MEDICAL.

DR. TOWNSEND'S

SARSAPARILLA.

Most extraordinary Medicine in the World.

This extract is put up in Quart bottles; it is six times cheaper, stronger, of warranted superior virtue to any sold. It cures without vomiting, purging, sickness or de- ---Mitting the patient.

GREAT SPRING AND SUMMER MEDICINE

The great celebrity and superiority of this therapeutic over all other Medicines, in curing Inveterate Diseases, far exceeds the Belief. It is the of the very best SPRING AND SUMMER MEDICINE Given known, it not only purifies the blood system and strengthens the purges, but it Cures *Many Pure and Sick Blood*; a power possessed by no other Medicine. And in the Merits great secret of its wonderful performance. It has performed within the past two years, more than 25,000 cures of Severe Cases of Diseases; at least 5,000 of them were considered incurable. More than

3,000 cases of Chronic Rheumatism;
2,000 cases of Dyspepsia;
700 cases of General Debility and Want of Energy;
7,000 cases of different Female Complaints;
8,000 cases of Scrofula;
1,000 cases of the Lungs Complaint;
2,000 cases of Disease of the Kidney and Dropsy;
2,000 cases of Consumption,

And Thousands of Cases of Pimples on the Blood, viz: Ulcers, Erysipelas, Salt Rheum, Pimples on the Face, &c., &c. Together with numerous cases of Sick Headache, Pain in the Side and Back, Spinal Affections, &c., &c.

This, we admit, seems almost incredible, but we have letters from physicians and our agents from all parts of the United States, testifying to its extraordinary cures. R. Van Benskirk, Esq., one of the most distinguished druggists in Newark, N. J., informs us that he can refer to more than 150 cases in that place alone. There are thousands of cases in the City of New York; which we will refer to with pleasure and to men of character. It is the best medicine for the Prevention of diseases known. It undoubtedly saved the lives of more than

5,000 CHILDREN THE PAST SEASON!

As it removed the cause of disease, and prepared them for the Summer.

UNITED STATES OFFICE.

CAPT. G. W. MCCLEAN, OF THE UNITED STATES NAVY, and member of the New Jersey Legislature, has kindly sent us the following certificate. It tells its own story.

RAHWAY, Jan. 25, 1847.

A year since I was taken with the Influenza, and my whole system left in a debilitated state. I was induced to try Dr. Townsend's Sarsaparilla, and after taking one or three bottles, I was very much relieved, and attribute it entirely to the Sarsaparilla. I feel confident that it has done me good, and I improve every day. I believe it saved my life, and would not be without it under any circumstances.

G. W. MCLEAN, late U. S. N.

SCROFULA CURED.

This certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate disease of the blood. Three persons cured by this house is unprecedented.

CHILDREN.

DR. TOWNSEND—Dear Sir: I have the pleasure to inform you that three of my children have been cured of Scrofula by the use of your valuable medicine. They were afflicted very severely with bad sores; have only taken four bottles; it took them every, for about a year. I feel myself under deep obligations. Yours, respectfully,

ISAAC W. CRAIG, 185 Wooster st.

New York, March 1, 1847.

GREAT FEMALE MEDICINE.

DR. TOWNSEND'S Sarsaparilla is unsurpassed and speedy cure for Female Complaints, Barrenness, Leucorrhœa, or White, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, Pain in the Back and Spine, and strengthens the system, no matter whether the result of inherent cause or disease, produced by irregularity, disease or accident.

Nothing can be more surprising than its invigorating effects on the human frame. Persons, all weakness and nervousness, fading away, without any apparent cause and full energy and life, in fifteen days, it immediately counteracts the nervousness of the female frame, which is the great cause of half the miseries.

It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the public that the Sarsaparilla is a most superior medicine. Several cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with offspring.

Dr. Townsend: My wife being greatly distressed by weakness and general debility, and suffering continually by pain, in consequence of her situation, I was induced to try it, and with other difficulties, and having known cases where your medicine has effected great cures; and also being in the recommend for such cases, I feel bound to give the public a bottle of your Extract of Sarsaparilla, and followed the directions you gave me. In a short period it removed the pain, weakness and restored her to perfect health. Since the bottle she received, I take pleasure in this acknowledging it, and recommending it the public. ALBANY, Albany, Aug. 27, 1846. Cure of Great Nervousness.

CONCORD, Sept. 29, 1845.

Dr Townsend: To all whom it may concern—This is to certify that my wife used one bottle of your Sarsaparilla previous to her confinement, under the influence of which she was enabled to sit up and walk about with the strength, vitality of the feet, nervous affections, and very much debilitated; with my persuasion, and the recommendation of others who had used it, I was induced to try it, with little or no faith; and gathered it to my, the medicine had the happy and desired effect; not only in the benefit of confinement, but after the confinement, the strength, the drowsy and nervous affection gave way to an astonishing degree, and her health is now better than it had been for a long time previous.

If this will be of any service to you or any one who doubts the virtues of this medicine, you are entirely welcome to it.

I remain myself your most obedient and obliged servant, J. SLAKE, 2 Spring st.

TO MOTHERS AND MARRIED LADIES.

This Extract of Sarsaparilla has been prepared in reference to the wants of our mothers. No female who has reason to suppose she is approaching that critical period, *"The Change of Life,"* should be without it. It is the *Great Preventative* of any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed for years, and the health invigorated. For all those who are approaching womanhood, or it is calculated to assist nature by quickening the blood and imparting vigor to the system, this medicine is invaluable. Of the delicate diseases to which women are subject.

It renews the whole system, forever permanently the natural energies, removing the impurities of the body—not by fan-disturbing the system as to produce a subsequent relaxation, which is the end of most medicines taken for female complaints and diseases.

GIRLS READ THIS.

You who have pimples, blotches, sallow eyes, blotches on the face, rough skin, or freckles, and are "out of spirits" use a bottle or two of Dr Townsend's Sarsaparilla. It will cleanse your blood, give you a fair skin, bright eyes, give you animation, sparkling eyes, fine spirits, and beautiful complexion—all of which are of immense value to unmarried ladies.

DYSPEPSIA.

No fluid or medicine has ever been discovered which so nearly resembles the gastic juice or saliva in decomposing food and strengthening the organs of digestion, as the preparation of Sarsaparilla.

BANK DEPARTMENT, Albany, May 10, 1845.

Dr Townsend: Sir—I have been afflicted for several years with dyspepsia in its worst form, attended with sour stomach, loss of appetite, extreme heartburn, and a weight on my stomach, which I could not get off for weeks (what I ate would sit there like a stone) I was unable to retain but a small portion of my stomach. I tried the usual remedies, but they had no effect. I was recommended to try your Sarsaparilla, but I had little or no faith in it, thinking the complaint. I was induced, about two months since, to try your Extract of Sarsaparilla, and I must say with little hope, I have gained my appetite restored, and the heartburn entirely removed; and I would earnestly recommend the use of it to those who have similar complaints. I have no use of it to them.

Yours, &c. W. W. VAN ZANDT, State Inland.

NOV 29, 1846.

ALMOST A MIRACLE

Read the following, and doubt if you can, that consumption cannot be cured. This only one of the several hundred cures that Townsend's Sarsaparilla has performed. Albany, Dear Sir: I was taken, a little over a year ago, with a severe cough and pain in my side. It increased on me very fast, until I was confined to my bed. I was given up by my physicians to die of consumption. I raised large quantities of bad matter, and night sweats, and sinking very fast; my doctor said he could do nothing for me. I was sinking fast, and had lost all hope, but was persuaded to try your Sarsaparilla, and to tell the truth, I had little or no faith in it. I did, and am very thankful I did. I cannot say how much I have improved, but I can say I am able to be about my business, and hope to be entirely well in a few weeks. My cough and pain in the side, and night sweats have left me, and I am gaining my flesh and strength, my usual strength. I felt it a duty to give you a statement of my case, to publish if you please.

PETER BROWER, 67 Little st, Brooklyn.

Opinions of Physicians.

Dr Townsend: I have recommended your medicine from place to place in different parts of the Union.

This is partially that we, the undersigned, Physicians of the City of Albany, have in our practice prescribed Dr. Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations of the Sarsaparilla in the market.
