NO MORE SIXPENNY WATER CURES ROPABLE!

DR. SHERMAN'S WATER CURE ESTABLISHMENT—NORTHAMPTON, Mass.

Dr. EDWARD E. DYNAMOND, Resident Physician.

This delightful establishment is situated about half a mile from the beautiful village of Northampton, and at a distance of about 2½ feet above the Connecticut River, which it overlooks. The grounds surrounding the Establishment, comprise forty acres, which are entirely appropriated to the use and pleasure of the Patients. Amidst the beautiful grounds, which extend towards numerous foot paths, exquisitely shaded and adorned with beautiful and pleasant walks for nearly five miles.

The handsome and commodious buildings of the establishment are located upon the eastern brow of the hill, and overlook one of the most enchanting landscapes in the world. Hadley, Amherst, Sunderland, Leverett, Shutesbury, Pelham, and the Connecticut and Hadley, is the village of Northampton, with its numerous and handsome dwellings, amidst the dense foliage of lofty and overhanging elms. Further on to the east are the Mountains of Northampton and Hadley, dressed in the velvet vesture of Spring or the variegated habiliments of Autumn. Midway, for miles, north and south, extends the smooth and glassy surface of the Connecticut, slowly winding its way to the ocean. On the north, in immediate prospect is the village of Hatfield with its rich and beautiful farms; on the east is the flourishing village of Hadley, and also of Amherst with its College, while in the distance, with the aid of a glass, may be seen in extensive and greatly diversified range of country. On the south-east, at about 10 miles distance is Mount Holyoke, in form of a lofty circus, conspicuous for its rich and delightful prospect, and a little beyond, is seen the pleasant village of South Hadley; on the south, we behold at about 4 miles distance, the majestic Mount Tom, and the charming village of East Hampton, with its elegant school edifice; while, in the west, the eye delights in considering all the scenes, which, and infinitum, farms, scattered, cottage, hillside, &c. Price Sixpence per box. Pamphlets containing testimonials, &c., gratuitously distributed by the agents. General Depot, for the United States and Canada, 172 Fulton st. New York.

WHO WILL DO IT?—Don't be so miserably poor, and have the dictates of your conscience, and so many thousands there are, who for the paltry sum of 50 cts. or $1 dollar, are willing to remain dead for years, and yet is no more strange than true! Notwithstanding a number of their friends and acquaintances have been perfectly cured by the use of Dr. Sage's Acoustic Oil, and letters and certificates of undoubted authority may be daily examined at the store of Dr. Dr. Sage's, 2 South Third st. Philadelphia, where the medicine is for sale; yet because there is a little possibility of its failure, they continue to suffer on rather than risk a trifle, and be miserable themselves.—*Phil. MEDICAL.

DR. TOWNSEND'S SARSAPARILLA

Most extraordinary Medicine in the World!

This extract is yet in its vast power; it is so sure that it *never fails*, pleasant, and warranted superior in any cold. It cures without vomiting, purging, sickness or disgusting nauseating.

GREAT SPRING AND SUMMER MEDICINE

The great beauty and superiority of this Sarsaparilla over all other Medicines is, while it Eradicates Disease it invigorates the Body. It is one of the very best SPRING AND SUMMER MEDICINES ever known, it not only purifies the whole system and strengthens the person, but it *Creates New Pure and Rich Blood*; a power possessed by no other Medicine. And in this lies the great secret of its wonderful success. It has performed within the last two years, more than 20,000 cures of *Severe Cases of Disease*; at least 5,000 of them were considered incurable. More than

2,000 cases of Chronic Rheumatism;
2,000 cases of Dyspepsia;
800 cases of Dropsy Debility and Want of Energy;
7,000 cases of different Female Complaints;
2,000 cases of Scrofula;
1,000 cases of the Liver Complaint;
9,000 cases of Disease of the Kidney and Dropsy;
3,000 cases of Consumption;

And Thousands of cases of Disease of the Blood, viz: Ulcers, Erysipelas, Salt Rheum, Pimples on the Face, &c.; &c. Together with numerous cases of Sick Headache, Pain in the side and Chest, Spinal Affections, &c., &c.

This, we say, will, must appear incredible, but we have letters from physicians and our agents from all parts of the United States, informing us of extraordinary cures. R. Van Dusbiln, Esq., one of the most respectable druggists in Newark, N. J., informs us that he can refer to more than 150 cures in that place alone. There are thousands of cases in the City of New York, which we will refer to with pleasure, and to men of character. It is the best medicine for the prevention of disease known. It undoubtedly saved the lives of more than

5,000 CHILDREN THE PAST SEASON!

As it removed the cause of disease, and prepared them for the Summer season.

CAPT. G. W. MCCLAIN, OF THE UNITED STATES NAVY, and member of the New Jersey Legislature, has kindly sent us the following certificate. It tells its own story.

HAWNAY, Jan. 23, 1847.

A year since I was taken with the influenza, and my whole system left in a debilitated state. I was induced to try Dr. Townsend's Sarsaparilla, and after taking two or three bottles, I was very much relieved, and attribute it entirely to the said Sarsaparilla. I have continued taking it, and find that I improve every day. I believe it saved my life, and would not be without it under any consideration.

SCROFULA CURED.

This certificate is conclusively proves that this Sarsaparilla has perfect control over the most obstinate disease of the blood. Three persons cured in one house is unprecedented.

PHILADELPHIA, Dec. 1, 1846.

Dr. TOWNSEND—Dear Sir: I have the pleasure to inform you that three of my children have been cured of your excellent medicine. They were afflicted very severely with bad sores, have only taken four bottles; it took them every way for them, I feel myself under deep obligation. Yours, respectfully,

ISAAC W. CRAIG, 105 Wooster st.

GREAT FEMALE MEDICINE.

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for incipient Consumption, Barrenness, Leucorrhœa, or Whites, obstruction of Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or causes, produced by Imprudence, Hypocrisy or accident.

Nothing can be more convincing than its invigorating effects on the human frame. Persons, all weakness and exhaustion, from taking it, at once become robust and full of energy under its influence. It immediately restores the vigor and freshness of the female frame, which is the great cause of barrenness.

It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted, that hundreds of cures have been effected, either using a few bottles of this invaluable medicine, or taking the medicine by advice.

Dr. Townsend: My wife being greatly distressed by weakness and general debility, and suffering continually pain and a sensation of bearing down, before her female weakness, and with other difficulties, and having known cases where your medicine has effected great cures; and she having recommended for such cases; I has described, I obtained a bottle of your Extract of Sarsaparilla, and followed the directions you gave me. In a short period it removed her complaints and restored her health, being grateful for the benefit she received, I feel pleasure in the publication of the following lines, which you may use as you think proper.

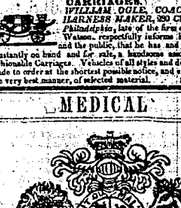
MEDICAL.



GREAT ENGLISH REMEDY

For Coughs, Colds, Asthma, and Consumption!

THE GREAT AND ONLY REMEDY for Colds, Coughs, Asthma, and CONSUMPTION, is the HUNGARIAN BALSAM, which is now prepared by the sole lessee Dr. Buchan, of London, England, and introduced into the United States under the immediate superintendence of the proprietor.

The extraordinary success of this medicine, in the cure of Pulmonary diseases, which have been so prevalent in this country, has induced the proprietor to offer it to the public, at the very low price of 25 cts. per bottle, that the poor as well as the rich may have the means of cure.

If this will be of any service to you or your family, doubts the success of the medicine, you are authorized to use it.

I subscribe myself your most obedient, and humble servant,

S. S. JACKSON.

TO MOTHERS AND MARRIED LADIES.

This Extract of Sarsaparilla has been so generally prepared in reference to female complaints. No few are who have cause to suppose she is approaching that critical period, "The turn of life," should neglect to take it, as it is certain preventive for any of the numerous and painful diseases to which females are subject at this time of life. This period may be delayed for several years by using it in medicine. Nor is it less valuable as a tonic when the system is relaxed, for it is calculated to assist nature by quickening the blood and invigorating the system. Indeed, this medicine is invaluable for all of the disease diseases to which women are subject.

It brows the whole system, it acts purely upon the natural energies—by removing the impurities of the body—so far stimulating the system as to produce a substantial vigor, which is the cause of most and diseases—taken for female weak ness and disease.

GIRLS READ THIS.

You who have pale complexions, dull eyes, blotches on the face, rough skin, or freckles, and are "out of spirits," will a bottle or two of Dr Townsend's Sarsaparilla. It will cleanse your blood, remove the freckles and blotches, and give you animation, sparkling eyes, fine skin, and beautiful complexion—all of which are of inestimable value to numerous fair ladies.

DYSPEPSIA

No field or medicine has ever been discovered which so nearly resembles the gastric juice or acid as in decomposing food and strengthening the organs of digestion, as this preparation of Sarsaparilla.

BANK DEPARTMENT, Albany, May 16, 1845.

Dr Townsend: Sir—I have been a Sufferer for several years with dyspepsia in its worst forms, attended with such loss of appetite, loss of strength, and a general aversion to all kinds of food, and for weeks (what I could eat,) I have been unable to retain but a small portion of my stomach, I tried almost every thing within my reach but little or no effect is removing the complaint. I was induced, about two months since, to try your Extract of Sarsaparilla, and I assure my wife that I have taken only twenty two bottles, I found my appetite restored, and the disorder entirely removed. I would cheerfully recommend the use of it to those who have be so afflicted as I have been. Yours, &c.,

W. W. VAN ZANDT,

ALMOST A MIRACLE.

Read the following, and doubt if you can, that consumption cannot be cured. This is but one of the several hundred cases that Townsend's Sarsaparilla has cured:

Dr Townsend: Dear Sir: I was taken, a little over a year ago, with a severe cough and pain in my side. It increased so very fast, indeed, I was pronounced by physicians to have the quick consumption. I had lost my appetite (almost) and entire, had night sweats, and sinking very fast; my friends and he could do nothing for me. I went into the hospital in hopes of being benefitted, but was pronounced there in fever state. I was now greatly distressed at the hospital and could hardly get a conveyance home, which I reached in a day; was confined to my bed, and, was obliged to have watchers, instead I cannot give you my description; that would, as pain is to pain, be tedious. I was expected by my friends to be past recovery; I had tried a great number of remedies, and as I seemed to be no purpose, I tried one more, and the first dose gave me relief; I persisted in using it, and, as I tell you the truth, I expected there was some humbug in them. But I was induced to try the 3d, and saw very plainly that I did. I cannot say that I am entirely well, but am so far recovered as to be about my business, and hope to be entirely well in a few weeks. Strength, and appetite for the old and night sweats have left me, and I can but very little, and I am feel gaining my usual strength. I felt it a duty to give you a statement of my case, that others may profit by it if you please.

DR. SWAYNE'S GREAT DISCOVERY.

The great Remedy for

Consumption, Coughs, Colds, Asthma, Bronchitis, Liver Complaint, Spitting Blood, Difficulty of Breathing, Pains in the Side and Breast, Palpitation of the Heart, Indigestion, Complete Prostration, Sore Throat, Nervous Debility, and all diseases of the Throat, Breast and Lungs; the most efficacious and speedy cure ever known for any of above diseases, is DR. SWAYNE'S

COMPOUND SYRUP OF WILD CHERRY.

ANOTHER LIVING WITNESS.—Read with astonishment the wonderful cure performed by Doctor Swayne's Compound Syrup of Wild CHERRY:

PHILADELPHIA, January 23, 1847.

Dr. Swayne—Dear Sir: In justice to yourself and a duty I owe to suffering humanity, I cheerfully give my testimony, and declare to the world the most astonishing effects, and the great cure your Compound Syrup of Wild Cherry performed on me, under the most unfavorable circumstances. I was taken with a violent Cough, Spitting of Blood, severe Pains in the Side and Breast, which seemed to break down and enfeeble my constitution, so that my physician thought my case beyond the power of medicine, and my friends all gave me up to die; but thanks to you and the effects of your great discovery, I now feel myself a well man, and raised from a mere skeleton to a healthy and healthy a man as I have been for years, and shall be pleased to give any information respecting my case, by calling at my residence, Mechanic street, third door below George street, Northern Liberties. JACOB FAUSTER.

Testimony is now received from all quarters of the Globe.

The following letters are presented with a view of more fully showing the opinions of Physicians in relation to the Medical value of Dr. SWAYNE'S COMPOUND SYRUP OF WILD CHERRY.

Dr. Swayne—Dear Sir: Having used your Compound Syrup of Wild Cherry, extensively in my practice, I was requested by your Agent, Doctor Crutcher, to express my opinion in writing of its properties as a remedial agent, I most cheerfully comply, as I feel, by so doing, I will discharge a debt I owe the cause of humanity, and the profession in particular. As much as I detest Quack Nostrums and Patent Nostrums, I was induced, from a failure of the most potent expectorants, recommended in such cases, to prescribe your Syrup, in a case of Pulmonary Consumption, attended with Diseased Lungs, to try your preparation of Prunus Virginiana, Cherry, Cod Liver Oil, &c. It is sufficient to say that it was so much relieved, that I ventured to use it in subsequent trials, that I now prescribe it in preference to all other Remedies where an expectorant is indicated. In the much dreaded Pneumonia or Disease of the Lungs, I have used your Syrup, which it appears in Kentucky, I regard it as an invaluable Remedy in the treatment of that disease. To all who know me and my mode of practice, this may be add by persons out of the vicinity of Frankfort, I will briefly add, that I have been engaged in an active practice of my profession 12 years, and am the inventor of several Medicines, in proof of the wonderful properties of the above named medicine.

We the undersigned, having visited Mr. Isaac Brown, Jr., at the office of Messrs. Rowand and Walton, 376 Market street, Philadelphia, consider his case the most remarkable one we have ever witnessed or heard of.

His disease was SCROFULA, and terrible must have been his twelve years' conflict with the destroyer!

Blind Blate, the entire roof of his mouth, Nose, Upper Lip, and lower Lid of the Right Eye have been destroyed, his Face nearly eaten up, and part of the Bone of his Nose, also carried away. And yet we can give no description of his case.

Mr. B. informs us that in January last, the whole interior of his mouth, as well as most of his face was a mass of festering and painful ulcers!

On the 14th of January last, he commenced taking Dr. GULLEN'S INDIAN VEGETABLE PANACEA, and from that time the cure has progressed without intermission.

New flesh has supplied the place of the decayed one, and though badly disfigured, his face is sound, and his general health is restored.

We are assured that in the treatment of Mr. Brown's case, no Mercurial preparations, or Caustic applications have been used—in fact, the PANACEA ALONE, has wrought this wonderful change
