HIBBERT'S CHEMICAL WRITING FLUID—In soliciting the attention of the public for this article, it is but right and just per. Ants merits are by set forth, and also some guarantee be given that the compositions will not be imposed upon by using it.

In the first place it is well known that the great quantity of black "inks" are composed of a precipitate, held together by gum Arabic, and when the water, either in whole or part is evaporated the gum and precipitate are left as a pasty mass in the pen or tabbed which combines it. It is also common to add vinegar to the ink mixture to make it more fluid, which increases the evil by eating on the pen, if a steel one, corroding it through in a very short time. Now the H. Writing Fluid is free from these two substances in every respect, as it is a chemical solution requiring no stirring or shaking before using, therefore will never get thick, and being very fluid it flows from the pen into a given space penetrating deeper into the fibre of the paper making a more permanent stain and one less easily moved by attempts to take it out, than if it was left on the surface. It also contains no matter that has an affinity for metals, therefore will not corrode steel pens—it will not mould, and although it writes of a black green color yet in a few hours it becomes a deep black which will endure for ages. It is warranted superior to the foreign article known by the name of "Arnold's Writing Fluid," and one-third more given for the same price. As a guarantee against imposition of any kind being attempted the following recommendations will suffice, as all cannot be had, that the same there can could not have been obtained by any means, or no money by purpose.

We recommend Hibbert's Chemical Writing Fluid" to the patronage of all who require a good article. It will not corrode the pen, it flows free from the pen without clogging it up and in the course of a few hours becomes a deep bright black.

Mr Thos K Hibbert—Dear Sir: I have been using your Chemical Writing Fluid, and find it a first rate article for the office, it flows freely from the pen and becomes jet black in a few hours. Yours &c.

Pittsburgh, Aug 28, 1847.

Mr T K Hibbert—Dear Sir: Having prepared a bottle of your Writing Fluid, some three weeks ago, I consider it full as good if not superior to Arnold's or any other ink now in use, I know of. Respectfully,
WILLIAM STEWART, Book-keeper for Jas Marshall & Co.

Pittsburgh, Sept 11, 1847.

Mr T K Hibbert—Dear Sir: I am using your Chemical Writing Fluid, and find it to be a most excellent article for steel pens, as it does not clog them spite the peculiarity of other inks, it flows free and becomes a deep black in a few hours. Yours &c.
WILLIAM CARR, Book-keeper for John Parker.

DR. TOWNSEND'S SARSAPARILLA—194 dozen just received of Dr. Townsend's Sarsaparilla, the most extraordinary medicine in the world! This Extract is put up in quart bottles. It is six times cheaper, pleasanter, and more powerful than any other to make the same operations of any kind being attempted to be imitated by any other establishment. Its cures disease without vomiting, purging, sickening or debilitating the patient.

Look out for imitations.—Unprincipled persons have copied our labels, and put up medicine in the same shaped bottles. See that each bottle has the written signature of S P Townsend.

R E SELLERS, Druggist, No 57 Wood st, between 2d and 3d sts, is Dr Townsend's only wholesale and retail agent for Pittsburgh, of whom the genuine article can be had.

SELLERS' IMPERIAL COUGH SYRUP.—It is cheap, easy to take, and highly efficacious.

ALLEGHENY, March 29, 1847.

Mr. R. E Sellers: My children, like others, have been subject to troublesome coughs, and having used different remedies to very little purpose, I was induced by an advertisement about the cough syrup, to give it a trial. I gave it to one of my children, and also to my daughter, several different times, and it never failed to do so.

I have recommended it to my neighbors, and do most conscientiously believe it to be the most efficient cough medicine that has ever been offered to the public.

ANDREW ARMSTRONG.

Parents should not permit their children to suffer from coughs, when they may be cured by a 25 cent bottle of this syrup.

Prepared and sold by R. E. SELLERS, 57 Wood st, between 2d and 3d sts. Sold by Dr. Cassat, 5th Ward; D. M Carry, Allegheny City. dec

PILES.
DR. INGOLDSBY'S Pile Specific, an internal remedy, a certain and radical cure, whether internal, external, bleeding or blind, also, for irritation of the kidneys and bladder, pains in the back and side, habitual costiveness, crap, &c.

Females before and after confinement are often troubled with constipation of the bowels or costiveness, as well as the piles. In all such cases the Specific can be taken with perfect safety, and is a certain remedy. The Specific is entirely vegetable, and is entirely free from mercury, without a particle of gamboge, colocynth or aloes—pleasant to take and perfectly harmless in the most delicate cases.

This is strictly that I know Dr. Ingoldsby's Pile Specific, is a certain cure and safe remedy. Having seen its effect in several cases, amongst my family connexions, in several confirmed and severe cases of the piles, where it made an entire cure in every case. HENRY WHITEHEAD.

New York, May, 1845. 264 Sixth street.

I cheerfully give my testimony to the certain and universal efficacy of Dr. Ingoldsby's Piles Specific, as I know it from my own experience and observation, to be infallible; having seen it used with success in several cases of piles, pain in the back, &c. GEO. MILLER.

LADIES' CERTIFICATES.

New York, May, 1845.

Mr. Beale—Dear Sir—I have great pleasure in saying, that your medicine, Dr. Ingoldsby's Piles Specific, has made a perfect cure in the case of my sister, and I now give you my word that I have been surprised at its effect. It was in my opinion impossible to cure her. However, I can now testify to the medicine being infallible, and do advise all others, who are afflicted in the like manner, to procure the article, as they may depend on a certain cure.

Yours with respect.

West Chester, N. Y., May 15, 1845.

Dr. Ingoldsby—Dear Sir—That you may benefit others who may be suffering as well as to express my gratitude for the benefit I have derived from the use of your valuable Specific, I comply with your request, and now do give my testimony in favor of it, having been cured of a severe attack of the Piles after having used other remedies without success.

Yours with respect.

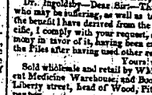
GAZZAM'S PATENT BEDSTEAD.



THIS *New Plan Ultra* improvement has now been in use for about two years, and wherever it is known, preferred to all other bedsteads.

For cheapness, strength and convenience it has not and cannot be equalled, as it is decidedly the best, cheapest and most convenient bedstead in use, and perfectly proof against Bugs.

The principal Patent makers and Turners in Allegheny city and Pittsburgh, have secured Rights to manufacture and sell the article. As there are spurious articles and imperfect imitations in the market, purchasers would do well to examine the Patent stamp on each, which is the genuine article the rest are imitations of the patent, and are worthless. Rights for sale in the east. As a proof of all this it is claimed for Gazzam's Bedstead, the Patent certificate from Cabinet makers well known in Pittsburgh and Philadelphia, is submitted to the public.

We, the subscribers, practical cabinet makers and Bedstead manufacturers of the cities of Pittsburgh and Allegheny, Pa. do hereby certify that we have bought the right to manufacture bedsteads with Gazzam's Patent Fastenings, and consider the same *superior* to any fastenings with which we are acquainted.

TWENTY-FIVE DOLLARS will be paid to any one who can prove a spot of paint, green or dry, that cannot be extracted with Dr. Isaac Hoffman's Chemical Soap. I have the satisfaction of saying to the public that this article, by my own improvement on it, now stands unrivalled in the country for cutting grease, tar, pitch, oil, paint, or any other greasy substance, from all kinds of gentlemen's or ladies' clothing, carpets, table-cloths, counterpanes, sashes, lafrier bonnets, &c. without injuring anything that pure water will not injure. More than one thousand persons in different parts of the country have told me they would not be without it if it cost one dollar per cake. In trying this Soap on any of the articles of light silks, satins, ladies' silk, two of alpaca, and four of calico, on which it was tried, it did not injure the fabric in the least. I have this morning put a sample of the Soap in the hands of a gentleman who has tried it, with little or no success, to remove a spot of paint from a coat, and I will be happy and determined not to recommend it any stronger than the facts will warrant me in doing.

A Challenge to the World.

TWENTY-FIVE DOLLARS will be paid to any one who can prove a spot of paint, green or dry, that cannot be extracted with Dr. Isaac Hoffman's Chemical Soap. I have the satisfaction of saying to the public that this article, by my own improvement on it, now stands unrivalled in the country for cutting grease, tar, pitch, oil, paint, or any other greasy substance, from all kinds of gentlemen's or ladies' clothing, carpets, table-cloths, counterpanes, sashes, lafrier bonnets, &c. without injuring anything that pure water will not injure. More than one thousand persons in different parts of the country have told me they would not be without it if it cost one dollar per cake. In trying this Soap on any of the articles of light silks, satins, ladies' silk, two of alpaca, and four of calico, on which it was tried, it did not injure the fabric in the least. I have this morning put a sample of the Soap in the hands of a gentleman who has tried it, with little or no success, to remove a spot of paint from a coat, and I will be happy and determined not to recommend it any stronger than the facts will warrant me in doing.

MEDICAL.

DR. TOWNSEND'S SARSAPARILLA.
Most extraordinary Medicine in the World.

This extract is put up in quart bottles: it is six times cheaper, pleasanter, and is a more powerful medicine than any other to make the same operations of any kind being attempted to be imitated by any other establishment. Its cures disease without vomiting, purging, sickening or debilitating the patient.

GREAT SPRING AND SUMMER MEDICINE

The great beauty and superiority of this Sarsaparilla over all other Medicines is, that it *Eradicates Disease* in spite of the Body. It is one of the very best SPRING AND SUMMER MEDICINES ever known; it not only purifies the whole system and strengthens the person, but it *Creates New, Pure and Rich Blood*, a power possessed by no other Medicine. And in this lies the grand secret of its wonderful success. It has performed within the past two years, more than 25,000 cures of Severe Cases of Disease; at least 5,000 of these were considered incurable. More than

5,000 cases of Chronic Rheumatism;
9,000 cases of Dyspepsia;
40 cases of General Debility and Want of Energy;
7,000 cases of different Female Complaints;
2,000 cases of Scrofula;
1,500 cases of the Liver Complaint;
3,000 cases of Disease of the Kidney and Dropsy;
3,000 cases of Consumption.

And Thousands of cases of Disease of the Blood, viz: Ulcers, Eruptions, Salt Rheum, Pimples in the Face, &c. &c. Together with numerous cases of Sick Headache, Pain in the Side and Chest, Spinal Affections, &c. &c.

This we are aware, must appear incredible, but we have letters from physicians and our agents from all parts of the United States, informing us of extraordinary cures. B. Van Buskirk, Esq., one of the most respectable druggists in New York, N. Y., informs us that he can refer to more than 100 cures in that place alone. There are thousands of cases in the City of New York, which we will refer to with pleasure and to men of character. It is the best medicine for the Prevention of disease known. It undoubtedly saved the lives of more than

5,000 CHILDREN THE PAST SEASON!

As it removes the cause of disease, and prepared them for the Summer season.

UNITED STATES OFFICES.

CAPT. G. W. MCCLAN, of the UNITED STATES NAVY, and member of the Newark Legislature, has kindly sent us the following certificate. It tells its own story.

NEWARK, Jan. 25, 1847.

A year since I was taken with Rheumatism, and my whole system fell in a debilitated state. I was induced to try Townsend's Sarsaparilla, and after taking two or three bottles, I was very much improved in health. I continued to take said Sarsaparilla. I have continued taking it, and find that it does what it is recommended to do; I believe it saved my life, and would not be without it under any circumstances.

G. W. MCLEAN, late U. S. N.

SCROFULA CURED.

This certificate conclusively proves that this Sarsaparilla is the best remedy for the most obstinate disease of the blood. Three persons cured in one house is unprecedented.

THREE CHILDREN.

Dr. TOWNSEND—Dear Sir: I have the pleasure to inform you that three of my children have been cured of scrofula by the use of your excellent medicine. They were afflicted every spring with this disease, and have only taken four bottles; it took them away, and they have kept myself under deep obligation. Yours, respectfully,

NEW YORK, March 1, 1847. W. CRAIG, 100 Wooster st.

GREAT FEMALE MEDICINE.

Dr. Townsend's Sarsaparilla is a sovereign, and speedy cure for incipient Consumption, Barrenness, Leucorrhœa, or Whites, Irregularity, Pain and Difficulty in the Performance of Urine, or involuntary discharges thereof, and for the relief of prostration of the system—no matter whether the result of laborious cause or causes, produced by irregularity, illness or accident.

Nothing can be more surprising than its invigorating effects on the human frame. Persons, all weakness and languishing, from taking it, at once become robust and full of entire health and its influence. It immediately counteracts the nervousness of the female frame, which is the great cause of barrenness.

It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can refer to persons, that hundreds of cases have been reported to us, in our own city, where families have been without children, after using a few bottles of this invaluable medicine, have been blest with healthy offspring.

Dr. Townsend's Sarsaparilla, being greatly distressed by weakness and general debility, was induced to try it, hoping by pain and cessation of bearing down, falling of the womb, and with other difficulties, and having known cases where your medicine has effected a cure, I have taken the liberty to recommend for such cases as I have described, I obtained the desired effect, and I feel it my duty to inform you of the benefit I have received from the use of your Sarsaparilla, and followed the directions you gave me. I am in good health, and enjoy her complaints and restored her health. Being grateful for my recovery, I take pleasure in this acknowledgment, and recommending it the public.

CHESTER, Sept. 29, 1845.

Dr Townsend: To all whom this may concern—This is to certify that my wife used three bottles of your Sarsaparilla previous to her confinement, under the most alarming circumstances, being troubled with the dropsy, swelling of the feet, serious difficulty of breathing, &c. &c. and I, with my persuasion, and the recommendation of those who knew of her, she was induced to try it, with little or no faith; and suffice it to say, the medicine has done her more good than any thing she has taken, and she is happy and thankful for the benefit she has received from it. I have this morning put up three bottles more, and I have no doub
