MEDICAL.

DR. TURNBULL'S

SARSAPARILLA

Celebrated Family Medicine in the World.

This extract is put up in Quart bottles; it is not time-changed, fermented, nor watered, requiring to any cold. To cures, Rheumatism, Fever, Shaking, sickness or de Mitchell, Jan. 1, 1847.

GREAT SPRING AND SUMMER MEDICINE,

The great healthy and salutary effects of this Sarsaparilla are not confined to, which is Eradicating Disease it invigorates the Body. It is one of the very best SPRING AND SUMMER MEDICINES ever known; it not only purifies the whole system and strengthens the person, but it *Creates New Pure and Rich Blood*; a power possessed by no other medicine. And to this the great success of its vendors has been owing. It has performed within the past two years, more than 10,000 cures of *Severe Cases of Disease*; of at least 5,000 of them cured or considered incurable. More than

1,000 cases of Chronic Rheumatism;
1,000 cases of Dyspepsia;
500 cases of General Debility and Want of Energy;
1,000 cases of different Female Complaints;
1,000 cases of the Liver Complaint;
1,000 cases of Disease of the Kidney and Dropsy;
2,000 cases of Consumption;

and Thousands of cases of Disease of the Blood, viz: Ulcers, Eruptions, Salt Rheum, Pimples on the Face, &c., &c. To gether with numerous cases of Sick Headache, Pain in the Side and Chest, Spinal Affections, &c., &c.

This, we are sure, is the upper incredible, but we have letters from physicians and our agents from all parts of the world, fully corroborating so of our testimony cures. N. Y. Dentists, Doc. one of the most respectable druggists in New-York, N.Y., believe so that he can refer to more than 100 cures in his place alone. There are thousands of cases in the City of New York, which we will refer to with pleasure, and to men of character. It is the best medicine for the blood and for disease known. It undoubtedly saved the lives of more than

4,000 CONSUMPTIVES LAST SEASON!

As it removed the cause of disease, and prepared them for the Consumption cases.

CAPT. UNITED STATES OFFICER.

CAPT. O. W. MCLEAN, OF THE UNITED STATES NAVY, and member of the *New Jersey Legislature*, has kindly sent the following certificate. It tells its own story.

NEWARK, Jan. 23, 1847.

I have for years been troubled with the Liver Complaint, and my whole system left in a debilitated state. I was induced to try Dr. Turnbull's Sarsaparilla, and after taking two or three bottles, I was much relieved, and attribute it entirely to the said Sarsaparilla. I have continued taking it, and find, that it improves every day. I believe it saved my life, and would say it without it under any consideration.

O. W. MCLEAN, late U. S. N.

SARSPRILLA COMES

This certificate conclusively proves that this Sarsaparilla Sarsaparilla cured the most obstinate disease of the blood. These persons cured in one house is unprecedented.

Philadelphia, Dec. 1, 1846.

Dr. TURNBULL'S Dear Sir: I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very badly, and had tried many other medicines before. It took three bottles of your Sarsaparilla, and they have enjoyed good health ever since. I cheerfully recommend your Sarsaparilla to all who may be afflicted in the same way.

MARY WEBB, 1031 Wooster st.

New York, March 3, 1847.

GREAT FEMALE MEDICINE.

Dr. Turnbull's Sarsaparilla is a sovereign and speedy remedy for Female Complaints, Leucorrhea, or Whites, obstructed or difficult Menstruation, Incontinence of Urine, Prolapsus or Falling of the Womb, Pain in the Back, Weakness of the system—no matter whether the result of internal cause or exposure, produced by irregularity, illness or imprudence.

Nothing can be more surprising than its invigorating effects on the human frame. Persons, at all, weakness and low spirits, feel lively, and become robust and full of energy under its influence. It immediately counteracts the worst symptoms of the female frame, which is the great cause of beauty.

It will not be repeated of us, in case of so delicate a nature, to publish the particulars of cures performed, but we can assure the delicated, that hundreds of cases have been reported to us. Several ministers' families have been cured, and their wives have used many bottles of this invaluable medicine, have been filled with healthy offspring.

Dr. Turnbull:—My wife being greatly distressed by weakness and general debility, and suffering continually by pain and sensation of bearing down, falling of the womb, and other female difficulties, was induced to try your medicine, which your medicine has effected great cures; and she has used it with great benefit, and I have therefore, I obtain for her a bottle of your Extract of Sarsaparilla, and followed the directions you gave us. In a short period it removed her complaints, and restored her health. Being grateful for the benefit she received, I take pleasure in publishing it, and recommending it to the public. M. D. MEADE, Albany, Aug. 17, 1844. Cor. of Grand and Lydius sts.

CHARLESTON, Sept. 29, 1845.

Dr Turnbull: To all whom this may concern—This is to certify that my wife used one bottle of your Sarsaparilla for a severe cough, which she had contracted, under most alarming and delicate circumstances, being troubled with the dropsy, exhaustion of the feet, nervous affection and very severe debility. Her health was restored, and the consumption of those who had and if, she was induced to try it, with little or no hope; but to her great relief, it proved to be a most powerful and effect, not only in the hours of confinement, but after the expiration of one week of its use, the dropsy and nervous affection were by no astonishing degree, and her health is now better than it had been for a long time previous.

If this will be of any service to you or any one who desires the success of the medicine, you are entirely welcome to it.

I subscribe myself your most obedient and obliged servant.

S S JENKINS.

TO MOTHERS AND MARRIED LADIES.

This Extract of Sarsaparilla has been in use for years in private practice, with unexampled success. No female who has reason to suppose she is approaching that critical period, "The period of life," should neglect to take it, as it is a certain preventative for any of the sensations and horrible distress to which females are subject at this time of life. This period is the most critical of female life, and should be guarded with care. It is less valuable to those who are approaching childhood, as it is calculated to assist nature by quickening the blood and invigorating the system. Indeed, this medicine is invaluable for all of the delicate diseases to which women are subject.

If ever the whole system, reserve permanently the natural energy, by removing the impurities of the body—and for a delicate female, this is the only medicine to be relied on, which is the case of most families taken for female weakness and disease.

GIRLS READ THIS.

You who have pale complexions, dull eyes, blotches on the face, rough skin, or feel weak, low spirited, out of spirits, take a bottle of Dr Townsend's Sarsaparilla. It will cleanse your blood, remove the freckles and blotches, and give you a fair complexion, bright eyes, and a healthy and active mind—all of which are of immense value to unmarried ladies.

DYSPEPSIA.

No field or medicine has ever been discovered which so nearly resembles the gastric juice of the liver or saliva in decomposition of the organs of digestion, as this preparation of Sarsaparilla.

MASS DEPARTMENT, Albany, May 10, 1843.

Dr Townsend:—Sir—I have been afflicted for several years with dyspepsia in its worst form, attended with nervous debility, costiveness, extreme nervousness, and a great aversion to all kinds of food, and for weeks (what I could eat) I have been unable to retain it on my stomach. I tried the usual remedies, but they had but little or no effect in removing the complaint. I was induced, about two months ago, to try your Sarsaparilla, and I can say with little confidence, but rather more than half a bottle, I found my symptoms lessened, and the nervous affection entirely removed. I would earnestly recommend the use of it to those who have been afflicted as I have been. Yours, &c., W. W. VAN ALSTYNE.

Nov 28, 1846. Staten Island.

ALMOST A MIRACLE.

Read the following letter and decide if you are, that consumption cannot be cured. This is only one of the several hundred cures that Townsend's Sarsaparilla has cured:

Albany, Dec. 1, 1844.

Dr Townsend:—Dear Sir: I was taken, a little over a year ago, with a severe cough and pain in my side. It increased so much that I was unable to work. I was pronounced by physicians to have the quick consumption. I raised large quantities of foul matter, and night sweats, and was sinking very fast. Your agent recommended your Sarsaparilla for me. I went into the hospital in hopes of being benefited, but was pronounced there incurable. I was very greatly discouraged at the time and actually thought I was beyond cure, and expected to die; you endeared to you, and was obliged to leave the hospital. I then got your Sarsaparilla and commenced taking it, and was enabled to walk to your store, I was supported by my friends to be paid recovery; I tried a great number of remedies, but all seemed to do me no good. I read of some most extraordinary cures performed by your medicine, and to tell the truth, I thought it was a humbug. I obtained a bottle of your Extract of Sarsaparilla, and followed the directions you gave me. In a short period it removed the cough, and I commenced my health. Being grateful for the benefit she received, I take pleasure in publishing it, and recommending it to the public. M. D. MEADE, Albany, Aug. 17, 1844. Cor. of Grand and Lydius sts.

I obtained a bottle of your Extract of Sarsaparilla, and followed the directions you gave me. In a short period it removed the cough, and I did, and am very thankful I did. I cannot say that I am entirely well, but feel so far improved as to be able to work, and expect to be entirely well in a few weeks. My cough and pain in the side, and night sweats have left me, and I can now walk very little, and have regained my usual strength. I felt it a duty to give you a statement of my case, to publish if you please.

Persons Recovered, 57 Little st, Brooklyn.

Opinions of Physicians.

Dr Townsend's Sarsaparilla is now daily receiving orders from physicians in different parts of the Union.

This is to certify that we, the undersigned, Physicians of the City of Albany, have frequently prescribed Dr Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations of the Sarsaparilla in the market.

F E MILLSPAUGH, M D.

Albany, April 1, 1845.

This is to certify that we, the undersigned, practicing Physicians of the City of Albany, have frequently prescribed Dr Townsend's Sarsaparilla, and from its known qualities, would recommend it to the public as the most valuable preparation of Sarsaparilla in the market.

A W BEARDS, M D,
J V N YATES, M D,
J N McNAMARA, M D,
Albany, April 9, 1844. Corner Broadway and Beaver st.

Prepared and sold by the Proprietor, 183 Fulton st, New-York, and by Druggists generally throughout the United States. Price Dollar and Half a Dollar.

Dr Townsend's Sarsaparilla is put up in the large square bottles, with a white wrapper and signed with the written signature of the proprietor, SAMUEL W. TOWNSEND, in blacker letters on the Glass.

From the New York Daily Express of April 9, 1847.

A pretty thing happened to the drawer yesterday. It was the arrival of a large quantity of Extract Sarsaparilla of Dr Townsend. The whole thing is put up in good taste; some of the wrappers and bottles are very handsome. The bottles, together with the wrapper, are gilded, glittering in the sun, make a show enough to attract attention in Broadway. We take the opportunity to say, that we have used some of the Sarsaparilla because the very great popularity it has acquired.

Nervous Debility.

NEW YORK, March 27, 1847.

Dr. Townsend:—I have been afflicted more or less for 3 years, with a dreadful sinking in the chest, giddiness in the head, loss of appetite, pain in the back, and general debility. I was induced to try your Sarsaparilla, and have found it to be the most valuable medicine I ever used. I feel as if the coming of the cold had which I was subject to in my business as a dyer. I have taken other medicines, but never found any to do me so much good. I have used two bottles of your Sarsaparilla, for which I found great relief. I have of your Sarsaparilla, from which I found great relief. I have taken three bottles of your Sarsaparilla, and I am substantially my self. I feel as if I could do a day's work. I have no hesitation in recommending your Sarsaparilla to the best medicine I have ever taken—the pain in my chest is gone, and I feel quite a different man. Whether cured or not, I feel quite a different man. Whether cured or not, I feel quite a different man. Whether cured or not,
