PITTSBURGH BOARD OF TRADE COMMITTEE FOR APRIL.

ROBT. BELL. JAMES MAY. JNO. SHIPTON.

OFFICE PITTSBURGH GAZETTE, Tuesday Morning, April 19, 1848.

Yesterday was a very busy day—so much so with many of our mercantile friends, that we felt reluctant to trespass on their time for reports. The business done, however, was nearly all of a general character,—a gathering up of small items to fill country bills. Probably, as many groceries were disposed of as on any other day of the season. The imports it will be seen, continue full, and the exports keep pace with them. The river, although now at a stage of about four and a quarter feet, affords all necessary facility for transportation, and the canals slack-water, &c, are in excellent order.

The rain of Tuesday will no doubt cause some little improvement in the river. We do not apprehend any difficulty in the conveyance of freights for a month to come, at least.

The markets generally remain steady—Flour about at a stand—Bacon rather less firm. We have the following report:

Flour—Sales at the river: 39 bbls at $4.67, 154, 15 and 54 at $4.75; 34 at $4.50; 23 at $4.62; 48 at $4.60; 200, 124, and 12 at $4.65; 33; and 23 at $4.; 62. Sales from wagons, pretty free at $4.62@4.70. The quantity which offered was larger than on any previous day, and if continued for a few days would bring down prices. There was a perceptible change even yesterday, from morning to afternoon. The morning sales opened briskly at 54, 67@4.75@4.80, but in the afternoon the market seemed to flag, and several lots hung in hands to a late hour.

Potatoes—Sales 60 bu good blues and neshannocks, at 40c ⅌ bu, re-sold at same price. The market is full, and hence the decline, which will be yet greater, as large quantities are to arrive. Some very prime potatoes are still held at much higher rates than that above quoted.

Bacon—The sales of the day were very light. 5000 lbs shoulders, sides and hams, at 3, 4, and 5; 1000 lbs sides at 4c; 2,000 lbs shoulders at 3½, were the largest reported.

Bulk Meat—No sales reported, but a lot of 50,000 lbs Peoria, meat of fine quality, was offered without finding a purchaser, at 2½c cash, and the owner, after a fruitless effort to sell, had finally determined on shipping to Baltimore.

Feathers—Sales of 2000 lbs in one lot at 33c cash,par funds. The article is very scarce and in demand.

Molasses—Sales 10 bbls prime, at 28c; 10 do ordinary, at 27c.

Sugar—Sales 10 hhds at 5c time; 10 do 5c cur. rency.

Salt—Sales 125 barrels No 1, at $1.25; drayage to be added.

Saleratus—Sales 7 tons at 7c—small sales same terms.

Dried Apples—One sale of 60 bu at 50c was reported; other sales at 75c.

Eggs—Sales at the river by the barrel, at 6½ ⅌ doz; from store at 7c.

Cheese—Small sales at 7½c. Both Western Reserve and Goshen are inquired for frequently, and are in demand. A prime article of Reserve would command 7½@8c—readily. The high price which the article bears at Cincinnati, prevents its coming this way—8½ is the Cincinnati quotation.

Whiskey—Sales 30 and 20 bbls rectified at 19c.

Cotton Yarns—We stated yesterday that the manufacturers were to meet for the purpose of reducing prices. The meeting, we were informed did not take place, but the Hope manufactory has given forth the following as its ticket of prices, and the others may be considered as adopting the same rates.

Among the canal boat freights per Erie Canal, we observed a large pile of beech blocks, 20,000 pieces in one cargo, which were cut about 20 miles this side of Erie, and consigned to Mr. Geo. Fortune, to be manufactured into saddle trees.

Hydropsophy, or the Water Cure.

DOCTOR BENJ. W. MORRIS respectfully returns thanks to the citizens of Pittsburgh and Allegheny city for the very liberal support and encouragement he has received within the past year, during which time the water cure should acquire such celebrity, is neither strange nor mysterious, when it is considered how great a number of cases of every variety of diseases, both acute and chronic, have been cured by a judicious use of it. In Germany, where it originated, six thousand of the worst cases, that were given up by the most skillful physicians of Europe as incurable, were cured by the immortal Priessnitz, the founder of the Water Cure. In England, France and America, thousands of hopeless cases have been cured by it, and the numerous Hydropathic establishments now in successful operation in the United States, speak volumes in favor of the practice.

Dr. Morris having permanently established himself in the city of Pittsburgh, three doors southwest of Irwin's alley, on Penn street, is now prepared to take a number of boarders and treat them at his house, and those who prefer being treated at their own dwellings, will be punctually and faithfully attended. He may be consulted at his office from 1 o'clock till 3 P. M., and from 7 to 10 in the evening.

N. B.—Every variety of baths made use of in the Water cure, both for ladies and gentlemen, can be obtained at the Athenæum, on Liberty street, where they have been recently erected for the express use of Hydropathic patients, and where every attention will be given by the polite and attentive proprietors.
