HIBBERT'S CHEMICAL WRITING FLUID—In submitting to the public for this article, it is not right and just for us to state what claims for support it hand. It fully and fairly as forth and also some guarantee be given that the consumer will not be disappointed when using it.

In the first place it is well known that the generality of black inks are composed of a precipitate, held together by gum Arabic, and when the water, either in whole or part is evaporated, they are precipitated by, left as a pasty mass in the pen or inkstand which contains it. It is also common to add vinegar to the ink mixture to make it more fluid, which increases the evil by adding to the pen, if a short time, corroding it through in a very short time. Now the Writing Fluid differs from this mixture in every respect, as it is a chemical solution of anything no sediment is held in it together, therefore will never get thick, and being very fluid a large quantity flows from the pen into a given space penetrating deeper into the fibres of the paper making a more permanent mark and one less easily moved by attrition than if it was pasty, that the mixture gives could not have been obtained by any means for an ordinary purpose.

WARRANTED—Hibbert's Chemical Writing Fluid is to the patronage of a candid public, which article in all respects is free from the pen without clogging it up and in the course of a few hours becomes a deep bright black.

SELLERS' IMPERIAL COUGH SYRUP.—It is cheap, easy to take, and highly efficacious.

Mr. R. E. Sellers—Allegheny City, March 29, 1847.

Mr. R. E. Sellers—My daughter, like others, have been subject to troublesome coughs. Long and many different remedies to very little purpose, I was induced by an advertisement of your Imperial Cough Syrup to give it a trial. I gave it to two of my boys, and also to my daughter, several different times, and it has never failed to do so.

I have recommended it to my friends, and do most conscientiously believe that it is the best cough medicine that has ever been offered to the public.

Parents should not permit their children to suffer from coughs, when they may be cured by a 25 cent bottle of this syrup.

VEGETABLE PULMONARY BALSAM.—To the proprietors of the Vegetable Pulmonary Balsam—I am satisfied that the Vegetable Pulmonary Balsam is a valuable medicine, for I have used it in my family with complete success in an obstinate complaint of the lungs, attended with a severe cough, loss of voice, and the raising of much blood, which I had many times given up, after trying many different prescriptions. After using the balsam one week the patient's voice returned, and he was enabled to speak audibly. This case occurred some time since, and I have not seen any symptoms of its active but in laborious business. Respectfully yours,

A STRONG EVIDENCE that Dr JAYNE'S EXPECTORANT is superior to all other remedies for Coughs, Consumption, Asthma, and other Pulmonary affections, is that the same persons who commenced the use of it in their families ten years ago, still prefer it to all other remedies of the kind. Many of these families have been induced to try other preparations they have almost invariably been disappointed in receiving the benefit which was reasonably anticipated from a high name and character of the proprietors, and have returned to the use of JAYNES' EXPECTORANT, as a family, that has never failed to relieve them, and which probably from its original is strictly adapted to pulmonary diseases.

THIS *No Plus Ultra* improvement has now been in use about two years, and wherever it is known, preferred to all other Bedsteads.

The principal Cabinet makers and Turners in Allegheny city and in Pittsburgh, have secured Rights to manufacture and sell the article. TWENTY-FIVE DOLLARS will be paid to any one who will produce a spot of paint, varnish or oil, that cannot be extracted with Hoff's Improved Chemical Soap. I have the satisfaction of saying to the people of this place, that this article, by my own experiment on it, now stands unrivalled in the country for extracting grease, tar, pitch, oil, paint, or any other greasy substance, from all kinds of gentlemen's or ladies' clothing, carpets, table cloths, merino shawls, ladies' bonnets, &c. without injuring anything that you may wish not to injure. More than one thousand persons in different parts of the country have told me they would not be without it, if it cost five dollars per cake. In trying this Soap on more than 500 articles of light silks, satins, silpieces, and calicoes, I have only found three pieces of silk, two of satin, and four of calico, on which it has changed the color; therefore before putting it on a light dress try a sample of the dress first, I state this because I am determined not to recommend it; any conscientious man know to be strictly true. B. JOHNSTOCK'S PNEUMONIC, or Cough Balsam, has a great deal of merit as a popular Cough preparation, as its pleasant taste permits it to be used without inconvenience. But its value as a Balsam, consists in the superior effect it has in curing cases of some of the most desperate coughs, some of which had been hanging on for a considerable length of time, yield almost immediately to its power.

In such weather as we have had during the past winter everyone who is liable to take cold, unless great precautions are used.

Wet feet and sudden exposure to the inclemency of the weather frequently lays the foundation of a hacking cough which needs a quick remedy to prevent serious results.

We have numerous certificates of cures which it has performed, and for sale, with a full description in the side, and the neighborhood, and they are a sufficient reference without saying another word in its favor.

BEACHES UNIVERSAL EXPANSIVE SHELLAC.—This labor saving Machine, Patented April 16th, 1846, which in view of its great durability, cheapness and efficiency, its simplicity of construction, and the ease and facility with which it is used by other lays or adults, it inevitably destines to supercede all other Corn Shellers for general use. It in fact supplies a desideratum which has long been felt throughout the Western States, for while it costs less than one-tenth of the price of the best rotary shellers, one person can shell corn with it, as fast as two can by any other. MEDICAL.

DR. TOWNSEND'S

SARSAPARILLA.

"Most extraordinary Medicine in the World."

This extract is put up in Quart Bottles; it is as much stronger, pleasanter, and warranted superior to any sold. It cures disease without vomiting, purging, sickening or debilitating the patient.

GREAT SPRING AND SUMMER MEDICINE.

The great beauty and superiority of this Sarsaparilla over all other Medicine is, whilst it Eradicates Disease it invigorates the Body. It is one of the very best SPRING AND SUMMER MEDICINES ever known; it not only purifies the whole system and strengthens the person, but it *Creates New, Pure and Rich Blood*, a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the past two years, more than 25,000 cures of Severe Cases of Disease; at least 5,000 of these were considered incurable. More than

2,000 cases of Chronic Rheumatism;
2,000 cases of Dyspepsia;
400 cases of General Debility and Want of Energy;
2,000 cases of different Female Complaints;
2,000 cases of Gout;
1,500 cases of the Liver Complaint;
2,500 cases of Disease of the Kidney and Dropsy;
3,000 cases of Consumption;

And Thousands of cases of Disease of the Blood, viz: Ulcers, Erysipelas, Salt Rheum, Pimples on the Face, &c. &c. Tetter, Scald Head, Ringworm, Rich Blotches, Pain in the Side and Chest, Spinal Affections, &c., &c.

These cures may seem and appear incredible, but we have letters from physicians and our agents in every part of the United States, informing us of extraordinary cures. R. Van Buskirk, Esq. one of the most respectable druggists in Newark, N. J., informs us that he can refer to hundreds of cures in that place alone. There are thousands of cases in the City of New York, which will refer to with pleasure and to men of character. It is the best medicine for the Prevention of disease known. It undoubtedly saved the life of more than

6,000 CHILDREN THE PAST SEASON!

As it removes the cause of disease, and prepared them for the Summer season.

UNITED STATES OFFICER.

CAPT. G. W. McCLEAN OF THE UNITED STATES NAVY, and member of the New Jersey Legislature, has kindly sent us the following certificate. It tells its own story.

BARNEGAT, Jan. 23, 1847.

A year since I was taken with the Influenza, and my whole system left in a debilitated state. I was induced to try Dr. Townsend's Sarsaparilla, and after taking two or three bottles, I was very much relieved, and attribute it entirely to the said Sarsaparilla. I have continued taking it, and find that I improve every day. I believe it saved my life, and would not be without it under any consideration.

G. W. McLEAN, late U. S. N.

SCROFULA CURED.

This certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate disease of the blood. The most severe case in one house is unprecedented.

THREE CHILDREN.

Dr. TOWNSEND—Dear Sir: I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad sores; have only taken four bottles; it took them away, for which I feel myself under deep obligation. Yours, respectfully,

ISAAC W. CRAIG, 105 Wooster st.

New-York, March 1, 1847.

GREAT FEMALE MEDICINE.

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for Suppressed Menstruation, Whites, Leucorrhœa, or Falling of the Womb, Obstructed or difficult Menstruation, Incontinence of Urine, or Inability to retain it, Pain in the Side, Chest, and all Female Complaints, arising from a weak or relaxed state of the system—no matter whether the result of injudicious exertion of mind, caused by irregularity, illness or accident.

Nothing can be more surprising than its invigorating effects on the human frame, as it wakens and hastens, from taking it, at once become robust and full of life and vigor. In the interim, it immediately counteracts the nervousness of the female frame, which is the great cause of barrenness.

It will not be expected of us, in case of so delicate a nature, to adduce the testimony of our patrons, but we can assure the afflicted, that hundreds of cases have been reported to us. Several cases where families have been without children for years, after using this invaluable medicine, have been blest with healthy offspring.

Dr. Townsend! My wife being greatly distressed by weakness and general debility, was induced to try your medicine by pain and a sensation of bearing down, falling of the womb, and with other difficulties, and having heard some very great testimonials, I obtained your Sarsaparilla, and finding it recommended for such cases as I have described, I obtained the directions and gave it a fair trial. It proved to her complete and restored her health. Being grateful for my wife's recovery, I also recommend the pleasure in thus acknowledging it, and recommending it to the public. M. D. Hooks.

Albany, Aug. 17, 1846. Cor. of Grand and Lydius sts.

CONSUMPTION, Sept. 27, 1846.

Dr Townsend: To all whom this may concern—This is to certify that my wife was given
