## HON. G. W. SCOFIELD.

We notice that the name of this distinguished gentleman is mentioned in different parts of the State in connexion with the nomination for the Vice Presideney, on the Republican ticket. We would regret to part with Judge Scofield as our immediate representative in Cougress, and cannot but feel that it would be difficult to find among the many able Republicans in the district, a man who could so well and ably look after the interests of the District, the State and the Nation, as he. He has been elected five consecutive terms, and has represented the district for the ten years past with great ability, and entire satisfaction to the people. During all the time he has served in Congress no man has stood higher. During the dark days of the bloody slave-holding rebellion, he stood side by side with the lamented Lincoln and was looked upon by the President as one of the ablest and most patriotic members of the House. But for the newerful co-operation of such men as Scofield in the popular branch of the government, President Lincoln, with all

his patriotism and power, could never

But Dr. Hoofland's benefactions to the human race are not confined to his celebrated GERMAN BITTERS, or his invaluable Toxic. He has prepared an-

other medicine, which is rapidly winning its way to popular favor because of its in-trinsic metits. This is HOOFLAND'S PODOPHYLLIN PILLS, a perfect substitute for mercury without any of mercury's evil qualities. These wonderful Pills, which are intended to act upon the Liver, are mainly com

posed of Pedophyllin, or the vital princi-ple of the mandrake root. It is the medicinal virtues of this health-giving plant in a perfectly pure and highly concentrated form. The Podophylin acts directly on

the Liver, stimulating its furching and causing it to make its billiary secretions in regular and proper quantities. The inju-rious results which invariably follow the

use of mercury is entirely avoided by their use. But it is not upon the Liver only that their powers are exerted. The extract of Mandrake contained in them is

lower bowels, and prevents any griping effect, thus producing a pill that influences the entire digestive and alimen ary system, N.T in an equal and harmonious manner, and SAVES ' its action entirely ree from nausea, vomiting or griping pains common to all other purgatives. Possessing these much desirable qualities

the Podophyilin becomes invaluable as a No household should be without them. They are perfectly safe, require but two for an ordinary dose, are prompt and efficient in action, and when used in connection with Dr. Hoofland's German Bitters, or Tonic, may be regarded as certain spe-

papsia, or any of the disorders to which the system is ordidarly subject. The act upon the stomach and bowels, carrying off improper obstructions, while the Bitters or Tonic purify the blood, strengthen and

invigorate the frame, give tone and appe-tite to the stomach, and thus build up the invalid anew. Dr. Hoofland, hating provided internal remedies for disease, has given the world one mainly for external applicati n, in the

wonderful preparation known as Da. HOOFLAND'S GREEK OIL. This Oil is a sovereign remedy for pains and aches of all kinds.

Rheumatism, Neuralgis, Toothache, Chiltlains, Sprains, Burns, Pain in the Baok and Loins, Ringworms, etc., etc., all yield to its external application. Taken internally, it is a cure for Heart-
