PITTSBURGH BOARD OF TRADE

COMMITTEE FOR MAY

J. CROTHERS. J. McFADEN. W. W. WALLACE.

OFFICE PITTSBURGH GAZETTE,
Friday morning, May 26, 1848.

The markets yesterday presented no change from previous quotations.

The weather was very pleasant, and business in a general way, as active as any previous day, though it presented no heavy transactions in any article.

FLOUR—Sales light, though enough was done to show that the market is without change,—some light sales were made along the river yesterday at $4.37@4.37½ bbl, and from store in dray load lots at $4.50@4.62. Retail sales were effected at $4.75@5 bbl. The receipts continue light and are mostly intended for shipment east.

RYE FLOUR—The market is without change and very little doing. Sales to a moderate extent at $3@3.25 p bbl.

GRAIN—The market is unchanged. Sales of 300 bus corn were reported to us at 55c per bu. Of Oats we note sales from first hands of 500 bu at 26c p bu; sales from store at 28@30c p bu. The market for oats is more active, but other grains are quiet. We quote Wheat nominally at 90@95. Rye at 53@55, and barley at 40c per bu.

GROCERIES—Every thing is in a quiet state with no recent change in any article. Of N O Sugar, we note sales 10 hhds, in lots at 5¾@6 and of 5 of a more common quality at 5¼@5½ per lb.

MOLASSES bold their own very well, with regular sales in lots at 27c.

COFFEE—Sales of Rio to the extent of 30 sacks at 8¾@9 p lb.

RICE—Is sold regularly at 3½ p lb.

PROVISIONS—The market is generally very quiet, with but slight if any change in quotations. Sales yesterday to the extent of some 6000 lbs Western cured Bacon, of an excellent quality, at, for sides, at 4¾@5c, and for shoulders at 4¾@4½c p lb. City cured was selling in limited lots at 2½@3, 3¼@3½, and 4@4½ p lb. Of Lard, we heard of no sales worth reporting, but may quote nominally at 5¾@6 in bbls, and 6@6½ in kegs.

FISH—The market is quite buoyant, with regular sales at former quotations.

FEATHERS—We quote limited sales at 31c p lb.

OILS—Sales of 35 bbls Linseed at 51¾@55c, and of 20 do Lard at the same figures. The above quotations show a slight falling off in prices.

LEAD—Sales 1000 lbs Missouri pig at 4c p lb.—Regular sales of bar at 4¼@4½ p lb.

The markets generally are quiet, and present no change in any article.

St. Louis, May 17, 1848.

The Cambria's news, though decidedly favorable in a commercial point of view, has not yet taken effect on our market in any description of produce. Sales of tobacco at the warehouses embrace 30 hhds old and new crop, chiefly the former, at the following rates:—2 hhds Rejected, 50@55c; 2 at 81 @1.75; 2 at $1.62½@1.65; 1 at $2.50; 1 at $2.10; 5 at 2 10@2.20; 1 Passed at 2.65; 1 at 3.05; 4 at 3.40@3.50; 1 at 4.05; 2 at 4.30@4.35; 2 at 4.80@4.90; 2 at 5.25@5.50; 1 at 5.65; and 2 at 6@6.p 100 lbs. In hemp 55 bbls prime was sold from levee today at 90 p cwt, and some more offered on the same terms. Rio talers manufacturers, at a shade higher. Two lots (97 bales at $80, and 30 bales at $78.) were accidently left out of our report last evening. Nothing done in lead, except a lot of 1,250 pigs taken for freight, understood to be at 4c p lb. Linseed is firmer, and prices. [Late in the evening we were advised of a sale of 3,500 pgs at $3.37½.]

In flour nothing transpired except in a retail way. Business in wheat embraced about 7000 bu including some 2900 sacks, the bags included—Spring and mixed ranged from 70 to 80c; fair to good 83 to 86c; prime and choice 87@89½c p bu. No corn received. Sales oats; 205 sacks at 23c; 1010 sax at 23c and weighers does; 320 sacks at 23½c; 104 sks at 23½c, the sacks included; and 66 sacks at 15c the bags returned. Barley and beans no sale. Flaxseed has declined to 72½c p bu.—Hides are steady.

Nothing done in pork. Sales; bacon, 1245 pcs shoulders at 4½c; sides at 2½c; hams at 3c; 15,000 city cured hams at 3c; 20 casks hams at 3c. Of lard, about 200 bbls in lots, at 4 @4½c. Of whiskey 110 and 36 bbls at 15c. Of wool, 11 bales mixed of 2½c. Of sugar, about 65 casks from store, in lots, good fair to prime, at 5¾@6¼c. Freights rule easy today. The weather was cloudy, and a little wet this afternoon.

AMERICAN TOBACCO TRADE.—We regret to learn that, in consequence of the Revolutionary outbreaks and troubles on the Continent, the prospects are exceedingly unfavorable for tobacco for the present year. Letters by the last steamer say that the stock in Amsterdam was 9000 hhds of Maryland, besides Virginia and Kentucky; Rotterdam had about 10,000 hhds in Bremen; and no sales making except in trifling lots of 20 to 50 hhds—Letters from Amsterdam say that prices are only sustained by the firmness of holders; and there is no doubt, if a sale were offered, prices would decline from 20 to 30 p ct, and as there is no getting rid of the old stock, they do not recommend any shipments. Houses in Holland refuse to receive consignments, or make advances. The stock of Virginia and Ohio tobacco, is very large, lying over in Baltimore and elsewhere, and although the crop to come to market is very small, one, still, if the planters continue to make their usual crops, with no foreign demand, we do not see the slight est chance of effecting sales or remunerating prices. It would be better, therefore, to make a small crop, part tobacco and part wheat, corn, &c.—[Alexandria Gazette.

The steamer Bertrand, changed hands yesterday having been purchased by Mr. Harvey, of the firm of Harvey, Primeau & co. For Traders, to run to the Yellow Stone. She sold for $8,000.—[Republican.

RIVERS—The Upper Mississpi is quite low and falling. The Illinois and the river opposite are also steadily receding. No boat from the Missouri yesterday.—[St Louis Repub.

SELLERS' VERMIFUGE—It works wonders everywhere. Big Beaver, Pa., May 15, 1848.

Mr. R. E. Sellers—Dear Sir—Your Vermifuge produces such wonderful results that I think it worth while to give you a few facts about it. A neighbor, Mr. Gray, bought from me one vial of it, and gave the contents to three of his children; the first passed 150, the second 151, and the third 70; making all 371 worms discharged by using one vial. Mr. Gray immediately bought four vial more. Mr J. McSurley also gave the contents of one vial to three of his children, which brought from the first 72, from the second 22, and from the third 50, making 156 worms, by the use of one vial. I gave my own child, aged one year, two teaspoonfuls, which expelled 14 worms, one of which was at least one foot long.

Your Vermifuge is considered the best that has ever been brought to our section of the country, and so far as I know has never failed. Yours respectfully,
J. L. TURMAN.

Prepared and sold by R. E. SELLERS, 57 Wood st. Sold by Dr. Cassel, 5th ward; D. M. Curry, Allegheny; W. J. Smith, Temperanceville; and F. Brown, Lawrenceville.

Jones' Soap is used by many physicians in this city in curing the above, and we would not conscientiously sell unless we knew it to be all we state.

As a cosmetic, the true Jones' Soap is perhaps the only article ever known that removed impurities and cleared and beautified the skin, making it soft, clear, smooth and white as an infant's. Sold by WM. JACKSON, 89 Liberty street. mar29

The knave who counterfeits a medicine commits as great a crime as if it were a bank note or the coin of the United States. Worms! Worms!—The symptoms of the presence of worms in children should be carefully watched by parents, and so soon as there is reason to suspect their existence, every means should be used to expel them promptly and thoroughly. The Proprietors of M'Lane's Worm Vermifuge are confident that they offer the best means of accomplishing this result that has ever been submitted to the public; and they invite to it the attention of all who have the management of children. The medicine is a safe and pleasant one, and never fails to produce the desired effect. For sale at the Drug Store of
