SALTER'S

GINSENG PANACEA!

TO THOSE SUFFERING WITH DISEASED LUNGS—The unprecedented success which has attended the use of the

GINSENG PANACEA

in all the various forms which irritation of the lungs assumes, has induced the proprietor again to call attention to this

WONDERFUL PREPARATION.

The changable weather which marks our fall and winter months, is always a fruitful source of

COLDS AND COUGHS.

These, if neglected, are but the precursors of that fell destroyer,

COSUMPTION.

The question, then, how shall we nip the destroyer in the bud! how shall we get clear of our coughs and colds! is of vital importance to the public.

THE GREAT AND ONLY REMEDY

will be found in the Ginseng Panacea. In proof of this we have from time to time published the certificates of dozens of our best known citizens, who have experienced its curative powers. These, with a mass of testimony from all parts of the country—from

MEDICAL MEN OF THE FIRST STANDING,

Ministers of the Gospel, &c., together with copious notices from the

JOURNALS OF THE DAY,

we have embodied in pamphlet form, and may be had gratis of any of our agents throughout the country.

HUNDREDS OF BOTTLES

have been sent to all parts of the country.

THOUSANDS AND TENS OF THOUSANDS

throughout the United States and Canada, and we challenge any man to point out a

SINGLE INSTANCE

in which, when taken according to directions, and before the lungs had become fatally disorganized, it has ever failed to

EFFECT A PERFECT CURE.

Why, then, need the afflicted hesitate? why resort to the miserable nostrums, gotten up by unknown individuals under the assumed name of some celebrated physician, and palmed into notoriety by certificates of persons equally unknown? Whilst a medicine of

UNPARALLELED EFFICACY

is to be had, whose vouchers are at home—our neighbors,—many of whom it has

SNATCHED FROM THE GRAVE.

In order that this invaluable medicine may be placed within the reach of the poor as well the rich, we have put the price at

ONLY FIFTY CENTS,

just one half the usual cost of cough medicines. It is for sale by our agents in nearly every town and village over the whole country. To give full information relative to it.

Inflammation of the Tonsils or Sore Throat.—This disease often leads to serious consequences from neglect, and is invariably infectious. On the first symptoms, Dr. Sweetser's Panacea should be procured and used freely.

Scratch! Scratch!!

for a single day scratch, when afflicted with the Tetter, Itch, or other diseases of the skin, if they knew who would relieve them and cure them.

This terrible to be obliged to rub and scratch when alone, but more terrible to obtain from it, (for decency sake,) when in company. Let it be remembered, that DR. LEIDY'S TETTER AND ITCH OINTMENT is the most efficacious of any other preparation in existence in curing the Tetter, Itch, and other diseases of the skin. As all diseases of the skin must arise from the impurity of the blood, or humors of the body, and where such disease be of long standing, and the constitution affected thereby, if Dr. Leidy's Sarsaparilla Blood Pills be used with the ointment, there will be no any case whatever, and if they do not, the money will be returned by Dr. Leidy. Most cases, however, will be effectually cured by Dr. Leidy's Tetter and Itch Ointment, unless the whole system is impregnated by the diseased humors which will be completely carried off from the system by Dr Leidy's blood pills, and the surface of the skin healed by the ointment. Price of ointment 25 cents.

SELLER'S IMPERIAL COUGH SYRUP.—Ichas power to cure! Pittsburgh, Feb. 14, 1847.

Rev. R. Stearns—My wife for two years been subject to a distressing cough, accompanied with asthma, to the cure of which she used different cough remedies, and had the advice of the most eminent physicians in England, but all was unavailing. By chance I heard of your Imperial Cough Syrup, and was induced to buy a bottle for trial, although I had no belief that anything could remove her complaint. To my great surprise, two doses gave her immediate relief. She is at times troubled with a cough, but two teaspoonfuls of your syrup always stops it. I am satisfied, after a trial of three or four years, that Seller's Cough Syrup is the best cough medicine I have ever tried either in the Old or New World. WM. FATHEROUEL,

Seventh Ward, city of Pittsburgh.

The above certificate is indeed one of no little trouble; with cough or asthma, to give the Syrup a trial; it may be had for 25 cents a bottle, at the drug store of R E SELLERS, 57 wood st.

Pulmonary Balsam.

MESSRS. REED & CUTLER—I feel it a duty I owe to my fellow creatures, to state something more concerning your valuable Pulmonary Balsam. Since I first used the Balsam, about eleven years ago, the happy effect of which I then gave an account of, I have had the most complicated attacks at my lungs, one a few days since, and in every instance I have used the Balsam alone with complete and perfect success. It has cured me in less time in a very few days.—It is certainly a safe medicine. I do not know that it will cure a fixed consumption, but I believe it will in many cases arrest the progress, and prevention is better than cure; I do therefore, for the love of my fellow men, earnestly recommend the use of this Balsam, in all its pulmonary complaints, and I am confident that it has been the means of preserving my life to this day.

This is to certify that after using different preparations for expulsion of Worms, I procured C. F. From the first, aged 6 years, it expelled 45 worms; from the second, aged 4 years old, 70; and from the third, 2½ years old, 110; making 225 worms expelled by using but one vial. B. A. FAHNESTOCK'S Pectoralic or Cough Balsam, has a great advantage over many other Cough preparations, as its pleasant taste permits it to be used without inconvenience. But its value as a Balsam consists in the speediness of its cure. We have known some of the most desperate coughs, some of which had been of long standing, to be cured in a considerable length of time, yield almost immediately to its power.

MISCELLANEOUS.

HIBBERT'S CHEMICAL WRITING FLUID.—In publishing the 8th year of the public for this article, it is but right, and to open Hibbert's merits on which the claim for support it hands should be fully and fairly set forth and also some guarantees be given that the confidence of the public will be sustained upon by using it.

In the first place it is well known that the generality of ink powders, are composed of a precipitate, held together by gum Arabic, and when the water, either in whole or part is evaporated the gum and precipitate are left as a pasty mass to add vinegar to the jak mixture to make it more fluid, which increases the evil by acting on the pen, if a steel one, corroding it through in a few hot time. Now the "Writing Fluid" differs from these mixtures in every respect, as it is a chemical solution requiring no viscid matter to hold it together, therefore will never get thick, and being very fluid a large quantity flows from the pen into a given space penetrating deeper into the fibre of the paper making a more permanent and less easily destroyed by attrition than if it was only plastered on the surface. It also contains no matter that has an affinity for metallic iron, therefore will not corrode the steel pen—it will not mould, and although it writes of a black green color yet in a few hours it becomes a deep black which will endure for ages. It is warranted superior to the best Gallnut ink, and to Arnold's Writing Fluid," and one-third more given for the same price. As a guarantee against imposition of any kind being attempted the following recommendations will suffice, as all must be aware, that the names there given could not have been obtained by any means for an unworthy purpose.

We recommend "Hibbert's Chemical Writing Fluid" to the patronage of the public, as a first rate article in all respects; it flows free from the pen without clogging it up and in the course of a few hours becomes a deep black.

J S MORRIS & CO's, BLACK WRITING INK, for steel or quill pens, and the copying press. This Ink is the result of the experiments of several years, devoted to the manufacture, on an extensive scale, for the use of Banks, and all the purposes of the counsumer. The perfection of this writing Ink consists in the following properties: Fluidity—in which property it will hold in suspension, all previous preparations. It will flow with perfect freedom either from quill or steel pens, and is entirely free from any corrosive qualities. Color—in which property, this article is a rich, beautiful black. It is necessary, however, to give consumers the following caution.

1st All good black inks from its necessary chemical constitution, requires exposure to the air to bring it to a deep color. It must not, therefore, be expected, that the moment the bottle is opened, the ink will be found to be a jet black. The first appearance will be pale. But after exposure to the chemical action of the atmosphere, either on paper or in the inkstand, it will assume a brilliant black hue.—[?]

PERMANENCY—The color is unalterable by the lapse of time. It will never fade. On this account, all important records should be made in this article, as it yearly deepens and strengthens its tint.

2d. Fluidity—Adapted to all kinds of metallic pens, and for pass made of quills, and what is important and very desirable with many, will give a perfect impression of the copying press.

[?] We are using in the institutions with which we are connected, Morris' blue black writing ink, and in respect to fluidity, brilliancy of color and permanency, believe it superior to any ink we have heretofore used.
