MISCELLANEOUS.

JOSEPH LIPPENCOTT, WM C BARR

LIPPENCOTT & BARR,
(Late J. & S. Stricklet & Co.)

MANUFACTURERS of Phœnix fire proof safes, south side, second door west of Market street, Smithfield Pittsburgh, J. S Strickler having deceased and the surviving partner Mr. Jos Lippencott, having associated himself with Mr. Wm C Barr, the business will hereafter be conducted under the style of Lippencott & Barr.

Trial of a safe in Cincinnati, O.—We, the undersigned were present at the testing of one of J S Strickler & Co's improved Phœnix fire-proof safes. The safe was placed in a furnace on the public building, and subjected to the intense heat of a store, coal fire for more than three hours. In one hour and a half the safe came to a bright red heat; the door of the furnace was then removed, which caused an increased and steady heat for the balance of the time, until the cast iron wheels were partially melted off from their axles and then thrown down, and the safe cooled and opened. The money, papers and books which it contained were as perfect as when opened there, the bindings and edges of the books being burned by the heat, when in cooling the safe. We have no hesitation in recommending it to the public as a safe superior to any we have yet seen, and believe it will stand among any heat which might be produced, except a heat which would melt it to a solid mass.

MORGAN'S COUGH SYRUP—It proved to be the great Panacea in curing my child's distressing cough.

From the Tempperance Banner, Nov 3 1847.

Cough Syrup.—We are not in the habit of puffing much less taking patent medicines, but we feel disposed to recommend Morgan's Syrup to those who are afflicted with a cough. After having tried the usual remedies to remove a constant and distressing cough, that had for several days afflicted one of our children, we were induced to try Morgan's cough syrup, and by it relief was obtained in a few hours. It proved as he the panacea in this case at least.

VEGETABLE PULMONARY BALSAM.—To the proprietors of the Vegetable Pulmonary Balsam.—I am entitled that the Vegetable Pulmonary Balsam is a valuable medicine. It has been used in this place with complete success in an obstinate complaint of the lungs, attended with a severe cough, loss of voice, and the raising of much blood which had previously resisted many approved prescriptions. After using the balsam one week the patient was restored, and he was enabled to speak audibly. This case occurred some time since, and the man is now engaged not only in so his job in laborious business.

A STRONG EVIDENCE that Dr JAYNE'S SANATIVE TONAT is super or to all other remedies in Coughs, Consumptions, Bronchitis, Asthma, and other Pulmonary affections, is that the same persons who recommend the use of it in their families ten years ago, still prefer it to all other remedies of the kind; and where any have been induced by other preparations to try the Sanative, they have been disappointed in receiving the benefit which was reasonably anticipated from the high praises bestowed by the proprietors, and have returned to the use of JAYNE'S EXPECTORANT, as a remedy that has never failed to relieve them and which probably never had its equal in arresting pulmonary disease.

MISCELLANEOUS.

HIBBERT'S CHEMICAL WRITING FLUID—In submitting the public for this article, it is not right and just that the merits on which the claim for support is based should be fully and fairly set forth and also some guarantee be given that the community will not be imposed upon by using it.

In the first place it is well known that the generality of black "Inks" are composed of a precipitate, held together by gum Arabic, and when the water, either in whole or part is evaporated the gum and precipitate are left as a pasty mass in the pen or inkstand which contains it. It is also common to add vinegar to the ink mixture to make it more fluid, which increases the evil by acting on the pen, if a steel one, corroding it through in a very short time. Now this Writing Fluid differs from the mixtures in every respect, as it is a chemical solution requiring no vicid matter to hold it together, therefore will never get thick, and being very fluid in large quantity flows from the pen into a given space penetrating deeper into the fibre of the paper making a more permanent tint and one less easily moved by attrition than if it was only plastered on the surface. It also contains no matter that has an affinity for metalic iron, therefore will not corrode steel pens—it will not mould, and although it writes of a bluish green color yet in a few hours it becomes a deep black which will endure for ages. It is warranted superior to the foreign article known by the name of "Arnold's Writing Fluid," and one-third more given for the same price. As a guarantee against imposition of any kind being attempted the following recommendations are offered, as all must be aware, that the names there given could not have been obtained by any means for an unworthy purpose.

We recommend Hibbert's Chemical Writing Fluid" to the patronage of the public, as a first rate article in all respects; it flows free from the pen without clogging it up and in the course of a few hours becomes a deep bright black.

GREAT SPRING AND SUMMER MEDICINE

The great beauty and superiority of this Sarsaparilla over all other Medicines is, whilst it Eradicates Disease it invigorates the Body. It is one of the very best SPRING AND SUMMER MEDICINES ever known, it not only purifies the whole system and strengthens the person, but it *Creates New, Pure and Rich Blood*; a power possessed by no other Medicine. And in this lies the grand secret of its wonderful success. It has performed within the past two years, more than 25,000 cures of Severe Cases of Disease; at least 5,000 of these were considered incurable. More than

3,000 cases of Chronic Rheumatism;
2,000 cases of Dyspepsia;
400 cases of General Debility and Want of Energy;
7,000 cases of different Female Complaints;
2,000 cases of Scrofula;
1,500 cases of the Liver Complaint;
2,500 cases of Disease of the Kidney and Dropsy;
3,000 cases of Consumption.

And Thousands of cases of Disease of the Blood, viz: Ulcers, Erysipelas, Salt Rheum, Pimples on the Face, &c., &c. Together with numerous cases of thick Headache, Pain in the side and Chronic Spinal Affections, &c., &c.

This, we are aware, must appear incredible, but we have letters from physicians and our agents from all parts of the United States, informing us of extraordinary cures. R. Van Buskirk, Esq., one of the most respectable druggists in Newark, N. J., informs that he can refer to more than 1,000 cases in that place alone. There are thousands of cases in the City of New York, which we will refer to with pleasure and to men of character. It is the best medicine for the diseases of females. It undoubtedly saved the lives of more than

5,000 CHILDREN THE PAST SEASON!

As it removes all the cause of disease, and prepared them for the Summer season.

UNITED STATES OFFICES,

CAPT. G. W. MCCLEAN, OF THE UNITED STATES NAVY, and member of the New Jersey Legislature, has kindly sent us the following certificate. It tells its own story.

BARNAY, Jan. 25, 1847.

A year since I was taken with the Influenza, and my whole system felt in a debilitated state. I was induced to try Dr. Townsend's Sarsaparilla, and after taking two or three bottles I was as perfect a man as ever lived. I have continued taking it, and find that I improve every day. I believe it saved my life, and would not be without it under any consideration.

G. W. MCLEAN, late U. S. N.

SCHOOLY CORNER.

This certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate disease of the blood. Gentlemen, please read the following:

THREE CHILDREN.

Dr. Townsend:—It gives me the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with both internal and external sores, and I cannot but speak in the highest terms of it, for which I feel myself under deep obligation.

Yours, respectfully,
ISAAC W. CRAIG, 105 Wooster st.

New York, March 1, 1847.

GREAT FEMALE MEDICINE.

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for incipient Consumption, Barrenness, Leucorrhœa, or White, Menstrual or difficult Menstruation, Incontinence of Urine, or involuntary discharges thereof, and for the general prostration of the system—no matter whether the result of inherent disease or causes, produced by irregularity, illness or accident.

Nothing can be more surprising than the invigorating effects on the health of Females, pale, weak, nervous, and languishing, from taking it, it once becomes robust and full of energy under its influence. It immediately commences to bear down all the diseases of the female frame.

It will not be expected of us, in cases of so delicate a nature, to publish certificates of cures performed, but we can assure the afflicted, that hundreds of cases have been reported to us. Several cases where females have been without children, after using one bottle of this invaluable medicine, have been blest with healthy offspring.

Dr. Townsend:—My wife being greatly distressed by weakness and general debility, and suffering continually by pain and a sensation of bearing down, falling of the womb, and with other difficulties, I was induced to try what your medicine has effected great cures; and also bearing testimony to the good such cures as I have described, I obtained a bottle of your Extract of Sarsaparilla, and followed the directions, and gave me. In a short period it removed her complaints and restored her health. Being grateful for the benefits she received, it is a pleasure to me to acknowledge it, and recommending it the public. M. D. MOORE,
Albany, Aug. 17, 1846. Cor. of Grand and Lydius sts.

CORSICANA, Sept. 29, 1845.

Dr Townsend: To all whom this may concern—This is to certify that I have used one bottle of your Sarsaparilla for nervous or her complaint, under the most alarming and delicate circumstances, being troubled with the dropsy, swelling of the feet, ankles and legs, and was much reduced and; with my persuasion, and the recommendation of those who had used it, she was induced to try it, with little or no hope, but yielded to my, the medical advice, and hope and desired effect, not only in the hours of confinement, but after the expiration of one week of its use, the dropsy and swelling subsided to a mere trifle, and she recovered and her health is now better than it had been for a long time previous.

If this will be of any service to you or any one who doubts the success of the medicine, you are entirely welcome to it.

I subscribe myself your most obedient and obliged servant,

S S JAMISON.

TO MOTHERS AND MARRIED LADIES.

This Extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has tried it, hesitates to recommend it. It is the best medicine for the Hysterics of Females, Palpitation of the Heart, Nervous Affections, Nervous Tremors, Lower Complaint of the Bowels, Costiveness, Cramp, etc.

THEREFORE, beware of all spurious mixtures of Tar or Naptha as imitations are abroad.

M. S. P. Thompson, Esq., says: The astonishing benefit I have experienced from the use of your Compound Syrup of Tar and Naptha renders it my duty to inform you of it. I had been laboring under a very bad cough, accompanied by severe pain in the breast, with great oppression, difficulty of breathing and loss of appetite. Using various remedies without effect. I became alarmed at my situation, and was induced by my nurse to using most advertised medicines, I thought I would believe to what I had been long. Finding myself growing worse a friend provided me with a bottle of your preparation, saying "be good his life to its virtues." I immediately procured a bottle and commenced using it, before I had taken two bottles, I was completely restored to health.

Solely for the benefit of others I make the above brief statement. Any further inquiries can be made at my residence, 151 Catharine street.

Respectfully yours,

FRANCIS PREVOT.

Still another Remarkable Cure.

Carlisle, Pa., Nov. 20, 1845.

About six years since, in consequence of the sedentary nature of my business, I was attacked with a pain in the breast, palpitation of the heart and shortness of breath, which were soon followed by the failure of appetite, extreme wakefulness at night and partial pain in the side, accompanied by a deranged system being frequently attended with spitting of blood. For about two years I was occasionally through the summer, confined to my room, and for the last year or so effect in removing the complaint. I was induced, about two months since, to try your Extract of Sarsaparilla, and I must say, that after using three bottles of it, I found my appetite restored, and the heartburn entirely removed; and I would earnestly recommend the use of it to those who have similar pain in my breast.

Yours, &c.,
W. W. VAN ZANDT.

ALMOST A MIRACLE

Read the following, and doubt if you can, that consumption is not cured. This is only one of the several hundred cures that have been effected by this medicine.

Dr Townsend—Dear Sir. I was taken, a little over a year ago, with a severe cough and pain in my side. It became so bad that I was obliged to leave Philadelphia by physicians to have the quick consumption. I raised large quantities of bad matter, had night sweats, and sinking very fast, my doctor gave me over, I was given up by my friends, I went into the hospital in hope of being benefited, but was pronounced there as incurable. I was now greatly distressed at the lungs and bleeding very much at times, I was emaciated, and expected to die; was confined to my bed, and was obliged to have watchers indeed I cannot give you a description of my sufferings. I was given up and supposed by my friends to be past recovery; I had tried a great number of remedies, and all seemed to be to no purpose. I read of your wonderful cures performed by your medicine, and to tell you the truth, I suspected there was some humbug in them! But I was induced to try one bottle, I did so, and to my
