FRIDAY MORNING, OCT. 29, 1852.

ADVERTIZE!—Executors, Administrators, Public Officers, City and Country Merchants, Manufacturers, Mechanics, Business Men—all who wish to procure or to dispose of anything—would do well to give notice of the same through the "*Lewisburg Chronicle*." This paper has a good and increasing circulation in a community containing as large a proportion of active, solvent, producers, consumers, and dealers, as any other in the State.

☞ See notice of excellent Limestone Farm with other New Advertisements.

☞ We have inserted in another column, *authentic* Tickets for the Presidential Electors of the two principal candidates, which Tickets may be cut from the sheet and deposited in the ballot-box, as each voter may prefer for himself.

☞ Next week's will doubtless contain the result of the Presidential contest.

☞ The alarm of Fire on Tuesday evening last proceeded from an extra heating of Mrs. B. Ammons' bake-oven.

☞ After next week, we shall have more room for Literary, News, and Agricultural matters.

☞ There have recently been a large number of Asiatic cases of Cholera, some of them terminating fatally, in and near Athens, Bradford county.

President Fillmore's Official Announcement of the death of Mr. Webster.

EXECUTIVE MANSION, WASHINGTON, MONDAY MORNING, Oct 25, 1852.

GENTLEMEN—The painful intelligence received yesterday, enforces upon me the sad duty of announcing to the Executive Departments the death of the Secretary of State. DANIEL WEBSTER died at Marshfield in Massachusetts, on Sunday, the 24th of October, between two and three o'clock *ﾥ the morning*.

Whilst this irreparable loss brings its natural sorrow to every American heart and will be felt far beyond our borders with mournful respect wherever civilization has nurtured men who find in transcendent intelligence and faithful patriotic service, a theme for praise, it will visit with still more poignant emotion his colleagues in the administration with whom his relations have been so intimate and cordial. The fame of our illustrious statesman belongs to his country; the admiration of it, the world. The record of his wisdom will inform future generations, not less than its influence has enlightened the present. He has bequeathed to posterity the richest fruits of the experience and judgment of a great mind conversant with the greatest national concerns. In these his memory will endure as long as our country shall continue to be the home and guardian of freemen.

The people will share with the executive departments in the common grief which bewails his departure from among us. In the expression of individual regret at this afflicting event the Executive Departments of the Government will be careful to manifest every observence of honor which custom has established as appropriate to the memory of one so eminent as a public functionary and so distinguished as a citizen.

The Acting Secretary of State will communicate this intelligence to the diplomatic corps near this government, and through our ministers abroad, to foreign governments.

The members of the cabinet are requested, as a further testimony of respect for the deceased, to wear the usual badges of mourning for thirty days. I am, gentlemen, your obedient servant,

MILLARD FILLMORE.

To the Acting Sec'y State, and the Secretaries of the Treasury, the Interior, War and Navy; the Attorney General and Postmaster General.

Public honors to Mr. Webster's memory have been paid or will be paid in many places. Mr. Winthrop and Mr. Crittenden have been spoken as his probable successors in the Department of State.

Borough Ordinance.

AT a Meeting of the Town Council of the Borough of Lewisburg, held the 9th of October, 1852, it was enacted—

That from and after the passage of this ordinance no person or persons will be allowed to put coal ashes or any other description of dirt or nuisance or obstruction of any kind upon any of the streets of this Borough or in any of the gutters or water courses thereof. If any person or persons shall hereafter so obstruct any of the streets, alleys, gutters or water courses of said Borough, such person or persons shall be liable to a fine of not less than one dollar nor more than five dollars for each offence. And further it shall be the duty of the High Constable to give notice to any person or persons who shall obstruct any of the streets, alleys, gutters of water courses, to remove said obstructions within five days from the date of such notice, and if the said obstructions are not removed within the time so specified, it shall be the duty of the High Constable to remove the same, the cost of such removal and the amount of fine or fines imposed, (which shall be determined by the Burgess and Town Council,) to be collected from the person or persons so offending.

EXTRAORDINARY CURES PERFORMED BY DOCTOR TRASK'S MAGNETIC OINTMENT.

The following facts are from a man of *established integrity*, who is a physician of extensive practice in the town of Amelia, Ohio:

S. Buell—Sir: I write to give you some account of the admirable effects produced by the use of Doctor Trask's Magnetic Ointment, in my own practice as a physician.—The following cases have all been under my own observation, and by my own prescription.

Case 1st. A Mrs. Moore, who was given up to die by *three* celebrated physicians, as being in the *last stage of consumption*, by the use of the Magnetic Ointment has regained her health, and is now as well as ever, and has been for the last six months.

Case 2d. Sometime in July last, I was called to see a Mrs. Allen, living some 21 miles distant. Her case had been given up by several physicians. She was first attacked by *inflammatory rheumatism*, followed by severe inflammation of the bowels. I arrived about 6 o'clock in the evening, and found her in a very dangerous situation, apparently on the brink of the grave. I commenced applying the Ointment freely to the stomach and bowels, attended with some simple remedies administered internally, and by morning I found her so much better that I found her so much better that I left for home, with directions to continue the use of the Ointment. She fully recovered in a few days, and is now enjoying good health.

Case 3d. A Mr. Winters had lost nearly all of his hair, had been *bald* for many years; by the use of *three bottles of the Magnetic Ointment, had his hair entirely restored*, and now has as beautiful a head of hair as any man could wish. His age is about 50 years.

Case 4th. A son of Mr. Warren of this town, 11 years of age, had been afflicted with the Asthma from his cradle. He had the benefit of the best medical advice that a loving and wealthy father could procure, without avail. It was one of the most aggravated cases I ever saw; he was emaciated almost to a skeleton. By the use of a few bottles of the Ointment he was *thoroughly cured*, and for 7 months past has enjoyed robust health.

Case 5th. This was an extreme case of *inflammation of the spleen*, of long standing; had a variety of treatment from no less than *eight* different physicians, without receiving benefit—was cured by the use of only four bottles of the Magnetic Ointment. This was four months ago, and the lady is Mrs. Quinlens, is still in good health and able to attend to her usual household duties. I have treated two cases of CANCER SORE EYES with the Ointment, both of the patients *so nearly blind*, as to need an attendant to lead them from place to place. One of them had been afflicted 18 years, the other about 9 years.—They had tried the best physicians in the State, without benefit; and one of them had been under the treatment of the celebrated Doct. Muzzy, of Cincinnati, for eighteen months and had expended hundreds of dollars in vain efforts to effect a cure. They are now by use of the Magnetic Ointment nearly or quite cured; and are able to read and attend to any ordinary business. I have used the Ointment in a number of cases of Piles, and in *no case has it failed of giving immediate relief and generally a permanent cure*. I have also used it beneficially in several cases of ERYSIPELAS. And last but not least, I have within the last year cured four cases of CANCER by the use of the *Magnetic Ointment* alone!!

From a thorough trial of the Ointment in nearly every disease for which it is recommended, I can confidently recommend it to be one of the most useful remedies ever offered to the public.

Resp'y yours, BURTON HUBBELL, M. D.

$500 CHALLENGE.

WHATEVER concerns the health and happiness of a people, is at all times of the most valuable importance. I take it for granted that every person will do all in their power to save the lives of their children, and that every person will endeavor to promote their own health at all sacrifices. I feel it to be my duty to solemnly assure you that WORMS, according to the opinion of the most celebrated Physicians, are the primary causes of a large majority of diseases to which children and adults are liable. If you have an appetite continually changeable from one kind of food to another, Bad Breath, Pain in the stomach, Picking at the Nose, Hardness and Fullness of the Belly, Dry Cough, Slow Fever, False Ravenous—remember that all these denote WORMS, and you should at once apply the remedy—

HOBENSACK'S WORM SYRUP.

An article founded upon scientific principles, compounded with purely vegetable substances, being perfectly safe when taken, and can be given to the most tender infant with decided benefial effect. Where Bowel Complaint and Diarrhoea have made them weak and debilitated, the tonic properties of my Worm Syrup are such, that it stands without an equal in the catalogue of medicines in giving tone and strength to the stomach, which makes it an Infallible remedy for those afflicted with *Dyspepsia*. The astonishing cures performed by this Syrup after Physicians have failed, is the best evidence of its superior efficacy over all others.

THE TAPE WORM!

This is the most difficult Worm to destroy of all that infest the human system. It grows to an almost indefinite length, becoming so coiled and fastened in the intestines and stomach, effecting the health so sadly as to cause St. Vitus Dance, Fits, &c. that those afflicted seldom if ever suspect that it is *Tape Worm* hastening them to an early grave. In order to destroy this worm, a very energetic treatment must be pursued; it would therefore be proper to take 6 to 8 of my Liver Pills, so as to remove all obstructions, that the Worm Syrup may act direct upon the worm, which must be taken in doses of two tablespoonfuls three times a day; these directions followed have never been known to fail in curing the most obstinate case of *Tape Worm*.

HOBENSACK'S LIVER PILLS.

No part of the system is more liable to disease than the Liver, it serving as a filterer to purify the blood, or giving the proper secretion to the bile; so that any wrong action of the Liver effects the other important parts, of the system, and results variously, in Liver Complaint, Jaundice, Dyspepsia, &c. We should, therefore, watch every symptom that might indicate a wrong action of the Liver. These Pills being composed of *Roots and Plants* furnished by nature to heal the sick, namely, 1st, *An Expectorant*, which augment the secretion from the pulmonary mucus membrane or promotes the discharge of secreted matter. 2nd. An *Alterative*, which changes in some inexplicable and insensible manner the certain morbid action of the system. 3d. A *Tonic* which gives tone and strength to the nervous system, renewing health and vigor to all parts of the body. 4th. A *Cathartic* which acts in perfect harmony with the other ingredients, all operating on the bowels, and expelling the whole mass of corrupt and vitiated matter, and purifying the blood, which destroys disease and restores health.

TO FEMALES.

You will find these Pills an invaluable medicine in many complaints to which you are subject. In obstructions either total or partial, they have been found of inestimable benefit, restoring their functional arrangements to a healthy action, purifying the blood and other fluids so effectually as put to flight all complaints which may arise from female irregularities, as headache, giddiness, dimness of sight, pain in the side, back, &c.

None genuine unless signed J. N. HOBENSACK, and others being base imitation.

The late disastrous Fire gives fresh evidence of the reliance to be placed in "OLIVER EVANS' FIRE PROOF SAFES."

No. 61, South Second St., Philadelphia.

We take pleasure in stating that we had one of Oliver Evans' Fire-Proof Safes in our store during the Great Fire at HART'S BUILDINGS, which, when taken from the ruins and opened, was found to have preserved our books, papers &c. *entirely uninjured*. GETZ & BUCK.

My store was entered by burglars, and failing to pick the lock of my iron safe they tried to blow it open with powder, but no loss or injury was sustained. It was purchased of O. Evans, 61 South Second St. Philad.

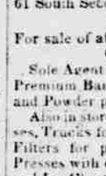
PAINTING and CHAIR MAKING.



HAVING bought the shop, materials, and good will, lately of JOHN HERTZ, at the upper end of Market St., the subscriber is now prepared to execute work in his line,

AT THE OLD STAND,

with care, correctness, and despatch. As he has had a good training in the business, both in Danville and in Lewisburg, he is confident that he can do good work, and hopes to receive a liberal share of patronage and pay.

Orders respectfully solicited—and good work done at fair prices—by the public's servant to please JOHN B. CUTLER.

Important to Farmers and Housekeepers!

HICKOK'S PATENT CIDER MILL.

IN all former times it was supposed that a large quantity of Cider could be made only by using a ponderous machine, that slowly crushed the apples without grinding them fine. They were then made into a massive cheese in straw, and a most severe and long pressure was required to extract a portion of the cider, a considerable portion being absorbed by the straw and the mass of pomace, and to obtain this unsatisfactory result the farmer had to take all his hands and perhaps his six horse teams and devote a whole day that could have been more profitably employed, to make from six to twelve barrels of cider. To obviate the difficulty the farmers have heretofore labored under,

This Machine

has been invented, and the statement of a few facts may prove that it is not only the *Best Machine* of the kind in existence, but that it is the most *profitable* that a man can have on his farm. The apples are by this machine grated up into a fine pulp, so that it requires but a comparatively light pressure, and that but a minute or two, to extract all the cider, it being ascertained by practical experiment that *One Fourth* more can be obtained than by the old process. Besides this it requires only two hands to grind and make up into cider a larger quantity of apples than can be possibly made on the old-fashioned machines. On this press, owing to the compactness of the pomace in the tub and the complete manner in which it is ground, a pressure of three to five tons—which can be easily obtained—will produce a more favorable result than one hundred tons pressure on the ordinary cider press, even if the apples were ground as finely as on the improved Mill; and if the apples were merely crushed as on the Nut machine, it would require a pressure of two hundred tons to produce the result accomplished by this Patent Mill. The following are adduced as decided advantages of this machine:

First—It makes more Cider than any other press, with a given quantity of apples, in a given time, and with much less labor and expense.

Second—It makes cleaner and sweeter Cider than any other machine.

Third—You can make your Cider as you want it, and when you want it—and in quantities from one gallon to six or twenty barrels.

Fourth—With it you can press your Currants, Cherries, Berries, Cheese, Butter, Lard and Tallow.

Fifth—With it you can save ONE FOURTH of your time in making Apple Butter.

Sixth—With it you can grind or chop your Apples, Potatoes, Turnips, Beets, Carrots, or Pumpkins, for Cattle.

Seventh—By its use you can at all times have FRESH and SWEET Cider.

The price of the Cider Mill, with right to use the same on any one farm, is $35. Price of the Root Cutting Grinder, $5.

The size of this Machine is about 2 by 4 feet and weight about 200 pounds. It may readily be taken to the cellar, door-yard, kitchen, barn-floor, or orchard, as may be most convenient.

For State, County or Township rights, &c for Grants to make machines in certain territory for stated period address (post paid)

W. O. HICKOK, Harrisburg, Pa.

☞ Persons in Union and the upper part of Northumberland counties, and in Penns and Brush valleys, Center county, can procure the above Machines on application to

H. C. HICKOK.
