MEDICAL.

DR. TOWNSEND'S SARSAPARILLA

Most extraordinary Medicine in the World.

This extract is put up in Quart Bottles; it never turns sour; it keeps in any climate; superior to any medicine of its kind.

SPRING AND SUMMER MEDICINE

The Proprietor of this Sarsaparilla now offers to the public a medicine, which is known to be the most powerful and decidedly the best Spring and Summer Medicine ever known. It not only purifies the whole system and strengthens the person, but it *Dreates New Blood and Rich Blood*, a power possessed by no other Medicine, and with the exception of a few simple vegetables, is composed of the most valuable Medicinal Roots and Herbs, which are known to the Medical Profession. It has performed within the past two years, more than 20,000 cures of Severe Cases of Disease; at least 5,000 of Scrofula, 2,000 cases of Chronic Rheumatism; 2,000 cases of Dyspepsia; 2,000 cases of Liver Complaint and Worst of Kind; 7,000 cases of different Female Complaints; 2,000 cases of Scrofula; 2,000 cases of Chronic Coughs; 2,000 cases of Disease of the Kidney and Dropsy; 2,000 cases of Consumption.

Also for the Cure of Diseases of the Blood, viz: Ulcers, Eruptions, Salt Rheum, Eruptions on the Face, &c., &c. Together with numerous cases of Salt Rheumatism, Pain in the Bones, Joints and Ligaments, &c. &c.

This, we are aware, must appear incredible, but we have letters from physicians and our agents from all parts of the United States, which we can show, in proof of cures in the City of New York, which we will refer to with pleasure and to men of character. It is the best medicine for the purpose of Spring Medicine, and has shown its superiority in more than 6,000 Chronic Cases in the Last Season.

Price $1 per Bottle, or 6 Bottles for $5.

"A great deal has appeared in the daily papers yesterday, it was the morning, on Sarsaparilla Express Cures of Dr Townsend. The whole thing is got up in good taste; some of the cures are remarkable enough, and some of them, which, together with the scroll work, in gold, glittering in the sun, made a show that nearly equalled in Vermilion. We take this opportunity to remind the public of the merits of Dr Sarsaparilla, deserves the very great popularity it has received.

NERVOUS DEBILITY.

"Dr. Townsend:—I have been afflicted more or less for 3 years, with a dreadful sinking in the chest, giddiness in the head, a great deal of pain in the back, and general debility, brought on no doubt by the continual heat and cold to which I was exposed in my business as a river. I have taken other Sarsaparillas, but I find your Sarsaparilla is the best I have ever taken—the pain in my back is gone, and I feel quite a different man altogether since I have taken your Sarsaparilla. I have taken a better bottle than ever I had. My wife has taken it with the same beneficial results. I can recommend it to any family suffering from the complaints it is recommended for. I feel it so much more well for my health since I taken it, and consequently not so many doctor's bills for which I endeavor to pay. I also give to Sarsaparilla the credit of having cured my little boy of a bad leg, which I had tried many doctors and many medicines without effect. Yours, &c. JAMES GALLAGHER, 146 Allen st.

DYSPEPSIA

No fault to medicine has ever been discovered which so nearly resembles the gastic juice or saliva in decomposing food and strengthening the organs of digestion, as this preparation of Sarsaparilla.

BANK DEPARTMENT, Albany, May 19, 1845.

Dr Townsend: Dear sir—I have been afflicted for several years with dyspepsia in its worst forms, attended with nearly all the ordinary symptoms of that complaint, such as heartburn, and a great aversion to all kinds of food, and for weeks (what I could eat,) I have been unable to retain but a small portion on my stomach for more than an hour or two, I tried but little or no effect in removing the complaint. I was in consequence, about two months since, to try your Extract of Sarsaparilla, which I had seen advertised in the papers, but after using nearly two bottles it found my appetite restored, and the symptoms entirely removed; and I would earnestly recommend your Sarsaparilla to those who have been afflicted as I have been. Yours, &c. W. W. VAN ZANDT.

Nos 88, 136. Eaton st.

ALMOST A MIRACLE

Read the following, and doubt if you can, that consumption is incurable:—This is only one of the several hundred cures of Consumption, effected by Dr. Townsend's Sarsaparilla.

Dr. Townsend—Dear Sir: I was taken a little over a year ago, with a severe cough and pain in my side. My physicians pronounced it Consumption. I was recommended by physicians to have the quick consumption. I caused large quantities of bad matter, had night sweats, and sinking very fast; my friends thought I could do nothing for me. I went into the hospital in hope of being benefited, but was pronounced there incurable. I was given up, greatly distressed in the lungs and very hardly breathe; I was emaciated, and expected to die; was confined to my bed, and was obliged to have constant attendance. I was given up by a description that I could do justice to my case. I was supposed by my friends to be past recovery. I had tried a great number of remedies, and had spent much money, and had tried of some most extraordinary cures performed by your medicine, and to tell you the truth, I suspected there was some humbug in them. I was induced to try your Sarsaparilla, as was very fashionable. I said, I cannot say that I am entirely well, but am so far recovered as to be about my business, and hope to be entirely well in a few weeks. I have no cough, no pain in the side, and night sweats have left me, and raise but very little, and was that gaining my usual strength. I felt it a duty to give you a statement of my case, that others may profit.

PETER BROWN, 42 Ludlow st, Brooklyn.

Opinions of Physicians.

Dr Townsend is almost daily receiving orders from physicians in different parts of the Union.

Dr Townsend's Sarsaparilla is recommended, Physicians of the City of Albany, have in numerous cases prescribed Dr. Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations ever offered to the public.

Albany, April 1, 1846.

This is to certify that we, the undersigned, practicing Physicians Physicians of the City of Albany, have frequently prescribed Dr Townsend's Compound Extract of Sarsaparilla, and believe it to be the most valuable preparation of the kind we have ever prescribed. It is well adapted for mercurial, scrofulous, and other cutaneous diseases, in preference to any of the advertised remedies known to us.

J. S MORRIS & Co's, BLACK WRITING INK, for pen, steel or quill pens, and for copying press. This ink is now used at the experimental farm of Penna, devoted to the manufacture, on an extensive scale, from an article grown in all the principal states of the Union. The perfection of this writing Ink consists in the following properties: Firmness—in which property it will be found to surpass all previous preparations, for it will flow with perfect freedom either from quill or steel pens, and is entirely free from any corrosive qualities. Durability—in this article it is a fine and permanent blue black. It is necessary, however, to give consumers the following caution.

☞ All good black ink, from its necessary chemical constitution, requires exposure to the air to impart a deep color. It must, therefore, be expected, that the moment the bottle is opened, the ink will be found to be a jet black. The first appearance will be pale. But after exposure to the chemical action of the atmosphere either on paper or in the inkstand, it will assume a brilliant black tint.

FINGERNAIL—The color is unalterable by the lapse of time. It will never fade. On this account, all important records should be made in this article, as years only deepen and strengthen its tint.

N B. This ink is suitable for all kinds of metallic pens, and for pens made of quills, and where it is important and very desirable with many, will give a perfect impression by the copying press.

☞ We are using in the institutions with which we are connected, Morris' blue black writing ink, and in respect to fluidity, brilliancy of color and permanency, believe it is superior to any ink we have seen before us.
