GAZZAM'S PATENT BEDSTEAD.

AN interested opposition to this invaluable article of Furniture has sprung up at the Cabinet makers of this and Allegheny city, and their number increases every day. Some have even attempted to make the vulgar impudence against Gazzam's patent, and they give Gazzam's Bedstead the preference, simply because it doesn't cost them the trouble of making their own bedstead. The following testimonial speaks for itself:

We the undersigned, practical cabinet makers of the city of Pittsburgh and Allegheny, do hereby certify that we have examined the patent bedstead made with Gazzam's Patent Fastenings, and consider the same superior to any fastenings now which we are acquainted with.
