sick, feeble and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the precursors to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed to health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of those Pills will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well known public persons.

HEADACHE, SICK HEADACHE, FOUL STOMACH.

From Dr. Edward Boyd, Baltimore.

DEAR DR. AYER: I cannot answer you *what* complaints I have *cured* with your Pills better than to say *all that we ever cured with a purgative medicine*. I place great dependence on an effectual cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly.

PITTSBURGH, Pa., May 1, 1855.

DR. J. C. AYER—SIR: I have been repeatedly cured of the worst *headache* my body can have, by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.

Yours with great respect, ED. W. PREBLE,
Clerk of Steamer Clarion.

DYSENTERY, IMPURITY OF THE BLOOD.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

DR. AYER: I have found your Pills extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the best remedy I have ever known, and I can confidently recommend them to my friends.

Yours, J. V. HIMES.

BILIOUS DISORDERS—LIVER COMPLAINTS.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the liver very marked indeed. They have in my practice proved more effectual for the cure of *bilious complaints* than any one remedy I can mention. I sincerely pledge to them my best knight as purgative which is worthy the confidence of the profession and the people.

DEPARTMENT OF THE INTERIOR,
WASHINGTON, D. C., 7th Mo., 1855.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and do not hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of *bilious disease* so obstinate that it did not readily yield to them.

Fraternally yours, ALONZO BALL, M. D.,
Physician of the Marine Hospital.

WARSAW, Wyoming Co., N. Y., Oct. 24, 1855.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and *purify the fountain of the blood*. JOHN G. MEACHAM, M. D.

DYSENTERY, DIARRHŒA, RELAX, WORMS.

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for *bilious dysentery and diarrhœa*. Their sugar-coating makes them very acceptable and convenient for the use of women and children.

From Mrs. E. Stuart, Physician and Midwife, Boston.

I use one or two large doses of your Pills, taken at the proper time, are excellent promotives of the natural secretion when wholly or partially suppressed, and also very effectual to *cleanse the stomach and expel worms*. They are so much the best physic we have that I recommend no other to my patients.

CONSTIPATION, COSTIVENESS, SUPPRESSION RHEUMATISM, GOUT, NEURALGIA, DROPSY PARALYSIS, FITS, ETC.,

From Dr. J. P. Vaughn, Montreal, Canada.

Too much cannot be said of your Pills in the cure of *costiveness*. If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, unfortunately is enough in itself, is the progenitor of others that are worse. I believe costiveness to originate in the liver, but your Pills affect that organ and cure the disease.

From Rev. Dr. Hawkes, of the Methodist Episc. Church.

PULASKI HOUSE, SAVANNAH, GA., Feb. 6, 1855.

HONORED SIR: I should be ungrateful to the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in *chronic rheumatism*. Notwithstanding I had the best physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow but sure. By persevering in the use of them, I am now entirely well.

SEWARD CHASSER, Baton Rouge, La., Dec. 5, '55.

DR. AYER: I have been entirely cured, by your Pills, of *Rheumatic Gout*—a painful disease that had afflicted me for years. VINCENT SLIDELL.

☞Most of the Pills in market contain Mercury, which, although a valuable remedy in skillful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

Price, 25 cents per Box, or five Boxes for $1.

MISCELLANEOUS.

NORTHERN MISSOURI.

The Hannibal and St. Joseph R. R. Co. have for sale OVER 500,000 ACRES of the best PRAIRIE AND TIMBER FARMING LAND IN THE WEST, at low prices, on ten years' credit, at five per cent. interest. Twenty per cent is deducted for immediate payment in cash, or in the Land Bonds of the Company, *taken at par*. If payment is made within two years from date of purchase, with interest. At present, the market price of those bonds is from 70 to 80 per cent. below par, which affords an extraordinary opportunity to buy any of the Company's lands desired, very much below their value.

A FREE TRIP TICKET is given to Land Buyers, and they are charged only half freight on all building materials wanted from Hannibal for their improvements on land bought of the Railroad Company.

Inducements to emigrate to Northern Missouri, briefly stated, are as follows:

A mild, healthy climate, rich soil; cheap lands; the productions of which pay for them; expenses and improvements too, much within the limits of credit given; a larger variety of staple productions, embracing all cereals, hemp, tobacco, Chinese sugar cane,
