NEW SKIRTS FOR 1865-6

The Great Invention of the Age in

HOOP SKIRTS.

J. W. BRADLEY'S New Patent Duplex Elliptic, or double, Spring Skirt.

THIS INVENTION consists of DUPLEX (or two) Elliptic Pure Refined Steel Springs, ingeniously braded tightly and firmly together, edge to edge, making the tought est, most flexible, elastic and durable Spring ever used. They seldom bend or break, like the Single Springs, and consequently preserve their perfect and beautiful Shape more than twice as long as any single Spring Skirt that Ever Has or Can be made.

The wonderful flexibility and great comfort and pleasure to any Lady wearing the Duplex Elliptic Skirt will be experienced particularly in all crowded Assemblies, Operas, Carriages, Railroad Cars, Church Pews, Arm Chairs, for Promenade and House Dress, as the Skirt can be folded when in use to occupy a small place as easily and conveniently as a Silk or Muslin Dress.

A Lady having enjoyed the Pleasure, Comfort and Great Convenience of wearing the Duplex Elliptic Steel Spring Skirt for a single day will Never afterwards willingly dispense with their use. For Children, Misses, and Young Ladies they are superior to all others.

THE HOOPS are covered with 2 ply double twisted thread and will wear twice as long as the Single yarn covering which is used on all Single Steel Hoop Skirts. The three bottom rods on every Skirt are also Double Steel, and twice or double covered to prevent the covering from wearing off the rods when dragging down stairs stone steps, &c., &c., which they are constantly subject to when in use.

All are made of new and elegant Corded Tapes, and are the best quality in every part giving to the wearer the most graceful and perfect Shape possible, and are unquestionably the lightest, most desirable, comfortable and economical Skirt ever made.

Tobacco, Snuff, and Segars.

Having been duly appointed a "Committee of Six," to proceed to parts beyond these diggins, to procure for the citizens of Butler, and all others who may favor him with a call, the choicest articles in his line, would respectfully represent: that in pursuance of his appointment, he has been successful in collecting "full specimens" of the best articles ever found in Butler! He would also further represent: that he feels grateful to the public for the favors conferred upon him, in "days gone by," and hopes he will merit a continuation of their patronage in "days that are to come."

In conclusion, he begs leave to make the following remark: that he has a little the best articles in his line, that are to be found from the "centre to the circumference" of Pennsylvania, and indeed, he might safely add, the United States of North America, the British Possessions, or the Californias, including the mouth of the Colon bia river, all along the coast of Oregon, up as high as the parallel of "Fifty Thousand Forty-Fo!" He HUMBLY solicits the custom of all the "*Dear People*" of Butler, or any way farring man who may chance to make his transit across the disc of Butler, or sojourn within her borders for "a season," feeling confident he will give satisfaction, both as regards price and quality. Come and examine for yourselves! Don't put it off!! Procrastination is the thief of time!!!

AN INFALLABLE CURE FOR

RHEUMATISM.

TO those who think and reflect. Now my brother, sister or friend, as the case may be, all that I ask of you is, that with a clear mind, and a pure heart—a love for truth, and a willingness to accept it, you read the following:—

I am curing quite a number of cases of Rheumatism every year, and now I intend to make it known generally through the medium of newspapers. I have confined my medicine principally to my own neighborhood for a considerable length of time, in order to test its merits thoroughly, and now I can offer it to the public with a certainty of its success, knowing that a trial will recommend it. I do not recommend it to cure anything but RHEUMATISM—for which I have tested its merits thoroughly, with satisfaction to myself and others. I can send my compound by mail to any address; home recommendations, as to who I am. I refer the public to S. Lowest and P. Krouse, of Richland tp., Venango co., Pa., C. Sloan, S. Ross, and B. F. Camp, of Emlenton; Mrs. Breneman, Garlon; Mrs. M. Loudner Salem; and Mrs. M'Ginnis, Richland tp., Clarion co., Pa., and a host of others who have been cured by my vegetable compound. Add ess. with two 3 cent stamps,
