SAD AFFAIR—CAUTION TO SCHOOL BOYS.—On Tuesday last, shortly after the District School at Whitlockville was dismissed and the children had started for home, three boys and a little girl were going along in company, when the boys found and killed a small snake. About this time a disturbance arose in the little party, during which, one of the boys struck the little girl, pushed her down, threw dust in her face, and placed the snake upon her. After the girl had partially recovered from the assault and affright, she ran home and complained of a violent headache, was thrown into convulsions, and became delirious. In this condition, she lingered until Friday afternoon, when death came to relief of the poor little sufferer.—*Westchester Herald.*

A NEW KIND OF SLAVE TRADE.—The Easton *Gazette* states that four men living in Delaware near the Maryland line, have been detected in enticing away slaves and afterwards arresting them, in order to secure the reward. Of this they made a regular business, and have probably been instrumental in securing for the unfortunate negroes many a sound thrashing.

GEN. SCOTT IN 1818.—The following toast was given by Col. Croghan, at a public dinner at Tammany Hall in 1818: *By Lieut. Col. Croghan—Maj. Gen. Winfield Scott—The Soldier's boast—his country's pride—"in battle a roaring storm—mild as the evening sun in peace."*

KILLED BY A LEECH.—We understand that a man by the name of Garnett, residing in Greene county, having attended a special election recently held in that county, started for home, which was some distance off, about dark. On coming to a branch, being very thirsty, he dismounted and drank. He had not gone far before he commenced feeling a tickling sensation in his stomach, and on his arrival at home was quite unwell. Getting worse, a physician was called in, to whom he stated that he was confident he had swallowed something while drinking from the branch which produced his sickness. After trying several remedies, a powerful emetic was administered, when a live leech was thrown up, which the unfortunate man had evidently swallowed at the branch above mentioned, it having remained alive in his stomach for several days. Although relieved from the leech, he died in a day or two afterwards from the injuries which it had inflicted.—*Charlotteville Jeffersonian.*

☞The Collins' Line of Steamships have thus far made fifty voyages or crossed the ocean one hundred times. They have averaged about ninety passengers a trip, making in all 9000, among whom no loss of life or injury to person has occurred.

ANOTHER SCIENTIFIC WONDER—IMPORTANT TO DYSPEPTICS.—Dr. J. S. Houghton's *Pepsin*, the true Digestive Fluid or Gastric Juice, prepared from Rennet or the fourth stomach of the Ox, after directions of Baron Liebig, the great physiological Chemist, by J. S. Houghton, M. D. Philadelphia. This is truly a wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation and Debility, curing after Nature's own agent, the Gastric Juice. Pamphlets, containing Scientific evidence of its value, furnished by agents gratis.—See notice among the medical advertisements.

DR. HOOFLAND'S German Bitters, prepared by Dr. C. M. Jackson, are justly reckoned amongst our most valuable medicines. In cases of dyspepsia [illegible] the tone of the stomach, stimulating the digestive powers, and giving ruddy health to the cheek and brightness to the eye. There are thousands in this community who can testify to their virtues, and thousands will hereafter add their testimony.

Camp Meeting.

Providence permitting, a Camp Meeting will be held in the town of Conklin, Broome Co. N. Y. about three miles north of the Great Bend, commencing on Tuesday evening, the 7th of September. While the public are cordially invited to attend, it is deemed best to advise all concerned, that everything in the shape of "huckstering" will be wholly inadmissible. In reference to this, the laws of Pennsylvania are very stringent; nor are those of New York scarcely less so. Even those having charge of the meeting have no right, if they had the disposition, to give anything like a license, and therefore it will be useless to apply for one. The legal prohibition is absolute, and it is doubtless best that it should be so; for though perhaps some things might innocently be sold, it seems impossible to throw such guards around the business as to make it all consistent with good order at meetings of this kind. Z. PADDOCK, Presiding Elder.
