OFFICE PITTSBURGH GAZETTE, Saturday Morning, August 21.

The weather continues cool and delightful for out door business

The river is receding slowly, with about three ft five inches water in channel. Many of the middle class boats have been performing their regular trips to ports below; but should the river continue to fall, they will, in a few days, have to yield the trade to the smaller class of boats again, of which there is a sufficient number in waiting to forward with despatch all freight that may be ready for transportation. The depart at the East need have no fears either in regard to the low water, or any change in the rates of freights.

Our markets, generally are dull; and since our last report only a regular business has been done, without any change in the prices.

Flour—The market continues very quiet; and prices are without change. We hear of regular transactions from store, at $4.62, 4.75 and 4.87½ ⅌ bbl. None is coming in, and, as a consequence, the supply is growing lighter, and the prices tending upward.

Grain—The demand in our market is limited, and none arriving. Small supplies are held in store at 85 to 90c ⅌ bu. Rye—We note sales 100 bu at 50c 56c. Not much in demand. Corn—We hear of sales of 500 bu at previous prices, 37 and 40c. Oats are dull, presenting only moderate sales at 22@25c ⅌ bushel.

Bacon—We notice further sales as follows—500 lbs hams at 9c—1000 lbs shoulders at 6⅞ to 7c—800 lbs sides at 8⅛@8½, and 2000 lbs hoground at 8 to 8½ ⅌ lb. The article is firm at these prices, with no prospect of change, unless it be in the advance.

Cheese—Sales of 50 bxs at 6½ to 6¾, and moderate sales new milk cheese at 7c ⅌ lb.

Salt—Sales 300 bbls at the canal at $1.06, and 100 bbls delivered at 1,12½ ⅌ bbl.

Groceries—Market steady, and former prices fully sustained; no sales worth reporting.

The Albany Evening Journal has compiled, from returns made to the Comptroller, the following statement, showing the condition of the Banks of the state on the 1st of August:—

The following table will show the amount of breadstuffs shipped from New York, Philadelphia, Baltimore and New Orleans, from the 1st of September, 1846, to the 30th July 1847, and from the latter date to the 13th of August, the great bulk of which was to Great Britain and Ireland.

P. S.—For other particulars, see lithographic bills, at the hotels, steamboats, &c., and if this be not convenient then take for granted the following facts, viz:

That Eucalapia is nearer the Ohio river than any other watering place—that it has the purest mountain air—the most delightful, cold, limpid, sparkling, sulpher water—the hottest, coldest, clearest, purest, pleasantest and most efficacious chalybeate fountain in the U. States—that it is surrounded by mountain scenery, with romantic, picturesque and diversified, with good fishing, shooting, fox chasing, deer racing, &c. &c., together with good eating, drinking, sleeping, walking, riding, dancing, shaking off the blues, outgrowing the dyspepsia, talking, laughing, growing fat, loving to stay, dreading to go away, promising to come again—to bring friends, neighbors, sisters, wives, sweet hearts, &c. &c. and after all it is cheaper staying at Eucalapia than at any other of the fashionable watering places.

This is the voice of hundreds who have been there and mean to go again. jy12d6m
