Goods for ready pay,

And at Ready pay Prices, by Wright & Bennett.

HAVING determined hereafter to sell goods only for *ready pay*, we invite the attention of our customers, and of all wishing to buy goods cheap, to our large and excellent stock of merchandise. It is our intention to keep a more extensive and complete assortment than any other store in this vicinity, and to sell goods at lower prices than any one can sell, who is doing business on the credit system. We wish it distinctly understood that we can sell cheaper for cash or produce than our neighbors can for cash or produce, as we shall have no expenses for keeping accounts, no expenses for collecting debts, and no bad debts to make up. In addition to the articles usually kept in a country store, we shall keep an assortment of Parlor and Cooking Stoves of the newest and most approved patterns; Stove Pipe and Zinc, Iron and Steel, Bedsteads and Chairs, Sole and Upper Leather and Shoe Findings. To the *Boot and Shoe trade* we give particular attention, keeping a larger stock on hand than any other store in the country.

Grain of all kinds, Hemlock Bark, Socks, Flannel, Wool, Butter, Cheese, Dried Apples, Hides, Pelts, Skins, Furs, Cattle, Sheep, Pork, and almost every other description of farming produce taken in exchange for goods.

Believing that the Ready Pay system is calculated not only to promote our own interests, but to benefit the farmers and mechanics of this country generally, we ask a fair trial from our old customers, and solicit the trade of all who are willing to try the plan of paying down.

TO THOSE INTERESTED.

All persons indebted to us on notes due, or on Book account, are requested to settle the same immediately, as we are determined to bring all matters of credit to a close at an early date.

WRIGHT & BENNETT.

Whitesides Improved

Double Oven Hot Air Cooking Stove.

THE above stove was patented in the fall of 1847, and was got out the last year. It is considered in many respects to be a decided improvement on every other kind of Cooking Stoves. It undoubtedly requires less fuel for cooking and baking than most if not all other stoves now in use.

The subscriber has obtained the exclusive right of vending this stove in the county of Susquehanna and Wayne, and having a large number of them manufactured at the "Eagle Foundry" in this village in a neat style, offers them for sale. They can be had at the Foundry, at the store of Messrs. Rose and Simpson's or of the subscriber.

Hatch's Celebrated Chemical Powder.

THE nineteenth century has not witnessed a discovery of which the direct effects will be so universally appreciated, or so productive of convenience and comfort as Hatch's Celebrated Chemical Powder, which is warranted to give a keener and smoother edge to Razors, surgical Instruments, and all fine Cutlery, in one minute, than any other Powder, Paste, or Strop, now in existence. This is no humbug. It only wants to be tried to be appreciated by every one. For sale by
