VEGETABLE PULMONARY BALSAM.—To the Proprietors of the Vegetable Pulmonary Balsam—I am satisfied that the Vegetable Pulmonary Balsam is a valuable medicine. It has been used in this place with complete success in an obstinate complaint of the lungs, attended with a severe cough, loss of voice, and the raising of much blood which had previously resisted many approved prescriptions. After using the balsam one week the patient's voice returned, and he was enabled to speak audibly. This case occurred some time since, and the man is now engaged not only in active but in laborious business. Respectfully yours,

MISCELLANEOUS.

A GREAT CURE, performed by the original and only true and genuine Liver Pill, prepared and sold by R E SELLERS.
MORRIS' FACTORY, Westmoreland Co., Pa., July 12th, 1847.
Mr. R. E. Sellers:—A sense of duty to your and the afflicted fraternity prompts me to send my humble testimony in favor of your justly celebrated Liver Pills. I have delayed doing so for years, adhering to the old adage, "be sure you are right, then go ahead." Most of the many preparations of empirics and quacks, landed to the skies, have sunk into oblivion since your Liver Pills have been offered to the public, and, indeed, I believe they will "survive them all," as they are just what they represent them to be. I have been afflicted with Liver Complaint from my youth, have suffered much, employed eminent physicians, to whom I paid much money; have lost much blood; been vomited and physicked almost to death; salivated to the point of death; and finally given up as incurable. In 1836-7 I was induced to try your Liver Pills, and SOON GOT WELL. One box of which I now suffice to keep me clear of pills in the side, and all the other symptoms for at least 12 months. Your Pills are also the best cathartic I ever used; being mild, not griping or giving much sickness at the stomach, but physicking well. I have kept them in my store for 6 or 7 years; sold hundreds of boxes and have never heard a sing e complaint uttered by any one who has used them. They have spoken for themselves among other pill in this neighborhood, and in a short time will banish them all. I earnestly recommend them to all persons suffering under whatever form of Liver Complaint or Bilious Affection. I consider them far superior to Calomel or the Blue Pill. Respectfully yours,
CAUTION—As there are other Pills before the public called Liver Pills, persons who want the GENUINE should ask for and take no other than those prepared and sold by R E SELLERS, No 57 Wood st between Third and Fourth streets.

DR. JAYNE'S ALTERATIVE.
We have been informed by Mrs Rose of a cure performed on her by Dr. Jayne's Alterative, which proves its superiority over every other remedy of the kind. She had been afflicted for the last sixteen years with NECROSES or WHITE SWELLINGS, attended with lacerations and exfoliation of various bones, during which time many pieces have been discharged from the frontal bone of the cranium, from both her arms, wrists and hands, and from the right knee, besides painful ulcers on other parts of her person, which have baffled the skill of a number of the most eminent physicians of our city—during most of the time her sufferings have been excruciating and deplorable. About three months since she commenced to try Dr. Jayne's Alterative, which has had an astonishingly happy effect upon her, by removing all pain and swellings, and causing the wounds to heal, while the whole constitution has regained health has become completely restored, so that she now weighs 25 lbs more than she did before she commenced the use of this truly valuable preparation.—Get Jayne's Tablets.
For further information, inquire of Mrs. Rose, No. 128 Filbert st, Philadelphia.
For sale in Pittsburgh, at the PEKIN TEA STORE, 72 Fourth st near Wood. jy5

A STRONG EVIDENCE that Dr JAYNE'S EXPECTORANT is superior to all other remedies for Coughs, Colds, Consumption, Bronchitis, Asthma, and other Pulmonary affections, is that the same persons who commenced the use of it in their families ten years ago still prefer it to all other medicines for those complaints, and have never proved so fatal to any other preparat ons they have almost invariably been disappointed in procuring the benefit which was reasonably anticipated from the high praises bestowed by the proprietors, and have returned to the use of JAYNE'S EXPECTORANT, as a remedy that has never failed to relieve them, and which experience has proved has never failed to afford them the greatest benefit in arresting pulmonary diseases.

MEDICAL.

HIBBERT'S CHEMICAL WRITING FLUID—In selecting the proprietors of the public for this article, it is but right and proper that the merits on which the claim for support is based should be fully and fairly set forth and also some guarantee be given that the company will not be imposed upon by inferior articles.
In the first place it is well known that the generality of black "inks" are composed of a precipitate, held together by gum Arabic, and when the water, either in pools or part is evaporated the gum and precipitate are left in a pasty mass in the pen or habitual which contains it. It is also common to add vinegar to the ink mixture to make it more fluid, which increases the evil by acting on the pen, if a steel one, corroding it through in a very short time. Now the "Writing Fluid" differs from these mixtures in every respect, as it is a chemical solution requiring no vicenl matter to hold it together, therefore will never get thick, and being very fluid a large quantity flows from the pen into a given space penetrating deeper into the fibre of the paper making a more permanent stain and one less easily moved by attrition than if it was only plastered on the surface. It is so contains no matter that has an affinity for metalic iron, therefore will not corrode steel pens—it will not mould, and although it writes of a bluish green color yet in a few hours it becomes a deep black which will endure for ages. It is warranted superior to the foreign article known by the name of "Arnold's Writing Fluid," and one-third less given for the same price. As guarantees against imposition of any kind being attempted the following recommendations will suffice, as all must be aware, that the same, if never given only that have been obtained by any means for an unworthy purpose.
We recommend "Hibbert's Chemical Writing Fluid" to the patronage of the public, as a first rate article in all respects; it flows free from the pen without clogging it up and in the space of a few hours becomes a deep black.

GAZZAM'S PATENT BEDSTEAD.

THIS *Ne Plus Ultra* improvement has now been in use about two years, and wherever it is known, preferred to all other bedsteads.
For cheapness, strength and convenience it has not and cannot be equalled, as it is decidedly the best, most neat and most convenient Bedstead in use, and perfectly proof against Bugs.
The principal Cabinet makers and Turners in Allegheny city and in Pittsburgh, are now secured Rights to manufacture and sell the article. As there are spurious articles and imperfect imitations in the market, purchasers would do well to examine the patent, place on which in the genuine article the name of the patentee, E. F. GAZZAM, is invariably cast. As a proof of all that is claimed for Gazzam's Bedstead, the following extract from Cabinet makers well known in Pittsburgh and the West, is submitted to the public:
Dr. Esquire:—We, the undersigned, cabinet makers and Bedstead manufacturers of the cities of Pittsburgh and Allegheny, Pa., do hereby certify that we have bought the right to manufacture Gazzam's Bedstead, of E. F. Gazzam, and consider the same *superior* to any fastenings with which we are acquainted.

A Challenge to the World.
TWENTY-FIVE DOLLARS will be paid to any one who will produce a spot of paint, green or dry, that Chase's Improved Ready Mixed Paint will not cover up. I have the satisfaction of saying to the people of this place, that this article, by my own improvement on the old formula, is now in use in the construction of carriages, car, pitch, oil, paint, or any other greasy substance, from all kinds of gentlemen's or ladies' clothing, carpets, silks, satins, cloths, marble, metal, or anything else, without injuring anything that pure water will not injure. More than one thousand persons to different parts of the country have used it, and pronounced it without it, if it cost one dollar per yard. Its tying this Soap on more than 500 articles of light silks, satins, silver, cloths, and carpets, and not injuring one single article, silk, two of alpaca, and four of calico, on which it changed the color; therefore before pasting it on a light dress try a sample of the dress in question. I am determined not to recommend it any thing but what I have to be strictly true.
