SANDS, NATHANS & CO'S.

AMERICAN CIRCUS,

AND

ELEPHANT EXHIBITION!

Will Perform in GETTYSBURG, On WEDNESDAY, SEPT. 9th, 1857

THE leading feature of this grand Exhibition is the unrivaled performance of the *Wonderfully Educated Elephants*, VICTORIA AND ALBERT! whose unequalled feats have been the wonder and delight of thousands upon thousands in the Paris, London, New York and Philadelphia Theatres. They exhibit the *most Astonishing Display of Animal Training and Instinct ever beheld.*

They have been taught to ascend an Inclined Plank, only NINE INCHES in width, a distance of 30 yards, where one of them will BALANCE HIMSELF ON HIS HEAD! *upon a Pedestal not over a foot in Diameter.*

They will also perform a great variety of FEATS OF POSTURING, GYMNASTICS, DANCING, WALTZING, MARCHING, &c., such as have never been attempted in America, and have been the Wonder and Amazement of the world for the last two years.

These perfectly and surprisingly trained Elephants, both of whom are quite young, were brought out to this country in March last, by Mr. R. SANDS, personally, who purchased them at an almost incredible cost—bidding over the greatest wild beast proprietor in Europe—while they were performing an engagement at the Port St. Denis, Paris. Their indefatigable trainer, MONS. LAGRANGE, accompanies the Elephants and superintends their performances.

Particular Notice.

The Proprietors do most positively and unequivocally assure the public, that these extraordinary Elephants WILL PERFORM ALL that is announced or illustrated by cuts on their bills, and that all the Feats thus illustrated in the engravings and described, ARE ACTUALLY DONE.

In the Equestrian and Acrobatic Departments, the Proprietors confidently recommend to the notice of the public the names of Mons. FERANTE, and his accomplished pupils, the German Acrobats, Herr VOLKMAN and MON CASTLE.—Mme. LOUISE BROWER, the accomplished Equestrienne.—Mr. J. J. NATHANS, with his talented lad PHILO.—Mr. WM. AYMAR, the Equestrian Grotesque.—JESSE SANDS, the favorite pupil of Mr. R. Sands, the most accomplished rider of the age.—Mr. GEO. SERGEANT, the Graphic Scenic Rider, and a host of other artists of distinguished abilities.

Among the comic features of the entertainment will be introduced the two celebrated

PERFORMING ZEBRAS!

Trained in a most wonderful manner by C. H. BASSET.

Beautiful displays of VAULTING, TUMBLING, SOMERSETTING, &c., by the Troupe, in which the whole gymnastic strength of the company will appear.

The performances will be accompanied with OTTO TORENE'S N. Y. CORNET BAND.

The Entertainment will conclude with the Romantic Legend of

MAZEPPA;

OR THE WILD HORSE OF TARTARY.

CLOWNS—MESSRS. BROWER & AYMAR.

With Several Able Assistants.

☞ In the forenoon a splendid PROCESSION OF ELEPHANTS with the magnificent BANDO-WAGON, drawn by a Team of Six Horses, will parade through the principal streets.

ADMISSION, 25 CENTS. NO HALF PRICE!

Doors open at 2 and 7½ P. M. Performance half an hour afterwards.

Will perform at GETTYSBURG, Wednesday, Sept. 9th; at HANOVER, Friday, Sept. 8th.

Diamond Tonsor.

JOHN W. TIPTON, *Fashionable Barber and Hair Dresser*, can at all times be found prepared to attend to the calls of the people, at the *Temple*, in the Diamond, adjoining the County Building. From long experience, he flatters himself that he can go through all the ramifications of the Tonsorial Department with such an infinite degree of skill, as will meet with the entire approbation of all who may submit their chins to the keen ordeal of his razors. He hopes, therefore, that by his attention to business, and a desire to please, he will merit as well as receive, a liberal share of public patronage. The sick will be attended to at their private dwellings.

A Medical Revolution!

THE WORLD EXAMINED!

Holloway's Ointment.—THE GREAT CURE. INSTANT relief—the virus of disease forthwith takes its way to the internal organs through the pores of the skin. This benefactor of mankind, rubbing under the hand, and is rubbed in, is absorbed through the sanguiferous, and reaching the seat of inflammation, or disease, and invariably eradicates it, whether located in the kidneys, the liver, the lungs, or any other important organ. It penetrates the system to the interior, through the cuticle and tissues, and communicates with the skin as nature intended. Thus the foulest ulcers, diffusing its soothing and healing influence.

Skin Diseases and Sore Legs.

Everybody knows that inferior irritation is quickly produced by the anti-inflammatory action of this Ointment. Angry Eruptions, such as Salt Rheum, Erysipelas, Blotches, Scald Head, Nettle Rash, Scaly Itch, Scald Head, Nettle Rash, Scaly Itch, and Mercurial Inflammation, endorsed application. Humanity sanctions in all parts of the world its unfailing ability in diseases of the skin, the muscles, the lungs and the glands.

Ulcers, Sores, and Tumors.

The effect of this ointment and internal remedy upon scrofulous and other virulent ulcers and sores, is astonishing. In first stimulating healthy action, the healing properties of the ointment are so well and remarkably manifested.

Wounds, Bruises, Burns, and Scalds.

All irregularities and minute accidents are the difficult and troublesome evils of the sick, removed or prevented by a few doses of this mild, but infallible alterative. No mother who regards her own or her children's health should fail to have them within her reach.

Scientific Endorsement.

Hover's Liquid Hair Dye.

THIS HAIR DYE needs only a trial to satisfy all of its perfection as a *Dye*, and the following testimonial from that eminent Analytic Chemist, Professor Booth, of the U. S. Mint, will only confirm what thousands have previously borne testimony to.

"LABORATORY FOR PRACTICAL CHEMISTRY, ST. STEPHEN'S PLACE.

Philadelphia, Feb. 17th, 1857.

"Being well acquainted with the substances composing *Hover's Liquid Hair Dye*, I am satisfied that by following the simple directions given for its use, it will not injure the Hair or Skin, but will give a *natural and durable color to the Hair.*"

HOVER'S WRITING INKS, including *Hover's Fluid* and *Hover's Indelible Inks*, are too well known and introduced to require any additional testimony of their character. CONSUMPTION

And all Diseases of the Lungs and Throat are Positively Curable by Inhalation,

WHICH conveys the remedies to the cavities in the lungs through the air passages, and coming in direct contact with the disease, neutralizes the tubercular matter, allays the cough, causes a free and easy expectoration, heals the lungs, purifies the blood, imparts renewed vitality to the nervous system, giving that tone and energy so indispensable for the restoration of health. To be able to state confidently that Consumption is curable by inhalation, is to me a source of unalloyed pleasure. It is as much under the control of medical treatment as any other formidable disease; ninety out of every hundred cases can be cured in the first stages, and fifty per cent. in the second; but in the third stage it is impossible to save more than five per cent., for the Lungs are so cut up by the disease as to bid defiance to medical skill.—Even, however, in the last stages, Inhalation affords extraordinary relief to the suffering attending this fearful scourge, which annually destroys ninety-five thousand persons in the United States alone; and a correct calculation shows that of the present population of the earth, eighty millions are destined to fill the Consumptive's grave.

Truly the quiver of death has no arrow so fatal as Consumption. In all ages it has been the great enemy of life, for it spares neither age nor sex, but sweeps off alike the brave, the beautiful, the graceful, and the gifted. By the help of that Supreme Being from whom cometh every good and perfect gift, I am enabled to offer to the afflicted a permanent and speedy cure in Consumption. The first cause of tubercles is from impure blood, and the immediate effect produced by their deposition in the lungs is to prevent the free admission of air into the air cells, which causes a weakened vitality through the entire system. Then surely it is more rational to expect greater good from medicines entering the cavities of the lungs than from those administered through the stomach; the patient will always find the lungs free and the breathing easy after inhaling remedies. Thus, Inhalation is a local remedy, nevertheless it acts constitutionally, and with more power and certainty than remedies administered by the stomach. To prove the powerful and direct influence of this mode of administration, chloroform inhaled will entirely destroy sensibility in a few minutes, paralyzing the entire nervous system, so that a limb may be amputated without the slightest pain; inhaling the ordinary burning gas will destroy life in a few hours.

The inhalation of ammonia will rouse the system when fainting or apparently dead. The use of many of the medicines is impossible in the skin a few minutes after being inhaled, and may be immediately detected in the blood. A convincing proof of the constitutional effects of inhalation, as the fact that sickness is always produced by breathing foul air—is not this positive evidence that proper remedies, scientifically prepared, and judiciously administered through the lungs should produce the happiest results? During eighteen years' practice, many thousands suffering from diseases of the lungs and throat, have been in my care, and I have effected many remarkable cures, even after the sufferers had been pronounced in the last stages, which fully satisfies me that consumption is no longer a fatal disease. My treatment of consumption is original, and founded on long experience and a thorough investigation. My perfect acquaintance with the nature of tubercles, &c., enables me to distinguish readily the various forms of disease that simulate consumption, and apply the proper remedies, rarely being mistaken even in a single case. This familiarity in connection with certain pathological and microscopic discoveries, enables me to relieve the lungs from the effects of contracted chests, to enlarge the chest, purify the blood, impart to it renewed vitality, giving energy and tone to the entire system.

Medicines with full directions sent to any part of the United States and Canadas by persons communicating their symptoms by letter. But it would be more certain if the patient should pay me a visit, which would give me an opportunity to examine the lungs and enable me to prescribe with much greater certainty, and then the cure could be effected within my seeing the patient again.

To Those Who Want Farms,

A FARM WITHIN THE REACH OF EVERY MAN.

THE RIDGWAY FARM COMPANY has made arrangements by which all who desire to settle or purchase a home can do so.

The Farms consist of the best limestone soil of the *most superior quality* for farming, in a rapidly improving place, into which an extensive emigration is now pouring. The property is located in Elk county, Pennsylvania, in the midst of a thriving population of some 10,000. The climate is perfectly healthy, and the terrible plague of the western fever is unknown. It also has an abundance of the best quality of Coal and Iron. The price to buy it out is from $3 to $20 per acre, payable by instalments, to be located at the time of purchasing, or a share of 25 acres entitling to locate the same for $300, payable $6 per month, or 12½ acres payable $3 per month. Discount—for every sum of $100 and under, paid in advance, a discount of 8 per cent. will be allowed, and for over $100 a discount of 10 per cent.

In considering the advantages of emigrating to this locality the following are presented:

First—The soil is a rich limestone, capable of raising the heaviest crops, owing to which this settlement has attained its present great prosperity.

Second—It is the centre of the great North West Coal Basin, and is destined soon to become one of the greatest business places in the State. It will supply the great Lake market, (according to population and trav
