PITTSBURGH BOARD OF TRADE.
COMMITTEE FOR DECEMBER.
JOSHUA HANNA. W. R. MURPHY. JAS. MAY.

OFFICE PITTSBURGH GAZETTE, Saturday Morning, December 18.

Owing to the snow storm which fell during most of the day yesterday, business generally was done on rather a restricted scale. Sufficient, however, was transacted to show that the market is still without any material change in prices.

Flour—The market is very quiet, and nothing is doing beyond the range of regular or retail sales.—The receipts, though partial, would seem, from the uniform sameness in the prices, to be quite sufficient to the demand. We notice regular sales by dray load at $4,50@5,12½ ⅌ bbl, and single bbl sales at 5,25 to 5.37, as in quality.

In the Grain market we observe no change worth noticing. Wheat is sold in limited qualities at the nominal rates of 95@100c ⅌ bu. Corn, to the extent of some 300 bu, was sold at 40c. Barley is in fair request at 48@50c. Rye at 45c. Oats are in improved demand, with sales at 27@28c ⅌ bu.

Bacon—The market is without change. Sales amounting to some 1500 lbs were effected at for Hams 8¼@9c; for good to prime Sides 7¼@7½; Shoulders 6¼@7c ⅌ lb.

Butter—The heaviness of the roads has greatly lessened the receipts by wagon, which, together with the near approach of Christmas, has enhanced very materially the value of the article. The market is quite bare, and good Roll would find a ready sale at 12@14c. We notice moderate sales of keg at 10 to 11c ⅌ lb—scarce.

Lard—Is in limited demand, with moderate sales at 7@7½.

Cheese—We notice sales of 50 bxs W R at 6¾c ⅌ lb. Regular sales of Goshen at 10c.

Groceries—Considerable accessions have been made to the supplies of our market by the recent arrivals from New Orleans. These, together with other stocks on the way, to arrive soon, will place in the market a fair winter supply. Quotations continue without change.

Feathers are in increased demand, with sales from store at 34c ⅌ lb—choice lots would command 35c ⅌ lb—prices are on the advance.

Buckwheat Flour is in fair request at $2@2,25 ⅌ 100, for good to prime.

Potatoes—We quote regular sales of Neshannocks at $1,25@1,31 ⅌ bbl, and of Reds at 62@63c ⅌ bu.

Tar—Considerable quantities have recently been received here, via New Orleans, and it is held with moderate sales at $5.50 ⅌ bbl.

Apples—We notice sales of 20 bbls choice at $1,37 to 1,50 ⅌ bu. Common to good are sold regularly at 1,25@1,31 ⅌ bbl.

Salt is scarce, and limited sales only occur at 1,37 ⅌ bbl.

Fish—The market has become almost entirely bare. We notice sales in a small way at the following rates.—Salmon $10 ⅌ bbl; Shad 9@10,25; Lake Fish 8,50@9; Mackerel No 3, 7,50 ⅌ bbl.

Dried Fruit—Peaches are in good demand, with sales at $150 to 1,62 for unpared, and 3,75@4 for pared. Apples go pretty freely at 62 to 68c ⅌ bu.

Cranberries have become scarce. We notice moderate sales from store at 2@2,12 ⅌ bu.

Our thanks are due to Mr D Wilkinson, of the steamer North River, for files of Cincinnati papers in advance of the mails.

THE WEATHER AND THE RIVER.—During Thursday night, snow fell to the depth of 6 inches, which was increased during the day yesterday, some three inches.

The river, at dusk last evening, stood at about 15 feet water in channel and nearly at a stand, having fallen only about 12 inches during the preceding 16 hours. Should there be a heavy fall of snow in the mountains, and a thaw commence, as the present temperature of the weather seems to indicate, we should not be surprised at a still higher rise in the Monongahela and Allegheny.

In regard to the weather and river at Cincinnati we received, yesterday, the following telegraphic despatch from our correspondent:

CINCINNATI, Dec 17.—The weather is clear and cold, and the snow, which is some fifteen inches in depth, remains. The river rose 3 inches last night, and still rattling slowly. The hundreds and thousands there have cut of doors by the flood, are still in distressing circumstances; but all they can do is to relieve their troubles with that fortitude the severity of the case requires, and patiently await the subsiding of the waters.

NEW YORK Cattle Market, Dec 13—Beef Cattle are selling from to $6 to 7 ⅌ cwt—a decided improvement upon the lower average of last week; figures, though not quite so low as those of the previous week, have not been so active.

Cows and Calves—The market is better supplied, and both are taken from $30@35 to 50.

Sheep and Lambs—Prices of Sheep $1,25@5.50; a few extra are reported as high as $7. Lambs $1 to 2,75.—[Trib.

BRIGHTON Cattle Market, Dec 3—At market, 350 Cattle, 32 yokes Working Oxen, 46 Cows and Calves, 7300 Sheep, and about 1500 Swine.

Prices—Beef Cattle—extra, $6.75; 1st quality, 6.25@6.50; 2nd and 3rd do from $ to 5,50.

Working Oxen—Sales made made at $72, 85, and 1,50.

Cows and Calves—Sales range from $18 to 50, according to quality; the latter price is the exception.

Sheep—Sales of lots at $2, 2,25 and 3,25; one or two lots pery poor at 1,75.

Swine—Dull. Sales at wholesale 5c for Sows, and 5c for Barrows. At retail, from 5 to 6 and 6½c.

IMPORTS BY RIVER.

LOUISVILLE—Per North River—41 cwks bacon Mitchel—18 bbds stearine, 2 tcrs lard, Miltenberger—9 cooking stoves, M Allen &c—3 bales hat oil, F Sellers—45 shs wool, Barker—1 bbl yams, Capt Irwin.

☞ Balm of Columbia—Hart Toxic—To the Bald and Gray—If you wish a rich, luxuriant head of hair, free from dandruff and scurf, do not fail to procure the genuine Balm of Columbia. It is a beautiful article and will more than exceed your expectations. Many who have lost their hair for 20 years have had it restored to its original perfection by the use of this balm. Age, state or condition appear to be no obstacle whatever; it also causes the fluid to flow with which the delicate hair bulb is filled by which nourishment is conveyed (hair was gray as the Asiatic Eagle) have had their hair restored to its natural color by the use of this invaluable article. In all cases of error it will be found the most pleasant wash that can be used. A few applications only are necessary to keep the hair from falling out. It strengthens the roots, it never fails to impart a rich glossy appearance, and as a perfume for the toilet it is unequalled; it lasts three times as long as other similar articles, more natural and is more efficient. The genuine manufactured by Comstock & Co, 21 Courtland st, New York.

Sold in Pittsburgh, only genuine, by WM JACKSON, 59 Liberty st, head of Wood; in Washington, Pa, by Sweeny & Son; in Cincinnati by Redington & Crocker; in Cleveland, by Dr. Vaux; also, by our agents in every town in Pa., Ohio and Md. nv18&w4w1

To the Editors of the Pittsburgh Gazette:

We take pleasure in recommending to the citizens of Pittsburgh, the name of JOHN LAUGHLIN for the Mayoralty. He is a gentleman in every way qualified to fill the office—mild, gentlemanly, and temperate; and at the same time inflexible when duty requires.

As a popular business man, he could have no higher recommendation than the fact of his being sent to the City Council from a ward that has in general given the opposition a majority.

Mr. Laughlin has also been, for the last nine years, on the different Committees of Streets, wooden buildings, assessments and appeals; the labor and time consumed in the same has been very great, and justly entitles him to the regard and influence of the City party.

MANY FRIENDS.

☞ No Cure! No Pay! Piles! Piles!—Dr Jackson's Embrocation is the only medicine that will cure this so very common and troublesome disease. It not only immediately allays pain and inflammation, stops all bleeding, subdues that intolerable itching, but effectually cures, in a very short time persons whose lives have been rendered miserable for years.—Its application produces no pain, but rather an agreeable and pleasant sensation. If persons afflicted will call and hear of Jegrey's number of cases that have been cured, they will be astonished. A gentleman of this city, who had been under the knife of the surgeon for two or three times without being cured, has by using 2 bottles of the Embrocation, been eradically cured. It sells beyond precedent!!—[Phil. Saturday Courier.

MISCELLANEOUS.

PEACE! PEACE!!
But in Every Mother's Homestead.

THE undersigned has long been convinced of the necessity for some medicine adapted to the use of Children and Infants to supercede the use of all those medicines which contain opium, and has at length succeeded in producing such a medicine, which he confidently answering every purpose for all diseases of the bowels, without the use of that deleterious drug, or any other calculated to injure in the least. B. A. FAHNESTOCK'S PNEUMONIC, or Cough Balsam, has a great advantage over many other Cough preparations, as its pleasant taste permits it to be used without inconvenience. Burns value as a Balsam, consists in the speedy effect its cure. We have known some of the most desperate coughs, some of which had been running on for a considerable length of time, yield almost immediately to its power.

In each weather as we have had during the past winter every one is liable to take cold, unless great precautions are used.

Wet feet and undue exposure to the inclemency of the weather often lays the foundations of a hacking cough which needs a quick remedy to prevent serious results.

We have numerous certificates of cures which it has performed, many of which are from persons in this city and the neighborhood, and they are a sufficient reference without saying another word in its favor.

Prepared and for sale wholesale and retail by B A FAHNESTOCK & CO, corner of Wood and 1st and Wood and 5th sts. dec13

Grand Tower Iron Ore.

THE subscriber offers for sale 320 acres of land in the immediate neighborhood of the Grand Tower, on the Mississippi river, Perry county, Mo. The ore is of the brown hematite, (or, as Dr King calls it, the hydrated brown oxide.)—It has all been entered since the fourth day of July last, expressly to secure the ore. The whole lies from a half to one and a half miles from the river bank, and a good rock shore landing. The quantity is supposed to be immense. Samples of the ore may be seen at the Missouri Hotel—also, a diagram of the entries. I will sell the whole together, or in lots to suit purchasers. If sold together, I should have no objection to take an interest in the manufacture of the ore, provided it shall be conducted by practical men. Timber for charcoal is abundant. A further description is deemed unnecessary, inasmuch as I presume no person would wish to purchase without first having examined the premises. It lies from 2 to 3 miles north of the river, I sold to the St Louis and Birmingham iron manufacturing company, last June. JOHN SCUDDER
