OFFICE PITTSBURGH GAZETTE, Friday Morning, November 12.

The market generally is very quiet, and we have no change of importance to notice in the prices of any of the articles of trade.

Flour—The market is without change. Further sales from store by dray load at $4,87½ ⅌ bbl.—Prices continue firm.

Rye Flour—Regular sales from store at $3,00 3,62 ½ ⅌ bbl.

Buckwheat Flour—Sales of 50 sks at $1 ⅌ sck of 50 lbs.

Grain—The supplies continue quite limited, with moderate sales only at previous quotations, say, for wheat 90@95c; Rye 45c; Barley 45@50; Corn 40@45, and Oats at 27@28c.

Provisions continue without change. We notice further sales of 2000 lbs Bacon at the following rates Hams 8¼@9; Sides 7¼@8, and Shoulders at 6¼@7c ⅌ lb.

Butter—Sales of 500 lbs in kegs at 5½c. A prime article would command 9½ to 10c.

Cheese—Sales of 200 bxs W R at 6½c.

Whiskey—Sales of 30 bbls Raw at 18@18½c; and 15 do rectified at 21c ⅌ gal.

We are indebted to the kind considerations of Mr J Kelly, the accommodating clerk of the Cambria, for late files of River papers.

INDIANA BOUND.—The Tribune says that up to 1st inst, over $9,500,000 of the Indiana State Bonds have been surrendered and exchanged for the new stocks, and subscriptions to the Canal Loan have been made by the holders of over $8,000,000 of that amount. The whole bonded debt was about $11,000,000, so that nearly the whole amount has been arranged. The new 5 per cent stock is quoted at 85. The stock market is inactive.

The Directors of the Mechanics' Bank of New York are about to issue notes of the denomination of ten dollars from a new plate, as it is known that a large amount of counterfeit ones on that institution are in circulation.

The steamer Saltan, from Ouachita to N Orleans, struck a snag in Atchafalaya, and sunk in eight feet water—total loss—cargo of 200 bales cotton saved No lives lost.

The steamer Champlain, from New Orleans for St Louis, burst a boiler on the 24 inst, above Herculaneum in the Mississippi river. The passengers were asleep at the time the accident happened, and none of them were seriously injured.

The steamer Time, with a full cargo of Cotton, Sugar and Molasses, sunk above New Orleans on the 27th ultimo.

TOBACCO CROP.—The Tobacco crops, says the Baltimore American, both in Maryland and Ohio, are now gathered of all doubt, and some pains have been taken to ascertain the quantity raised in each State. In Maryland, the high rates of breadstuffs, and the low prices of Tobacco, caused the planters to raise less tobacco than usual, the present season The products this year will not exceed half an average crop, but the proportion of good quality will be much larger than that of last year.

In Ohio, the quantity raised this season will probably not exceed 6000 to 8000 hhds, against 59,000 last year. It is to be remarked, however, that a good deal of the last year's crop will be kept at home on account of the break in the Pennsylvania Canal, and will be sent to market during the coming summer with the new crop.

LOOK OUT.—We were shown a few days ago, two of the counterfeit five dollar notes purporting to have been issued by the Merchants' and Manufacturers Bank of Pittsburgh. It varies from the genuine note particularly in the waving line forming the title of the Bank, which in the genuine runs into the margin, while in the counterfeit it does not approach within an eighth of an inch. The signature of Cashier and Teller are good, Debney being good and the whole note is rather pale and dim.—[Beaver Argus.

MORE NEW COUNTERFEITS.—We have been favored by M A Wilkins, clerk of the steamer North River, with the following counterfeit notes, not described in Taylor's Counterfeit Detector.

Bank of the Valley of Virginia, $5, letter B, No 679.. Dated January 6, 1839, payable in Charleston to Win Miller. M M Brent, cashier, Obed. Wants: President. Engraving very bad, particularly the head of Washington, on the right end.

Also, $2's Bank of Smyrna, Delaware, March 5, 1840. No 2535. Letter A—3. Vignette, woman with a child in her arms, beside a shock of Wheat. The engraving finely executed, and well calculated to deceive.

OHIO HOGS.—Out of about two thousand hogs which came down the Railroad on Saturday, there was one lot, numbering about 120; the average weight of which was 425 pounds. They were all raised and fattened by one farmer, living near Spring field, Kentucky, which boasts of he' hog raising, is challanged to produce an equal.—[Cin Com.

WESTERN WATERS.

The river at this port during the 48 hours ending this morning, has fallen about 22 or 20 inches and still receding, but there is an ample stage of water for navigable purposes.

A Pilot arrived on Saturday there were 6 feet 10 in water, on the Falls and falling about 6 inches in 24 hours.

The Cumberland continues to fall.—[Cin Gaz, Nov 9.

The river are now lower than they have before been this season, and all the upper streams are reported to be still falling, notwithstanding the wet weather of the past week or ten days, though the rains have not been very heavy.—[St Louis Repub, Nov 3.

The officers of the Revenue Cutter from St Peters, report the upper Mississippi, falling all the way down with twenty to twenty three inches water on the lower rapids.

SPIRIT OF THE DOMESTIC MARKETS.

MISCELLANEOUS.

GAZZAM'S PATENT BEDSTEAD.

THIS *No Plus Ultra* improvement has now been in use about two years, and wherever it has been, preferred to all other bedsteads.

For cheapness, strength and convenience it has not and cannot be equalled, as it is derideclly the best, cheapest and most convenient Bedstead in use, and perfectly proof against Bugs.

The principal Cabinet makers and Turners in Allegheny city and in Pittsburgh, have secured Rights to manufacture and sell the article. As there are spurious articles and imperfect imitations in the market, purchasers would do well to examine the cast iron plates on which is the genuine article the name of the patentee, E. F. GAZZAM, is invariably cast. As a proof of all that is claimed for Gazzam's Bedsteads, the following certificate from Cabinet makers well known in Pittsburgh, and the West, is submitted to the public:

We, the undersigned, Cabinet makers and Bedstead manufacturers of the cities of Pittsburgh and Allegheny, Pa., do hereby certify that we have bought the right to manufacture Bedsteads with Gazzam's Patent Fastenings, and consider the same superior to any fastenings with which we are acquainted.

TO PRINTERS.

THE subscriber has constantly on the city of Pittsburgh, the manufacture of Printers Ink, in all its various branches.

Printers throughout the country who are in want of inks, would do well by calling on the subscriber previous to supplying themselves, as they will be sold a considerable reduction from eastern prices. They cannot be excelled in point of beauty, richness, or the excellence of material from which they are manufactured. The subscriber cannot but believe where a superior article is offered for a low price, that a sufficient share of patronage will be secured to encourage all who use Printing Inks. He is also satisfied that his Inks upon trial will compare well with any other representation, and would therefore solicit the custom of those who feel disposed to encourage the manufacturing of the article in this city.

Orders directed to I BIRD, or Wright & Clarion, Printers, corner of Diamond and Market street, will be punctually discharged. oct27
