SALTER'S
GINSENG PANACEA!
TO THOSE SUFFERING WITH DISEASED LUNGS—The unprecedented success which has attended the use of the
GINSENG PANACEA
in all the various forms which irritation of the lungs assumes, has induced the proprietor again to call attention to this
WONDERFUL PREPARATION.
The changeable weather which marks our fall and winter months, is always a fruitful source of
COLDS AND COUGHS.
These, if neglected, are but the precursors of that fell destroyer,
CONSUMPTION.
The question, then, how shall we nip the destroyer in the bud? how shall we get clear of our coughs and colds? is of vital importance to the public.
THE ONE GREAT REMEDY
will be found in the Ginseng Panacea. In proof of this we have from time to time published the certificates of dozens of our best known citizens, who have experienced its positive powers. These, with masses of testimony from all parts of the country,—from
MEDICAL MEN OF THE FIRST STANDING,
Ministers of the Gospel, &c., together with copious notices from the
JOURNALS OF THE DAY,
we have embodied in pamphlet form, and may be had gratis of any of our agents throughout the country.
HUNDREDS OF BOTTLES
have been used in this city,
THOUSANDS AND TENS OF THOUSANDS
throughout the United States and Canada, and we challenge any man to point out a
SINGLE INSTANCE
in which, when taken according to directions, and before the lungs had become fatally disorganized, it has ever failed to
EFFECT A PERFECT CURE.
Why, then, need the afflicted hesitate? ... by resort to the miserable nostrums, gotten up by ... individuals under the assumed name of some ... physician, and puffed into notoriety by certificates ... sons equally unknown? While a medicine of
UNPARALLELED EFFICACY
is to be had, whose vouchers are at home,—our neighbors,—many of whom it has
SNATCHED FROM THE GRAVE.
In order that this invaluable medicine may be placed within the reach of the poor as well the rich, we have put the price at
ONLY FIFTY CENTS,
just one half the usual cost of cough medicines. It is for sale by our agents in nearly every town and village in the west, to whom we give full information relative to it.

Inflammation of the Tonsils or Sore Throat.—This disease often leads to serious consequences from neglect, and is a strangler of children. On the first symptoms, Dr. Sweetser's Panacea should be procured and used freely.
Colds and Colds find a sovereign remedy in Dr. Sweetser's Panacea.

Scratch! Scratch!!
TETTER, ITCH, SALT RHEUM, &c.—Who would be for a single day scratch, when afflicted with the Tetter, Itch, or other diseases of the skin, if they knew what would relieve and cure them.
The horrible to be endured itch and scratch when alone, but more horrible to bear when it is for decency sake, but more in company. Let it be remembered that BR. LEDDY'S TETTER and ITCH OINTMENT is the most efficacious of all the preparations in existence for curing the Tetter, Itch, and other diseases of the skin. It carries the Tetter, Itch, and other diseases of the skin. As all diseases of the skin must arise from the impurity of the blood and fluids of the body, and where such disease of the blood and fluids of the body, and the constitution affected cases be of long standing, and the constitution affected thereby, if Dr. Leddy's Sarsaparilla Blood Pills be used with the ointment, a cure in any case whatever, with the ointment, if they do not, the money will be returned by Dr. Leddy. Most cases, however, will be effectually cured by Dr. Leddy's Tetter and Itch ointment, unless the whole system is impregnated by the diseased humors which will be completely exercised by the use of the Sarsaparilla. Dr Leddy's blood pills, and the ointment rubbed on the surface of the skin heal. Dr Leddy's Tetter and Itch ointment. Price of ointment 25 cents.

SCHENCK'S IMPERIAL COUGH SYRUP.—It has power to cure! Pittsburgh, Feb. 14, 1847.
R. E. Sellers:—My wife has for years been subject to a hacking cough, accompanied with asthma, for the cure of which she tried different cough remedies, and had the advice of the most eminent physicians in and had the advice of the most eminent physicians in and had the advice of the most eminent physicians in Boston, but it was unavailing. By chance I heard of your Imperial Cough Syrup, and was induced to buy a bottle for trial, though I had no belief that anything would cure her complaint. To my great surprise, good results followed the use of the first bottle. She is at times two doses a day, but two teaspoonsful of Syrup troubled her, and I am satisfied, after a trial of three or four days, that Schenck's Cough Syrup is the best cough medicine I have ever met with. Yours, &c. WM. FARNOUREN.

As the above certificate should induce all who are troubled with cough or asthma, to give the Syrup a trial, I have made it my duty to keep a supply in the drug store. R E SELLERS, 57 wood st.

Pulmonary Balsam.
MESSRS. REED & CUTLER—I feel it my duty I owe to my fellow creatures, to state something more respecting your Vegetable Pulmonary Balsam. Since I first used the Balsam, about seven years ago, the happy effect of which I then gave an account of, I have had several severe complaints and attacks at my lungs, one a few days since, and in every instance I have used the Balsam alone with complete and perfect success. It has effected relief and cure in a very few days. It is certainly a safe and valuable medicine, that it will cure a fixed consumption, but I believe it will be in many cases a preventive, and prevention is better than cure; I do therefore, for the benefit of my fellow men, earnestly recommend the use of this Balsam, in all pulmonary complaints. I am confident that it has been the means of preserving my life to this day.

Dr. Taylor's Balm of Liverwort.
THAT this medicine should acquire so much notoriety, is not at all strange, when we take into consideration the wonderful cures it has effected. For rather than a quarter of a century it has proved so astonishingly successful in the north, that nearly every family retain it in their house as an antidote to cold, coughs, and consumption.
That no other article possesses the same merits in equally true, and the consumptive learns that prudence, if not humanity, should induce them to prefer proved worthless. There is not a doubt but thousands are yearly cured by this inestimable medicine, and the many instances where it has given up to die, have, in an incredible short time, been entirely cured by its universal efficacy. The following remarkable cure of consumption was effected by this Balsam of Liverwort. As you value life and health, and would be cured, at once resort to this article, and you will be assured you will not regret the trouble and expense, and judge for yourself.
INTERESTING CURE OF CONSUMPTION AND LIVER COMPLAINT.—I had a violent cough, with raising of blood, severe pain in my side, loss of appetite, stomach and across my bowels. I was so cold at times, it seemed impossible to keep warm, even when others were comfortable. My face was pale and yellow, my voice was very yellow. I fell away to skin and bones, my veins sunk in and became invisible, and every person supposed I was in the last stage of consumption. I was induced to try Dr. Taylor's Balsam of Liverwort, which I got, as my physician did me no good, and this medicine restored me to good health and strength.

Although thousands can testify to the virtues of Dr. Taylor's Balsam of Liverwort, and scarcely still die of that fatal malady, the cause is plain, neglect your first symptoms, and when trifle with the things of no use, and the death follows. But every one can be cured if they will.—Take this medicine at the very first approach of the disease, and you will be cured. Let it this medicine cured consumption in advanced stages, as the testimonials below will prove. But the surest way is not to defer, as the disease is fatal.

VEGETABLE PULMONARY BALSAM.—To the proprietors of the Vegetable Pulmonary Balsam—I am satisfied that the Vegetable Pulmonary Balsam is a valuable medicine. It has been used in my family with complete success in the consumption of the lungs, attended with a severe cough, loss of voice, and the raising of much blood which had previously resisted many approved remedies. After using the Balsam a few days the patient's voice returned, and he was enabled to speak audibly. This case received some time since, and the man is now engaged and able in his usual business. Respectfully yours,
S MORRILL, M.D.

A STRONG EVIDENCE that DR JAYNE'S EXPECTORANT is superior to all other remedies for Coughs, Consumption, Bronchitis, Asthma, and other Pulmonary affections, is that it has been used in families ten years ago, still prefer it to all other remedies of the kind; and where any have been induced to try other preparations they have invariably returned to the Expectorant, in preference. Its wonderful benefit which was reasonably anticipated from the high praises bestowed by the proprietors, has not been disappointed in the use of its purchasers, and have returned to the use of Jayne's Expectorant, and have never failed to relieve them, and which probably never had its equal in arresting pulmonary disease.

MISCELLANEOUS

HIBBERT'S CHEMICAL WRITING FLUID—In soliciting the attention of the public to this article, it is but right and just that its merits on which the claim for support is based should be fully and fairly set forth and also some guarantee be given that the compound will not be impaired upon by using.
In the first place it is well known that the generality of black "inks" are composed of a precipitate, held together by gum Arabic, and when the water, either in whole or in part is evaporated the gum and precipitate are left as a pasty mass in the pen or inkstand which contains it. It is also common to add vinegar to the ink mixture to make it more fluid, which increases the evil by heling on the pen, if a steel one, corroding it through in a very short time. Now the "Writing Fluid" differs from these mixtures in every respect, as it is a chemical solution requiring no viscid matter to hold it together, therefore will never get thick, and being very fluid a large quantity flows from the pen into a given space penetrating deeper into the fibre of the paper making a more permanent stain and one less easily moved by attrition than if it was only plastered on the surface. It also contains no matter that has an affinity for metallic iron, therefore will not corrode steel pens—it will not mould, and although it writes of a bluish green color yet in a few hours it becomes a deep black which will endure for ages. It is warranted superior to the foreign article known by the name of "Arnold's Writing Fluid," and one-half more given for the same price. As a guarantee against imposition of any kind being attempted the following recommendations will suffice, as all must be in superior quality.
We recommend "Hibbert's Chemical Writing Fluid" to the patronage of the public, as a first rate article in all respects; it flows free from the pen without clogging it up and in the course of a few hours becomes a deep bright black.

R S MORRIS & Co's, BLACK WRITING INK, for steel or quill pens, and the copying press. This ink is the result of the experiments of a person long and devoted to the manufacture of inks, and is offered as an article suited to all the purposes of the consumer. The perfection of this writing ink consists in its being invariably permanent, whatever it may be used for, the result of long experiment. It will flow with perfect freedom either from quill or steel pen, and will not injure any corrosive qualities.
COLOR—The color of this article is a rich, beautiful blue black. It is necessary, however, to give some time for the development of color.
If All good black ink, from its necessary chemical constitution, requires exposure to the air to impart its full or deep color. It must not, therefore, be expected, that the moment the bottle is opened, the
