New Settlement.—A new settlement has been started at Hammonton, New Jersey, which for success and progress rivals anything we have heard of in the West. There is a large emigration having objection to the West on account of unhealthfulness, distance and association, which embraces this new enterprise. The land is in a genial climate, and the soil is said to be amongst the best Jersey soil. Jersey, as will be seen by the agricultural statistics at the Patent Office, is the first agricultural State in the Union for the value of its products. Hammonton is within thirty miles of Philadelphia by railroad, and enjoys one of the best markets in the Union. The tide of emigration to this place is immense, as well from the West as from the North. Many of the best grape growers of Ohio have located, with a view to making wine. To judge of its progress, the population one year ago is numbered at only five persons; it now numbers over eight hundred souls, has one hundred and twenty-five buildings, three stores, two churches, Episcopal and Methodist, steam mill, brick yard, marble yard, public school, newspaper, &c., some twenty-five miles of new roads opened, six square miles being improved, a new railroad station, and all the elements of an old place. We are satisfied that this place must possess merit from its unparalleled progress.—*Philadelphia Evening Bulletin.*

☞A lady having written a letter concluded as follows: Give everybody's love to everybody, so that nobody may be aggrieved by anybody being forgotten by somebody.

FARM LANDS FOR SALE 25 miles from Philadelphia by Railroad in the State of New Jersey. Soil among the best for Agricultural purposes, being a good loam soil, with a clay bottom. The land is a large tract, divided into small farms, and hundreds from all parts of the country are now settling and building. The crops can be seen growing. Terms from $15 to $20 per acre, payable within four years by instalments. To visit the place—Leave Vine St. Wharf at Phila at 7½ A. M. by Railroad for Hammonton, or address R. J. Byrnes, by letter. HOLLOWAY'S PILLS.—A disease without a name.—How often do we see persons gradually pining away without pain or any distinct indications of disease! They grow more feeble day by day, their appetite declines, they lose all interest in business, and with lack-lustre eyes and cadaverous complexions, move mechanically from place to place, the very impersonations of hopeless misery. For want of a better name we call this atrophy, or marasmus, or general weakness and debility. Now learn how it may in all cases be cured. A course of Holloway's Pills will infallibly rekindle the sinking physical energies of the patient, rouse his whole organization to healthy action, and produce a complete revolution in his feelings as well as his frame. Their alterative and renovating properties can only be realized by those who have experienced their effects.

THE HAMMONTON FARMER, a newspaper devoted to Literature and Agriculture, also setting forth full accounts of the new settlement of Hammonton, in New Jersey, can be subscribed for at only 25 cts. per annum.

Inclose postage stamps for the amount. Address to *Editor of the Farmer*, Hammonton, Atlantic county, New Jersey. Those wishing cheap land, of the best quality, in one of the healthiest and most delightful climates in the Union, see advertisement of Hammonton Lands.

☞So, then, our neighbor has left the way of "single misery," and taken unto himself a "better half." We commend the step, and tender the happy twain our best wishes for their future happiness.

It must not be thought, however, that because Mr. McIlhenny has made a sensible move in the way of matrimony, that the political ways of the "Star" are to be at all mended.—It would be almost as difficult to stem Niagara as to convince the management of that paper that "a white man is as good as a nigger"—even "if he behaves himself."

WISTAR'S BALSAM OF WILD CHERRY. One of the proprietors of the Traveller was entirely cured of a severe cough of four months' continuance, by the use of this Balsam, and several of our friends and acquaintances, who have tried the article, have found it of great service in relieving them of severe coughs and shortness of breathing, with which they had been afflicted."—(From the Boston Evening Traveller, Jan 6.

Railroad Bonds!

A RARE CHANCE FOR INVESTMENT.—The Gettysburg Railroad is nearly completed, and the Company have still a few more Bonds to sell. These Bonds are secured by a mortgage on the whole length of the road, the Buildings and all its property, including the unfinished State work west of Gettysburg to the Maryland line. There can be no doubt of the security of the investment. The Bonds bear interest at the rate of 6 per cent. per annum, payable semi-annually, and the Company are disposing of them at 80 per cent. of their par value. These Bonds are free from all local Taxes, and at the rate they are selling, yield to the holder 7½ per cent. per annum, clear of all Taxes. Persons desiring any of them must attend to it soon. For any information call on the undersigned, or any of the officers of the Company.

Hammonton Lands,

NEW ENGLAND SETTLEMENT.—HAMMONTON, NEW JERSEY.—Twenty miles Farms in a healthy place, *twenty-five miles from Philadelphia*, on the Camden and Atlantic railroad, New Jersey. An old estate has recently been opened for sale, and the first division of 10,000 acres divided up into farms of twenty acres and upwards. The soil is of *the best* quality for the production of fruits, grains, &c. The price is $15 to $20 per acre, payable in easy quarter yearly instalments, within a term of *four years*, with interest. The terms are made easy, in order to insure the rapid improvement of the land, by enabling *every industrious man to buy a farm*. It is now being extensively improved by good roads, and some of the best citizens from New England and the Middle States are erecting large improvements. It is a scene of the greatest improvement out of Philadelphia. Seventy-five houses have been built in four months.—Practical farmers and business men from the length and breadth of the Union are settling there. It is an important business place, on account of its being in the midst of a great market. Every article raised upon this land finds an immediate sale. The water is excellent, and no such thing as fever is known.

The soil is a sandy or clay loam, with a *clay bottom* and *retentive* of manures. It is free of stones and easily worked. It abounds largely in the phosphates, and such is its fertility that from the crops produced both upon this land and the large area adjoining under cultivation, it will be found not to be excelled anywhere in the production of crops most adapted to its market.

The reader may be well aware that the earliest and the best fruits and vegetables come from New Jersey, which are annually exported to the amount of millions of dollars. The land, besides being accessible in every way for fertilizers, has an abundant supply of the best quality of muck manure.

Lumber and building materials can be had on the spot at a cheap price, from the mills. Other mills are now being opened, and brickyards being started on the ground. A person can put up a frame tenement for present convenience for one hundred dollars. On account of the extensive emigration, this is the best course to pursue in order to get a place to live in at first. Carpenters and builders are on hand to put up houses on the best terms.

In settling here the emigrant has many advantages. He is within a few hours' ride of the great cities in the Middle States and New England; he is near his old friends and associations; he is in a settled country, where every improvement and comfort of civilization is at hand; he is in a healthy place, and is not subject to the certainty of losing the greater part of his family and his own health by those malignant fevers which make the graves of so many millions of the young and hardy in far off regions away from home and friends. Besides, he has a mild climate and an open winter.

There are three trains daily to Philadelphia, and to all those who improve the railroad company gives a free ticket.

The reader will at once be struck with the advantages here presented, and ask why the property has not been taken up before.—The reason is, it was never thrown in the market; and unless these statements were correct, no one would be invited to examine the land before purchasing. This all are expected to do. They will see the land under cultivation; they will meet persons, no doubt, from their own neighborhood; they will witness the improvements and can judge of the character of the population. Persons should come prepared to purchase, as many are locating, and locations are not held on refusal.

The Hammonton Farmer, a monthly Literary and Agricultural sheet, containing full information of Hammonton, will be sent to each inquirer, and can be obtained at 25 cts per annum.

Title indisputable. Warrantee deeds given, clear of all incumbrance, when purchase money is paid. Route to the land:—Leave Vine street wharf, Philadelphia for Hammonton by railroad at 7½, A. M., and 3½, P. M.; when there inquire for Mr. Byrnes. Boarding convenient as will be found. Letters and applications can be addressed to S. B. COUGHLIN, 202 South FIFTH Street below Walnut, Philadelphia. Maps and information cheerfully furnished.

Valuable Farm and Mills!

AT PUBLIC SALE.—Noah Worman, vs. Samuel Bair, et others. No. 9, November Term, 1857. Writ of Partition. In pursuance of an Order of Sale in the above case, to me directed, will be exposed to Public Vendue, upon the premises, on *Saturday, the 16th day of October next*, the following described Real Estate, to wit:

A PLANTATION,

or Tract of Land, situate in the townships of Oxford and Mountpleasant, Adams county, adjoining lands of John Stack, Christian Zinn, Michael Levinstine, Joseph Stough, Charles Smith, and others, containing 206 Acres, more or less. The improvements are a One-and-a-half Story Stone Dwelling HOUSE, large Bank Barn, (stone and frame,) GRIST & MERCHANT MILL, with fine Water Power, a Saw Mill, Orchards of excellent fruit, Well of Water, and other improvements. A fair proportion of said tract is the best of Meadow, and about 75 acres are excellent Timber. This property is situated on Little Conowago Creek, which runs through the place, within three-quarters of a mile of New Oxford. The Railroad, connecting Gettysburg and Hanover with the Northern Central Railroad, passes through this property, upon which Cars are now running daily. The Mills are in complete order, with as good a run of custom as any Mills in the county, situated as they are in a fine grain growing region. The property will admit of division, and offers rare inducements for persons desirous of engaging in the business of farming, milling or merchandizing. Any information as to title, &c., can be obtained on reference to M. & W. McClean, Esqs., who have charge of the proceedings.

KEEP THE FLIES OFF.—Most magnificent assortment of Fly Nets at PICKING'S.

Fancy Furs,

FOR LADIES AND CHILDREN.—JOHN FAREIRA & CO., No. 818 (new no.) Market Street, above Eighth, Philadelphia—Importers, Manufacturers and Dealers in FANCY FURS, for Ladies and Children; also, Gent's Furs, Fur Collars, and Gloves. The number of years that we have been engaged in the Fur business, and the general character of our Furs, both for *quality and price* is so generally known througbout the Country, that we think it is not necessary for us to say anything more than that we have now opened our assortment of FURS, for the Fall and Winter Sales, of the largest and most beautiful assortment that we have ever offered before to the public. Our Furs have all been imported during the present season, when money was scarce and Furs much lower than at the present time, and have been manufactured by the most competent workmen; we are therefore determined to sell them at such prices as will continue to give us the reputation we have borne for years, that is to sell a good article for a very small profit.

Storekeepers will do well to give us a call, as they will find the largest assortment by far to select from in the city, and at manufacturers' prices. JOHN FAREIRA & CO.,

Philadelphia

COLLEGE OF MEDICINE, 214 South Fifth Street, below Walnut.—The TWENTY-THIRD session of this Institution will open on *Monday, October 11th*, 1858. The following are some of its advantages:

It is the only Institution in the City which furnishes its Students with Hospital Tickets and material for dissection without charge. The classes are examined daily by the Professors, who take a personal interest in the advancement and welfare of every Student.

A limited number of young men of restricted means will be received as beneficiaries; paying but $20 for a full course of Tickets. In all cases, the sons of physicians and of clergymen have preference.

An announcement containing every information will be sent free, on application to

B. HOWARD RAND, M. D.,
Dean of the Faculty.

Howard Association,

PHILADELPHIA.—A Benevolent Institution established by Special Endowment for the Relief of the Sick and Distressed, afflicted with Virulent and Epidemic Diseases.

In times of Epidemics, it is the object of this Institution to establish Hospitals, to provide Nurses, Physicians, Clothing, Food, Medicines, &c., for the sick and destitute, to take charge of the orphans of deceased parents, and to minister in every possible way to the relief of the afflicted and the health of the public at large. It is the duty of the Directors, at such times, to visit personally the infected districts, and to provide and execute means of relief. Numerous physicians, not being members of the Association, usually enrol their names on its books, subject to be called upon to attend its hospitals, free of charge.

In the absence of Epidemics, the Directors have authorized the Consulting Surgeon to give advice and medical aid to persons suffering under CHRONIC DISEASES of a virulent character, arising from abuse of the physical powers, mal-treatment, the effects of drugs, &c., &c.

Various REPORTS and TRACTS on the nature and treatment of Chronic Diseases, by the Consulting Surgeon, have been published for gratuitous distribution, and will be sent FREE of CHARGE to the afflicted.

Address, for Reports or treatment, Dr. GEORGE R. CALHOUN, Consulting Surgeon, Howard Association, No. 2 South Ninth Street, Philadelphia, Pa.

By order of the Directors,

EZRA D. HEARTWELL, Pres't.

GEO. FAIRCHILD, Sec'y.

More to be Admired

THAN THE RICHEST DIADEM ever worn by KINGS OR EMPERORS.—What I Why a Beautiful Head of Hair. Because it is the ornament *God Himself provided* for all our race. Reader, although the rose may bloom ever so brightly in the glowing cheek, the eye be ever so sparkling, the teeth be those of pearls, if the head is bereft of its covering, or the hair be snarled and shriveled, *harsh and dry*, or worse still, if sprinkled with gray, nature will lose more than half her charms. Prof. Wood's Hair Restorative, if used two or three times a week, will restore and permanently secure to all such an ornament. Read the following and judge. The writer of the first: *is the celebrated Pianist, Thalberg:*

NEW YORK, April 19, 1858.

PROF. WOOD: Dear Sir:—Permit me to express to you the obligations I am under for the entire restoration of my hair to its original color; about the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your "Hair Restorative" it soon recovered its original hue. I consider your Restorative as a very wonderful invention quite efficacious as well as agreeable. I am, dear sir, yours truly,

S. THALBERG.

PROF. O. J. WOOD: Dear Sir:—Some month or six weeks ago I received a bottle of your Hair Restorative and gave it to my wife, who concluded to try it on her hair, little thinking at the time that it would restore the gray hair to its original color, but to her as well as my surprise, after a few weeks' trial it has performed that wonderful effect by turning all the gray hairs to a dark brown, at the same time beautifying and thickening the hair. I strongly recommend the above Restorative to all persons in want of such a change of their hair. CHARLES CARDEW.

NEW YORK, July 25, 1857.

PROF. O. J. WOOD: With confidence do I recommend your Hair Restorative, as being the most efficacious article I ever saw. Since using your Hair Restorative my hair and whiskers which were almost white have gradually grown dark; and I now feel confident that a few more applications will restore them to their natural color. It also has relieved me of all dandruff and unpleasant itching, so common among persons who perspire freely. J. G. KILBY.

PROF. WOOD:—About two years ago my hair commenced falling off and turning gray; I was fast becoming bald, and had tried many Remedies to no effect. I commenced using your Restorative in January last. A few applications fastened my hair firmly. It began to fill up, grow out, and turned back to its former color, (black.) At this time it is fully restored to its original color, health, and appearance, and I cheerfully recommend its use to all. J. D. HOKS.

Chicago, Ill., May 1, 1857.

The Restorative is put up in bottles of 3 sizes, viz: large, medium, and small; the small holds ½ a pint, and retails for $1
