MEDICAL.

DR. TOWNSEND'S
SARSAPARILLA
Most Extraordinary Medicine in the World.

This extract is put up in Quart bottles; it is not times cheaper, dearer, and warranted superior to any said. It cures disease without vomiting, purging, sickness or delay. Mitigating the cure.

GREAT SPRING AND SUMMER MEDICINE

The great beauty and superiority of this Sarsaparilla over all other Medicines in which it Eradicates Disease it invigorates the Body. It is one of the very best SPRING AND SUMMER MEDICINES ever known; it not only purifies the whole system and strengthens the person, but it Creates New, Pure and Rich Blood, a power possessed by no other Medicine. And in this lies the grand secret of its wonderful success. It has performed within the past two years, more than 25,000 cures of Severe Cases of Disease; at least 3,000 of these were considered incurable. Many thousands

3,000 cases of Chronic Rheumatism;
1,000 cases of Dyspepsia;
7,000 cases of General Debility and Want of Energy;
7,000 cases of different Female Complaints;
5,000 cases of Scrofula;
1,200 cases of the Liver Complaint;
2,500 cases of Disease of the Kidney and Dropsy;
1,000 cases of Consumption;

and Thousands of cases of Disease of the Blood, viz: Ulcers, Erysipelas, Salt Rheum, Pimples on the Face, &c. &c. To persons with numerous cases of Sick Headache, Pain in the Side and Breast, Spinal Affections, &c., &c.

This, we are aware, must appear incredible, but we have letters from physicians and our agents from all parts of the Union, giving a history of extraordinary cures. R. Van Buskirk, Esq., one of the most respectable druggists in New York, says he has sold more than twelve to more than 150 other druggists, and he has never heard of one but what was in the place since. There are thousands of cases in the City of New York, which we will refer to with pleasure, that have been cured by Christie's. It is the best medicine for the Prevention of disease known. It undoubtedly saved the lives of hundreds last year.

5,000 CHILDREN THIS YEAR SAVED!

As it removed the cause of disease, and prepared them for the Scarlet Fever.

UNITED STATES OFFICE.
CAPT. G. W. MCCRACKEN, of the United States Navy, and member of the New Jersey Legislature, has kindly sent me the following certificate: It tells its own story.

RAHWAY, Jan. 23, 1847.

A year since I was taken with the Influenza, and my whole system fell in a debilitated state. I was induced to try Dr. Townsend's Sarsaparilla, and after taking two or three bottles, I was very much relieved, and attribute it entirely to the Sarsaparilla. I have continued taking it, and feel that I never enjoyed better health. I believe it saved my life, and would not be without it under any consideration.

G. W. MCCRACKEN, late U. S. N.

SCARLET FEVER, CORK, &c.

This certificate is conclusively proves that this Sarsaparilla is the powerful counteract over the most obstinate disease of the human system, and that it is in our homes is unprecedented.

TRUSS CHILDREN.

DR. TOWNSEND.—Dear Sir: I have the pleasure to inform you that three of my children have taken your Sarsaparilla for Scarlet Fever, and it has proved a most excellent medicine. They were attended by Dr. Bond, of New York, and he has been appointed sole Agent for the United States, by Dr. Bonheyden, of Paris. W. the only surgeon in this country who is authorized to vend this invaluable medicine, as the following letter will show:

(Translated from the French.) PARIS, June 10th, 1847.

DR A C MORTIMER—Dear Sir—According to the agreement entered into between us, I wish by this letter to give you that written authority to sell throughout the United States, my Remedy for relieving the pains and dangers incident to pregnancy and child birth, which I have discovered, and which have to satisfy the public of its genuineness and purity. As you are aware the exposure of the medicine to the influence of the sea air obliged me to send it to you in slight vessels. I have also sent with it a specimen of the manner in which it is put up in Paris. In the manner labeled with it to appear in the United States. Sir, with great respect I remain yours, P. E. BORDELOQUE, M. D.

P. S.—I also send you a copy of a letter received by me from the Royal Academy of Science, in Paris.

(Translated from the French.) Paris, June 25, 1846.

TO M. BORDELOQUE—Sir—The commissioners of the Academy have appointed the undersigned to report on the merits of the remedy laid before us by you (for relieving the pains and dangers incident to pregnancy and child birth.) Several eminent Surgeons have already submitted to the Academy the results of their experience in the use of your remedy, we have to try it before you; believing it to be the best we can do, to claim a distinction; and of its decided superiority over the public could have wished. Whatever influence this body may possess on the manners of the profession will exerted to further the adoption of this remedy into general use, which is a scientific discovery and an unfailing remedy, it so richly deserves. Night Physicians having used this medicine, each in fifty cases of delivery, found it entirely successful in promoting a speedy and easy delivery, free from pain and danger. With the exception of three patients of Dr Brisset's there was a perfect immunity from any subsequent weakness or disease; one of those three a laboring woman who had not slept for nearly fifty hours previous to delivery, was taken immediately after that event with a profuse hemorrhage, which was with difficulty arrested. The other two had malformations of the pelvis, were in no other relief of pain. These two exceptions is so great a number of cases as four hundred, show the undoubted efficacy of your remedy, and have determined us to give it that recommendation and approval which is due to it, and the furtherance of scientific medicine (Signed) L. MAGENDIE, M. D.

Com. of the Commissioners of the R. Academy of Sciences.

MEDICAL.

DR. SWAYNE'S
COMPOUND SYRUP OF WILD CHERRY.

A certain and safe cure for coughs, colds, asthma, liver complaint, spitting blood, pains in the side or breast, nervous debility, whooping cough, bronchitis, CONSUMPTION or any disease of the lungs or breast. Reader are you suffering with a cold or disease of the lungs, try this remedy, you will not say, I hope regret it.

It will arrest all those disagreeable symptoms which make such terror to the mind, & prolong your days. Beware of all preparations purporting to contain Wild Cherry, except that bearing the signature of Dr. H. Swayne on the outside wrapper of each bottle, as they are quite likely destitute of the article from which they borrow a name.

Read what it has done!

50,000 DEATHS BY CONSUMPTION

Would perhaps be a small estimate for the ravages of this dreadful disease in a single year, then add the last stages of Pregnancy, certain plants which have the faculty of imparting that degree of tone and elasticity to the nerves and blood, remedy of the Ulcers, or Womb which enables it to perform its functions in all their native simplicity of action and freedom from pain.

It is a singular fact, also, that the Indian women of North America are in a remarkable degree free from those pains and dangers of pregnancy and child birth to which the white women are subjected. Whether they use the same plants as do the women of Asia we cannot tell. Certain it is that the fact is no less remarkable than true.

This Remedy is now extensively used throughout France with the most marked success and many females who were once sight through apprehensions of the dangers consequent to the state of marriage are now by the use of this medicine, performing the duties of sisters and mothers with comfort and happiness.

It is at this time now first presented to the women of America, by Dr Bordeloque through his sole agent, Dr A C MORTIMER, and he feels confident that independent of its intrinsic merits it will recommend itself to the moral part of the community, as it is fully calculated to do, away with that horrid crime on which some, through fear of pains of child birth, are guilty, (the production of premature delivery.)

This medicine is also remarkable for remedying that hitherto incurable disease, Barrenness, and an almost constant accompaniment Floor Albus, a fact that relaxed and fallen state of the Womb which accompanies this disease is never felt after the shortest use of this medicine.

This medicine is prepared in such a way as to be agreeable and pleasant to the taste.

Dr A C MORTIMER No 36 1-2 Liespenard st, New York, has been appointed sole Agent for the United States, by Dr Bordeloque, of Paris. W. the only surgeon in this country who is authorized to vend this invaluable medicine, as the following letter will show:

MEDICAL.

SHERMAN'S TOOTH PASTE.
A FRAGRANT DENTIFRICE.

THE best article for cleansing and whitening the Teeth, strengthening the gums, sweetening the breath, &c. It should be used every night with a soft brush, and the teeth and mouth will only require a slight washing in the morning. Wet the brush with warm water, or cold water, if more convenient, and rub it a few times on the paste, when enough will adhere for cleansing the teeth. It leaves delicious taste in the mouth, and an agreeable and delightful fragrance to the breath. It is not surpassed as a Nostrum, efficacious, convenient, and safe dentifrice. It is warranted not to injure the teeth, but to preserve them.

Why using it regularly, it will remove the tartar and prevent its accumulation—prevent the toothache—strengthen the gums, and prevent all diseases of them. Chemists, physicians, and the public generally, pronounce it superior to every thing of the kind in use.

Ask for Sherman's Compound Orris Tooth Paste, and observe the signature of the proprietor on the wrapper.

Recommended by Dr. Castle, 251 Broadway, one of our best Dentists, and by most of the Dentists of New York, Philadelphia, Boston, and even Europe, and universally used by the Nobility of England and France.

A large proportion of the public are afflicted more or less with a general derangement of the stomach or bowels, which a timely use of the Cathartic Lozenges would entirely remove. Persons of sedentary habits should always have a box at hand, and take a dose whenever they feel the least derangement in their system. A judicious use of these lozenges would prevent thousands of cases.

For sale at WM. JACKSON'S, corner of Wood and Liberty sts.

MEDICAL.

DR. SHERMAN'S
MEDICATED LOZENGES, AND POOR MAN'S PLASTER.

DR. SHERMAN has discovered a way to make medicine palatable, so that children will take it readily and cry for more. See that his *fac-simile* is around each box of Lozenges, a Dot of Tooth Paste on the back of each Plaster, and in each Bill of Directions.

SHERMAN'S COUGH LOZENGES.

These Lozenges are the safest, most sure and effectual remedy for coughs, colds, consumptions, whooping cough, asthma, tightness of the lungs or chest, etc, etc. The proprietor has never known an instance where they did not give perfect satisfaction. Several thousand boxes have been sold within the last year, restoring to health persons in almost every stage of consumption, and those laboring under the most distressing colds and coughs. They do not check and dry up the cough, but render it easy, promote expectoration, allay the tickling or irritation, and remove the proximate or exciting cause. They are made from a combination of a most valuable expectorant, or cough medicine, and are undoubtedly superior to every thing in use for those complaints. Hundreds upon hundreds of certificates have been offered of their wonderful virtues, from those who have been saved from an untimely grave, and restored to perfect health by using them.

Where there is much pain in the breast or side, one of Sherman's Poor Man's Plasters (price only 12½ cents,) should be applied over the part, and worn till relieved. If attended with costiveness, a few Cathartic or Laxative Lozenges, or the mild cathartic pills, should be used as occasion requires.

SHERMAN'S WORM LOZENGES.

These worm lozenges have been proved in more than 1,000 cases to be infallible; the only certain, safe, worm destroying medicine ever discovered. Many diseases arise from worms and occasion long and intense suffering, and even death, with out their aid being suspected; grown persons are very often afflicted with them, and are doctored for various complaints without any benefit, when one dose of these Lozenges would speedily cure them.

Symptoms of Worms.—Pains in the joints or limbs, often give breath, picking at the nose, grinding of the teeth during sleep, bad dreams, starting in sleep, with fright and screaming, bleeding at the nose, gnawing sensation at the stomach, fain ness of the stomach, pains in the back, dizziness, tingling in the ears, headache, drowsiness, vertigo, torpor, disturbed dreams, sudden starting in sleep, with fright and screaming, sometimes a troublesome cough, derangement of the digestive, bile, tits, bad taste in the mouth, difficult breathing, pain in the stomach, or bowels, fatigue, nausea, squeamishness, vomiting, costiveness, or alternate looseness, bloated stomach and limbs, frequent shooting pains in various parts of the body, a sense of something rising in the throat, fainting, rising of the stomach, or bowels, a desire to pass something from the bowels, sudden sometimes dizziness or slime and mucus.

SHERMAN'S CATHARTIC LOZENGES.

These Lozenges produce relief in nervous or sick headache, palpitation of the heart, lowness of the spirits, despondency, melancholy, or mental gloom, costiveness, bowel complaints, fainting, oppression or a sense of sinking of the chest, Choler, spasms, cramp of the stomach or bowels, hysterical affections, nervous diseases, depression through the day, and wakefulness through the night, cholera or cholera morbus, diarrhoea, flatulence or a sense of fulness, Piles, Colic, Dysentery, Loss of appetite, Costiveness, Jaundice, Fever and Ague, Fever, Intermittent Fever, Bilious Fever, Remittent Fever, Scarlet Fever, Typhus Fever, Yellow Fever, Nervous Fever, Fever of all kinds, Measles, Small Pox, Chicken Pox, Mumps, Whooping Cough, Rheumatism, Gravel, Dropsy, Tetter, Ringworm, Scald Head, Scurvy, Erysipelas, Salt Rheum, Pimples on the Face, Blotches, Boils, Tumors, Ulcers, Venereal Diseases, Gleet, Stricture, Female Complaints, Fits, Palpitation of the Heart, Pain in the Side and Breast, Spinal Affections, Hip Complaint, Lumbago, Sciatica, Neuralgia, Tic Doloreux, Nervous Headache, Nervous Debility, Nervous Irritability, Nervous Weakness, Nervous Diseases of all kinds, Sleeplessness, Want of Sleep, Want of Appetite, Want of Strength, Want of Energy, Want of Vigor, Want of Spirits, Want of Ambition, Want of Resolution, Want of Decision, Want of Memory, Want of Attention, Want of Application, Want of Study, Want of Thought, Want of Reflection, Want of Reason, Want of Sleep, Want of Rest, Want of Appetite, Want of Flesh, Want of Blood, Want of Color, Want of Life
