GAZZAM'S PATENT BEDSTEAD.

An interested opposition to this invention of a Pittsburgh Mechanic, a member of the Cabinet makers of that and Allegheny city, and their numerous customers have shown themselves above the vulgar prejudice against improvements, and they give Gazzam's Bedstead the preference, simply because it deserves it, and is decidedly the most convenient Bedstead in use. The following testimonial speaks for itself—

We, the subscribers, practical cabinet makers of the cities of Pittsburgh and Allegheny, Pa., do hereby certify that we have bought the right to manufacture bedsteads with Gazzam's Patent Fastenings, and consider the same superior to any fastenings with which we are acquainted.

PATENT PRESS BRICK MACHINE

The subscribers having obtained a patent, May 16 1846, for a Press Brick Machine, and having since then been duly assigned to them the exclusive right and contract to deliver machines to any part of the United States. The machine is designed to make Brick from common clay, and will make 30,000 good smooth firm brick per day, sufficiently hard to stack up in the kiln; thus avoiding the expense and labor of the former clay, drying and handling the brick after being moulded. It is simple, strong, not liable to get out of repair, and requires but little labor. It can be taken to press and put together with great facility, has rendered its portable. We are now building machines, and can have them on short notice. For a full description we will refer to a machine now in successful operation at Mill creek bridge, on the road leading to Lancaster street, where we shall be happy to explain everything connected with it to all who may call. We have also prepared a pamphlet, which we will deliver to our address will be promptly attended to

BOLIVAR FIRE BRICKS.

EXTENSIVELY used and approved during the past two years, by the principal iron manufacturers in the western country, and throughout the interior of Pennsylvania, will be ready for delivery on the opening of Navigation. The material on which the reliability and superiority depends, is the fire clay, which we have brought from Maryland, where the discovery was first made—the finishing matter, with which it is ribbed and carefully prepared. They are then hydraulic pressed and compactly pressed by machinery, and moulds, patented, called the Bolivar Brick. & Co the proprietors, are prepared to maintain their acknowledged superiority.

Orders for mill or otherwise, will be promptly executed on application to J. M'AVARLAND

LITERARY INSTITUTIONS.

PITTSBURGH FEMALE INSTITUTE.

THIS Institution, under the care of Rev. J. M Gordon and Lady, in which all the solid and ornamental branches of a finished education are taught is now open for the reception of pupils at

No. 53, Irwins Row, Liberty Street,

between 3d and 4th streets. The Second Session will commence on Monday the 5th of February, and it is important that any who may design entering should be present as far as practicable either before or at that time.

They have secured the services of Professor RIDDOCK as teacher of Music on the Piano and Guitar, who is too well known to need recommendation. Also the services of Mons. CASIMIR LADREYT, author of "Chrestomathie de la Literature Francaise," and other valuable school books in his native language. Mons. L. is a graduate of the University and Normal School of Paris, and stands high as a teacher. Those who desire to obtain an accurate and thorough knowledge of the French Language would do well to place themselves under his instruction.

For terms, see Circular or apply to the Principal. 1271f

YOUNG LADIES' SELECT SCHOOL, ALLEGHENY CITY.

THIS Institution has but recently been opened under the tuition of Mr N. W. Metcalf, assisted by a corps of competent Teachers, and has rapidly increased in numbers, and now contains 100 pupils. The Second Session of the next Academic year, will commence on Monday, Feb 8th.

There are yet a few vacancies to be filled, but as the number of pupils is limited an early application is desirable. For particulars, relative to terms, &c., consult Circulars or apply to the Instructor. febtf
