Treasury Notes in New York have fallen below par, and the Banks now refuse to discount upon them.

United States Treasury Notes have fallen to par. Our city banks, we understand, will pay out these notes for specie; and, for convenience, they will use to be sent by our merchants in payment of dues at the Custom House. The effect of this will be to keep in active circulation the specie that would otherwise accumulate in the various sub treasuries; and the banks no longer approaching a specie drain great relief may soon be experienced in the money market.—[Phil Bul.

The following is the amount of gold and silver coin shipped from New York from the 1st to 13th inclusive:

To France	$232,535
To Great Britain	96,621
To Sumatra	15,000
To Malaga	4,350
To Brazils	6280

The St Louis Union of the 8th inst, states that the officers of the Ocean Wave report having passed the Anthony Wayne, yesterday morning, aground at Worthington's Bar, and two hundred yards out of the main channel.

The amount of goods imported and entered at the Custom House at New York, exclusive of those sent to the warehouse; and the amount of duties paid during the week ending on the 12th inst, compared with same week last year, were as follows:
