MISCELLANEOUS.

THE AMALGAMATION OF LANGUAGES.—There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorporate them into our own; thus the word Cephalic, which is from the Greek, signifying "for the head," is now becoming popularized in connection with Mr. Spalding's great Headache remedy, but it will soon be used in a more general way, and the word Cephalic will become as common as Electrotype and many others whose distinction as foreign words has been worn away by common usage until they seem "native and to the manor born."

'ardly Realised.

Hi 'ed 'a 'orrible 'eadache this afternoon, hand I stepped into the hapothecaries hand says hi to the man, "Can you hease me of an 'eadache?" "Does it hache 'ard," says he. "Horceedingly," says hi, hand upon that 'e gave me a Cephalic Pill, hand 'pon me 'onor it cured me so quick that I 'ardly realised I 'ad 'ad an 'eadache.

☞ HEADACHE is the favorite sign by which nature makes known any deviation whatever from the natural state of the brain, and viewed in this light it may be looked on as a safeguard intended to give notice of disease which might otherwise escape attention, till too late to be remedied; and its indications should never be neglected. Headaches may be classified under two names, Sympathetic and Idiopathic. Sympathetic Headache is exceedingly common and is the precursor of a great variety of diseases, among which are Apoplexy, Gout, Rheumatism and all febrile diseases. In its nervous form it is sympathetic of disease the stomach constituting *sick headache*, of hepatic disease constituting *bilious headache*, of worms, constipation and other disorders of the bowels, as well as renal and uterine affections. Diseases of the heart are very frequently attended with Headaches, Anæmia and plethora are also affections which frequently occasion headache. Idiopathic Headache is also very common, being usually distinguished by the name of *nervous headache*, sometimes coming on suddenly in a state of apparently sound health and prostrating at once the mental and physical energies, and in other instances it comes on slowly heralded by depression of spirits or acerbity of temper. In most instances the pain is in the front of the head, over one or both eyes, and sometimes provoking vomiting, under this class may also be named *Neuralgia*.
For the treatment of either class of Headache the Cephalic Pills have been found a sure and safe remedy, relieving the most acute pains in a few minutes, and by its subtle power eradicating the diseases of which Headache is the unerring index.

BRIDGET.—Missus wants you to send her a box of Cephalic Glue, no, a bottle of Prepared Pills.—but I'm thinking that's not just it neither; but perhaps you'll be after knowing what it is. Yes sir, she's migh dead and gone with the sick Headache, and wants some more of that same as relaxes her before.
Druggist.—You must mean "Spalding's Cephalic Pills."
Bridget.—Och! sure now and you've sed it, here's the quarther and give me the Pills and don't be all day about it either.

Constipation or Costiveness.

No one of the "many ills flesh is heir to" is so prevalent, so little understood, and so much neglected as Costiveness. Often originating in carelessness or sedentary habits; it is regarded as a slight disorder of too little consequence to excite anxiety, while in reality it is the precursor and companion of many of the most fatal and dangerous diseases, and unless early eradicated it will bring the sufferer to an untimely grave. Among the lighter evils of which costiveness is the usual attendant are Headache, Colic, Rheumatism, Foul Breath, Piles and others of like nature, while a long train of frightful diseases such as Malignant Fevers, Abscesses, Dysentary, Diarrhea, Dyspepsia, Apoplexy, Epilepsy, Paralysis, Hysteria, Hypochondriasis, Melancholy and Insanity, often indicate their presence in the system by this alarming symptom. Not unfrequently the diseases named originate in Constipation, but take on an independent existence unless the cause is eradicated in an early stage. From all these considerations it follows that the disorder should receive immediate attention whenever it occurs, and no person should neglect to get a box of Cephalic Pills on the first appearance of the complaint, as their timely use may prevent the insidious approach of disease and destroy the dangers ready for to hum in life.

A Real Blessing.

Physician.—Well Mrs. Jones, how is that headache?
Mrs. Jones.—Gone! Doctor, all gone! the pill you sent cured me in just twenty minutes, and I wish you would send more so that I can have them handy.
Physician.—You can get them at any Druggists. Call for Cephalic Pills, I find they never fail, and I recommend them to all cases of headache.
Mrs. Jones.—I shall send for a box directly, and shall tell all my suffering friends, for they are a *real blessing*.

TWENTY MILLIONS OF DOLLARS SAVED. Mr. Spalding has sold two millions of bottles of his celebrated Prepared Glue, and it is estimated that each bottle saves at least ten dollars *worth of broken furniture*, thus making an aggregate of twenty millions of dollars reclaimed from total loss by this valuable invention. Having made his Glue a household word, he now proposes to do the world still greater service, by curing all the aching heads with his Cephalic Pills, and if they are as good as his Glue, Headaches will soon vanish away like snow in July.

☞ DID you ever have the Sick Headache? If so you remember the throbbing temples, the forehead grow, the loathing and disgust at the sight of food. How totally unfitted you were for pleasure, conversation or study. One of the Cephalic Pills would have relieved you from all the suffering which you then experienced. For this and other purposes you should always have a box of them on hand to use on occasion requires.

GREAT DISCOVERY.—Among the most important of all the great medical discoveries of this age may be considered the system of vaccination for protection from Small Pox, the Cephalic Pill for relief of Headache, and the use of Quinine for the prevention of Fevers, either of which is a sure specific, whose benefits will be experienced by suffering humanity long after their discoverers are forgotten.

☞ DID you ever have the Sick Headache? If so you remember the throbbing temples, the forehead grow, the loathing and disgust at the sight of food. How totally unfitted you were for pleasure, conversation or study. One of the Cephalic Pills would have relieved you from all the suffering which you then experienced. For this and other purposes you should always have a box of them on hand to use on occasion requires.

By the use of these Pills the periodic attacks of Nervous or Sick Headache may be prevented; and if taken at the commencement of an attack immediate relief from pain and sickness will be obtained.
They seldom fail in removing the Nausea and Headache to which females are so subject.
They act gently upon the bowels,—removing Costiveness.
For *Literary Men, Students*, Delicate Females, and all persons of *sedentary habits*, they are valuable as *Laxatives*, improving the *appetite*, giving *tone* and *vigor* to the digestive organs, and restoring the natural elasticity and strength of the whole system.
The CEPHALIC PILLS are the result of long investigation and carefully conducted experiments, having been in use many years, during which time they have prevented and relieved a vast amount of pain and suffering from Headache, whether originating in the nervous system or from a deranged state of the stomach.
They are entirely vegetable in their composition, and may be taken at all times with perfect safety without making any change of diet, *and the absence of any disagreeable taste renders it easy to administer them to children*.

DR. W. V. R. BLIGHTON,

Eclectic Physician & Ophthalmic Surgeon
WOULD respectfully inform the citizens of Erie and its surrounding country, that he has taken up his residence in this city, for the purpose of practicing his profession.
He will hold himself in readiness to answer to all calls in general practice, and at the same time will pay special attention to the treatment of the EYE and EAR.
He confines himself strictly to the Reformed Practice, rejecting Mercury in all its forms, Arsenic, Antimony and Bloodletting, as hazardous and unscientific remedies.
He has earnestly sought to qualify himself to give the Eye and Ear the best and most scientific treatment now in the hands of the profession, to which end he has acquainted himself with the latest treatises of both the Old and New School writers upon Eye and Ear. His general treatment consists in the application of Medicated Vapors, introduced by the eminent Ophthalmic Surgeons A. Turnbull, of London, and practiced by him with unparalleled success in curing inveterate cases of blindness, and deafness, the use of Water, Electricity, and the administration of analeptic or supporting medicines.
The success which has everywhere accompanied this treatment speaks in unmistakable language in its favor, as superior to any other now practiced; and the cures Dr. B is daily effecting on patients who had long despaired of relief, are sufficient guarantees to the afflicted, whose confidence and patronage he now solicits, that he is thoroughly acquainted with this branch of the profession.
All are cordially invited to call at his office in Commercial Block over Clemons Caughey & Co's and see for themselves, with the positive assurance that no encouragement will be given that cannot be fully met. Dr. Blighton may also be consulted at the following time and places,
GIRARD, at Girard House, ... Nov 24
CONNEAUT, O. Tremont House, ... " 26
ASHTABULA, O., Fish House, ... " 27
PAINESVILLE, O. Cowles House, ... " 28
At all other times he may be consulted at his office in Erie, Pa. Those desiring to consult him by mail can do so by enclosing a stamp, and directing to
DR. W. V. R. BLIGHTON, Erie, Pa.
Dr. B would subjoin the testimony of a few persons who have stated their confidence in him in the following brief article.
We the undersigned would most heartily add our testimony recommending Dr. Blighton to the afflicted, as one in whom experience has taught us they may place the utmost confidence, as being an Ophthalmic and Aural Surgeon of superior skill, and whose opinion may be regarded as candid and safe by all who may desire to consult him.

PROF. WOOD'S
RESTORATIVE CORDIAL
AND
BLOOD RENOVATOR.

This RESTORATIVE CORDIAL and BLOOD RENOVATOR is precisely what its name indicates, for, while pleasant to the taste, it is revivifying, exhilarating, and strengthening to the vital powers. It also revivifies, reinstates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all. So chemically and skillfully combined as to be the most powerful tonic, and yet so perfectly adapted *as to act in perfect accordance with the laws of nature, and hence soothed the weakest stomach*, and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhilarating in its effects, and yet it is never followed by lassitude or depression of spirits. It is composed entirely of vegetable and those thoroughly combining powerful tonic and soothing properties, and consequently can never injure. Such a remedy has long been felt to be a desideratum in the medical world, both by the thoroughly skilled in medical science, and also by all who have suffered from debility, for it needs no medical skill or knowledge even to see that debility follows all attacks of disease, and lays the unguarded system open to the attacks of many of the most dangerous to which poor humanity is constantly liable. Such, for example, as the following: Consumption, Bronchitis, Indigestion, Dyspepsia, Loss of Appetite, Faintness, Nervous Irritability, Neuralgia, Palpitation of the Heart, Melancholy, Hypochondria, Night Sweats, Languor, Giddiness and all that class of cases, so fearfully fatal if unattended to in time, called *Female Weaknesses and Irregularities*. Also, Liver Derangements or Torpidity, and Liver Complaints, Diseases of the Kidneys, Scalding or Incontinence of the Urine, or any general derangement of the Urinary Organs, Pain in the back, Side, and between the Shoulders, predisposition to Night Sweats, Hacking and Continued Cough, Consumption, Difficulty of Breathing and indeed we might enumerate many more still, but we have space only to say, it will not only cure the debility following Chills and Fever, but prevent all attacks arising from Miasmatic Influences, and cure the diseases at once, if already attacked. And as it acts directly and persistently upon the biliary system, arousing the Liver to action, promoting, in fact, all the functions and secretions of the system, it will in a little time prove to the bilious consequences following upon change of climate and water; hence all travelers should have a bottle with them, and all should take a bottle occasionally at least before retiring. As it gently opens the bowels, strengthens the digestive organs, it should be in the hands of all professional men, students, ministers and literary men. And all ladies not accustomed to much out-door exercise should always use it if they wish, they will find an agreeable, pleasant and efficient remedy against those ills which rob them of their beauty, for beauty cannot exist without health, and health cannot exist while the above irregularities continue. These again, this Cordial is a perfect Mother's Relief. Taken a month or two before the hour trial she will pass the dreadful period with perfect ease and safety. *There is no mistake about it this Cordial is all it claims for it.* Mothers try it. And to you we appeal to detect the illness or decline not only of your daughters before it be too late, but also your sons and husbands, for while the former, from false delicacy, often go on to a premature grave, rather than let their condition be known in time, the latter are often so mixed up with the excitement of business that if it were not for you they too would travel in the same downward path, until it is too late to arrest their fatal fall. But the mother is always vigilant, and to you we confidently appeal: for we are sure your never failing affection will unerringly point you to Prof. Wood's Restorative Cordial and Blood Renovator as the remedy which should be always on hand in time of need. O. J. WOOD, Proprietor, 431 Broadway, New York, and 114 market street, St. Louis, Mo., and sold by all good Druggists. Price One Dollar per Bottle. sept29—1y sly
