OFFICE PITTSBURGH GAZETTE, }
Monday Morning, August 2. }

The weather continues very pleasant, and the river is still in fine navigable order. There is five feet fall in channel, and falling slowly. Business on Saturday was quite fair, and there was considerable done on the wharf in the way of shipping.

The arrival of the steamer Washington at New York, brings the news of an advance in Flour and Grain in England, and the effect is seen in a slight advance in our own market.

Flour—The market remains firm with no material change in prices. We quote sales in a general way from store at $4.25@4.37½. Also a sale of 250 bbls at $4.50, cash, which is the best sale we have reported for several days; 4.25, we think, may be given as the present average price in our market. Very little is brought in at present, and the supply is market limited, which will have a tendency to keep the prices firm as above quoted, if indeed an advance in the article should not take place.

Cornmeal—The market continues dull—sales at 60@65c p bu. The demand is limited, and the article dull as above quoted. 591 bbl arrived by river on Saturday, intended, principally, for the eastern markets.

Wheat—Very little is demand, and is held in store at 87@90, at which rates buyers are scarce.

Corn—The market is dull, and sales slow at 37@40 cents p bu, at which rates the article is held.

Oats—Sales in a regular way at 25 to 26c p bu—Market dull, and the sales little inquired after.

Rye—The article is held, without sales, at 40@45 cents. No demand in the market.

Provisions—The market is quiet, and prices firm.

Bacon—Cash sales of 1600 lbs at 8 to 6½c p lb; 2000 lbs Sides in different lots at 7¾ to 8¼—Shoulders at 6½ to 6¾—Hog round at 7¾ to 7¾—not much in the market.

Lard—Regular sales at 8¼ to 9c p lb—receipts light.

Cheese—Sales are made in a general way at 6¼@6¾ from store; from first hands at 5 to 5¾.

Rice—In demand at 6¼ to 6½c p lb. The market is becoming bare, and the article tending upwards.

Molasses—No sales of consequence. N O is in demand at 35@36c p gall—prices firm.

Pig Metal—We quote sales of 250 tons, in differ ent lots at $31 to 32 p ton, 4 and 6 mos; 220 tons Mahoning at $32, 6 mos; and 120 tons Helen at $30 p ton, 6 mos.

It is supposed that the recent rise in the rivers may bring down two thousand tons of metal to market. These 2000 tons the American supposes to have been made since the 20th of July, and by the fall flood that between five and six thousand tons will be received from the Allegheny and Clarion. The amount consumed in this city is about 5000 tons p month, and add to the list of March nest is eight months, requiring 40,000. The amount on hand at the different Mills and foundries may be estimated at 12,000 tons. The amount received from the Allegheny by the above estimate is a little over 2000 tons, leaving a balance of over 20,000 tons to be furnished by Hanging Rock, Cambria and Mercer counties.
