DR. HOOFLAND'S
*CELEBRATED GERMAN BITTERS,*
PREPARED BY
**Dr. C. M. Jackson,**
At the German Medicine Store, 120 Arch Street, Philadelphia.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of disease of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal, safe certain and pleasant.

*Read and be convinced.*

From the Boston Bee.

The editor said, Dec. 22nd:

*Dr. Hoofland's Celebrated German Bitters* for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor—a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience and to the afflicted we advise their use.

"SCOTT'S WEEKLY," one of the best Literary papers published, said, Aug. 25—

"Dr. Hoofland's German Bitters, manufactured by Dr. Jackson are now recommended by some of the most prominent members of the faculty as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitutions will find these Bitters advantageous to their health, as we know from experience the salutary effect they have upon weak systems."

*More Evidence.*

The Hon. C. D. Hineline, Mayor of the City of Camden, N. J. says:

"HOOFLAND'S GERMAN BITTERS.—We have seen many flattering notices of this medicine, and the source from which they came induced us to make inquiry respecting its merits. From inquiry we were persuaded to use it, and must say found it specific in its action upon diseases of the liver and digestive organs, and the powerful influence it exerts upon nervous prostration is really surprising. It calms and strengthens the nerves, bringing them into a state of repose, making sleep refreshing.

If this medicine was more generally used we are satisfied there would be less sickness, as from the stomach, liver, and nervous system, the great majority of real and imaginary diseases emanate. Have them in a healthy condition, and you can bid defiance to epidemics generally. This extraordinary medicine we would advise our friends who are at at all indisposed, to give a fair trial—it will recommend itself. It should, in fact, be in every family. No other medicine can produce such evidences of merit.

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor is, that there is more of it used in the practice of the regular physicians of Philadelphia, than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt after using it as directed. It acts specifically upon the stomach and liver; it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to female or infant with safety and eliable benefit at any time.

*Look well to the marks of the genuine.*

They have the written signature of C. M. JACKSON upon the wrapper, and his name blown in the bottle, without which they are spurious.

For sale Wholesale and Retail at the German Medicine Store, No. 120 Arch street, one door below Sixth, Philadelphia; and by respectable dealers generally through the country.

**Prices Reduced.**

To enable all class of invalids to enjoy the advantages of their great re-toralive powers.

## Fall & Winter Arrangements for 1852—3.

**Union Hall Wholesale & Retail**

# Clothing Warehouse,

Corner of Fulton and Nassau streets, New York (Established A. D. 1850.)

THIS immense establishment, which occupies three large six story buildings, contains six leading distinct departments, sub-divided into various minor branches, each having its separate corps of salesmen. These departments are distributed over six floors, and the system upon which they are conducted insures prompt and satisfactory attention to the wants and wishes of every purchaser. The stock of Ready Made Clothing is the most comprehensive, varied, and fashionable in the United States, and the apparel made to measure cannot be surpassed in style, workmanship or material, by any house in New York; while as regards cheapness, in every department, comparison is invited, and competition defied.

**Organization of the Establishment.**

The entire system of the concern is under the general superintendance of Mr. J. Souder, whose long experience and thorough knowledge of the various branches qualify him admirably for the situation of manager. The first floors are devoted wholly to the Retail business, and are stocked with an unsurpassed assortment of Fashionable & seasonable clothing for gentlemen and boys. S. H. Roe, Director of the Gent's department. The boy's department comprises a complete assortment of the most tasteful and elegantly cut suits for boys ever offered in this city—W. K. Taylor, superintendant. The second floor is the Custom Department, where all styles of fashionable and serviceable goods are kept, and gentlemen's and boy's Clothing made to measure by the best artists.—None but Cutters of the very first class are employed. Managers—James T. Barry and William Holon. The third and fourth floors are appropriated to the wholesale branch. Buyers will here have an opportunity of selecting from a stock, the extent and variety, the beauty and cheapness of which must be seen to be appreciated. This department is under the direction of A. Phillips, with several assistants. The fifth and sixth floors form the manufacturing portion of the establishment—superintendent, J. C. Parr. Purchaser of Trimmings, Fancy Goods, &c. T. Scoles.—P. L. Rogers purchaser of Cloths, Cassimeres, Vestings, &c.

☞ No advertisement can convey an adequate idea of the vast business done at Union Hall; of its extensive stock; its order and regularity, and the cheap prices which laid the foundation of its popularity, and continue to sustain and increase it. The Proprietor, under whose own eye the whole system works so satisfactorily, respectfully invites buyers and the public generally, to come and see for themselves. P. L. ROGERS, Proprietor.

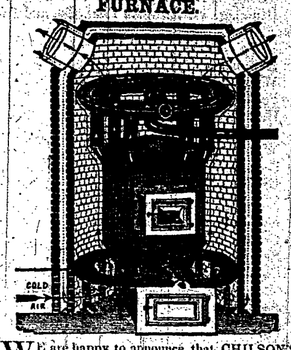
## CHILSON'S PATENT.
## World's Fair Prize-Medal FURNACE.



WE are happy to announce that CHILSON'S PATENT AIR WARMING AND VENTILATING FURNACE, as recently improved and patented, is declared by high and reliable authority to be the

**Best Furnace in the World.**

Not only is this furnace and our system of Ventilation proved and declared to be the best mode of Warming and Ventilating DWELLINGS, CHURCHES, ACADEMIES, SCHOOL HOUSES, COURT and STATE HOUSES, HOSPITALS, STORES, &c., in nearly all the cities and towns in the United States, but is meeting with equal favor in the Canadas, England, Russia, and other Foreign Countries. It has been awarded at the recent Fairs in this country GOLD AND SILVER MEDALS, FIRST PREMIUMS, and lastly, the GREAT PRIZE MEDAL at the WORLD'S FAIR, LONDON. It has been subjected to the most rigid investigation & severe practical tests, and unanimously declared the best. (See the printed reports of the Fairs, also City and State public Committees on Public Buildings.) We have more than twenty-five hundred references, many of whom are professional gentlemen, whose scientific attainments in such matters are well known. To attain this desirable object, the inventor of this Furnace first abandoned the manufacture of the common frail hot-air furnaces seven years since, under the settled conviction that red-hot iron furnaces burn the oxygen out of the air, producing an unhealthy, scorching, disagreeable odor, unfit to be inhaled by human beings; besides the constant cracking and burning out of the pots which permits the poisonous gases to escape and mingle with the air; and then the annoyance and expense of repairs, new pots, &c. He now has the satisfaction of knowing that his efforts to secure a HEALTHY, ECONOMICAL and DURABLE APPARATUS, for thoroughly Warming and Ventilating buildings, has been entirely successful. They possess the following advantages: purity of air, powerful heaters, economical plan for burning anthracite, bituminous coals or wood, all equally well—flues easily cleared out—great durability of furnace, not liable to repairs for a life-time; perfect safety against setting buildings on fire in which they are located; may be set in low cellars. Sizes for all classes of buildings. Also four sizes of new and superior PORTABLE FURNACES—Dr. Clark's Improved BOSTON SCHOOL STOVE.

REGISTERS of all descriptions; HOT-AIR GRATES; ROOM VENTILATORS, &c.

Emerson's celebrated VENTILATORS for Roofs of Buildings and smoky chimneys, &c. COOKING RANGES, with or without Bath Boilers and Hot-Air Fixtures. All sizes and styles of those beautiful
