

Elk County Advocate.

HENRY A. PARSONS, JR., Editor.

FOR GOVERNOR.
HON. HENRY SOUTHER,
OF SCHUYLKILL COUNTY.

THURSDAY, FEBRUARY 16, 1872.

HEADQUARTERS REPUBLICAN STATE CENTRAL COMMITTEE OF PENNSYLVANIA.

Philadelphia, Feb. 5, 1872.

In pursuance of the resolution of the Republican State Central Committee, adopted at Harrisburg Jan. 18, 1872, a Republican State Convention, composed of Delegates from each Senatorial and Representative District, in the number to which such District is entitled in the Legislature, will meet in the Hall of the House of Representatives, at Harrisburg, at 12 o'clock, noon, on Wednesday, the 19th day of April, A. D. 1872, to nominate candidates for Governor, Judge of the Supreme Court, Auditor General (should the Legislature provide for the choice of one by the people), and an Electoral Ticket; and also to elect Senatorial and Representative Delegates to represent this State in the Republican National Convention, to be held at Philadelphia, June 5, 1872.

RUSSELL ERRETT, Chairman.

The demand for pistols, writes a New York correspondent, is decidedly on the increase. There is much said about shooting in the papers that every man of spirit feels incomplete without his revolver. There are a score of shooting galleries in or near Broadway, and these are generally full of impatient marksmen. The inevitable sign displayed at these establishments is a gentleman with a pistol, carved out of a board and neatly painted. If you go into one of these places on an evening you will see a crowd of young men practicing with their revolvers, and you can occasionally find here as good a shot as is to be met among the trappers of the West. If you advise any of this class to refrain from carrying such weapons, the reply is generally the same: "We do it in self-defense."

An old gentleman, of great experience, says he is never satisfied that a lady understands a kiss until he has it from her own mouth.

Harmless mirth is the best cordial against the consumption of the spirits; whereas jesting is not unlawful, if it trespasseth not in quantity, quality or season.

We appreciate no pleasure unless we are occasionally debarr'd from them. Restraint is the golden rule of enjoyment.

A gentleman in Detroit had a baby left on the doorstep one night last week. He took it in, cared for it tenderly, and next day swapped it off for a terrier pup. London, with a population of 3,000,000, has only nine daily newspapers—five morning and four evening—while Paris has twenty, and New York twenty-four.

Well executed twenty dollar notes on the National Bank of New York, are in circulation in Milwaukee, Wis. They were passed by an unknown female, who has disappeared from town for some other field of action.

Vice President Colfax declares emphatically that he does not want to be President. He is the only man that ever occupied a seat in the United States Senate willing to make such a confession.

Thomas Scott is reported to receive \$150,000 a year as the sum of his united salaries from the railroads which centre in him.

An exchange says: "There is a farmer in this county, who, years ago, when a boy, backed boots in Chicago for a living. He is now worth \$150 and owns three dogs."

The Tribune says that "he who pulls an illegal vote, or incites another to poll one, is a more despicable and dangerous felon than a mere burglar and forger." What would it say of a ballot-box stuffer?

The great deterioration in the quality of coal, from exposure to the weather, consists in the loss of the valuable combustible ingredients, and a relative increase of the injurious ones—sulphur, oxygen and ash.

The occasional explosions of coal-oil lamps from attempts to extinguish them by blowing down the chimney give value to the following suggestion: Give a sharp, but rather prolonged puff, at right angles with the top of the chimney.

Among the beneficial effects that have been attributed to the blue and violet rays, their influence on sight is of considerable importance. It is said that if the ground glass globes for lamps or gas burners are tinted blue, the light is peculiarly grateful to the eye. A lining or covering of blue tissue-paper may give the desired tint.

It is to wine-drinking we owe the origin of the kiss. After Meceas caught his wife sucking his finest wines through the bung-hole of the barrel with a straw, the custom became general in Rome for the husbands to kiss the lips of their wives, that they might discover the quality of their good ladies' stolen libations, and Caio, the elder recommended this plan to the serious attention of all careful heads of families.

ONE MILLION OF LIVES SAVED.

It is one of the most remarkable facts of this remarkable age, not that so many persons are the victims of dyspepsia or indigestion, but the willing victims. Now, we would be understood to say that any one regards dyspepsia with favor, or feels disposed to rank it among the luxuries of life. Far from it. Those who have experienced its torments would scold such an idea. All dead it, and would gladly dispense with its unpleasant familiarities. Mark Tapley, who was jolly under all the trying circumstances in which he was placed, never had an attack of dyspepsia, or his jollity would have speedily forsaken him.

Of all the multifarious diseases to which the human system is liable, there is perhaps no one so generally prevalent as dyspepsia. There are diseases more acute and painful, and which more frequently prove fatal, but none the effects of which are so depressing to the mind and so positively distressing to the body. If there is a wretched being in the world it is this.

CONFIRMED DYSPEPTIC.
We have said that dyspepsia is perhaps the most universal of human diseases. This is implicitly the case in the United States. Whether this general prevalence is due to the character of the food the people consume, and to the lax manner in which it is usually swallowed, is not our province to explain. The great fact with which we are called to deal is this:

DYSPEPSIA PREVAILS
Nearly every other person you meet is a victim, an apparently willing one: were this not the case, why so many sufferers, when a certain, speedy and safe remedy is within their reach, and all who will avail themselves of it? But says a dyspeptic: "What is this remedy?" which we reply: This great alleviator of human suffering is almost as widely known as the English language. It has allayed the agonies of thousands, and it is to-day carrying comfort and encouragement to thousands of others. This acknowledged panacea is none other than

DR. HOOFLAND'S GERMAN BITTERS
Do you know more of the merits of this wonderful preparation than can be learned from the experience of others? Try it yourself, and when it has failed to fulfil the assurance of its efficacy given by the proprietor, then abandon faith in it.

LET IT BE REMEMBERED,
First of all, DR. HOOFLAND'S GERMAN BITTERS is a pure vegetable.

They are composed wholly of the purest and most valuable medicinal roots. This is not a mere assertion. The extracts from which they are compounded are prepared by one of the ablest of German chemists. Their effects can be beneficial in all cases of the bilious system. Hoofland's German Bitters stand without an equal, acting promptly and vigorously upon the liver, they relieve and remove all causes of biliousness, thereby purging the stomach with the most indispensable elements of sound digestion in proper proportion.

They purify the blood, cleansing the system of all impurities and restoring healthfulness. Now, there are certain classes of persons to whom extreme Bitters are not only unsuitable, but who find it impossible to take them without positive discomfort. For such Dr. HOOFLAND'S GERMAN TONIC has been specially prepared. It is intended for use where a slight alcoholic stimulant is required in connection with the well-known Tonic properties of the pure German Bitters.

HOOFLAND'S TONIC
acts with almost marvelous effect. It not only stimulates the flagging and wasting energies, but invigorates and permanently strengthens its action upon the Liver and Stomach thorough, perhaps less prompt than the Bitters, when the same quantity is taken is none the less certain. Indigestion, biliousness, Physical or Nervous prostration, yield readily to its potent influence. It gives the invalid a new and stronger hold upon life, removes depression of spirit, and inspires cheerfulness. But Dr. Hoofland's benefactions to the human race are not confined to his celebrated GERMAN BITTERS, or his invaluable Tonic. He has prepared another medicine, which is rapidly winning its way to popular favor because of its intrinsic merits. This is HOOFLAND'S PODOPHYLLIN PILLS, a perfect substitute for mercury without any of mercury's evil qualities.

These wonderful Pills, which are intended to act upon the Liver, are mainly composed of Podophyllin, or the vital principle of the mandarin root. It is the medicinal virtues of this health-giving plant in a perfectly pure and highly concentrated form. The Podophyllin acts directly on the Liver, stimulating its functions and causing it to make its bilious secretions in regular and proper quantities. The injurious results which invariably follow the use of mercury is entirely avoided by their use. But it is not upon the Liver only that their powers are exerted. The extract of Manbrake contained in them is skillfully combined with four other extracts, one of which acts upon the stomach, one upon the upper bowels, one upon the lower bowels, and prevents any griping effect, thus producing a pill that influences the entire digestive and assimilatory system, in an equal and harmonious manner, and its action entirely free from nausea, vomiting or griping pains common to all other purgatives.

Possessing these much desirable qualities the Podophyllin becomes invaluable as a **FAMILY MEDICINE.** No household should be without them. They are perfectly safe, require but two or three ordinary doses, are prompt and efficient in action, and when used in connection with Dr. Hoofland's German Bitters, or Tonic, may be regarded as certain, specific in all cases of Liver Complaint, Dyspepsia, or any of the disorders to which the system is ordinarily subject.

PODOPHYLLIN PILLS
act upon the stomach and bowels, carrying off impure obstructions, while the Bitters or Tonic purify the blood, strengthen and invigorate the frame, give tone and appetite to the stomach, and thus build up the invalid anew.

Dr. Hoofland, having provided internal remedies for diseases, has given the world one mainly for external application, in the wonderful preparation known as **DR. HOOFLAND'S GREEK OIL.** This Oil is a sovereign remedy for pains and aches of all kinds. Rheumatism, Neuralgia, Toothache, Chills, Sprains, Burns, Pain in the Back and Loins, Ringworms, etc., etc., all yield to its external application.

Taken internally, it is a cure for Heartburn, Stomach Disorders, Sick Headaches, Colic, Dysentery, Cholera Morbus, Cramps, Pains in the Stomach, Colds, Asthma, etc. These remedies will be sent by express to any locality, upon application to the **PRINCIPAL OFFICE, at the GERMAN MEDICINE STORE, No. 681 ARCH ST., PHILADELPHIA.**

THE MANUFACTURERS OF THE

Providence Wringer,

Have had unusual opportunities of ascertaining what is wanted, and of producing a perfect machine. They have brought out an entirely new wringer, which they call the "PROVIDENCE."

New 1871 Perfect

A GREAT IMPROVEMENT OVER ALL OTHER WRINGERS.

IT SAVES LABOR.

IT SAVES THE CLOTHES.

IT WRINGS FASTER THAN BY HAND.

We consider the Providence superior to all others, for the following reasons:

1st. The ROLLERS, of large size and best quality of White Rubber, are all secured to their Shafts in the most permanent manner, by the Moulton Process, making the best Roller in the World.

2d. The PATENT MENTAL JOURNAL CASINGS prevent any wear upon the Journals.

[The wooden journal in which the iron shafts of other machines run, soon wear, and the efficiency of the Wringer is thereby greatly reduced.]

3d. The DOUBLE SPIRAL COGS used on this Wringer give the utmost ease and easiness in working, while the double stop prevents them from bottoming or being thrown out of gear. We furnish either single or double gear Providence, as desired.

4th. The ADJUSTABLE CURVED CLAMP readily adjusts this Machine to tubs of any size or thickness, making perfect fastening. No wooden pegs or rubber straps on this Clamp.

5th. SIMPLICITY STRENGTH and BEAUTY, are combined in this Machine, with all the requisites of a first-class Wringer.

Ayer's Sarsaparilla

It is widely known as one of the most effectual remedies ever discovered for cleansing the system and purifying the blood. It has stood the test of years, with a constantly growing reputation, based on its intrinsic virtues, and sustained by its remarkable cures. So mild as to be safe and beneficial to children, and yet so searching as to effectually purge out the great obstructions of the blood, such as the scrofulous and syphilitic contamination. Impurities, or diseases that have lurked in the system for years, soon yield to this powerful antidote, and disappear. Hence its wonderful cures, many of which are publicly known, of Scrofula, and all scrofulous diseases, Ulcers, Eruptions, and eruptive disorders of the skin, Tumors, Blotches, Boils, Pimples, Pruritus, Sores, St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, and internal Ulcerations of the Uterus, Stomach, and Liver. It also cures other complaints, to which it would not seem especially adapted, such as Dropsy, Dyspepsia, Fits, Neuralgia, Heart Disease, Female Weakness, Debility, and Leucorrhoea, when they are manifestations of the scrofulous poison.

It is an excellent restorer of health and strength in the Spring. By renewing the appetite and vigor of the digestive organs, it dissipates the depression and listless languor of the season. Even where no disorder appears, people feel better, and live longer, for cleansing the blood. The system moves on with renewed vigor and a new lease of life.

HAIR

RENEWER.

Every year increases the popularity of this valuable Hair Preparation, which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR-DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."
